Vision

To be the Nation's leading bank
enabling sustainable growth and
inclusive development

Mission

We will achieve our vision by
subscribing to the qualities
captured by the word **IMAGINE**

ایک عزم، ایک پہچان

National Bank اور Pakistan

An abstract, golden, fiber-like network radiating from a bright central point, resembling a complex web or a stylized sunburst. The fibers are thin and interconnected, creating a dense, organic pattern against a dark background. The overall effect is one of intense energy and intricate structure.

IMAGINE
a journey refined over
time—steady,
focused, and enduring.

Imagine

Integrity is the cornerstone of everything we do

Market leadership is what we aim across all our target sectors

Agility and strategic nimbleness will help us adapt to changing market conditions

Good governance and transparency

Innovation to provide for the customer needs of tomorrow

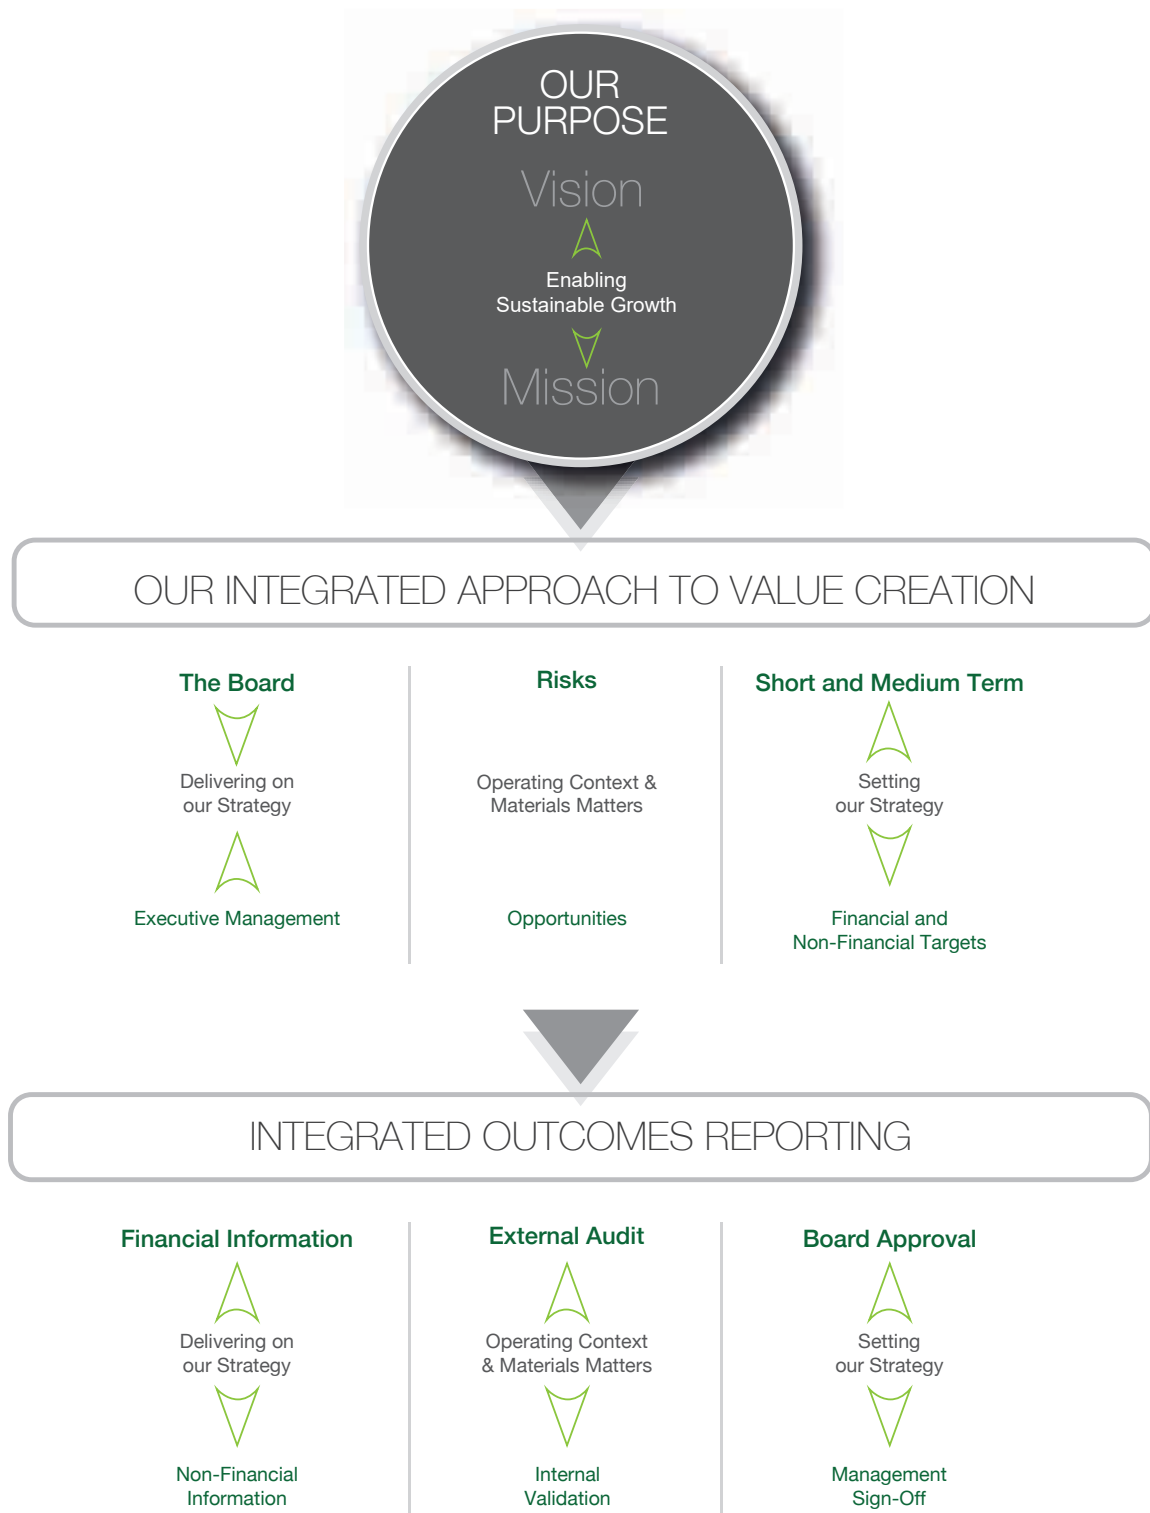

Nation building remains our priority

Employee engagement through a merit-based culture

About this Integrated Report

Dear Readers, Welcome to the 75th Annual Report of the National Bank of Pakistan ("NBP" or "the Bank"). This report comprehensively outlines the financial and non-financial performance of the Bank for the year ending December 31, 2024.

We hope you find the report informative and enjoyable.

STRATEGY AND OBJECTIVE

As a domestic systemically important bank ('D-SIB'), NBP holds a substantial role in influencing socioeconomic growth within the country. Our strategy is oriented towards transforming the institution into a future-ready, agile, and sustainable bank, concurrently upholding market leadership and fostering socioeconomic value creation for the broader society. The intricate details of our business model, including the impact of various capitals and their application in the value chain. This strategic approach, coupled with effective risk management and internal control measures, is geared towards achieving our short, medium, and long-term goals.

ORGANISATIONAL PURPOSE

Our corporate vision aspires to position us as the foremost Nation's bank, actively facilitating sustainable growth and inclusive development. Our commitment to realizing this vision is articulated through embracing the qualities represented in the acronym 'IMAGINE'. Serving as guiding principles for all our endeavours, our vision and mission carefully guide every decision and action, all directed towards the overarching aim of "value creation".

TARGETED READERS

This report is designed to meet the information needs of a diverse group of stakeholders, encompassing shareholders, employees, regulators, customers, governments, local communities, and others

INTEGRATED REPORTING

The Bank's integrated thinking approach to strategy formulation has empowered it to proactively address emerging challenges in both internal and external operating landscapes. This Annual Report is organized to offer readers an integrated insight into the Bank's Organisational purpose and how this purpose guides its approach to value creation, governance, culture, strategy and objectives setting, and the realignment of activities with emerging external and internal influences. It also addresses material matters impacting its long-term sustainability.

THE MEDIUM

1. This Annual Report is released within three months from the date of approval of the Financial Statements. The comprehensive online version is also published simultaneously on the same date as the issue of this Annual Report at

<https://www.nbp.com.pk/FinancialStatements/AnnualReports.aspx>

2. The Report is distributed to shareholders in a digital format on a Compact Disk.
3. A limited quantity of printed copies has been produced for shareholders who have made specific requests.

MATERIAL MATTERS

Material issues within our strategic framework are those that have a significant influence on our capacity to generate enterprise value across short, medium, and long-term horizons. These encompass factors within our operational landscape, including risks and opportunities arising from the operating environment, considerations from stakeholders, and an assessment of internal strengths and weaknesses.

SUGGESTIONS AND QUERIES

About National Bank

THE NATION'S BANK

Founded on November 9, 1949, under the National Bank of Pakistan Ordinance, 1949, the National Bank of Pakistan (NBP) is a leading financial institution, listed on the Pakistan Stock Exchange.

Headquartered at Karachi, NBP provides comprehensive commercial banking and related services both domestically and internationally. Acting as an intermediary for treasury transactions on behalf of the Government of Pakistan and serving as an agent to the State Bank of Pakistan, NBP manages a network of 1,503 branches in Pakistan and 16 international branches, including the Export Processing Zone branch in Karachi.

With an extensive network of branches, ATMs, subsidiaries, representative offices, agency partnerships, and correspondent banking relationships, the Bank is well-positioned in the global financial landscape. As of December 31, 2024, NBP boasts a total asset base of PKR 6.7 trillion, representing approximately 14% of the country's total banking industry assets. It has been designated by the SBP as a "Domestic Systemically Important Bank" (D-SIB). The Bank's operations are diversified across retail, commercial, corporate & investment, Islamic, treasury, and international banking services. Its international presence spans South and Central Asia, the Middle East, Western Europe, and North America. As of December 31, 2024, the Bank maintains an impressive domestic current and savings account (CASA) ratio of 79%.

75 YEARS OF SERVICE FOR THE NATION

Following Pakistan's independence in 1947, the nation inherited a fragile financial system, necessitating the establishment of a commercial bank with a truly national vision. Since its establishment, NBP has remained dedicated to fortifying the

country's financial stability and providing resilience in times of uncertainty. This commitment has persisted throughout the Bank's history, remaining steadfast through both challenging and dynamic times. With a workforce of over 15,000 full-time employees. The Bank's expansive network, comprising both domestic and international branches, agency arrangements, and business promotion offices across Europe, America, Central Asia, and the Middle and Far East, reflects its global reach. In addition, NBP has cultivated strong correspondent banking relationships, strengthening its global financial footprint. The Bank's role extends beyond that of a financial institution, positioning itself as a trusted partner in the nation's financial journey, providing unwavering support through changing times.

STRONG CAPITALIZATION AND RISK PROFILE

With a net asset value of PKR 456.9 billion, NBP is the most capitalized bank in Pakistan. In line with the SBP guidelines, all locally incorporated banks are required to maintain a minimum paid-up capital (net of losses) of PKR 10 billion. NBP's paid-up capital for the year ending December 31, 2024, stands at PKR 21.27 billion (unchanged from 2023), significantly exceeding this minimum requirement. The Bank also complies with capital ratios stipulated by the Basel framework, as periodically advised by the SBP.

As a Domestic Systemically Important Bank (D-SIB), NBP is subject to a total capital adequacy requirement of 15%, which includes a capital conservation buffer of 2.5%. As of December 31, 2024, the Bank reports a Common Equity Tier 1 (CET-1) ratio of 20.51%, an increase from 19.16% in 2023, and a total Capital Adequacy Ratio (CAR) of 27.80%, demonstrating full compliance with the enhanced regulatory requirements. The Bank's leverage ratio at the close of 2024 stands at 3.88%, up

from 3.12% in 2023, reinforcing its strong financial health. Furthermore, NBP exceeds regulatory liquidity requirements, by achieving liquidity coverage ratio of 206% (up from 176% in 2023) and net stable funding ratio of 174% (up from 159% in 2023), both surpassing the regulatory baseline of 100%.

NBP holds the highest credit rating of AAA/A1+ with a stable outlook, as awarded by both VIS and PACRA (Credit Rating Agency). This rating highlights the Bank's conservative risk approach, strong funding base, secure liquidity position, and solid domestic franchise.

DIVERSIFIED COVERAGE

NBP has achieved significant diversification across its core business segments. Beyond its geographic reach, the Bank has successfully diversified its operations in terms of customer profiles, product and service offerings, funding structures, maturity profiles, economic sectors, and income sources.

SIGNIFICANT ORGANIZATIONAL CHANGES

There have been no major changes in ownership or the business model of the Bank in recent years.

GROUP STRUCTURE

The Bank's influence extends into both financial and non-financial sectors through its subsidiaries, including an Asset Management Company, an Exchange Company, and a Securities Brokerage House. Despite the diverse portfolio of subsidiary operations, the parent entity—NBP—remains the primary contributor to the Group's assets and profits.

Ownership Structure

Ownership Structure: There are 2,127,513,026 issued & outstanding ordinary shares of the Bank, of which the Federal Government through the State Bank of Pakistan holds (75.20%), Government Ministries (0.4%). Public Sector Companies (5.59), Foreign Companies (7.03%), The General Public (5.44%), Banks, DFIs, FIs, etc. (3.38%) and Others (2.96%).

Coverage Across the Nation

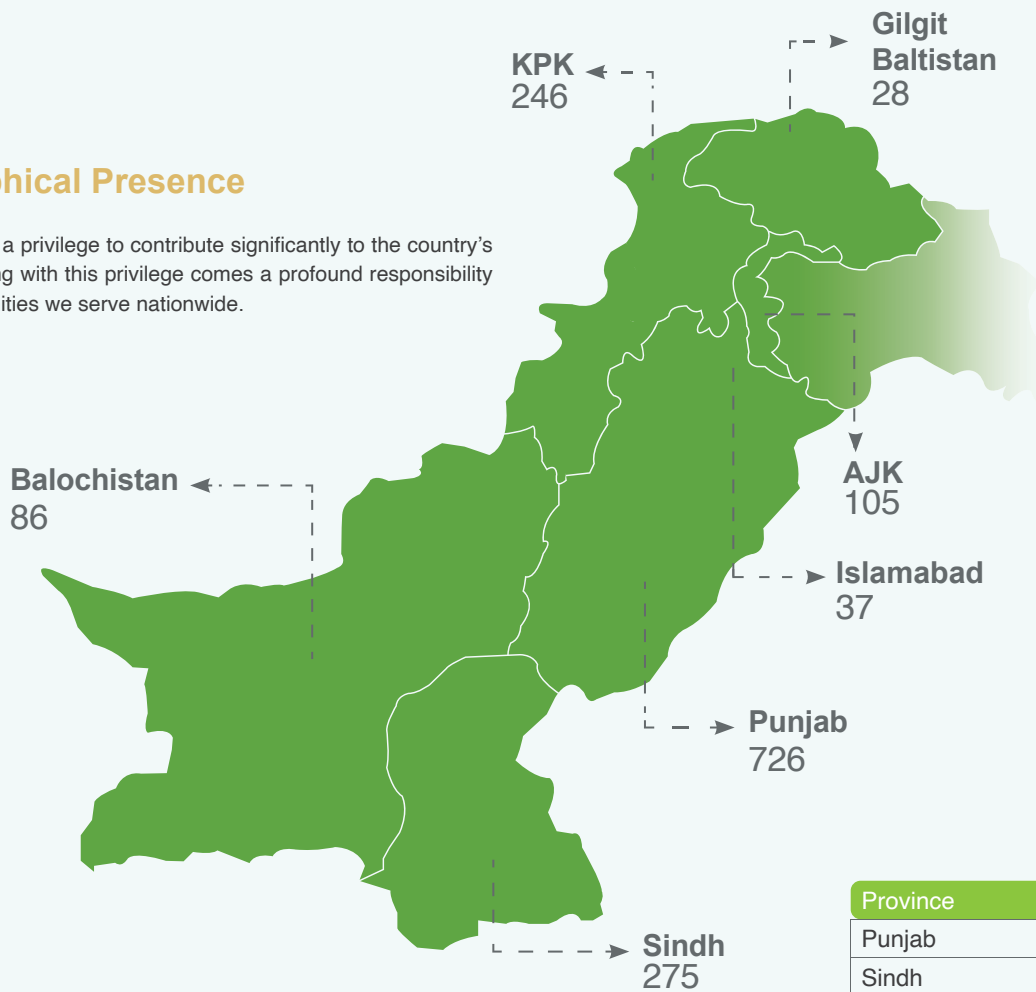

The Widest Coverage Across the Nation

The bank has an extensive branch network that spans across the entire country, reaching even the most remote rural areas where other banks are absent. Our business operates through a diverse and integrated structure, offering banking and non-banking financial services through domestic and international branches, subsidiaries, and partners.

Recent trends like urbanization, a growing middle class, advancements in technology, and increased local and global business connections are fueling the expansion of both our traditional and Islamic banking services.

Geographical Presence

We consider it a privilege to contribute significantly to the country's economy. Along with this privilege comes a profound responsibility to the communities we serve nationwide.

Board Of Directors

Mr. Ashraf Mahmood Wathra

| Chairman |

Board Committee Membership BHRRC | BIDC

Mr. Ashraf Mahmood Wathra is a distinguished professional with an illustrious career in the banking and financial sector. He served as the Governor of the State Bank of Pakistan (SBP) from April 29, 2014, to 2017, following his appointment as Acting Governor on January 31, 2014. During his tenure, Mr. Wathra represented Pakistan at several prestigious international forums and served on the Boards of Governors for the International Monetary Fund (IMF), the Asian Clearing Union (ACU), and the ECO Trade and Development Bank. He was also a council member of the Financial Stability Board (FSB) and co-chaired the Financial Stability Board - Regional Consultative Group for Asia (FSB-RCG Asia) in Basel, Switzerland, starting July 1, 2015.

Within Pakistan, Mr. Wathra held several critical roles that contributed to the financial stability and development of the country. He was a member of the Monetary and Fiscal Policies Coordination Board, the National Financial Inclusion Strategy (NFIS) Council, the National Executive Committee (NEC) on Anti-Money Laundering, and the Agricultural Credit Advisory Committee (ACAC). He chaired the Board of the Institute of Bankers in Pakistan (IBP) and played an instrumental role in advancing the NFIS through his leadership in its Steering Committee. Mr. Wathra's journey with SBP began on March 11, 2013, when he assumed the position of Deputy Governor. As Governor SBP, he was awarded "Central Bank Governor of the Year 2016" by Euromoney.

Before joining SBP, Mr. Wathra had a highly successful international banking career spanning several decades. He held leadership positions in various regulatory regimes, including Singapore, Hong Kong, Australia, Bangladesh, and Sri Lanka. Notably, he served on the Boards of Habib Finance International Hong Kong and Habib Finance Australia, and was the First Vice Chairman of Himalayan Bank Nepal for several years. His banking career began in 1978 with Grindlays Bank Plc after completing his Master of Business Administration (MBA).

Throughout his career, Mr. Wathra demonstrated exceptional leadership, driving initiatives that strengthened Pakistan's financial regulatory framework, enhanced financial stability, and promoted economic development. His extensive international experience, combined with his dedication to financial governance and regulation, has earned him a highly respected position within the global financial community.

Mr. Rehmat Ali Hasnie

| President & CEO |

Board Committee Membership BRCC | BTDC | BIDC | NYGC

Mr. Rehmat Ali Hasnie is a seasoned banking professional with over three decades of experience in leadership roles across investment banking, corporate finance, and development banking. Currently serving as the President of National Bank of Pakistan (NBP), he has successfully navigated the institution through governance challenges while achieving significant milestones, including stabilizing the loan portfolio, enhancing financial ratios, and modernizing IT infrastructure. His tenure at NBP since 2010 has included Head of priority sector lending and investment banking, both key strategic business areas for the Bank.

Prior to NBP, Mr. Hasnie held leadership positions at PAİR Investment Company Limited (PICL), IGI Investment Bank, and the Lahore Stock Exchange, where he contributed to capital market reforms and developed modern indices. His expertise in structuring, negotiating, and executing complex financial transactions has earned him industry recognition, including multiple awards for excellence in investment banking. Mr. Hasnie is Certified Director, Chartered Wealth Manager (CWM) & Fellow of the American Academy of Financial Management (FAAFM). His professional experience is supported by a strong academic foundation, holding a Master's degree in Development Banking from The American University and a Bachelor in Economics from The College of Wooster. His ongoing contributions to Pakistan's financial landscape underscore his strategic vision and leadership capabilities.

Mr. Farid Malik, CFA

| Director |

Board Committee Membership

BAC | BHRRC | BTDC

Mr. Farid Malik has almost 30 years of diversified experience and has worked on a number of infrastructure development, project finance, corporate finance, capital markets regulatory administrative and operational assignments both in Pakistan and abroad. He is a CFA charter-holder and a graduate of the London School of Economics.

Mr. Malik has served as the Chief Executive Officer/ Managing Director of LSE Financial Services Limited (formerly Lahore Stock Exchange Limited) and has also worked with Tomen Power (Singapore) Pte. Limited and The Securities and Exchange Commission of Pakistan (SEC). During his various assignments, he has had extensive exposure to green-field project based equity investments, limited recourse debt financing facilities, cross border project financing facilities including export credit agencies and multilateral lending agencies financing facilities, risk allocation & management techniques including hedging through derivative instruments, due-diligence methodologies, portfolio management, equity and fixed income valuations, financial analysis, asset securitization and capital market operations and regulations.

He is currently on the Boards of National Bank of Pakistan and Fauji Akbar Portia Marine Terminals Limited and has also served on the Boards of Central Depository Company of Pakistan Limited and National Clearing Company of Pakistan Limited. He is a Certified Director from the Pakistan Institute of Corporate Governance.

Mr. Malik has also previously served on the Boards of the Privatization Commission, the Gujranwala Electric Power Company Limited and the Pakistan Credit Rating Agency Limited. He has also attended a large number of international and local management courses, seminars and workshops conducted by world renowned providers.

Mr. Ali Syed

| Director |

Board Committee Membership BAC | BHRRC | BRCC | BTDC

Mr. Ali Syed, born on December 2, 1956, in Lahore, Punjab, hails from a highly respected family with ancestral roots in Pirkot, Jhang. He holds a Master's degree in Economics from Government College Lahore and an MBA from George Washington University, Washington, D.C., which laid the foundation for his remarkable professional journey.

Mr. Ali Syed began his career in marketing and finance in the United States, gaining valuable expertise while working with prestigious organizations such as Time Life USA., General Development Corporation, and Tandy Corporation. Upon returning to Pakistan, he demonstrated his entrepreneurial acumen by founding and successfully managing Amil (Pvt.) Ltd. and Simzain International. He currently serves as the Chief Executive Officer of Alltrac (Pvt.) Ltd. and IDC (Pvt.) Ltd., a solar energy company. In addition, he is a Board Member of the National Bank of Pakistan and Chairman of the National Insurance Company Limited (NICL).

Over the years, Mr. Ali Syed has served on the Boards of several prominent organizations, including Pak-Arab Refinery (PARCO), Port Qasim Authority (PQA), and Pakistan National Shipping Corporation (PNSC). His expertise has been instrumental in key committees such as Audit & Finance, Human Resources, Technology & Digitalization, Strategy and Risk Management, and Technical and Project Evaluation. He chairs the Board Risk and Compliance Committee (BRCC). These roles underscore his leadership, strategic vision, and ability to drive organizational success.

Widely traveled and culturally adept, Mr. Ali Syed excels in negotiation skills, blending international exposure with local expertise. Known for his leadership and strategic foresight, he has made significant contributions across various industries and sectors. On the personal front, he is happily married with two children, embodying a balanced approach to both his professional and personal life.

Mr. Ali Syed's illustrious career, entrepreneurial ventures, and leadership roles highlight his extensive contributions to the fields of marketing, finance, and corporate governance. His dedication to fostering organizational growth and excellence positions him as a distinguished leader in Pakistan's business landscape.

Mr. Amjad Mahmood

| Director |

Board Committee Membership

BAC | BTDC | BIDC

Mr. Amjad Mahmood is a distinguished professional currently serving as the Additional Finance Secretary (IF/INV/IGF), bringing with him 32 years of diversified experience in the Civil Services of Pakistan. Over the course of his career, he has held various executive positions, demonstrating his expertise and leadership. Notably, he has served as an Advisor to the Board of Directors of the Asian Development Bank (ADB) and has extensive experience in dealing with regulators such as the Securities and Exchange Commission of Pakistan (SECP), the State Bank of Pakistan (SBP), the Competition Commission of Pakistan (CCP) and key financial institutions including National Bank of Pakistan (NBP), National Investment Trust (NIT), Pak-China Investment Company Limited, National Credit Guarantee Company Limited (NCGCL), House Building Finance Company Limited (HBFCL), and the National Security Printing Company (NSPC).

He has been instrumental as member in key committees such as Board Audit Committee (BAC), Board Strategy Committee (BSC), Board Technology & Digitalization Committee (BTDC) and Chairman of the Board Inclusive Development Committee (BIDC).

Mr. Mahmood's academic background is equally impressive, holding a Master's degree in Administration & Management from the Institute for Development Policy and Management at Manchester University, UK, as well as Master's degrees in English Language and Literature and International Affairs. His areas of expertise include Public Financial Management and Public Administration, with a proven capacity to work in challenging environments and meet strict deadlines while collaborating with diversified stakeholders. His profile reflects a strong foundation in financial management and public administration, making him well-equipped to handle complex financial matters and navigate regulatory landscapes with ease.

Mr. Nasim Ahmad

| Director |

Board Committee Membership BAC | BRCC | BIDC | NYGC

Mr. Nasim Ahmad is a highly experienced professional in Asset Management, Commercial Lending, and Investment Banking, having served in senior management roles internationally. One of his notable achievements includes initiating the issuance of sovereign bonds for the Islamic Republic of Pakistan, where he coordinated with the debt syndication team at Deutsche Bank to make presentations to the Ministry of Finance in 2014-2015. Additionally, Mr. Ahmad has participated in annual reviews of asset management in countries such as Switzerland, UAE, Singapore, Thailand, Hong Kong, Macao, and South Africa.

He holds a degree in Development Financing from McGill University in Canada, a Law degree from Pakistan, and is a Fellow of the Institute of Bankers in London, UK. His diverse educational background and extensive international experience make him a distinguished figure in the financial industry.

CHAIRMAN'S REVIEW

Dear Shareholders,

It is a privilege for me to present my third Annual Review on the Board's effectiveness in guiding the Bank towards its strategic objectives. The Board remains steadfast in upholding strong governance principles, ensuring that the Bank stays on course to fulfil its Vision of enabling sustainable growth and the all important inclusive development of all its stakeholders.

The Board continues to prioritize the best interests of the Bank's shareholders through various Board Committees, each with clearly defined mandates. These Committees play a crucial role in overseeing key areas of governance, risk management and strategic decision-making, ensuring the Bank's long term stability and sustainable growth.

The year 2024 has been a defining chapter in National Bank of Pakistan's history wherein:

- Pursuant to the Honourable Supreme Court ruling on the long-standing pensions case, the Bank had to absorb an unprecedented cost of PKR 68 billion. This has been an extra ordinary challenge that would have tested the financial strength of any institution. In the face of this challenge, we have achieved remarkable financial stability which is a testament to the prudent governance, strong risk management and strategic foresight of the Board. Our ability to withstand

such an impact while still delivering value, ensuring sustainable returns and resuming dividend payments after seven years speaks volumes about NBP's financial resilience and long-term sustainability.

- After a gap of several years, we are pleased to announce the resumption of dividend payment to our shareholders (subject to approvals required under the law). This milestone is a reflection of our strengthened financial position and unwavering commitment of the Board and management towards creating sustainable value for our shareholders.
- Amidst an evolving financial landscape, we have delivered a robust performance, staying true to our strategic vision and reinforcing our position as Pakistan's premier financial institution. This underscores our strength, resilience and commitment to value creation and accordingly, the Bank retains its position as the highest capitalised Domestic Systemically Important Bank (DSIB) in the country.

A Conducive Operating Environment

This year we operated in a more conducive and easing environment. Globally, the economy displayed resilience, with reportedly growth stabilizing at 3.2% and inflation moderating to 5.8% allowing central banks to ease monetary tightening. However, long-term structural challenges persist, particularly in developing economies, where debt, investment constraints, and geopolitical risks continue to weigh in on growth.

Domestically, Pakistan's macroeconomic stability strengthened, with GDP growth at 0.92% in July-Sep FY'25, inflation falling significantly to 2.4% in Jan' 25, and the policy rate declining from 22% to the expected 12% by early 2025.

External support, including a \$7.0 Bn IMF program and a \$20.0 Bn World Bank commitment has reinforced economic reforms. The banking sector displayed strong capital buffers, and a smooth IFRS 9 transition along with robust profitability. Looking ahead, sustained policy discipline, political stability, and structural reforms will be key to maintaining this positive trajectory and fostering long-term financial resilience.

Maintaining Strong Financial Delivery

I am pleased to inform that the management has delivered yet another round of solid financial performance in 2024, reaffirming its position as one of the highest value-generating banks in the country. Despite navigating a complex operating environment, the Bank successfully absorbed an extraordinary pension expense without compromising its capital strength, maintaining robust buffers and a steady growth trajectory.

Net interest income grew to PKR 170.9 Bn, supported by a stable net spread of 2.37%, while non-fund income rising by over 61% to PKR 65.4 Bn. Total revenue grew by 12.9% YoY to PKR 236.3 Bn, showcasing NBP's strong core banking operations and revenue diversification strategy. While a one-time pension charge of impacted the bottom line, the Bank remained operationally resilient, closing the year with after-tax profits of PKR 26.9 Bn and maintaining a strong balance sheet.

The Bank's total assets grew to PKR 6,744.1 Bn, with shareholder's assets rising by 19.4% to PKR 457 Bn, translating into book value per share of PKR 214.8 i.e. a YoY growth of 19.4%. Deposits increased by 5.2% to PKR 3,865.6 Bn with a high CASA ratio of 79.4%, enabling a low-cost funding base.

The Bank continued its strategic focus on Islamic banking, achieving a remarkable 137.9% YoY asset growth in NBP Aitemaad-the Banks Shariah complaint business, reaching PKR 333.4 Bn while deposits soaring by 171.9% to PKR 309.4 Bn. NBP's financial foundation remains solid, enabling the Bank to drive long term value creation while maintaining strong governance and risk management practices.

Implementation of IFRS 9 was a major transition for banks in the country. NBP successfully transitioned to IFRS 9, ensuring compliance with SBP regulations. Despite a significant PKR 12.0 Bn (net of taxes) impact on its opening equity, the Bank achieved significant improvements in its financial soundness indicators. The Bank's Total eligible capital increased 27.4% to close at PKR 479.8 Bn. CET 1 and total CAR stood at 20.51% and 27.80%, respectively. While leverage ratio stood at 3.88% LCR and NSFR also improved to 206% (2023:176%) and 174% (2023:159%), respectively.

Strengthening Risk & Compliance

We are taking a more proactive and structured approach to strengthening risk & compliance by enhancing credit management frameworks, inculcating a culture of accountability, and setting clear roles of risk-takers and risk-managers. The Board continued its strategy of exiting low-yielding international markets to enhance capital efficiency, minimize compliance risks, and improve returns aligned with the Board's long-term capital allocation strategy.

We closed the NBP Paris and New York branches in 2024. and Bishkek, Baku and Almaty closures expected by March 2025. The decision to close the New York Branch followed full compliance with regulatory directives, ensuring a structured exit.

Strengthening NBP for the Future

In 2025, the Board's strategic direction continues to reinforce our resilience and adaptability in an ever-evolving landscape enabling the Bank to deliver positive outcomes for all its stakeholders.

Building on the strong foundation laid in the prior years, we remain focused on efficient capital allocation, fortifying our compliance culture, risk management framework and governance structures. The Board and management are committed to steering the Bank towards long-term stability and sustainable growth, ensuring that NBP remains a pillar of financial strength for its stakeholders, we

will continue to uphold our commitment to fairness, transparency, and meritocracy, ensuring a work environment where talent is recognized, rewarded and nurtured.

With an increasingly dynamic financial sector, NBP is proactively evolving leveraging technology, refining its business model and expanding its strategic initiatives in Agriculture, SMEs, and Trade. Our unwavering commitment to operational excellence, risk vigilance and regulatory compliance will be key drivers in shaping the Bank's trajectory in the years to come.

Commitment to our National Role

NBP remains pivotal in supporting public sector entities, recognizing their strategic importance to the national economy. However, challenges persist in ensuring disciplined debt servicing and financial sustainability within this segment. While the Bank has made significant efforts to engage with these entities, the pace of recoveries remains below expectations, exerting pressure on our financial resources.

Additionally, we are advocating for structural reforms within public sector financing, encouraging sustainable business models and improved governance to mitigate future credit risks. By adopting a more strategic and data-driven approach, NBP aims to reinforce its role as a responsible lender while safeguarding the interests of its shareholders and the broader financial system.

Appreciation

I extend my sincere gratitude to my fellow Board members. Their collective wisdom and steadfast commitment have been instrumental in steering the Bank through an evolving financial landscape.

I also extend my deep appreciation to the Government of Pakistan, the State Bank of Pakistan, and other regulatory bodies both domestic and international for their continued oversight and support.

To our millions of customers and business partners, your trust and loyalty are the foundation of our success. We remain committed to serving your financial needs with innovation, efficiency and integrity.

Most importantly, I acknowledge and greatly appreciate the dedication, resilience and hard work of our employees which drives the Bank's continued growth.

As we move forward, I am confident that NBP will continue to play a pivotal role in the nation's economic development further strengthening its position as a trusted financial institution and a major force for positive change.

Ashraf Mahmood Wathra

Chairman

Karachi.

Advancing With Purpose Reflections from the CEO

Dear Valued Stakeholders

As we step into the 76th year of serving the nation, it is a privilege to address you once again. In my previous review, I outlined key strategic priorities for the Bank, and today, I am pleased to share the progress we have made in translating those commitments into tangible outcomes. I am pleased to say that we have strengthened our foundations, expanded our impact, and navigated the evolving challenges with resilience and foresight.

Ek Azm, Ek Pehchan - Beyond Conventional Boundaries

Our mission extends beyond the conventional boundaries of banking—we are deeply committed to fostering financial inclusion, expanding access to finance, and contributing meaningfully to Pakistan's economic progress. As the nation's leading financial institution, we recognize that our success is defined not just by profits but by the inclusive impact we create. Every loan disbursed, every business empowered, and every financial barrier removed is a step towards a more inclusive and prosperous Pakistan.

We take pride in enabling small enterprises to scale, empowering women owned enterprises, helping industries thrive, and ensuring that financial services are accessible to all segments of society, from urban centres to the most remote areas. This deep-rooted sense of responsibility defines our role as a national institution.

Our focus remains steadfast— Ek Azm, Ek Pehchan - National Bank Aur Pakistan. Our annual results reflect this.

Operating Environment

Our performance is significantly influenced by the operating context. Global economic conditions remained uncertain, while macro indicators improved, geopolitical tensions and supply chain disruptions remain a challenge worldwide. Closer to home, Pakistan's economic landscape evolved through a complex mix of challenges and opportunities, shaping the financial and business environment in which we operate in.

Pakistan's GDP initially contracted by 0.2% due to tight monetary policy and fiscal constraints but rebounded to 2.5% growth by year-end. This rebound was primarily fuelled by a resurgence in the agriculture and services sectors, which grew by 1.15% and 1.43% respectively, in the first quarter of fiscal year 2024-25. These indicators reflect a gradual return of the economy from stabilisation to growth.

As a result of policies implemented in 2023 and 2024, inflationary pressures eased to 4.1% in December 2024 the lowest in over six years. This downward trend was due mainly to monetary policies and improved supply chain efficiencies. Recognizing the need to further stimulate economic activity, the State Bank of Pakistan implemented a series of policy rate cuts, reducing the key policy rate by a cumulative 1,000 basis points to 13% by end 2024. This action has contributed to easing borrowing costs, and a gradual rise in loan demand.

A critical milestone in 2024 was Pakistan's successful negotiation of a \$7.0 Bn Extended Fund Facility with the International Monetary Fund. This 37-month program is designed to reinforce macroeconomic stability through fiscal discipline, structural reforms, and social protection measures. While these developments provide optimism, we remain mindful of the challenges ahead. The industrial sector, for instance, faced headwinds, contracting by 1.03% in the first quarter of fiscal year 2024-25.

Looking ahead, we remain cautiously optimistic about Pakistan's economic trajectory. The successful implementation of the IMF-supported program, coupled with ongoing structural reforms, is expected to provide a solid foundation for sustainable growth. However, continuous vigilance will be required to navigate fiscal challenges, manage inflationary pressures, and create a business-friendly environment that fosters private sector development.

At NBP, we are committed to leveraging these macroeconomic developments to strengthen our position as a Domestic Systemically Important Bank. Our focus remains on prudent risk management, responsible lending, and strategic investments that align with national economic priorities.

Translating Strategies into Financial Delivery

Reinforcing our position as a leading commercial bank, NBP continued to be one of the highest value-generating banks in the country. This year we generated PKR 90.0 Bn of additional stakeholders' value, with total gross revenues reaching PKR 1,155.0 Bn as against PKR 1,065.3 Bn in 2023. With our interest-bearing assets generating gross mark-up income of PKR 1,089.5 Bn, and non-markup income surged by a healthy 61% to PKR 65.8 Bn in 2024.

The year 2024 also came with a challenge, albeit bringing clarity to our path ahead. The Honourable Supreme Court's pension ruling resulted in an extraordinary one-off and recurring costs, which significantly impacted our profit bottom line by PKR 68.0 Bn.

As we are investing considerably into our human and infrastructure capital, total operating costs (business as usual) stood at PKR 119.8 Bn (that include PKR 10.5 Bn of additional recurring cost impact due to pension case). Moreover, the Bank also recognised a one-off cost of PKR 57.5 Bn on account of pension. After accounting for taxation, net profit of the Bank closed at PKR 26.9 Bn. Excluding the one-off pension impact, our underlying profitability remained strong, demonstrating the resilience of our earnings capacity. As we move forward, we remain focused on driving growth, innovation, and superior returns for our stakeholders

Amid the evolving regulatory environment with implementation of IFRS 9, we recorded additional provisioning resulting into a reduction (net of tax) in the Bank's opening retained earnings PKR 10.0 Bn. The Bank now holds credit loss allowances of PKR 225.8 Bn against Stage-3 loans and another PKR 42.1 Bn against Stage-1, Stage-2 loans and as general provisions. This strengthened the Bank's balance sheet and capital base against unforeseen credit shocks.

Our financial resilience and disciplined strategy have positioned

the Board to recommend resumption of dividend payout after several years by announcing highest ever 80% dividend in the history of the Bank. This achievement reflects not only the scale and strength of our balance sheet but also our ability to navigate a complex economic landscape and translate strategies into strong financial delivery. My colleagues in the Bank can be very proud of their continued achievements.

Strong Capital Base Amid Extraordinary Costs

In my prior's review, I had conveyed our commitment to strengthening the Bank to absorb any untoward outcome in the pension case. Although the final judgement in the pension case had a substantial financial impact, the Bank's Capital Adequacy Ratio stood high at an impressive 27.8% - not just significantly above regulatory requirements of 13% but also the highest in the country. This underscores the Bank's ability to absorb financial shocks while maintaining stability to play its role as Domestic Systemically Important bank.

NBP is the highest capitalized bank in the country with net assets of PKR 457.0 Bn. The Bank's financial soundness indicators stand stronger than last year with a total CAR at 27.80%, Leverage at 3.88%, Liquidity Coverage at 174%, Net Stable Funding at 206%. The Bank maintained the highest credit rating of AAA/A1+ for both long term and short term. This financial strength enables the Bank to fulfil its role in Pakistan's economy —delivering for clients, fostering a great workplace, supporting society, and ensuring shareholder returns.

Islamic Banking Expansion – A Defining Transition

As I said in my prior year's note, Islamic banking is truly a synonymous with 'sustainable banking'. We therefore remain committed to growth of Shari'ah compliant banking in Pakistan.

In line with our strategy, we achieved strong growth in Aitemaad Islamic banking by recording 140% YoY growth in total Islamic banking assets reaching PKR 333.0 Bn in 2024, up from PKR 140.0 Bn in 2023. We have increased our Islamic banking services to more than 150 cities through 207 branches and over 250 Islamic Banking windows. Depicting a 172% growth YoY, deposits closed

at PKR 309.0 Bn as of Dec'24, compared to PKR 114.0 Bn of Dec'23. Similarly, the gross financing portfolio also grew by PKR 72.0 Bn or 97% to close at PKR 147.0 Bn.

Our endeavours of transitioning our banking business from conventional to Islamic will continue to proceed at an accelerated pace and in line with the lines of the conversion of the entire economy to Shari'ah principles.

Overseas Franchise - Strategic Consolidation

In my previous note, I had hinted on strategically de-risking and scaling back of the Bank's sub-optimal international footprint. We made significant progress in addressing legacy issues facing our international franchise. Improvement was recorded on all fronts – profitability, trade business, remittances, revival of infected loans, and rectification of regulatory observations.

We have successfully closed our branches in Paris and New York. Closures of Bishkek, Baku, and Almaty branches are also progressing at a rapid pace and are expected to be completed by March 2025. Closure of the New York branch followed compliance with regulatory directives, leading to the termination of enforcement actions by the Federal Reserve. These decisive actions, while reflecting our commitment to financial discipline, risk mitigation, and long-term sustainability, also result in significant future cost savings for the Bank.

Financial Inclusion - Empowering Individuals and Communities

NBP has been playing its role in promoting financial inclusion since its inception in 1949. Even before the term 'financial inclusion' became a term. We were promoting financial inclusion through our branch network and continue doing so till date. This year we brought ~450K new customers into banking system of which ~150K were women. The Bank's efforts in Women Financing were acknowledged by SBP by awarding "Women Entrepreneur Financing Awards" to Nine Regions of NBP across the country. This recognition reflects NBP's continued resolve for empowering women entrepreneurs to foster inclusivity for economic growth.

We manage deposits totalling PKR 3.9 trillion for over 7.5 million depositors and have extended loans amounting to PKR 1.7 trillion to more than half a million borrowers. We launched 'NBP Itmenan' for senior citizens as a savings product with features that address their financial needs.

Our 'Advance Salary' product continues to address the financial needs of over 250K families nationwide, with fresh disbursements

of over PKR 40.0 Bn this year, making it Pakistan's single largest consumer banking product.

NBP today is proud to be recognized for having the largest number of agricultural borrowers among the commercial banks. We support more than 160K farming families through agriculture loans, with an outstanding portfolio of around PKR 100 Bn as of the end of 2024. The number of female borrower accounts surged to ~42K, reflecting a 15% increase YoY. Concurrently, disbursements to female borrowers rose to PKR 27.0 Bn, a YoY increase of 58%.

In line with our Environmental, Social, and Governance commitments, our 'Roshan Ghar' solar financing scheme is enabling households to install solar panels and promote renewable energy adoption. Number of female borrowers grew from 32K to 38K, with disbursements rising by 50%, from PKR 12.0 Bn to PKR 18.0 Bn. This progress also reflects our dedication to fostering inclusivity and economic empowerment for women in Pakistan.

NBP also plays a pivotal role in corporate financing, providing PKR 650 Bn to large corporations, thereby supporting GDP contribution and employment generation. In 2024 we acted as strategic partner with the Government of Pakistan in enabling various large projects of strategic nature aimed at creating jobs and efficiency in the economy. One of the major milestone/highlight transactions of the year, included, the debt restructuring of the Pakistan International Airline Corp. Ltd. both for its Pak Rupee and USD denominated debt. Furthermore, NBP was instrumental in supporting the efforts and collaborated with Govt. of Sindh, under its Public Private Partnership initiative.

Resultantly, after lapse of almost five years, the Bank's overseas franchise has started showing signs of improvement achieving 113% YoY growth in profitability (before provisioning) as it reported a profit of USD 3 Mn in 2024 against a loss of USD 22.5 Mn 2023. We achieved 29% YoY growth in overall USD inflows, amounting to USD 1.6 Bn with focused growth from niche corridors. Our strategic decision to exit low yielding markets is expected to bring annual cost saving of ~USD 15 Mn.

These strategic priorities are pursued with a clear perspective—expansion must go hand-in-hand with a national growth agenda ensuring sustainable performance for the Bank..

Listening to our Stakeholders

Our commitment to stakeholder engagement is evident through proactive platforms like the Pakistan Citizen's Portal and e-Kacheri sessions, which allow direct communication with the President of NBP. In 2024, we addressed over 3,500 complaints through these channels, ensuring timely and effective resolution. These channels, which enable direct handling of customer issues, are unique to the public sector entities and differentiate us from the

Profit After Tax

PKR **26.9** Bn

CAR
27.80 %

Agriculture Loans

PKR **107** Bn

CSR Initiatives

PKR **150** Mn

other private sector banks. This approach underscores our commitment to customer satisfaction and transparency. The Bank encourages minority shareholders to participate in the AGM/EOGM as well as in the annual corporate briefing sessions, the date of which are announced through the stock exchange. These events provide an open forum for a two-way engagement with our stakeholders, particularly the minority shareholders.

A Socially Responsible Bank

Building on our strong foundation, NBP continued to integrate sustainability into its operations, reinforcing our commitment to responsible banking and long-term value creation. In 2024, we contributed around PKR 150.0 Mn to various sustainability-focused initiatives under our CSR programme, details of which are presented later in this report.

With climate risks remaining a significant challenge—evidenced by ongoing extreme weather patterns—NBP has intensified its efforts to align with the Environmental & Social Risk Management Implementation Manual issued by the SBP, as well as the UN-SDGs. Reinforcing our commitment to responsible banking, a detailed account of the Bank's CSR initiatives undertaken during the year is presented separately in this report. As of end-2024, the Bank's green financing portfolio stood at PKR 30.1 billion, underscoring our desire to drive sustainable economic growth.

Strengthening Our Digital & Technology Capabilities

Technology transformation remains at the forefront of our strategy. The upgrade of our core banking system has gained momentum for roll-out by the mid of 2025 to strengthen our operational agility and digital resilience. This year we invested around PKR 2.0 Bn into our IT system and the Bank will continue to invest in and upgrade its IT posture.

Additionally, our Mobile Banking app continues to gain traction with digital transaction volumes nearly doubling in 2024. With substantial investments in digital platforms, AI-driven insights, and next-generation cybersecurity protocols, we are creating a seamless and secure banking experience for our customers.

Empowering Our People

Our people remain our greatest asset. In 2024, we took further strides in building a high-performance, future-ready workforce. Over 32K+ trainings were conducted across diverse areas, with a special focus on Islamic banking, digital finance, and leadership development. We also advanced our Diversity, Equity, and Inclusion agenda for women. In 2024, NBP received the prestigious Disability Inclusion Champion Award from the Asian Development Bank at the 10th Trade and Supply Chain Awards, recognizing its commitment to fostering a culture of diversity, equity and inclusion.

This year, 13% of new hires were women, and our workforce now includes 1.1% individuals with disabilities, underscoring our dedication to equitable opportunities. Our female colleagues make around 10% of our total workforce. The Bank's commitment to fostering an inclusive workplace has been recognized once again

at the Global Diversity, Equity & Inclusion Benchmarks Awards 2025, where we secured 7 awards across multiple categories.

Confidence in the Future

We step into 2025 with a renewed sense of purpose and an unwavering commitment to driving the nation's financial progress. Despite economic headwinds, we remain optimistic about Pakistan's financial trajectory. The decisive measures being taken by the Government of Pakistan and the State Bank of Pakistan—including macroeconomic stabilization policies, monetary easing, and fiscal reforms—are expected to foster greater stability and long-term sustainability.

As Pakistan's one of the largest Domestically Systemically Important Bank, NBP remains unwavering in its mission to stand with the nation—bridging financial gaps, enabling sustainable economic growth, and supporting a prosperous future for all Pakistanis.

Our Strategic Priorities for the Next Three Years include:

- > **Robust Liquidity & Capital Strength** – Maintaining financial resilience to navigate evolving market conditions.
- > **Technology-Led Transformation** – Embracing AI, automation, and data analytics to enhance decision-making and customer experience.
- > **Operational Excellence** – Optimizing processes and leveraging digital advancements for efficiency.
- > **ESG & Sustainable Banking** – Integrating environmental, social, and governance factors into our business strategy.
- > **Financial Inclusion & Growth** – Expanding outreach to unbanked populations, SMEs, and underserved sectors.
- > **Islamic Banking Leadership** – Playing a central role in Pakistan's full transition to Shari'ah-compliant banking by 2027.
- > **Organizational Agility** – Simplifying decision-making, streamlining operations, and enhancing workforce capabilities.

Acknowledgment

As we celebrate NBP's continued legacy of excellence in 2025, I would like to extend my heartfelt gratitude to:

- > Our 15,000 team members who have been at the core of our achievements over the past years.
- > Our Board of Directors for their strategic leadership and invaluable support throughout 2024.
- > The Ministry of Finance and the State Bank of Pakistan for their ongoing guidance; and
- > Finally, to our millions of customers, business partners, and other stakeholders for their unwavering trust and support.

As we move forward, NBP remains steadfast in its mission to drive financial inclusion, foster economic growth, and create long-term value for all stakeholders.

Thank you,

Rehmat Ali Hasnie
President & CEO

Directors' Report to the Members

Standalone Financial Statements-2024

Dear Members,

The Board of Directors is pleased to present the Annual Report of National Bank of Pakistan (NBP or the 'Bank').

This year's report reflects & reaffirms our continued commitment to responsible governance, sustainable value creation, and resilience amid a challenging financial landscape. The audited financial statements, along with the independent auditors' report, provide a transparent and comprehensive view of the Bank's financial position, performance, and strategic direction.

As stewards of this institution, the Board remains focused on delivering long-term value for our stakeholders while ensuring robust risk management and regulatory compliance.

Operating Context

The global economy demonstrated resilience amid a complex landscape of easing inflation and cautious optimism. According to the IMF, global growth stabilized at 3.2% in 2024, with projections maintaining this pace into 2025, estimating a growth of 3.3%. Inflationary pressures, a significant concern in previous years, showed signs of easing with global headline inflation receding from 6.8% in 2023 to 5.9% in 2024, suggesting a further reduction to 4.2% by 2025. As a result, many central banks are nearing the conclusion of their monetary tightening cycles, fostering a more conducive financial environment.

Despite these positive developments, challenges persist. The World Bank has highlighted that while global growth is projected to remain stable in both 2025 and 2026, significantly below the pre-pandemic average of 3.1% observed from 2010 to 2019. Developing economies continue to face headwinds such as high debt levels, subdued investment, and the rising geopolitical tensions and climate change impacts.

In summary, as we progress through 2025, the global economic outlook is one of cautious optimism. Concerted policy efforts are essential to address underlying vulnerabilities and to promote sustainable, inclusive development across all economies.

Pakistan's macroeconomic landscape exhibited significant signs of stabilization and gradual recovery, following the challenges faced in FY'24. GDP growth of 0.92% was reported in the first quarter of FY25, primarily driven by expansions in the agriculture (1.15%) and services (1.43%) sectors, despite a contraction of 1.03% in the industrial sector. Headline inflation has notably declined from nearly 40% in May 2023 to 2.4% in January 2025, with projections ranging between 5.5% and 6.5% by the end of 2025. The monetary policy stance shifted mid-year, with the SBP reducing the policy rate from 22% to 12% by January 2025. This is expected to lower borrowing costs and support private sector credit demand.

The external sector has also shown resilience, bolstered by international support. In September 2024, the IMF approved a \$7.0 Bn loan for Pakistan, with an immediate disbursement of \$1.0 Bn, to support economic reforms and enhance macroeconomic stability. Additionally, the World Bank has committed to a \$20.0 Bn lending package over the next decade, focusing on areas such as renewable energy, education, climate resilience, and social sector. The Pakistan Stock Exchange experienced remarkable growth during 2024. The benchmark KSE-100 Index surged by 84% in PKR terms (85% in USD terms), marking one of its best performances in recent years.

Looking ahead, with continued implementation of sound macroeconomic policies, political stability, and structural reforms, Pakistan aims to sustain this positive trajectory, targeting enhanced economic growth and stability in the medium term.

Banking Sector in Pakistan

In 2024, Pakistan's banking sector maintained strong profitability amid improving economic conditions. The State Bank of Pakistan reported 11.5% expansion in total banking assets during H1CY24, largely due to increased investments in government securities, albeit limited private sector credit growth. Asset quality remained resilient, with non-performing loans staying contained and provisioning coverage improving to 101% by end Sep'24. The sector's capital buffers remain strong, ensuring financial stability. The implementation of IFRS 9 from January 2024 introduced a more forward-looking approach to credit loss recognition. While one-time provisions were recorded, the sector's capital adequacy remained sound, with no major impact on overall solvency.

Looking ahead, monetary easing, improved market confidence, and continued regulatory reforms are likely to enhance private sector credit flow and support economic recovery in 2025.

Navigating A Year of Resilience and Strategic Progress

2024 was a challenging yet defining year for the Bank. As discussed in detail in Note 25.3.3.1 to the financial statements, The Honourable Supreme Court of Pakistan (in Review Jurisdiction) has, by its order dated 27th March 2024, dismissed all the civil review petitions filed by NBP (CRPs No 368 to 409 etc.), as a result of which the Supreme Court decision dated 25th September 2017, in respect of the pension litigation, has now attained finality. Accordingly, and in compliance of the judgement the Bank has made payments as per the court order. As a matter of prudence, the Bank has incorporated the financial impact in these financial statements for the year ended December 31, 2024, of any adverse judgement.

Strong Financial Delivery

The Bank absorbed a one-off extra-ordinary pension impact without any observable adverse impact on its Capital Adequacy, maintaining robust capital buffers, a strong balance sheet and

steady growth trajectory. This resilience is a testament to NBP's financial prudence, proactive risk management, operational strength, and unwavering commitment to sustainable value creation for the stakeholders. The Bank has delivered strong financial results for the year ended December 31, 2024.

Profitability (PKR 'Bn)

No.	Key Items	2024	2023	Better / (Worse)	
				Amount	%
1	Net Interest Income	170.9	168.7	2.1	1.3% ▲
2	Non-Fund Income	65.4	40.6	24.8	61.1% ▲
3	Total Income	236.3	209.3	27.0	12.9% ▲
4	Operating Exp.	119.8	93.3	(26.4)	(28.3%) ▲
5	Pre-Prov. Profit	116.5	115.7	0.8	0.7% ▲
6	Provision Charge	2.3	14.5	12.2	84.4% ▼
7	Extra Ordinary Pension Ex	57.5	-	(57.50)	- ▲
8	Pre-tax profit	56.7	101.3	(44.6)	(44.0%) ▼
9	Tax	29.8	49.4	19.6	39.7% ▼
10	After-tax profit	26.9	51.8	(25.0)	(48.2%) ▼
11	EPS (Rs.)	12.63	24.37	(11.74)	(48.2%) ▼

Despite a dynamic and challenging operating environment, NBP continued to demonstrate resilience and adaptability in 2024. As policy rates eased, we saw a significant expansion in interest-bearing assets, driving gross mark-up/interest income to PKR 1,089.4 Bn, slightly above the last year's PKR 1,024.7 Bn. Interest expenses stood at PKR 918.5 Bn, with 50.1% (2023:PKR 460.5 Bn) paid to depositors. Encouragingly, the Bank's Cost of Funds improved, declining by 41bps to 15.84% from 16.25% last year. As a result, NII grew by 1.3% YoY to PKR 170.9 Bn, reflecting a net spread of 2.37% for 2024.

Additionally, the Bank's non-mark-up/non-interest income (NFI) surged by 61.1% to PKR 65.4 Bn, a testament to the Bank's proactive revenue diversification strategy. This increase was primarily fuelled by capital gains of PKR 27.9 Bn, including PKR 5.8 Bn from the sale of the Bank's stake in United National Bank Ltd. As a result, total revenue for the year rose by 12.9% YoY to PKR 236.3 Bn.

On the cost front, the Bank remained focused on efficiency while continuing to invest in our people, technology, and infrastructure. The Bank's operating expenses (BAU) stood at PKR 119.8 Bn,

reflecting a 28.3% YoY increase. A large part of this was driven by HR costs, which rose by 39.7% to PKR 78.8 Bn, primarily due to additional recurring cost impact of the pension case.

Recognizing the critical role of a strong operational backbone, the Bank invested PKR 1.7 Bn in maintaining and upgrading the Bank's business premises to provide a secure and efficient working environment. Technology remains a key driver of the Bank's future, and the Bank invested PKR 4.3 Bn for software maintenance and network enhancements — ensuring that the Bank remains at the forefront of digital transformation.

However, the year was not without its challenges. The Supreme Court's ruling on the pension case resulted in an extraordinary cost as well as recurring cost having significant impact on the Bank's financials. Yet, despite this major headwind, the Bank remained steadfast, maintaining a strong balance sheet and capital position. Profit before tax closed at PKR 56.7 Bn, reflecting a 44.0% decline YoY, while after-tax profit stood at PKR 26.9 Bn, down 48.2% from last year's PKR 51.8 Bn. Had there been no one-off pension cost impact, PBT would have closed 12.8% higher YoY at PKR 114.2 Bn.

A Strong Balance Sheet

The Bank's end of 2024 total assets closed at **PKR 6,744.1 Bn** which represents a 1.4% increase from **PKR 6,652.7 Bn** at the end of 2023. Capital & reserves closed at PKR 457.0 Bn, an increase of PKR 74.5 Bn or 19.4% up from PKR 382.8 Bn as of December 31, 2023.

(PKR 'Bn)

No.	Key Items	2024	2023	Growth
1	Investments (net)	4,612.3	4,403.4	4.7%
2	Advances (net)	1,404.9	1,398.1	0.5%
3	Total Assets of the Bank	6,744.1	6,652.7	1.4%
4	Islamic Banking Total Assets	333.4	140.2	37.8%
5	Deposits	3,865.6	3,674.4	5.2%
6	Borrowings	1,937.8	2,177.7	(11.0%)
7	Net Assets	457.0	382.8	19.4%
8	Book Value Per Share	214.8	179.9	19.4%

> Advances

Gross loans & advances of the Bank stood at PKR 1,672.8 Bn depicting a YoY increase of 2.5% or PKR 41.1 Bn, whereas net advances closed at PKR 1,404.9 Bn. Growth in average advances was achieved in most of the Bank's products including SME & commercial, agriculture, Islamic, consumer, and advances to women, women owned and managed enterprises. Consequently, the advances-to-deposits ratio stood at 43.3% at the end of 2024. Non-performing loans recorded a surge of 21.9% and amounted to PKR 269.3 Bn (2023: PKR 220.8 Bn). However, this was mainly due to delinquency in a single large borrower which is expected to be regularised shortly and does not attract provisioning. With PKR 225.8 Bn of credit loss allowances held, NPL coverage ratio stood high at 83.9%. Excluding the impact of this single large delinquency, the coverage ratio stands above 100%.

> Investments

The Bank's investments (at cost) amounted to PKR 4,475.3 Bn (2023: PKR 4,393.9 Bn) with a carrying value of PKR 4,612.3.4 Bn (2023: PKR 4,403.4 Bn). Pursuant to an effective yield/interest rate risk and liquidity management strategy, the Bank is maintaining a diversified investment portfolio across zero risk weighted GoP instruments, high dividend yielding equities and other interest-bearing financial assets with interest sensitive maturity pattern. In the prevailing interest rate scenario and rate expectations, the Bank's investment book predominantly has a shorter-term maturity profile with 91.7% on the investments held under fair value through other comprehensive income.

> Deposits

As of December 31, 2024, total deposits with the Bank amounted to PKR 3,865.6 Bn as compared to PKR 3,674.4 Bn at the end of 2023. Major share of the Bank's funding comes from sticky customer deposits that contribute 94.2% of the total deposits. With current deposits amounting to PKR 1,944.1.5 Bn or 50.3% of the total deposits, the Bank maintains a strong liquidity profile. The Bank maintained its CASA ratio high at 79.4%.

Detailed coverage of the financial performance and other organizational development is also given elsewhere in this Annual

Report. The Bank has enough resources to meet all its financial obligations and hasn't defaulted in payment of any debt or other financial obligation.

> Islamic Banking

Demonstrating its commitment, the Bank expanded its Islamic Banking footprint in 2024 by adding over 100 Islamic Banking Windows 'IBW', bringing the total to 251, and converting 19 conventional branches into full-fledged Islamic branches. The Islamic banking business is now one of the fastest growing segments within the Bank. NBP Itimad's total assets increased to PKR 333.4 Bn at the end 2024 from PKR 140.2 Bn at the end 2023 recording record growth of 137.9% YoY. Whereas total Islamic banking earning assets recorded a 138.3% YoY growth reaching PKR 298.9 Bn compared to 125.4 Bn at end 2023. NBP Aitemaad offers the entire spectrum of banking products, from large-ticket corporate deals to retail deposits and consumer finance.

The Bank's Islamic Banking franchise 'NBP Aitemaad' closed deposit at PKR 309.4 Bn at the end 2024, compared to PKR 113.8 Bn depicting a 171.9% YoY growth, while CASA growth was 198.2% YoY. At end of 2024, total deposit customers stood at 250K, showing a YoY increase of 12%. With total operating income of PKR 10.7 Bn (30.83% up YoY), Islamic banking operations posted pre-tax profit of PKR 6.33 Bn, depicting a massive 79.43% growth YoY.

In line with the Federal Shariat Court's directives and the State Bank of Pakistan's mandate to transition the banking industry to full Sharia'h compliance by December 31, 2027, the Bank plans to accelerate this transformation by establishing another 100 IBWs and converting over 100 conventional branches to Islamic in 2025. On the asset side, the launch of NBP Aitemaad Advance Salary, an Islamic alternative to the Bank's flagship retail lending product, marks a significant milestone. The Bank remains committed to introducing further Shari'ah-compliant alternatives, ensuring a seamless transition while strengthening its position as a leader in Islamic banking.

Strategic Resilience and Shareholder Value Creation

Since 2017, the Bank had to retain its entire profits to safeguard capital adequacy, ensuring financial stability and long-term sustainability in line with regulatory expectations. This prudent approach significantly strengthened the Bank's capital base, allowing it to absorb shocks of pending litigation.

As explained in Note 25.3.3.1 to the standalone financial statements, and a strengthened financial position of the Bank, the Board is pleased to recommend a final cash dividend for the year ended December 31, 2024, at Rs. 8/- per share (i.e. 80%), for approval by shareholders in the 76th Annual General Meeting. This dividend is not just a distribution of profits—it is a testament to our commitment to delivering sustainable value to the Bank's shareholders, improved earnings resilience, and the Board's confidence in the employees to translate strategies into financial delivery.

Appropriation of Profit

The profit for the year ended December 31, 2024, after incorporating the accumulated profit from 2023, is proposed to be appropriated as follows:

	(PKR 'Mn)
Unappropriated profit as of 31.12.2023	218,754.4
Adjustment due to adoption of IFRS 9 - net of tax	(10,288.5)
Adjusted unappropriated profit as of January 01, 2024	208,465.9
Profit after-tax for the year ended December 31, 2024	26,865.7
Gain on sale of investments classified as FVOCI	2,705.7
Remeasurement Loss on defined benefit obligations	(451.5)
Transfer from surplus on revaluation of fixed assets-net of tax	162.7
	29,282.6
Profit available for appropriation	237,748.5
Appropriation:	
Transfer to Statutory Reserve (10% of PAT)	(2,686.6)
Unappropriated profit carried forward	235,062.0

Principal Activities

NBP continued to operate as a full-service financial institution, maintaining its diverse range of offerings in line with its strategic priorities. Core activities remained consistent with the prior year, encompassing general banking services, credit facilities, ATM and debit card services, investment banking advisory, treasury and capital markets, housing and general finance, transaction banking, cash management, digital banking, and international trade & remittances.

In addition, the Bank's subsidiaries played a vital role in expanding its financial ecosystem, providing specialized services such as currency exchange, modaraba financing, fund management, and securities brokerage, further strengthening NBP's market position and customer reach.

Capital Adequacy & Strength

The Bank achieved significant improvements in financial soundness indicators during 2024. Total eligible capital increased by PKR 103.1 Bn or 27.4% to close at PKR 479.8 Bn. While Common Equity Tier 1 Capital (CET 1) ratio stood at 20.51% (2023:19.16%),

the Total Capital Ratio stood at 27.80% (2023:25.47%) against minimum regulatory requirement of 13.0%. The Bank's Leverage ratio was 3.88% at the end of 2024 (2023: 3.12%). The Bank's liquidity coverage and net stable funding ratios also improved to 206% (2023:176%) and 174% (2023:159%) respectively against their regulatory requirement of 100%.

Material Events Subsequent to the Balance Sheet Date

Subsequent to year end, pursuant to the order of the Honourable Islamabad High Court dated November 15, 2024 (as amended by a further Court Order dated December 11, 2024), the Scheme of Arrangement filed with the Honourable Islamabad High Court, Islamabad, prepared under Sections 279 to 283 and 285(8) of the Companies Act, 2017 in respect of the demerger of a specified portion of the lending portfolio of SME Bank Limited ("SME Bank"), along with all associated rights, obligations, titles, contracts, benefits, claims, interests, and liabilities (the "Demerger Lending Portfolio"), was approved by the shareholders in the Extraordinary General Meeting of the Members of NBP which was held on January 06, 2025. This demerger involves the separation of the Demerged Lending Portfolio from SME Bank, its transfer to and

vesting in NBP, and the retention of all other assets and liabilities of SME Bank that do not form part of the Demerged Lending Portfolio (the "Retained Undertaking") by the SME Bank. However, this did not attract any adjustments to the enclosed financial statements.

Governance & Stewardship by the Board

The Board remained steadfast in its commitment to strong governance, strategic oversight, and responsible stewardship throughout the year. By providing effective leadership and ensuring alignment with the Bank's long-term vision, the Board has played a pivotal role in guiding NBP through an evolving financial and regulatory landscape.

A comprehensive overview of the composition and functioning of the Board and its Committees is provided in the Corporate Governance section of this Annual Report. Additionally, a separate statement outlines the Bank's adherence to the Listed Companies (Code of Corporate Governance) Regulations, 2019, and the Public Sector Companies (Corporate Governance) Rules, 2013.

To uphold the highest corporate governance standards, the Board has established specialized committees to ensure focused oversight across key areas. These include:

1. Board Audit Committee
2. Board Risk & Compliance Committee
3. Board HR & Remuneration Committee
4. Board Technology & Digitalization Committee
5. Board Inclusive Development Committee
6. Board Strategy Committee
7. NBP-NY Governance Council (Sub-Committee of BRCC)

Each committee operates under a well-defined Terms of Reference framework approved by the Board, ensuring clarity of roles and effectiveness in decision-making for efficient value creation of shareholders. A detailed description of their responsibilities and contributions is provided in the Corporate Governance section of this report. Through these governance structures, the Board continues to buttress the Bank's balance sheet growth, strengthen accountability, enhance risk management, and drive sustainable value creation for all stakeholders.

Meetings of the BoD, and BoD Committees Held during 2024

The Board held 13 meetings during the year. Details of the meetings of the Board and the Board Committees held during the year are stated elsewhere in this Annual Report.

Changes in the Board of Directors

Following changes took place in the Board of Directors During 2024:

1. Mr. Ahsan Ali Chughtai, Independent Director, retired on June 20, 2024, upon completion of his three years' term of appointment as a director.

Governance

The Bank remains steadfast in its commitment to strong governance and regulatory compliance across its domestic and international operations. The Bank adheres to the highest standards of compliance, ensuring alignment with all applicable laws, regulations, and governance codes. Recognizing the evolving regulatory landscape, the Board continues to enhance compliance and control framework of the Bank to meet both local and global best practices.

Significant investments have been made in advanced technological platforms to strengthen internal controls, anti-money laundering protocols, KYC processes, and data accuracy. These initiatives not only fortify the Bank's governance and compliance posture but also enable the generation of high-quality MIS, supporting agile and data-driven decision-making.

By embedding a culture of risk awareness, transparency, and continuous improvement, the Bank remains well-positioned to navigate emerging challenges while ensuring sustainable growth and long-term value creation.

De-risking from low-yielding overseas footprint

Pursuant to our strategy of derisking the low-yielding overseas footprint, the Bank has closed its Paris Branch - France effective December 31, 2024, and New York Branch-USA effective October 28, 2024. The closure of Bishkek, Baku and Almaty branches approved in 2023 is expected to conclude by March 31, 2025.

Compliance & Risk Matters in the New York Branch

The Bank fully complied with the public enforcement actions issued in February 2022 by the New York State Department of Financial Services (NYDFS) and the Federal Reserve Board. It thereafter decided to close the New York branch. With approval from the NYDFS, the bank's New York branch voluntarily surrendered its banking license to NYDFS in October 2024. In December 2024, the Federal Reserve Board terminated the enforcement actions issued to NBP/New York Branch in March 2016 & February 2022.

Impact of the Government Policies on the Bank's Performance

As a major financial institution, NBP operates in close alignment with government policies, which present both opportunities and challenges for the Bank. Several policy measures have had a material impact on the Bank's performance, including:

- **Mandatory participation in subsidized lending schemes** that support inclusive economic development but also require careful risk management.
- **Deposit protection premium** obligations that contribute to financial safety of depositors but increase cost pressures.
- **Implementation of the Treasury Single Account** which influences deposit mobilization and liquidity management.

Furthermore, as a major lender to various public sector entities, the Bank continues to face challenges related to delayed or, in some cases, non-performing debt obligations from certain state-owned enterprises. This remains a key factor impacting the Bank's income and asset quality.

Despite these challenges, NBP remains steadfast in its commitment to fulfilling its role as a national institution, supporting government initiatives while ensuring sustainable profitability and value creation for all shareholders. The Bank continues to engage with policymakers to strike a balance between national priorities and prudent banking practices.

Principal Risks & Uncertainties Facing the Bank

Given the nature of its business model, the Bank is inherently exposed to a range of financial, operational, regulatory, and strategic risks. The Board of Directors remains actively engaged in ensuring that robust risk management framework and policies are in place to identify, assess, and mitigate these risks in a proactive manner in line with preapprove risk appetite thresholds.

The Bank follows a comprehensive 3-lines of defence risk governance structure, ensuring that emerging risks are detected, evaluated, and addressed through well-defined risk mitigation measures. Adequate resources have been deployed to enhance risk resilience, leveraging advanced analytics, strengthened internal controls, and compliance mechanisms to safeguard financial stability.

A detailed discussion on the Bank's principal risks, uncertainties, and future prospects is provided in Note 48 to the financial statements, outlining the Bank's approach to navigating the evolving macroeconomic and regulatory landscape while ensuring sustainable long-term growth.

Major Developments During the Year

The Bank made significant strides in key strategic areas, reinforcing its role as a leading financial institution in the country. Notable developments included:

- **Technology & Digital Infrastructure:** Upgraded Core Banking IT systems and cybersecurity framework to enhance operational resilience and customer experience.
- **Credit Mobilization in Agriculture & SME:** Enhanced financing to the agricultural and SME sector in line with SBP guidelines to support economic growth.
- **Islamic Banking Growth:** Strengthened presence and market outreach in Shariah-compliant banking to cater to increasing demand.
- **Business & Product Development:** Expansion of offerings to meet evolving customer needs.
- **Human Capital Development:** Focused investments in talent acquisition, leadership development, and workforce optimization to drive long-term success.

Further details on these initiatives and their impact are discussed in the relevant sections of this Annual Report.

Remuneration to the Directors

The Bank remains committed to ensuring transparency and adherence to best governance practices in determining the remuneration of its independent and non-executive directors. In line with the shareholders' approval granted at the General Meeting held on July 27, 2020, the Bank follows a structured Remuneration Policy for directors attending Board and Board Committee meetings.

This policy is fully compliant with applicable laws, including the Banks' (Nationalisation) Act, 1974, NBP's bye-laws, and the State Bank of Pakistan's (SBP) regulatory instructions. Under this framework, the Board periodically reviews and recommends remuneration levels for shareholder approval, ensuring alignment with SBP-prescribed limits while maintaining fair compensation for directors' responsibilities. The detail of compensation paid to the Directors in 2024 is given in Note 42 to the unconsolidated financial statements.

Contribution in SBP-led Initiatives

Aligned with the Bank's vision of fostering inclusive development, NBP remains a key partner in supporting Government and SBP-led initiatives aimed at enhancing financial inclusion. The Bank has actively participated in various refinance schemes and strategic programs designed to facilitate access to finance for underserved segments, including agriculture, SMEs, export-oriented industries, and sustainable development projects.

Through these initiatives, the Bank continues to play a pivotal role in driving economic growth, enabling businesses, and strengthening financial accessibility across diverse sectors. Further details on the Bank's contributions under these schemes are provided in the relevant sections of this report.

In 2024, the Bank continued to retain its leading position in agriculture financing as evaluated by the SBP. Furthermore, the Bank also remained one of the largest financiers to the SME sector, a matter also acknowledged by the SBP.

Impact of the Bank's Business on the Environment

The Bank recognizes its responsibility in fostering sustainable and environmentally conscious banking practices. While core operations of the Bank do not have a direct environmental footprint, we remain committed to integrating Green Banking principles in line with the State Bank of Pakistan's Green Banking Guidelines. Our approach is geared toward enabling financing solutions that support the transition to a resource-efficient and climate-resilient economy.

Environmental, social, and economic considerations are now embedded in the Bank's strategic decision-making framework, reflecting the Bank's holistic commitment to sustainable growth. In alignment with SBP's Environmental & Social Risk Management Implementation Manual, the Board and Management are actively working to establish a robust Environmental & Social Management System within the Bank.

Further demonstrating our commitment to sustainability, a comprehensive overview of the Bank's CSR initiatives and environmental impact efforts undertaken during the year is provided separately in this report, highlighting our dedication to responsible banking and societal well-being. At end 2024, the Bank had PKR 30.1 Bn of green financing facilities.

Credit Ratings

NBP is rated as 'AAA' by both the recognised credit rating agencies in Pakistan. In June 2024, M/s VIS Credit Rating Company re-affirmed the Bank's standalone credit rating as "AAA", the highest credit rating awarded by the company for a bank in Pakistan. Similarly, M/s PACRA Credit Rating Company also assigned the Bank long-term entity rating as 'AAA' (Triple AAA) and short-term credit rating as 'A1+' (A-one Plus).

Endorsement

The Board of Directors acknowledges and endorses the following key disclosures, which have been provided in detail elsewhere in this Annual Report:

1. **Management Statement on Internal Controls** – Highlighting the Bank's commitment to robust governance and risk management.
2. **Risk Management Overview** – Outlining the frameworks and strategies employed to ensure robust risk management and financial resilience.
3. **Corporate Social Responsibility Initiatives** – Showcasing NBP's contributions toward sustainable and inclusive development.
4. **Pattern of Shareholding** – Providing information on the Bank's shareholding structure.

These sections collectively demonstrate NBP's strategic direction, governance excellence, and commitment to sustainable growth.

Outlook

NBP's future performance remains closely linked to Pakistan's macroeconomic trajectory, which continues to be influenced by inflationary pressures, interest rate movements, fiscal policies, political stability, and global economic conditions. While GDP growth is projected to stabilise, and inflation is expected to remain low, external sector vulnerabilities and fiscal constraints remain key considerations.

Against this backdrop, NBP remains committed to supporting economic recovery and sustainable growth while maintaining a strong and resilient balance sheet. The Bank's strategic focus in near future will continue to be on:

- Expanding financial inclusion, particularly in SMEs, microfinance, and agriculture.
- Supporting Government-led subsidized schemes that drive economic stability.
- Strengthening Islamic banking as demand for Shari'ah-compliant products grows.
- Enhancing digital transformation to improve efficiency and accessibility.

By aligning its strategy with national economic priorities, NBP aims to navigate market challenges, seize emerging opportunities, and create long-term value for its shareholders.

Appointment of Auditors

The existing auditors of the Bank Messrs BDO Ebrahim & Co. Chartered Accountants and Messrs A. F. Ferguson & Co. Chartered Accountants will be retiring this year. Both the auditors being eligible and have offered themselves for re-appointment as external auditors of the Bank for the year ending December 31, 2025. The Board is pleased to endorse the recommendation of the Board Audit Committee for re-appointment of M/s PwC A. F. Ferguson & Co. Chartered Accountants, and re-appointment of M/s BDO Ebrahim & Co. Chartered Accountants to be the auditors of the Bank for the year ending December 31, 2025.

Acknowledgement & Appreciation

The Board extends its heartfelt appreciation to the dedicated employees of NBP, whose unwavering commitment ensures the seamless provision of banking services to the Nation. Their dedication remains the driving force behind the Bank's continued success and impact.

We also express our sincere gratitude to the Government of Pakistan, the State Bank of Pakistan, the Securities and Exchange Commission of Pakistan, and other domestic/foreign regulatory bodies for their steadfast support. Their guidance has been instrumental in enabling NBP to unlock its potential and contribute meaningfully to Pakistan's socio-economic development.

Furthermore, we acknowledge the invaluable contributions of our leadership team and extend our special appreciation to Mr. Ahsan Ali Chughtai, who retired from the Board. His insights and dedication have played a crucial role in strengthening the Bank's governance, resilience, and long-term strategic direction.

With a shared vision for progress, NBP remains committed to fostering inclusive growth, financial stability, and national development.

For and on behalf of the Board of Directors

اعتراف اور تعریف

بنک کے بورڈ آف ڈائریکٹرز بینک کے حتمی اور پُر عزم مہم زمین کا دلی شکریہ ادا کرتے ہیں، جن کی انتھک کوششوں کے باعث بینکنگ خدمات کو ملک بھر میں احسن طریقے سے فراہم کیا جا رہا ہے۔ ان کی لگن بنک کی کامیابی اور اس کے مثبت اثرات کی بنیادی وجہ ہے۔

ہم حکومت پاکستان، اسٹیٹ بینک آف پاکستان، سیکرٹریز اینڈ ایگزیکٹو کمیشن آف پاکستان، اور ایملی وغیرہ کی ریگولیٹری اداروں کے تعاون پر بھی شکریہ ادا کرتے ہیں۔ ان کی رہنمائی نے NBP کو اس کی حتمی صلاحیت کو بھروسے کا لانے اور پاکستان کی سماجی و اقتصادی ترقی میں مؤثر کردار ادا کرنے کے قابل بنایا ہے۔

مزید برآں، ہم اپنی قیادت کی مثالدار خدمات کا اعتراف کرتے ہیں اور خاص طور پر مسٹر احسن علی چغتائی کا شکریہ ادا کرتے ہیں، جو حال ہی میں بورڈ سے ریٹائر ہوئے ہیں۔ ان کی بصیرت اور لگن نے بینک کی گورننس، استحکام اور طویل مدتی حکمت عملی کو مضبوط بنانے میں اہم کردار ادا کیا ہے۔

نیشنل بینک آف پاکستان ایسے ترقی پسند وژن کے ساتھ، مالی استحکام، جامع ترقی، اور قومی خوشحالی کے فروغ کے لیے پُر عزم رہے گا۔

بورڈ آف ڈائریکٹرز کی جانب سے

علی سید
ڈائریکٹر

رحمت علی حسنی
صدر اور سی ای او

کراچی

بتاریخ: 28 فروری 2025

بینکاری اور معاشرتی فلاح و بہبود کے لیے ہماری لگن کو ظاہر کرتا ہے۔ سال 2024 کے اختتام پر، بینک کے پاس 30.1 بلین روپے کے گلوبل فنڈنگ فیسلٹی موجود تھیں۔

کریڈٹ ریٹنگ

پاکستان میں دونوں تسلیم شدہ کریڈٹ ریٹنگ ایجنسیوں کے ذریعہ بینک کو 'AAA' کا درجہ دیا گیا ہے۔ جون 2024 میں، میسرز وی آئی ایس کریڈٹ ریٹنگ کمپنی نے بینک کی اسٹینڈالون کریڈٹ ریٹنگ کو "AAA" کی حیثیت سے دوبارہ تصدیق کی، جو پاکستان میں کسی بینک کے لیے کمپنی کی طرف سے دی جانے والی سب سے زیادہ کریڈٹ ریٹنگ ہے۔ اسی طرح، میسرز پیکرا کریڈٹ ریٹنگ کمپنی نے بھی بینک کو طویل مدتی ہستی کی درجہ بندی بطور 'AAA' (پل AAA) اور مختصر مدت کے کریڈٹ ریٹنگ کو 'A1+' (A-One Plus) کے طور پر قرار رکھا ہے۔

توثیق

بینک کے بورڈ آف ڈائریکٹرز درج ذیل اہم توثیق کو تسلیم اور تصدیق کرتے ہیں، جن کی تفصیلات اس سالانہ رپورٹ میں دی گئی ہیں:

- < داخلی کنٹرولز پر مبنی اسٹینڈنٹ۔ جو بینک کی مضبوط گورننس اور رسک مینجمنٹ کے عزم کو اجاگر کرتی ہے۔
- < رسک مینجمنٹ کا جائزہ۔ جو مستحکم مالیاتی حکمت عملیوں اور فریم ورک کی وضاحت کرتا ہے۔
- < کارپوریٹ سماجی ذمہ داری (CSR) کے اقدامات۔ جو پائیدار اور جامع ترقی میں بینک کے کردار کو اجاگر کرتے ہیں۔
- < شیئر ہولڈنگ کا پیرن۔ جو بینک کی ملکیتی ساخت کے بارے میں معلومات فراہم کرتا ہے۔

یہ تمام اقدامات بینک کی اسٹریٹجک سمت، بہترین گورننس، اور پائیدار ترقی کے عزم کو ظاہر کرتے ہیں۔

مستقبل کا نقطہ نظر

نیشنل بینک آف پاکستان کی مستقبل کی کارکردگی پاکستان کے مجموعی معاشی منظر نامے سے جڑی ہوئی ہے، جو افراط زر کے ذبا، شرح سود میں اتار چڑھاؤ، مالیاتی پالیسیوں، سیاسی استحکام اور عالمی اقتصادی حالات سے متاثر ہوتی رہتی ہے۔ اگرچہ جی ڈی پی کی شرح نمو کے استحکام اور افراط زر میں کمی کی توقع کی جا رہی ہے، لیکن بیرونی شعبے کی کمزوریوں اور مالیاتی رکاوٹوں کو نظر انداز نہیں کیا جاسکتا۔

ان حالات میں بینک معیشت کی بحالی اور پائیدار ترقی میں اپنا کردار ادا کرنے کے ساتھ ساتھ ایک مضبوط اور مستحکم مالیاتی حیثیت برقرار رکھنے کے لیے عزم ہے۔ بینک اپنی مستقبل قریب کی حکمت عملی کو درج ذیل نکات پر مرکوز رکھے گا:

- < مالی شمولیت میں توسیع، خاص طور پر ایس ایم ای، مائیکرو فننس، اور زرعی شعبے میں۔
 - < حکومت کے تحت سبسڈائزڈ اسکیموں کی حمایت، جو معاشی استحکام کو فروغ دیتی ہیں۔
 - < اسلامی بینکاری کے فروغ پر توجہ، کیونکہ شریعہ مطابقتی مصنوعات کی طلب میں اضافہ ہو رہا ہے۔
 - < ڈیجیٹل ٹرانسفارمیشن کو فروغ دینا تاکہ بینکنگ خدمات کی رسائی اور کارکردگی کو بہتر بنا جاسکے۔
- قومی اقتصادی ترجیحات کے ساتھ اپنی حکمت عملی کو ہم آہنگ کر کے، بینک مارکیٹ کے چیلنجز سے نمٹنے، نئے مواقع سے فائدہ اٹھانے، اور اپنے شیئر ہولڈرز کے لیے طویل مدتی قدر پیدا کرنے کا عزم رکھتا ہے۔

آڈیٹرز کی تقرری

بینک کے موجودہ آڈیٹرز میسرز بی ڈی او اے ایم اینڈ کمپنی چارٹرڈ اکاؤنٹنٹس اور میسرز پی ڈی بی اے ایف فرگوسن اینڈ کمپنی چارٹرڈ اکاؤنٹنٹس اس سال ریٹائر ہو جائیں گے۔ دونوں آڈیٹرز اہل ہیں اور انہوں نے اپنے آپ کو 31 دسمبر 2025 تک ختم ہونے والے سال کے لیے بینک کے بیرونی آڈیٹرز کے طور پر دوبارہ تقرری کے لیے پیش کش کی ہے۔

بورڈ کو 31 دسمبر 2025 کو ختم ہونے والے سال کے لیے بینک کے آڈیٹرز کے لیے بورڈ آڈٹ کمیٹی کی میسرز پی ڈی بی اے ایف فرگوسن اینڈ کمپنی چارٹرڈ اکاؤنٹنٹس کی دوبارہ تقرری اور میسرز بی ڈی او اے ایم اینڈ کمپنی چارٹرڈ اکاؤنٹنٹس کی دوبارہ تقرری کی توثیق کرنے پر خوشی ہے۔

سال کے دوران اہم پیشرفت

بینک نے اہم اسٹریٹجک شعبوں میں اہم پیش رفت کی، ملک میں ایبے سرکردہ مالیاتی ادارے کے طور پر اپنے کردار کو تقویت دی۔ قابل ذکر پیشرفت میں شامل ہیں:

- ◀ ٹیکنالوجی اور ڈیجیٹل اسٹریٹجی: آپریشنل پلک اور کسٹمر تجربے کو بہتر بنانے کے لیے، اپنی ڈیجیٹل سروسز اور سائبر سیکیورٹی فریم ورک۔
- ◀ زراعت اور ایس ایم ای میں کریڈٹ موبلائزیشن: معاشی نمو کو سپورٹ کرنے کے لیے اسٹیٹ بینک کے رہنما خطوط کے مطابق زرعی اور ایس ایم ای سیکٹر کے لیے مالی اعانت میں اضافہ۔
- ◀ اسلامی بینکاری کی ترقی: بڑھتی ہوئی طلب کو پورا کرنے کے لیے شریعت کے مطابق بینکاری میں موجودگی اور مارکیٹ کی رسائی کو مضبوط بنایا گیا۔
- ◀ کاروبار اور پروڈکٹ ڈویلپمنٹ: صارفین کی ابھرتی ہوئی ضروریات کو پورا کرنے کے لیے پیشکشوں کی توسیع۔
- ◀ ہیومن کیپٹل ڈویلپمنٹ: ٹیلنٹ کے حصول، قیادت کی نشوونما، اور افرادی قوت کی اصلاح میں مرکوز سرمایہ کاری تاکہ طویل مدتی کامیابی حاصل کی جاسکے۔

ان اقدامات کے بارے میں مزید تفصیلات اور ان کے اثبات اس سالانہ رپورٹ کے متعلقہ حصوں میں بحث کی گئی ہے۔

ڈیجیٹل سیکٹرز کو معاوضہ

بینک اپنے آزاد اور غیر ایگزیکٹو ڈیجیٹل سیکٹرز کے معاوضے کے تعین میں شفافیت اور بہترین حکمرانی کے طریقوں کی پابندی کو یقینی بنانے کے لیے عزم ہے۔ 27 جولائی 2020 کو منعقدہ جنرل میننگ میں دی گئی شیئر ہولڈرز کی منظوری کے مطابق، بینک بورڈ اور بورڈ کمیٹی کے اجلاسوں میں شرکت کرنے والے ڈیجیٹل سیکٹرز کے لیے ایبے منظم معاوضے کی پالیسی عمل کرتا ہے۔

یہ پالیسی قابل اطلاق قوانین بشمول بینکس (نیشنلائزیشن) ایکٹ 1974، بینک کے ضمنی قوانین، اور اسٹیٹ بینک آف پاکستان کی ریگولیٹری ہدایات کے ساتھ مکمل طور پر مطابقت رکھتی ہے، اس فریم ورک کے تحت، بورڈ وقتاً فوقتاً حصص بافغان کی منظوری کے لیے معاوضے کی سطح کا جائزہ لیتا ہے اور اس کی سفارش کرتا ہے، ڈیجیٹل سیکٹرز کی ذمہ داریوں کے لیے منصفانہ معاوضے کو قرار دیتے ہوئے، اسٹیٹ بینک آف پاکستان کی مقرر کردہ حدود کے ساتھ ہم آہنگی کو یقینی بناتا ہے۔ 2024 میں ڈیجیٹل سیکٹرز کو ادا کیے گئے معاوضے کی تفصیل میں مالیاتی گوشوارے کے نوٹ 42 میں دی گئی ہے۔

اسٹیٹ بینک آف پاکستان کی زیر قیادت اقدامات میں شرکت

شمولیت، ترقی کو فروغ دینے کے ہمارے ورژن کے ساتھ ہم آہنگ پیش بنک آف پاکستان، حکومت اور اسٹیٹ بینک آف پاکستان کی زیر قیادت اقدامات کی حمایت میں کلیدی شرکت دار ہے جس کا مقصد مالی شمولیت کو بڑھانا ہے۔ بینک نے مختلف ری فنانس اسکیموں اور اسٹریٹجک ڈیولپمنٹوں میں فعال طور پر حصہ لیا ہے جو کہ زراعت، SMEs، درآمداتی صنعتوں، اور باہمی تجارتی کے منصوبوں سمیت غیر محفوظ طبقات کے لیے فنانسنگ رسائی کی سہولت فراہم کرنے کے لیے بنائے گئے ہیں۔

ان اقدامات کے ذریعے، بینک اقتصادی ترقی کو آگے بڑھانے، کاروبار کو فعال کرنے اور متنوع شعبوں میں مالیاتی رسائی کو مضبوط بنانے میں ایبے اہم کردار ادا کرتا رہتا ہے۔ ان اسکیموں کے تحت ہماری شرکت کے بارے میں مزید تفصیلات اس رپورٹ کے متعلقہ حصوں میں فراہم کی گئی ہیں۔

2024 میں بینک نے زرعی فنانسنگ میں اپنی سرکردہ پوزیشن کو بہتر کر رکھا جیسا کہ اسٹیٹ بینک کی طرف سے جائزہ لیا گیا ہے۔ مزید برآں، بینک SME سیکٹر کے لیے سب سے بڑے فنانسز میں سے ایک رہا، اس معاملے کو اسٹیٹ بینک نے بھی تسلیم کیا۔

بینک کے کاروبار کے ماحول پر اثرات

بینک بانیدار اور ماحول دوست بینکاری کے فروغ میں اپنی ذمہ داری کو تسلیم کرتا ہے۔ آئندہ چھ ماہ کی فیہادی سرگرمیوں کا ہر راہ راست ماحولیاتی اعتبار سے ہے، ہم اسٹیٹ بینک آف پاکستان کی گرین بینکنگ گائیڈ لائنز کے مطابق گرین بینکنگ اصولوں کو اپنانے کے لیے پرعزم ہیں۔ ہمارا نقطہ نظر ایسے مالیاتی حل فراہم کرنا ہے جو وسائل کی مؤثر استعمال اور موسمیاتی چکرا معیشت میں منتقلی کو سپورٹ کریں۔

ماحولیاتی، سماجی اور اقتصادی پہلوؤں کو اب ہماری اسٹریٹجک فیصلہ سازی کے فریم ورک میں شامل کرنا چاہیے، جو باہمی تجارتی کے لیے ہمارے جامع عزم کی عکاسی کرتا ہے۔ اسٹیٹ بینک آف پاکستان کے انوائسٹمنٹل اینڈ سوشل رسک مینجمنٹ آپٹیمائزیشن مینوئل کے مطابق، بورڈ اور مینجمنٹ بینک میں ایبے مستحکم ماحولیاتی و سماجی مینجمنٹ سسٹم قائم کرنے کے لیے سرگرم عمل ہیں۔

پائیداری کے لیے ہمارے عزم کو مزید واضح کرتے ہوئے، ہماری کارپوریٹ سوشل ریسپنسبلٹی (CSR) اقدامات اور ماحولیاتی اثرات تفصیلی جائزہ اس رپورٹ میں علیحدہ طور پر فراہم کیا گیا ہے، جو ذمہ دار

خطرے سے متعلق آگاہی، شفافیت اور مسلسل بہتری کے کلچر کو سراہتے ہوئے، بینک ابھرتے ہوئے چیلنجوں کو نیو گیٹ کرنے کے لیے اچھی پوزیشن میں ہے اور بائیں ارنجی اور طویل مدتی قدر کی تخلیق کو یقینی بنانا ہے۔

کم منافع والے بیرون ملک اقدامات کے خطرات کو کم کرنا
کم پیداوار والے بیرون ملک سرمایہ کاری سے متعلق خطرات میں تخفیف کی حکمت عملی کے تحت بینک نے اپنی فرانس کی پیرس ارنجی کو 31 دسمبر 2024 سے اور امریکہ کی نیو یارک ارنجی کو 28 اکتوبر 2024 سے بند کر دیا ہے۔ 2023 میں منظور شدہ ہشلیک، باکو اور المانی ارنجیوں کی بندش مارچ 2025 تک متوقع ہے۔

نیو یارک ارنجی میں تعمیل اور خطرے کے معاملات
بینک نے نیو یارک اسٹیٹ ڈیپارٹمنٹ آف فنانس سروسز (NYSDFS) اور فیڈرل ریزرو بورڈ کی جانب سے فروری 2022 میں جاری کردہ عوامی ذمہ داری کے اقدامات کی مکمل تعمیل کی۔ اس کے بعد اس نے نیو یارک کی شاخ کو بند کرنے کا فیصلہ کیا۔ NYSDFS سے منظوری کے ساتھ، بینک کی نیو یارک ارنجی نے رضا کارانہ طور پر اپنا بینکنگ لائسنس اکتوبر 2024 میں NYSDFS کو سپرد کر دیا۔ دسمبر 2024 میں، فیڈرل ریزرو بورڈ نے NBP / نیو یارک ارنجی کو مارچ 2016 اور فروری 2022 میں جاری کردہ ذمہ داری کے اقدامات کو ختم کر دیا۔

بینک کی کارکردگی پر حکومتی پالیسیوں کا اثر
آئی بی بی کے مالیاتی ادارے کے طور پر، NBP حکومتی پالیسیوں کے ساتھ مل کر کام کرتا ہے، جو بینک کے لیے مواقع اور چیلنجز دونوں پیش کرتی ہے۔ کئی پالیسی اقدامات نے ہماری کارکردگی پر مادی اثرات مرتب کیے ہیں، بشمول:

- ◀ رعایتی قرض دینے والی اسکیموں میں لازمی شرائط جو جامع اقتصادی ترقی کی حمایت کرتی ہے لیکن اس کے لیے خطرے کے انتظام کی بھی ضرورت ہوتی ہے۔
- ◀ ڈیپازٹ پر ٹیکس پر محکمہ دس سالوں جو ڈیپازٹ کی مالی حفاظت میں معاون ہوتی ہیں لیکن لاگت کے، باؤ میں اضافہ کرتی ہیں۔
- ◀ زرعی منسلک اکاؤنٹ کا مندرجہ ذیل بازارت مو بلانچیشن اور لیکویڈیٹی میجمنٹ کو متاثر کرتا ہے۔

مزید برآں، پبلک سیکٹر کے مختلف اداروں کو آئی بی بی سے قرض دہندہ کے طور پر، بینک کو بعض سرکاری اداروں کی جانب سے تاخیر یا بعض صورتوں میں غیر فعال قرض کی ذمہ داریوں سے متعلق چیلنجوں کا سامنا کرنا پڑتا ہے۔ یہ ہماری آمدنی اور اثاثہ کے معیار کو متاثر کرنے والا آئی بی بی اہم عنصر ہے۔

ان چیلنجوں کے باوجود، NBP آئی بی بی قومی ادارے کے طور پر اپنے کردار کو پورا کرنے، حکومتی اقدامات کی حمایت کرتے ہوئے تمام شیئرز ہولڈرز کے لیے بائیں ارنجی اور قدر کی تخلیق کو یقینی بنانے کے اپنے عزم پر ثابت قدم ہے۔ بینک قومی ترقی جیجٹ اور دانشمندانہ بینکنگ طریقوں کے درمیان توازن قائم کرنے کے لیے پالیسی سازوں کے ساتھ مشغول رہتا ہے۔

بینک کو درپیش بنیادی رسک اور غیر یقینی صورتحال

اپنے کاروباری ماڈل کی نوعیت کو دیکھتے ہوئے، بینک فطری طور پر مالی، آپریشنل، ریگولیٹری، اور اسٹریٹجک خطرات کی آئی بی بی حد سے دوچار ہے۔ بورڈ آف ڈائریکٹرز اس بات کو یقینی بنانے میں فعال طور پر مصروف رہتا ہے کہ خطرے کے انتظام کا مضبوط فریم ورک اور پالیسیاں پہلے سے منظور شدہ خطرے کی بھوک کی حد کے مطابق آئی بی بی فعال انداز میں ان خطرات کی شناخت، تشخیص اور ان کو کم کرنے کے لیے موجود ہیں۔

بینک دفاعی رسک گورننس ڈھانچے کا جامع 3 لائنوں کی پیروی کرتا ہے، اس بات کو یقینی بناتا ہے کہ ابھرتے ہوئے خطرات کا پتہ لگا جائے، ان کا جائزہ لیا جائے، اور اچھی طرح سے متعین خطرے کو کم کرنے کے اقدامات کے ذریعے حل کیا جائے۔ خطرے کی پک کو پکڑھانے، پکڑے تجربات کا فائدہ اٹھاتے ہوئے، اندرونی کنٹرول کو مضبوط بنانے اور مالی استحکام کی حفاظت کے لیے تعمیل کے طریقہ کار کے لیے مناسب وسائل تعینات کیے گئے ہیں۔

بینک کے بنیادی خطرات، غیر یقینی صورتحال اور مستقبل کے امکانات تفصیلی بحث مالیاتی بیانات کے نوٹ 48 میں فراہم کی گئی ہے، جو کہ بائیں ارنجی اور طویل مدتی نمو کو یقینی بناتے ہوئے ابھرتی ہوئی پیچیدگیوں کا انکماک اور ریگولیٹری منظر نامے پر لے جانے کے لیے بینک کے نقطہ نظر کا خاکہ پیش کرتی ہے۔

مالی بیانات میں کوئی ایڈجسٹمنٹ نہیں ہوئی۔

بورڈ کی طرف سے گورننس اور اسٹیورڈ شپ بورڈ سال بھر مضبوط گورننس، اسٹریٹجک نگرانی اور ذمہ دارانہ سرپرستی کے لیے اپنے عزم میں ثابت قدم رہا۔ موثر قیادت فراہم کرنے اور بینک کے طویل مدتی وژن کے ساتھ ہم آہنگی کو یقینی بنانے کے ذریعے، بورڈ نے ایب اے بھرتے ہوئے مالیاتی اور ریگولیٹری منظر نامے کے ذریعے NBP کی رہنمائی میں اہم کردار ادا کیا ہے۔

بورڈ اور اس کی کمیٹیوں کی تشکیل اور کام کاج کا ایب جامع جائزہ اس سالانہ رپورٹ کے کارپوریٹ گورننس سیکشن میں فراہم کیا گیا ہے۔ مزید برآں، ایب علیحدہ بیان میں لسٹڈ کمپنیوں (کوڈ آف کارپوریٹ گورننس) کے ضوابط 2019 اور پبلک سیکورٹیز (کارپوریٹ گورننس) رولز 2013، بینک کی کاربندگی کا خاکہ پیش کیا گیا ہے۔

کارپوریٹ گورننس کے اعلیٰ معیارات کو برقرار رکھنے کے لیے، بورڈ نے کلیدی شعبوں میں توجہ مرکوز کی نگرانی کو یقینی بنانے کے لیے خصوصی کمیٹیاں قائم کی ہیں۔ ان میں شامل ہیں:

1. بورڈ آڈٹ کمیٹی
2. بورڈ رسک اینڈ کمپلائنس کمیٹی
3. بورڈ ایچ آر اینڈ ریٹرنز کمیٹی
4. بورڈ ٹیکنالوجی اور ڈیجیٹلائزیشن کمیٹی
5. بورڈ انکوائریز ویلنٹ کمیٹی
6. بورڈ کی حکمت عملی کمیٹی
7. NBP-NY 7 گورننس کونسل (BRCC کی ذیلی کمیٹی)

ہر کمیٹی ایب اچھی طرح سے طے شدہ شرائط کے حوالہ کے فریم ورک کے تحت کام کرتی ہے جسے بورڈ نے منظور کیا ہے، حصص یافتگان کی موثر قدرتی تخلیق کے لیے فیصلہ سازی میں کردار کی وضاحت اور تاخیر کو یقینی بنانا ہے۔ ان کی ذمہ داریوں اور شرائط کی تفصیلی وضاحت اس رپورٹ کے کارپوریٹ گورننس سیکشن میں فراہم کی گئی ہے۔ ان گورننس ڈھانچے کے ذریعے، بورڈ بینک کی بیلنس شیٹ کی نمو، جوابدہی کو مضبوط بنانے، رسک مینجمنٹ کو بڑھانے، اور تمام اسٹیک ہولڈرز کے لیے بائبل اور قدرتی تخلیق کو آگے بڑھا رہا ہے۔

سال 2024 کے دوران منعقد ہونے والے بورڈ اور بورڈ کمیٹیوں کے اجلاس بورڈ نے سال کے دوران 13 اجلاس منعقد کئے۔ سال کے دوران منعقدہ بورڈ اور بورڈ کمیٹیوں کے اجلاسوں کی تفصیلات اس سالانہ رپورٹ میں بیان کی گئی ہیں۔

بورڈ آف ڈائریکٹرز میں تبدیلیاں

2024 کے دوران بورڈ آف ڈائریکٹرز میں درج ذیل تبدیلیاں ہوئیں:

1. جناب احسن علی چغتائی، آزاد ڈائریکٹر، 20 جون 2024 کو بطور ڈائریکٹر تقرری کی اپنی تین سالہ مدت پوری ہونے پر ریٹائر ہوئے۔

گورننس

بینک اپنے ملکی اور بین الاقوامی ایجنٹس میں مضبوط گورننس اور ریگولیٹری تعمیل کے اپنے عزم میں ثابت قدم ہے۔ بینک تعمیل کے اعلیٰ ترین معیارات پر عمل پیرا ہے، تمام قابل اطلاق قوانین، ضوابط اور گورننس کوڈز کے ساتھ ہم آہنگی کو یقینی بناتا ہے۔ ابھرتے ہوئے ریگولیٹری منظر نامے کو تسلیم کرتے ہوئے، بورڈ مقامی اور عالمی دونوں طرح کے بہترین طریقوں کو پورا کرنے کے لیے بینک کے تعمیل اور کنٹرول کے فریم ورک کو بڑھا رہا ہے۔

انٹرویو کنٹرول، اینٹی منی لائٹ ریسک، پروڈکٹوں، KYC کے عمل، اور ڈیٹا کی درستگی کو مضبوط بنانے کے لیے ایب تکنیکی پلیٹ فارمز میں اہم سرمایہ کاری کی گئی ہے۔ یہ اقدامات نہ صرف بینک کی طرز حکمرانی اور تعمیل کے انڈاز کو مضبوط بناتے ہیں بلکہ اعلیٰ معیار کے MIS کی تخلیق کو بھی قابل بناتے ہیں، جو فعال اور ڈیٹا بنیاد فیصلہ سازی میں معاون ہیں۔

سرمایہ کاری

بینک کی سرمایہ کاری (قیمت 4,475.3 ملین روپے) 2023:4,393.9 ملین روپے (ربی جس کی قیمت 4,612.3 ملین روپے) 2023:4,403.4 ملین روپے) تھی۔ ایب مڈل پیداوار/ سود کی شرح کے خطرے اور لیکویڈیٹی مینجمنٹ کی حکمت عملی کے مطابق، بینک صفر رسک ویڈیو GoP آلات، زیادہ منافع بخش ایبٹیز اور دیگر سودی داشت کرنے والے مالیاتی اثاثوں پر سود کے حساس میچورٹی پیئرن کے ساتھ متنوع سرمایہ کاری کا پورٹ فولیو قرار رکھے ہوئے ہے۔ موجودہ شرح سود کے منظر نامے اور شرح کی توقعات میں، ہماری سرمایہ کاری کی کتاب میں بنیادی طور پر دیگر جامع آمدنی کے ذریعے منصفانہ قیمت کے تحت رکھی گئی سرمایہ کاری 91.7 فیصد کے ساتھ مختصر مدتی میچورٹی ہدف فائل ہے۔

مالی کارکردگی اور دیگر تنظیمی ترقی کی تفصیلی کوریج بھی اس سالانہ رپورٹ میں دی گئی ہے۔ بینک کے پاس اپنی تمام مالی ذمہ داریوں کو پورا کرنے کے لیے کافی وسائل ہیں اور اس نے کسی قرض باوجود مالی ذمہ داریوں کی ادائیگی میں کوتاہی نہیں کی۔

ڈپازٹس

31 دسمبر 2024 تک بینک کے پاس کل ڈپازٹس 3,865.6 ملین روپے تھے جو 2023 کے آخر میں 3,674.4 ملین روپے تھے۔ بینک کی فنڈنگ کا زیادہ حصہ کٹھن ڈپازٹس سے آتا ہے جو کل ڈپازٹس کا 94.2% حصہ بنتے ہیں۔ ڈپازٹس 1,948.3 ملین روپے یا کل ڈپازٹس کے 50.4% کے ساتھ، بینک ایک مضبوط لیکویڈیٹی ہدف فائل کو قرار رکھتا ہے۔ بینک نے اپنے CASA تناسب کو 79.4 فیصد پر قرار رکھا۔

مالی کارکردگی اور دیگر تنظیمی ترقی کی تفصیلی کوریج بھی اس سالانہ رپورٹ میں دی گئی ہے۔ بینک کے پاس اپنی تمام مالی ذمہ داریوں کو پورا کرنے کے لیے کافی وسائل ہیں اور اس نے کسی قرض باوجود مالی ذمہ داریوں کی ادائیگی میں ڈیفالٹ نہیں کیا ہے۔

اسلامی بینکنگ

ہماری وابستگی کا مظاہرہ کرتے ہوئے، بینک نے 2024 میں 100 سے زیادہ اسلامک بینکنگ وٹھ 'IBW' کا اضافہ کرتے ہوئے اپنے اسلامی بینکنگ کے نقش کو بڑھایا، جس کی کل تعداد 251 ہو گئی، اور 19 روایتی شاخوں کو مکمل اسلامی شاخوں میں تبدیل کر دیا۔ اسلامی بینکاری کا کاروبار باب بینک کے انڈر ٹیری سے ترقی کرنے والے شعبوں میں سے ایک ہے۔ 'این بی پی اعتماد' کے کل اثاثے 2023 کے آخر میں 140.2 ملین روپے سے بڑھ کر 2024 کے آخر میں 333.4 ملین روپے ہو گئے جس میں سالانہ 137.9% کاریکارڈ اضافہ ریکارڈ کیا گیا۔ جبکہ اسلامی بینکنگ سے حاصل ہونے والے کل اثاثوں نے 2023 کے آخر میں 125.4 ملین کے مقابلے میں 298.9 ملین روپے تک 138.3% سالانہ نمو ریکارڈ کی۔

ہماری اسلامی بینکنگ 'این بی پی اعتماد' نے 2024 کے آخر میں 309.4 ملین روپے پر ڈپازٹ محفوظ کیے، جو سالانہ 113.8 ملین روپے کے مقابلے میں 171.9% سالانہ نمو کو ظاہر کرتا ہے، جبکہ CASA نمو 198.2% سالانہ رہی۔ 2024 کے اختتام پر، کل ڈپازٹ صارفین 250,000 تھے، جو کہ 2023 سے 12% کا سالانہ اضافہ ظاہر کرتا ہے۔ 10.7 ملین روپے کی کل آچ بینک آمدنی (سالانہ سال میں 30.83 فیصد اضافہ) کے ساتھ اسلامی بینکنگ آچ بینکنگ نے 6.33 ملین روپے کا قبل از ٹیکس منافع حاصل کیا، جو کہ سالانہ 79.43% کی زبردست نمو کو ظاہر کرتا ہے۔

وفاقی شرعی عدالت کی ہدایات اور اسٹیٹ بینک آف پاکستان کے 31 دسمبر 2027 تک بینکنگ انڈسٹری کو مکمل شرعی تبدیل میں منتقل کرنے کے مینڈیٹ کے مطابق، بینک مزید 100 IBWs قائم کر کے اور 100 سے زیادہ روایتی برانچوں کو 2025 تک اسلامک میں شروع کرنے کے لیے تبدیل کرنے کا ارادہ رکھتا ہے۔ بینک کے اثاثہ جات کے لحاظ سے این بی پی ایڈوانس سیکری، بینک کی نہایت اہم، خوردہ قرضوں کی مصنوعات کا ایک اسلامی متبادل اور ایک اہم سنگ میل ہے۔ بینک، اسلامی بینکاری میں ایک رہنما کے طور پر اپنی پوزیشن کو مضبوط بناتے ہوئے، بغیر کسی رکاوٹ کے منتقلی کو یقینی بناتے ہوئے مزید شریعت کے مطابق متبادل متعارف کرانے کے لیے ہر عزم ہے۔

حکمت عملی اور حصص کی مالیت کی تخلیق

2017 کے بعد سے، بینک کو اپنے پورے منافع کو ہر قرار رکھنا چاہنا کہ سرمائے کی مناسبت کو ہر قرار رکھا جاسکے، مالی استحکام اور ریگولیٹری توقعات کے مطابق طویل مدتی بائیں اری کو یقینی بنانا چاہئے۔ اس دانشمندانہ نقطہ نظر نے بینک کے سرمائے کی بنیاد کو ملالیا طور پر مضبوط کیا، جس سے وہ زبردست اتواء قانونی چارہ جوئی کے جھلکے کو بھربھ کر سکے۔

جیسا کہ انفرادی مالیاتی گوشوارے کے نوٹ 25.3.3.1 میں وضاحت کی گئی ہے، بورڈ کو 31 دسمبر 2024 کو ختم ہونے والے سال کے لیے 76 ویں سالانہ جنرل اجلاس میں 8 روپے فی حصص (یعنی 80%) حصص داران کی منظوری کے لیے حتمی منافع کی سفارش کرتے ہوئے خوشی ہے۔ یہ ڈیویڈنڈ صرف منافع کی تقسیم نہیں ہے، یہ بینک کے شیئر ہولڈرز کو بائیں اری قدر فراہم کرنے، کمائی میں بہتری کی چلک، اور حکمت عملیوں کو مالیاتی تبدیل میں ترجمہ کرنے کے لیے لازمی زمین پر بورڈ کے اعتماد کا ثبوت ہے۔

روپے کے کچیل گین سے ہوا، جس میں یوٹیلٹیٹیشنل بینک لمیٹڈ میں ہمارے حصص کی فروخت سے 5.8 بلین روپے بھی شامل ہیں۔ نتیجتاً، سال کے لیے کل آمدنی 12.9% سالانہ اضافے سے 236.3 بلین روپے ہو گئی۔

لاگت کے معاملے پر بینک نے اپنے لوگوں، بینکانا لوجی اور فیملی دی ڈھانچے میں سرمایہ کاری جاری رکھنے ہونے کا کردار کی توجہ مرکوز رکھی۔ ہمارے آپریشننگ اخراجات عمومی 119.8 بلین روپے رہے، جو کہ 28.3% سالانہ اضافہ کو ظاہر کرتا ہے۔ اس کا ایک بڑا حصہ انسانی وسائل اخراجات سے متاثر ہوا، جو کہ فیملی دی طور پر پینشن کیس کی اضافی لاگت کے اثرات کی وجہ سے 39.7% اضافے سے 78.8 بلین روپے ہو گیا۔

ایک مضبوط آپریشنل سسٹم کو بڑھانے کی ہڈی کے بطور ہم کردار کو تسلیم کرتے ہوئے، بینک نے ایک محفوظ اور موثر کام کا ماحول فراہم کرنے کے لیے ہمارے کاروباری احاطے کو تیار رکھنے اور اپ بڑھانے میں 1.7 بلین روپے کی سرمایہ کاری کی۔ بینکانا لوجی ہمارے مستقبل کا کلیدی محرک بنی ہوئی ہے، اور سوفٹ ویئر کی دیکھ بھال اور سٹورک کی بہتری کے لیے، اس بات کو یقینی بناتے ہوئے کہ بینک ڈیجیٹل تبدیلی میں سب سے آگے رہے، بینک نے 4.3 بلین روپے کی سرمایہ کاری کی ہے۔

تاہم یہ سال چیلنجز کے بغیر نہیں تھا۔ پینشن کیس پر سپریم کورٹ کے فیصلے کے نتیجے میں ایک غیر معمولی لاگت کے ساتھ ساتھ بار بار آنے والی لاگت کا ہمارے مالیات پر لمبا بااثر پڑا۔ اس مشکل کے باوجود، بینک ثابت قدم رہا اور ایک مضبوط بیلنس شیٹ اور سرمائے کی پوزیشن کو برقرار رکھا۔ قبل از ٹیکس منافع 56.7 بلین روپے پر بند ہوا، جو کہ 44.0% کی کمی کی عکاسی کرتا ہے، جبکہ بعد از ٹیکس منافع 26.9 بلین روپے رہا، جو گزشتہ سال کے 51.8 بلین روپے سے 48.2% کم ہے۔ اگر پینشن لاگت کا کوئی ایک طرفہ اثر نہ ہوتا تو قبل از ٹیکس منافع 12.8% زیادہ ہو کر سالانہ 114.2 بلین روپے رہتا۔

بیلنس شیٹ کی بہتری

سال 2024 کے اختتام پر بینک کے کل اثاثے 6,744.1 بلین روپے پر بند ہوئے جو کہ 2023 کے آخر کے 6,652.7 بلین روپے سے 1.4% کا اضافہ ہے۔ سرمایہ اور ریزرو 31 دسمبر 2023 کے 382.8 بلین روپے کے مقابلے میں 74.5 بلین روپے یعنی 19.4% کے اضافے کے ساتھ 31 دسمبر 2024 کو 457.0 بلین روپے رہے۔

نمبر	نمایاں نمرو	2024	2023	بہتری
1	سرمایہ کاری - ایکٹ	4,612.3	4,403.4	4.7%
2	اللہ وانسز (ایکٹ)	1,404.9	1,398.1	0.5%
3	کل اثاثے	6,744.1	6,652.7	1.4%
4	کل اسلامی بنکاری اثاثے	333.4	140.2	137.9%
5	ڈبائز	3,865.6	3,674.4	5.2%
6	قرضہ جات	1,937.8	2,177.7	(11.0%)
7	لیہے اثاثے	457.0	382.8	19.4%
8	بک ویلیو مالیت فی حصص	214.8	179.9	19.4%

اللہ وانسز

بینک کے مجموعی قرضے اور اللہ وانسز 1,672.8 بلین روپے رہے جو سالانہ 2.5% یا 41.1 بلین روپے کا اضافہ ظاہر کرتے ہیں، جبکہ خالص اللہ وانسز 1,404.9 بلین روپے رہے۔ ہماری زیادہ تر مصنوعات بشمول SME اور تجارتی، زراعت، اسلامی، صارف، اور خواتین، خواتین کی ملکیت اور زمرہ انتظام کاروباری اداروں کی ذیلی میں اوسط ترقی میں اضافہ ہوا۔ نتیجتاً، 2024 کے آخر میں اللہ وانسز ڈبائز کا تناسب 43.3 فیصد رہا۔ غیر فعال قرضوں میں 21.9 فیصد کا اضافہ ریکارڈ کیا گیا اور ان کی رقم 269.3 بلین روپے (2023: 220.8 بلین روپے) ہو گئی۔ تاہم، یہ فیملی دی طور پر ایک ہی پڑے قرض دہندہ کی بے قاعدگی کی وجہ سے تھا جس کی توقع ہے کہ جلد ہی باقاعدہ ہو جائے گا اور تصرف کی ضرورت نہیں ہوگی۔ 225.8 بلین روپے کے ریڈٹ نقصان الاؤنسز کے ساتھ، NPL کوریج کا تناسب 83.9% پر بلند رہا۔ اس واحد پڑی نادہنگی کے اثرات کو چھوڑ کر، کوریج کا تناسب 100% سے اوپر ہے۔

11.5% کی توسیع کی اطلاع دی، جس کی بڑی وجہ سیکنڈ ہینڈ کے قرضوں کی محدودیت کے باوجود، سرکاری سیکورٹیز میں سرمایہ کاری میں اضافہ ہے۔ اثاثوں کا معیار مستحکم رہا، غیر فعال قرضوں کے ساتھ ساتھ اور پروویڈنٹ فنڈ کو تک ستمبر 2024 کے آخر تک 101 فیصد تک بہتر ہو گئی۔ مالیاتی استحکام کو یقینی بناتے ہوئے سیکنڈ ہینڈ کے سرمائے کے بغیر مضبوط ہیں۔ جنوری 2024 سے IFRS 9 کے نفاذ کے کرڈٹ کے نقصان کی شناخت کے لیے مزید آگے نظر آنے والا طریقہ متعارف کرا رہا۔ جب کہ یہ بارگی تصرفات کو روک دیا گیا تھا، اس شعبے کی سرمائے کی کافی مقدار مستحکم رہی، جس کا مجموعی حل کوئی بڑا اثر نہیں پڑا۔ آگے دیکھتے ہوئے، مالیاتی فرمی، بہتر مارکیٹ کا اعتماد، اور مسلسل ریگولیٹری اصلاحات شعبے کے قرضوں کے بہاد کو بڑھانے اور 2025 میں معاشی بحالی کی حمایت کرنے کا امکان ہے۔

پلک اور اسٹریٹجک پیشرفت کے ایک سال کا جائزہ

2024 بینک کے لیے ایک مشکل لیکن واضح سال تھا۔ جیسا کہ مالیاتی گوشواروں کے نوٹ 25.3.3.1 میں تفصیل سے بحث کی گئی ہے، معزز سپریم کورٹ آف پاکستان نے (رویو جیورنل سیشن میں) 27 مارچ 2024 کے اپنے حکم کے ذریعے، بینک (CRPs نمبر 368 تا 409 وغیرہ) کی طرف سے دائر کردہ تمام سول تھرائٹی کی درخواستوں کو خارج کر دیا ہے، جس کے نتیجے میں سپریم کورٹ 25 ستمبر 2017 کا تاریخ کا فیصلہ حتمی شکل اختیار کر چکا ہے۔ اس کے مطابق، اور فیصلے کی تعمیل میں بینک نے عدالتی حکم کے مطابق ادائیگیاں کی ہیں۔ احتیاط کی بات کے طور پر، بینک نے 31 دسمبر 2024 کو ختم ہونے والے سال کے لیے ان مالی بیانات میں کسی بھی منفی فیصلے کے مالی اثرات کو شامل کیا ہے۔

مضبوط مالیاتی تھریسٹیل

بینک نے اپنے کچھ ایلکسیس کے کسی بھی قابل مشاہدہ منفی اثرات کے بغیر ایک بار غیر معمولی پنشن کے اثاثات کو ہند کیا، مضبوط سرمائے کے بغیر، مضبوط بیلنس شیٹ اور مستحکم تھری کی رفتار کو برقرار رکھا۔ یہ پلک بینک کی مالی سمجھداری، فعال رسک مینجمنٹ، آپریشنل طاقت اور اسٹیک ہولڈرز کے لیے بائیں اقدار کی تخلیق کے لیے غیر متزلزل عزم کا ثبوت ہے۔ بینک نے 31 دسمبر 2024 کو ختم ہونے والے سال کے لیے مضبوط مالیاتی نتائج پیش کیے ہیں۔

منافع

(ارب روپے)

مالیاتی کارکردگی	2024	2023	بہتری / (اچھری)
خالص سودی آمدنی	170.9	168.7	2.1
غیر فنڈڈ آمدنی	65.4	40.6	24.8

متحرک اور چیلنجنگ آپریشننگ ماحول کے باوجود بینک نے سال 2024 میں پلک اور موافقت کا مظاہرہ کرنا جاری رکھا۔ پالیسی کی شرحوں میں فرمی کے ساتھ بینک نے سود والے اثاثوں میں اثاثوں کی توسیع دیکھی، جس سے مجموعی مارک اپ/سودی آمدنی گزشتہ سال کے 1,024.7 بلین روپے سے کچھ بڑھ کر 1,089.4 بلین روپے تک پہنچ گئی۔ سودی لاگت 918.5 بلین روپے رہے جس میں سے، 50.1% (460.5 بلین روپے) جمع کنندگان کو ادا کیے گئے۔ حوصلہ افزا طور پر، ہماری فنڈز کی لاگت میں بہتری آئی، جو پچھلے سال کے 16.25% سے 41 bps کم ہو کر 15.84% ہو گئی۔ نتیجتاً، خالص سودی آمدنی YoY 1.3% بڑھ کر 170.9 بلین روپے ہو گیا، جو 2024 کے لیے 2.37% کے خالص پریکٹیکل کو ظاہر کرتا ہے۔

مزید برآں، ہماری نان مارک اپ/غیر سودی آمدنی 61.1 فیصد اضافے کے ساتھ 65.4 بلین روپے ہو گئی، جو کہ ہماری فعال آمدنی میں تنوع کی حکمت عملی کا ثبوت ہے۔ یہ اضافہ بنیادی طور پر 27.9 بلین

ڈائریکٹرز کی شیئر ہولڈرز کو رپورٹ

انفرادی مالیاتی گوشوارے

محترم حصص داران،

ہم بورڈ آف ڈائریکٹرز کی جانب سے، 31 دسمبر 2024 کو ختم ہونے والی مدت کے لئے بینک کی سالانہ رپورٹ 31 دسمبر 2024 کے آڈٹ شدہ مالی گوشوارے اور اس پر آزاد ڈیٹروں کی رپورٹ آپ کے سامنے پیش کرنے میں خوشی محسوس کر رہے ہیں۔

اس سال کی رپورٹ آپ کی چیلنجنگ مالیاتی منظر نامے کے درمیان ذمہ دارانہ حکمرانی، بائیسہ اقدار کی تخلیق، اور پلک کے لیے ہماری مسلسل عزم کی عکاسی اور تصدیق کرتی ہے۔ آڈٹ شدہ مالی گوشوارے، آزاد ڈیٹرز کی رپورٹ کے ساتھ، بینک کی مالی پوزیشن، کارکردگی اور اسٹریٹجک سمت کا آپ شفاف اور جامع نقطہ نظر فراہم کرتے ہیں۔

اس ادارے کے ذمہ داروں کے طور پر، بورڈ مضبوط رسک مینجمنٹ اور ریگولیٹری تعمیل کو یقینی بناتے ہوئے ہمارے اسٹیک ہولڈرز کے لیے طویل مدتی قدر فراہم کرنے میں مرکوز ہے

آپ کی شیئر کا تناظر

عالمی معیشت نے آپ کی پیچیدہ منظر نامے کے درمیان پلک کا مظاہرہ کیا، جہاں افراط زر میں کمی اور محتاط امیدواری دیکھنے میں آئی۔ بین الاقوامی مالیاتی فنڈ (IMF) کے مطابق، 2024 میں عالمی شرح نمو 3.2% پر مستحکم رہی، اور 2025 میں بھی اس رفتار کے برقرار رہنے کی توقع ہے، جس کی پیش گوئی 3.3% کی گئی ہے۔ پچھلے سالوں میں اہم تشویش بننے والی افراط زر کے باوجود، دنیا کی اکثر ممالک ہونے، جس کے نتیجے میں عالمی ہیڈ لائن افراط زر 2023 کے 6.8% سے کم ہو کر 2024 میں 5.9% آگئی، اور 2025 میں مزید کم ہو کر 4.2% ہونے کی توقع ہے۔ اس کے نتیجے میں، کئی مرکزی بینک اپنی مالیاتی سختی کے ادوار کے اختتام کے قریب پہنچ رہے ہیں، جو آپ کی زیادہ سازگار مالیاتی ماحول کو فروغ دے رہا ہے۔

ان مثبت پیش رفت کے باوجود، چیلنجز مستور موجود ہیں۔ عالمی بینک نے نئے خطے کی ہے کہ آگے چلے 2025 اور 2026 میں عالمی معیشتیں مستحکم رہنے کی توقع ہے، لیکن یہ دہائی مرض سے پہلے کے 2010 سے 2019 کے دوران دیکھے گئے اوسط 3.1% کی شرح سے کافی کم ہے۔ ترقی پذیر معیشتوں کو قرضوں کی بلند سطح، پست سرمایہ کاری، اور بڑھتے ہوئے سیاسی اضطرابات اور جغرافیائی کشیدگی کا سامنا کرنا پڑتا ہے۔

خلاصہ یہ کہ 2025 میں آگے بڑھتے ہوئے، عالمی اقتصادی منظر نامہ محتاط امیدواری کا ہے۔ بنیادی کمزوریوں کو دور کرنے اور تمام معیشتوں میں بائیسہ، جامع ترقی کو فروغ دینے کے لیے مربوط پالیسی کی کوششیں ضروری ہیں۔

مالی سال 2024 میں درپیش مشکلات کے بعد پاکستان کے بڑے معاشی منظر نامے نے استحکام اور بندرت بحالی کے نمایاں آثار دکھائے۔ مالی سال 2025 کی پہلی سہ ماہی میں 0.92% کی جی ڈی پی کی نمو کی اطلاع دی گئی، بنیادی طور پر صنعتی شعبے میں 1.03% کی کمی کے باوجود، زراعت (1.15%) اور صنعت (1.43%) کے شعبوں میں پھیلاؤ کی وجہ سے۔ ہیڈ لائن افراط زر مئی 2023 کے تقریباً 40 فیصد سے کم ہو کر جنوری 2025 میں 2.4 فیصد آگیا ہے، جو کہ 2025 کے آخر تک 5.5% اور 6.5% کے درمیان متوقع ہے۔ مالیاتی پالیسی کا موقف سال کے وسط میں بدل گیا اور اسٹیٹ بینک نے جنوری 2025 تک پالیسی کی شرح کو 22% سے کم کر کے 12% کر دیا۔ اس سے قرض لینے کی لاگت میں کمی اور قرض کی شرح کی مانگ میں مدد کی توقع ہے۔

بیرونی سیکٹر نے بھی پلک دکھائی جسے بین الاقوامی حمایت سے تقویت ملی ہے۔ ستمبر 2024 میں آئی ایم ایف نے پاکستان کے لیے 7.0 بلین ڈالر کے قرض کی منظوری دی تھی، جس میں فوری طور پر 1.0 بلین ڈالر کی تقسیم کی گئی تھی، تاکہ معاشی اصلاحات اور سیکٹر وائس استحکام کو فروغ دیا جاسکے۔ مزید بڑھ آں، ورلڈ بینک نے آئندہ دہائی کے دوران 20.0 بلین ڈالر کے قرضے کے پیکج کا عزم کیا ہے، جس میں پاکستان کے سماجی، توانائی کے شعبوں اور توانائی کے شعبوں پر توجہ مرکوز کی گئی ہے۔ اسٹاک ایکسچینج نے 2024 کے دوران قابل ذکر ترقی کا تجربہ کیا۔ کراچی اسٹاک ایکسچینج مارک 100 انڈیکس روپے کی مد میں 84% (USD کی مد میں 85%) بڑھا، یہ حالیہ برسوں میں اس کی بہترین کارکردگی میں سے ایک ہے۔

آگے دیکھتے ہوئے مضبوط معاشی پالیسیوں، سیاسی استحکام اور ساختی اصلاحات کے مسلسل ذہن کے ساتھ، پاکستان کا مقصد اس مثبت رفتار کو برقرار رکھنا ہے، جس میں وسط مدتی میں بہتر اقتصادی ترقی اور استحکام کو ہدف بنایا جائے گا۔

پاکستان میں بینکنگ سیکٹر

2024 میں، پاکستان کے بینکنگ سیکٹر نے معاشی حالات میں بہتری کے درمیان مضبوط منافع کو برقرار رکھا۔ اسٹیٹ بینک آف پاکستان نے پہلی ششماہی سال 2024 کے دوران کل بینکنگ اثاثوں میں

PROFILE OF SHARIAH BOARD

SHARIAH BOARD'S ANNUAL REPORT NBP AITEMAAD - 2024

بسم الله الرحمن الرحيم

الحمد لله رب العالمين والصلاة والسلام على سيد الانبياء والمرسلين وعلى آله وصحبه اجمعين اما بعد

The Board of Directors (BoD) of National Bank of Pakistan (NBP) have entrusted the Shariah Board (SB) with the task to assess the overall Shariah compliance level and environment within NBP Aitemaad Islamic Banking. The objective of the report is to present a view about the overall Shariah compliance level and environment within NBP Aitemaad Islamic Banking.

In our role as the Shariah Board, we have assessed the overall Shariah compliance level and environment within the NBP Aitemaad Islamic Banking as of December 31, 2024.

Shariah Board Opinion

BoD and Executive Management are solely responsible to ensure that the operations of NBP – Aitemaad Islamic Banking are conducted in a manner that comply with Shariah principles at all times, Shariah Board is required to submit a report on the overall Shariah compliance environment of NBP – Aitemaad Islamic Banking.

To form our opinion as expressed in this report, the Shariah Compliance Department of the bank carried out reviews, on test check basis, of each class of transactions, the relevant documentation and process flows. Further, we have also reviewed the reports of the internal Shariah audit and external Shariah audit. Based on above, we are of the view that:

1. Compliance with Directives issued by Shariah Board

NBP Aitemaad's overall environment, products, and agreements comply with the Shariah directives issued by Shariah Board.

2. Compliance with Shariah related regulatory directives issued by State Bank of Pakistan

The management ensures zero tolerance for instances of Shariah non-compliance in accordance with SBP directives. To underscore this commitment, NBP Aitemaad has incorporated a dedicated Shariah Non-Compliance key performance indicator within the staff appraisal system.

3. Shariah Compliance Mechanism

Alhamdulillah, NBP-Aitemaad Islamic Banking already had a comprehensive Shariah Compliance Policy and extensive

checklist for Shariah compliance review of the transactions in line with Shariah principles.

4. Shariah Compliance Review of Islamic Banking Branches and Departments

The Shariah Compliance Department has conducted review of 33 deposit branches, 44 Islamic Banking Windows (IBW), treasury transactions, pool management and financing portfolio, on sample basis, during the calendar year. Shariah Compliance Department has also reviewed the various marketing campaigns to ensure strict adherence to Shariah Board guidelines.

5. Mechanism ensuring prohibited Income to Charity Account

NBP-Aitemaad Islamic Banking has a well-defined charity policy and charity manual approved by NBP Shariah Board and BoD. Shariah Compliance review and Internal Shariah Audit specifically covered financing transactions, while also extending to other revenue generating sources, such as investments and treasury transactions.

During the Shariah Review of financing portfolio, part of one Murabahah transaction was classified as void contract and rupee eighty-one thousand, three hundred and thirty-one (81,331) has been transferred to charity account.

While, during the year, rupees one million, three hundred two thousand, sixty-seven (1,302,067) was collected on account of late payments and deposited in the Charity Account.

Charity Fund – 2024	Rupees in '000
Opening Balance	6,368
Received from customers on account of delayed payment (2024)	1,302
Profit Paid During the year on Charity Accounts	284
Payments/utilization during the period	7,000
Closing Balance	955

6. Profit and Loss Distribution and Pool Management

NBP Aitemaad Islamic Banking Pool Management Wing is supported by a skilled and adequately resourced team ensuring compliance with the both SBP and Shariah Board guidelines. The SCD performs a monthly review of profit and loss calculations before distribution to depositors, complimented by an annual Shariah compliance review of pool management. Additionally, Internal Shariah audit wing conducts a quarterly Shariah Audit of pool management. These multiple layers of oversight have significantly strengthened the process of profit & loss distribution and overall management of the pool.

7. Staff and Customer understanding of Islamic Banking and Finance

The Bank has arranged One Hundred Seven (107) in house physical training sessions, in addition to e-learning, on various topics related to Islamic Banking's basic concepts, products and services, and customer services where one thousand two hundred ninety-seven (1297) staff members (including IBB staff and conventional staff designated to IBW) were trained during the year.

Bank also has arranged various training sessions for management through NIBAF.

To address public queries related to Shariah and Islamic Banking, the Bank is manages an "ask Shariah" portal at askshariah@nbp.com.pk. The Portal serves as a platform for staffs' on job training and guidance on their day-to-day operations and enhancing customer awareness in the field of Islamic Banking.

8. Promotion and Awareness of Islamic Banking and Finance and other activities

SCD in coordination with AIBG operations and marketing has initiated Islamic Banking awareness sessions to promote of Islamic Banking among the general public. In this regard, five (5) awareness sessions were organized across the country including two (2) sessions exclusively for women only in line with SBP's comprehensive National Financial Inclusion Strategy (NFIS).

9. Provision of adequate resources to Shariah Compliance Department

To ensure adequate staffing SCD, has initiated requisition request for staff hiring. As part of this, the hiring process for three (03) more SCD staff is currently underway.

SCD shall assess future staffing requirements for upcoming operations and conversion and shall inform the management accordingly.

10. Other Developments

i. Branch Network & Expansion

Alhamdulillah! NBP Aitemaad is providing Islamic banking services since 2005 and 2024 marking its 19th year.

The branch network of NBP Aitemaad stands at 207 dedicated Islamic banking branches after conversion of 19 branches in 2024 into dedicated Islamic banking branches and 251 Islamic Banking Windows (IBW) after establishing 101 windows by the end of Dec 2024. NBP has initiated the process of opening 205 new IBWs for the year 2025, out of which 105 conventional branches will be converted into full-fledged Islamic branches.

ii. Product Development

Alhamdulillah! In 2024, NBP Aitemaad Islamic Banking has launched the consumer financing product 'Aitemaad Advance Salary' for salaried employees of government, autonomous bodies and private sector to meet their personal financing needs in a Shariah compliant manner. This product will play a vital role in bank's conversion alongside new business.

The Shariah compliant solution of other conventional consumer financing products is under process as well. At present, NBP Aitemaad offers a diversified range of products as it is offering seventeen (17) Deposit products, ten (10) Financing products. The Bank remains committed to providing 24/7 banking services for various market segments.

iii. Asset Review

The overall earning assets of NBP Aitemaad have risen by 138.6% reaching PKR 301 Billion compared to PKR 126.3 Billion in the previous year. Total Financing has increased significantly, standing at PKR 146.8 Billion reflecting a growth of 96.7% which maintains NBP Aitemaad's Finance to Deposit Ratio approximately to 47%. Total Investments including Bai Muajjal have amounted to PKR 154.5 Billion, showing a 199% increase from PKR 51.7 Billion in the prior year.

iv. Liability Review

Aitemaad total deposits have grown by 171.9%, reaching PKR 309 Billion compared to PKR 113.8 Billion in the last year.

v. Shariah Board Meetings

SB has conducted five (05) meetings during the year with 100% meetings quorum. Major Shariah Board approvals are summarized as below;

- Aitemaad Advance Salary Manual and Legal Agreements
- Money Market Procedures Manual
- Aitemaad Hamsafar Auto Finance Policy and Manual (version 3.0)
- Financing Products Policy - Revision
- Deposit Products Manual – Revision
- IBW Policy - Revision
- Addendum – Deposit Products Manual

- CAD manual
- Corporate Commercial Credit Policy
- SME Credit Policy
- Conversion Plan of NBP branches 2025
- Consumer Credit Policy
- IBWs Expansion Plan 2025
- ISAW Annual Plan 2025 and SCD Annual Plan 2025
- Corrective Actions on SCD, ISAW & External Shariah Audit Reports
- Comments on Shariah Standards submitted to SBP

Recommendations

We advise the Bank to consider the following matters:

1. The liability side of the Core Banking has been automated, while automation of the asset side is planned as part of Core Banking Application (CBA) upgrade. It is essential to prioritize this process for timely execution.

والله سبحانه وتعالى اعلم
ربنا لا تؤاخذنا ان نسينا او اخطانا ربنا ولا تحمل علينا
اصرا كما حملته على الذين من قبلنا ربنا ولا تحملنا ما لا طاقة لنا به
واعف عنا وقرهنا واغفر لنا وقرهنا وارحمنا وقرهنا انت مولنا فانصرنا على القوم الكافرين

May Almighty ALLAH grant us guidance to steadfastly adhere to Shariah principles in day-to-day operations, to absolve our mistakes and shortcomings, and may His blessings lead to the success of Islamic banking in Pakistan. Ameen.

III. Certain additional disclosures, required under the Listed Companies (Code of Corporate Governance) Regulations, 2019 (The Regulations)

1. The total number of directors are as follows:

- a. Male:** 06
b. Female: Nil

2. All the powers of the Board have been duly exercised and decisions on relevant matters have been taken by the Board/ Shareholders as empowered by the relevant provisions of the Companies Act, 2017 as well as these Regulations.
3. The Board have a formal policy and transparent procedures for remuneration of directors in accordance with the Act and these Regulations.
4. The meetings of the Board were presided over by the Chairman and, in his absence, by a director elected by the Board for this purpose. The Board has complied with the requirements of Act and the Regulations with respect to frequency, recording and circulating minutes of the meeting of the Board.
5. The Board has formed committees comprising of members given below:

a) Board Audit Committee (BAC):

S. No	Names of Director	Status
1	Mr. Nasim Ahmad	Chairman
2	Mr. Farid Malik	Member
3	Mr. Amjad Mahmood	Member
4	Mr. Ali Syed	Member

b) Board HR & Remuneration Committee (BHRRC):

S. No	Names of Director	Status
1	Mr. Ashraf Mahmood Wathra	Chairman
2	Mr. Farid Malik	Member
3	Mr. Ali Syed	Member

c) Board Inclusive Development Committee (BIDC):

S. No	Names of Director	Status
1	Mr. Amjad Mahmood	Chairman
2	Mr. Ashraf Mahmood Wathra	Member
3	Mr. Nasim Ahmad	Member
4	The President	Member

d) Board Risk & Compliance Committee (BRCC):

S. No	Names of Director	Status
1	Mr. Ali Syed	Chairman
2	Mr. Nasim Ahmad	Member
3	The President	Member

e) Board Strategy Committee (BSC):

S. No	Names of Director	Status
1	Mr. Farid Malik	Chairman
2	Mr. Amjad Mahmood	Member
3	Mr. Ali Syed	Member
4	The President	Member

f) Board Technology & Digitalization Committee (BTDC):

S. No	Names of Director	Status
1	Mr. Farid Malik	Chairman
2	Mr. Ashraf Mahmood Wathra	Member
3	Mr. Amjad Mahmood	Member
4	Mr. Ali Syed	Member
5	The President	Member

g) NBP-NY Governance Council (Sub-Committee of BRCC):

S. No	Names of Director	Status
1	The President	Chairman
2	Mr. Nasim Ahmad	Member

6. The frequency of Meetings (Quarterly/half yearly/yearly) of the Committees were as per following:

S. No	Name of Committees	No. of Meetings held during the year
A	Board Audit Committee	13
B	Board HR & Remuneration Committee	10
C	Board Inclusive Development Committee	04
D	Board Risk & Compliance Committee	09
E	Board Strategy Committee	01
F	Board Technology & Digitalization Committee	04
G	NBP-NY Governance Council (Sub-Committee of BRCC)	03

7. The Board has set up an effective internal audit function for both local and overseas operations. With regards to NBP-USA, Internal audit function of the Bank is outsourced to an independent professional firm. In addition, audit function in Germany is also outsourced. Both these audit firms are considered suitably qualified, experienced and conversant with the policies and procedures of the Bank and all applicable laws and regulations.
8. Chief financial officer and chief executive officer duly endorsed the financial statements before approval of the Board.
9. The statutory auditors of the Bank have confirmed that they have been given a satisfactory rating under the Quality Control Review program of the Institute of Chartered Accountants of Pakistan and registered with Audit Oversight Board of Pakistan, that they and all their partners are in compliance with International Federation of Accountants (IFAC) guidelines on Code of Ethics as adopted by the Institute of Chartered Accountants of Pakistan and that they and the partners of the firm involved in the audit are not a close relative (spouse, parent, dependent and non-dependent children) of the chief executive officer, chief financial officer, head of internal audit, company secretary or directors of the Bank;
10. The Statutory Auditors or the persons associated with them have not been appointed to provide other services except in accordance with the Act, these Regulations or any other regulatory requirement and the auditors have confirmed that they have observed IFAC guidelines in this regard.
11. We confirm that all requirements of regulations 3, 6, 7, 8, 27, 32, 33 and 36 of the Regulations have been complied with except for the following non-compliance:

i) As per regulation 7, it is mandatory that the Board shall have at least one female director when it is reconstituted after the expiry of its current term. No female director was appointed on the Board after retirement of Ms. Sadaffe Abid, whose tenure ended on April 16, 2022.

12. Explanation for non-compliance with requirements, other than regulation 3, 6, 7, 8, 27, 32, 33 and 36 are below (if applicable):

S. No	Regulation No.	Requirement	Explanation for not meeting non-mandatory requirements
1	Ch, 9 (29)	The Board may constitute a separate committee, designated as the nomination committee.	<u>Nomination Committee:</u> Not applicable where the Chairman, Board of Directors and Chief Executive have been nominated by the Federal Government.
2	Ch. 3 (10) / (10A)	The Board shall ensure that complete record of particulars of the significant policies along with their dates of approval or updating is maintained by the Bank. The significant policy may include but not limited to the following: Environmental, Social and Governance (ESG) Policy. Furthermore, the board may establish a dedicated sustainability committee having at least one female director or assign additional responsibilities to an existing board committee.	The Board currently oversees the Company's Environmental, Social, and Governance (ESG) initiatives and is in the process of implementing this requirement.

EXPLANATION FOR NON-COMPLIANCE WITH THE PUBLIC SECTOR COMPANIES (CORPORATE GOVERNANCE) RULES, 2013

We confirm that all other material requirements envisaged in the Rules have been complied with except for the following, toward which reasonable progress is being made by the Bank to seek compliance by the end of next Financial Year:

S. No	Rule/Sub Rule No	Reasons for Non-Compliance	Future course of action
1	8 (1)	The performance evaluation of the members of the Board including the Chairman and the Chief Executive is required to be undertaken annually by the Government for which, the Government is required to enter into performance contract with each member of the Board at the time of his appointment. Hence the compliance to this provision is primarily attributable to the Government.	The Bank is conducting Board Evaluation in line with Regulation G-13 of Corporate Governance Regulatory Framework (CGRF) of SBP. However, a letter has been sent to the Federal Government, communicating the said non-compliance and seeking action thereupon on part of the Federal Government.
2	9 (29)	The Board shall set up the following committees, namely: Procurement Committee, and Nomination Committee. However, both procurement and nomination committee are not required, as explained.	<u>Procurement Committee:</u> The Bank follows PPRA Rules hence formation of Procurement Committee is not required, as explained. <u>Nomination Committee:</u> Not applicable where the Chairman, Board of Directors and Chief Executive have been nominated by the Federal Government.

REHMAT ALI HASNIE
President/ CEO

ASHRAF MAHMOOD WATHRA

CORPORATE GOVERNANCE

Nation's leading bank enabling sustainable growth and inclusive development', our philosophy of Corporate Governance is to ensure a balanced & sustainable delivery of value for each class of the Bank's stakeholders. As an integral part of the country's financial eco-system, we are cognizant of our duties as a corporate citizen to act in a manner that benefits the Nation at large.

Accordingly, our approach to corporate governance enables an integrated thinking and decision making that balances the achievement of our strategic priorities over time and reconciles the interests of the Bank, its stakeholders and society in creating and protecting sustainable shared value in the short, medium and long term. In compliance of the Codes of Corporate Governance and other applicable Laws & Regulations, our efforts and strategy have been focused upon strengthening the Bank's governance, its balance sheet and building a talented team of professionals.

INDEPENDENT AUDITORS' REVIEW REPORT

Review report to the Members on the Statements of Compliance with the Listed Companies (Code of Corporate Governance) Regulations, 2019 and Public Sector Companies (Corporate Governance) Rules, 2013

We have reviewed the enclosed Statement of Compliance with the best practices contained in the Listed Companies (Code of Corporate Governance) Regulations, 2019 (the Regulations), Public Sector Companies (Corporate Governance) Rules, 2013 (the Rules) (both herein referred to as 'Codes') and Banks (Nationalisation) Act, 1974 prepared by the Board of Directors of National Bank of Pakistan (the Bank) for the year ended December 31, 2024 to comply with the requirements of regulation 36 of the Regulations and the provisions of the Rules.

The responsibility for compliance with the Codes is that of the Board of Directors of the Bank. Our responsibility is to review, to the extent where such compliance can be objectively verified, whether the Statement of Compliance reflects the status of the Bank's compliance with the provisions of the Codes and report if it does not and to highlight any non-compliance with the requirements of the Codes. A review is limited primarily to inquiries of the Bank's personnel and review of various documents prepared by the Bank to comply with the Codes.

As a part of our audit of the financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board of Directors' statement on internal control covers all risks and controls or to form an opinion on the effectiveness of such internal controls, the Bank's corporate governance procedures and risks.

The Codes require the Bank to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval its related party transactions distinguishing between transactions carried out on terms equivalent to those that prevail in arms' length transactions and transactions which are not executed at arm's length price and recording proper justification for using such alternate pricing mechanism. We are only required and have ensured compliance of this requirement to the extent of the approval of the related party transactions by the Board of Directors upon recommendation of the Audit Committee. We have not carried out any procedures to determine whether the related party transactions were undertaken at arm's length price or not.

Based on our review, nothing has come to our attention which causes us to believe that the 'Statement of Compliance' does not appropriately reflect the Bank's compliance, in all material respects, with the best practices contained in the Codes as applicable to the Bank for the year ended December 31, 2024.

Further, we highlight below instances of non-compliance with the requirements of the Codes as reflected in the paragraph reference where these are stated in the Statement of Compliance:

S. No	Reference	Description
i	Regulation 7	It is mandatory that the Board shall have at least one female director. However, there was no female director holding the office of Directors during the current year.
ii	Rule 8(1)	The performance evaluation of members of the Board including the Chairman and the Chief Executive shall be undertaken annually by the Government. However, no performance evaluation was undertaken of the above stated personnel.
iii	Rule 12 (1) (d) & (e)	The Board shall set up the following committees, namely: Procurement Committee, and Nomination Committee. However, these committees have not yet been constituted.

STATEMENT OF INTERNAL CONTROL

REPORTING OF INTERNAL CONTROL SYSTEM

The Bank's management has established and is managing a system of internal controls, approved by the Board of Directors, to achieve effective and efficient operations, while complying with applicable laws and regulations and preserving the reliability of financial reporting. This internal control system comprises of various interrelated components to gauge the overall control environment. These components include the availability of well-documented policies and procedures and their compliance, risk assessment, identification of risks and mitigating controls, technology governance, information security, and management reporting.

The management and the employees at all levels within the Bank are required to perform their duties as per defined guidelines. The internal control system also requires effective and efficient external and internal reporting, adequate MIS, maintenance of proper records and processes, operational loss database management, compliance with applicable laws and regulations, and internal policies with respect to the conduct of business. The Bank remains cognizant of its responsibility to continuously improve and strengthen its system of internal control on an ongoing basis to address evolving risks and operational challenges. The Bank has successfully implemented Internal Control Over Financial Reporting ("ICFR") roadmap and obtained the statutory auditor's Long Form report for 2023, as mandated by the State Bank. However, management recognizes that while ICFR implementation marks significant progress in financial reporting controls, the broader internal control framework requires further enhancement to ensure comprehensive risk management and operational efficiency.

The Bank's internal control system is designed to manage rather than eliminate the risk of failure to achieve objectives under a dynamic environment. There are inherent limitations in the effectiveness of any system, including the possibility of human error or system failure, circumvention and overriding of control. Accordingly, even an effective internal control system can only provide reasonable assurance regarding the achievement of objectives.

EVALUATION OF INTERNAL CONTROLS

Besides the monitoring of the implementation of internal control system at the management level, the Bank has an independent Internal Audit function namely the Audit & Inspection Group with three Area Audit & Inspection Offices that conduct audits of Branches, Regions, and Groups at the Head Office on an on-going basis to evaluate the efficiency and effectiveness of internal control system. In addition, an Internal Control function is established under Operations Group for testing & monitoring key controls across operations. Adequate compliance systems and processes are available to evaluate and assess the adequacy of customers onboarding, sanctions screening and transactions monitoring.

For the year 2024, the management continues its efforts to strengthen the internal control system of the Bank. The observations made by the external/ internal auditors and regulators in their respective audits/ inspections are reviewed and measures are taken by the management for mitigation. In addition, key issues are being reported to Board Sub-Committees and Board of Directors along with time-bound corrective action plan for their oversight and non-occurrence of such issues.

Based on the results achieved from review of controls by management during the year along with, Compliance Group, Internal Control Division within Operations, Internal Control over Financial Reporting by Financial Control Group and Internal Audit performed by Audit & Inspection Group, the management considers that the Bank's existing internal control system needs further improvement to address emerging risks and operational complexities. This is an ongoing process, and management would continuously be evaluating the efficacy of its in-built controls to enhance and further strengthen the overall control framework of the Bank.

Based on the above, the Board of Directors has endorsed the management's evaluation of internal controls including ICFR in the Director's report.

3.	6 Years Analysis	87
4.	Sectoral Concentration	94
5.	Markup & Non Markup Income	96
6.	Summary of Cash flows	97
7.	Pattern of Share Holding	98

FINANCIAL OVERVIEW

During 2024, average policy rate remained at 19.66% compared to 20.69% of last year. This translates into decrease in average policy rate by 103bps. The Bank earned a gross mark-up/ interest income of PKR 1,089.4 Bn 6.32% YoY). Net interest-bearing assets during the period averaged at PKR 6,374.7 Bn 12.64% YoY. Interest-bearing investment portfolio averaged 14.40% up at PKR 4,507.8 Bn (Dec-2023: PKR 3940.4 Bn) and generated interest/ mark-up income of PKR 842.0 Bn (8.79% YoY), making 77.29% of the total mark-up income. Average loans and advances (net) increased by 6.63% to PKR 1,401.5 Bn (2023: PKR 1,314.3 Bn) and generated mark-up/interest income of PKR 233.3 Bn, which compared to PKR 221.8 Bn levels of 2023, is higher by 5.18%. Average interest-bearing liabilities increased by 11.44% to PKR 5,827.5 Bn. Therefore, the Bank's cost of funds also increased to PKR 918.5 Bn 7.32% YoY, of which PKR 460.5 Bn (Dec-2023: PKR 365.1Bn) was on account of profit to the depositors. The Bank's cost of deposits decreased by 41bps to close at 15.84% for 2024 (2023: 16.25%). Overall, the Bank's net mark-up/ interest income closed at PKR 170.9 Bn, which is 1.27% higher against PKR 168.7 Bn earned during the prior year.

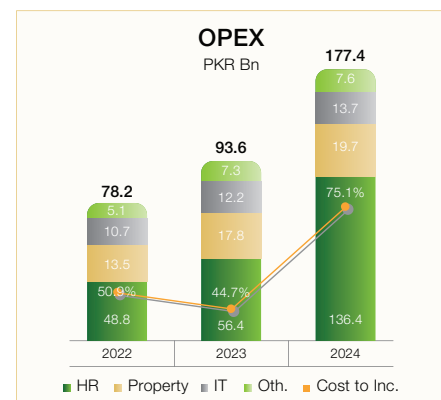

Despite a generally lower economic activity during the year, the Bank achieved 61.12% growth in its non-fund income stream by generating a non-mark-up income of PKR 65.43 Bn (2023: PKR 40.6 Bn.) Non-markup income constitutes 27.69% of the total income (2023: 19.39%). Suppressed international trade volumes, decreased the foreign exchange income by 17.17% YoY to PKR 5.9 Bn (2023: PKR 7.1 Bn). Branch banking operations continued generating healthy fees & commission income that closed at PKR 25.48 Bn 15.64% YoY. Dividend income increased by 15.96% to PKR 6.1 Bn as companies resorted to paying dividends. These gains were further supported by higher gain on securities that amounted to PKR 27.89 Bn (2023: PKR 4.38 Bn). Accordingly, the non-markup/interest income of the Bank totalled PKR 65.4 Bn, as against PKR 40.6 Bn of the last year.

Net interest income and non-interest income collectively generate PKR 236.3 Bn during the year.

Operating expenses for the year closed at PKR 177.4 Bn against PKR 93.6 Bn for the year 2023. HR compensation that accounts for 76.88% of the total operating expenses amounted to PKR 136.3 Bn compared to PKR 56.4 Bn for the year 2023. Resultantly, the Bank's operating Cost to Income ratio stood at 75.1%, against 44.7% for the prior year.

The Bank invests appropriate funds in the uplift and maintenance of its business premises, providing a secure & healthy work environment to its workforce and customers. This year we spent a sum of PKR 1.7 Bn on repair and maintenance of our business premises. Overall property-related expenses amounted to PKR 13.7 Bn, which is 12.61% more than the prior year. Since Information Technology is pivotal for the Bank to achieve its strategic goals, the Bank continues to invest in upgrading its IT infrastructure, systems, and applications architecture. In 2023, we spent PKR 3.3 Bn on software maintenance and PKR 1.00 Bn on Network enhancement.

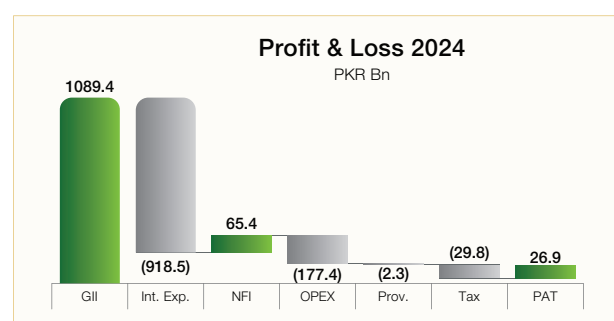

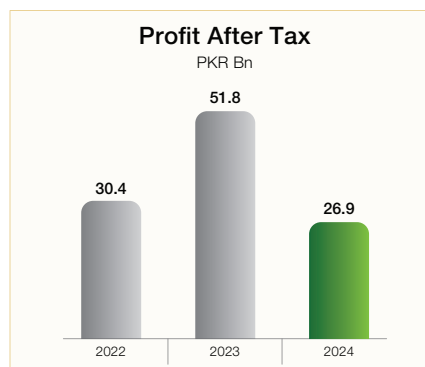

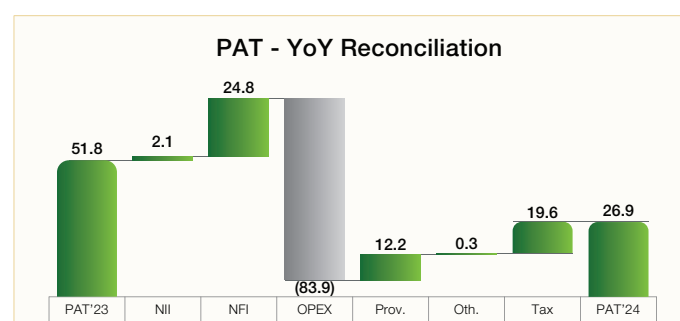

Pre-tax profit for the year amounted to PKR 56.7 Bn i.e. (44.02%) lower YoY against PKR 101.3 Bn of 2023. Tax charge amounted to PKR 29.8 Bn, translating into an effective tax rate of 52.60% (2023: 48.80%).

Profit after-tax for the year 2024 closed at PKR 26.87 Bn i.e. (48.18%) below the PKR 51.84 Bn in 2023. This translates into Earnings Per Share of Rs. 12.63 as compared to Rs. 24.37 in the corresponding year. Significant growth is achieved in profit before provisions, partially offset by higher provisions charge and higher tax. Net assets increased by PKR 67.9 Bn to PKR 457 Bn.

Our performance remained strong as we continued to create growth opportunities for the Nation through uninterrupted delivery of services to our customers. Financial results for the year 2024 reflect our resilience to challenging environment amidst high inflation and interest rates that has created difficulties for some of our customers.

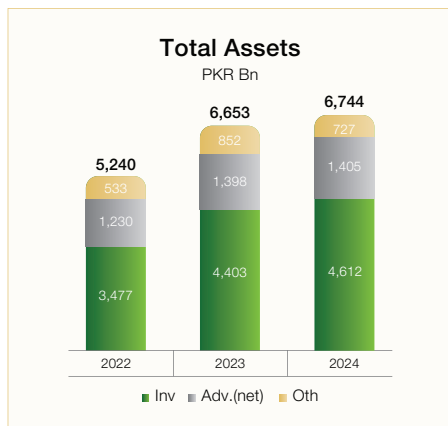

Significant growth is achieved in profitability, partially off-set by higher Opex.

Balance Sheet Strength

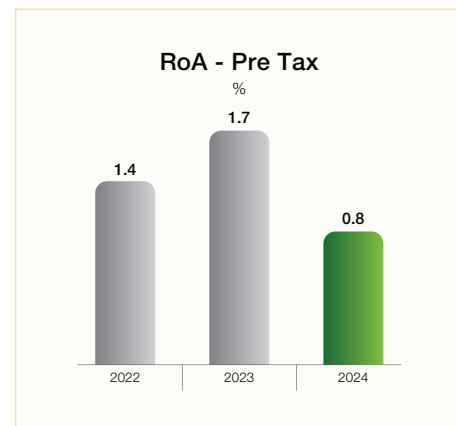

Balance sheet strength is critical to the Bank's ability to serve its customers, drive core business outcomes and deliver strong & sustainable returns for the stakeholders. Our capital, liquidity and funding metrics have strengthened further during FY'24. The strength of our balance sheet means the Bank is well-positioned to support its customers and the Pakistani economy through challenging and uncertain times.

Assets

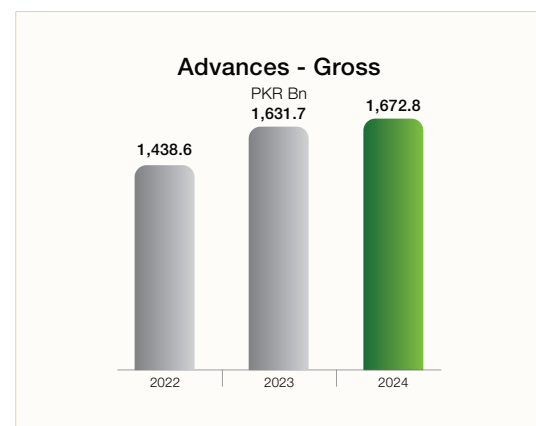

As of December 31, 2024, total assets of the Bank amounted to PKR 6,744.08 Bn, which is 1.37% more from PKR 6652.71 Bn at the end of 2023. The Bank has managed its overall asset-liability mix by generating stable funds and deploying the same into earning avenues offering positive yield.

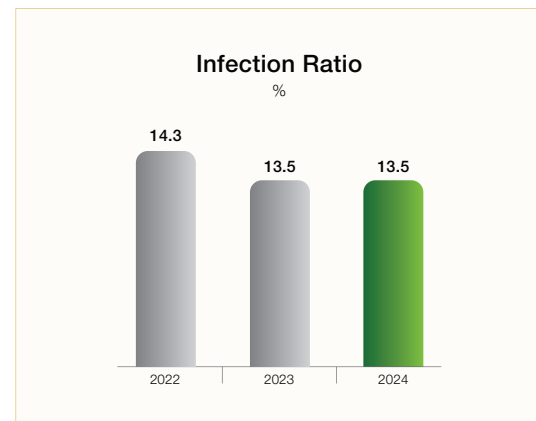

Loans and Advances

At Dec-2024, gross loans & advances of the Bank amounted to PKR 1,672.8 Bn depicting a 2.52% prudent increase from the year end 2023 levels. The loan book is diversified over 30+ sectors. Private and Public sector constitute 63.9% (2023: 60.5%) and 36.1% (2023: 39.5%), respectively. With PKR 183.2 Bn, Individuals make 11% of the loan book whereas Power makes 9.6% share and PKR 160.2 Bn in outstanding loans, followed by 9.5% of the Textile sector where the exposure decreased by 1.1% YoY to reach PKR 158.4 Bn. Oil & Gas recorded a decline of 13.2% growth to reach PKR 270.7 Bn from PKR 311.9 Bn in 2023. In line with the Bank's refreshed vision of inclusive development, healthy growth was also achieved in Commodity and Agriculture & Allied sectors. These 4 major sectors make almost 46.2% of the total loan book with PKR 772.5 Bn in outstanding.

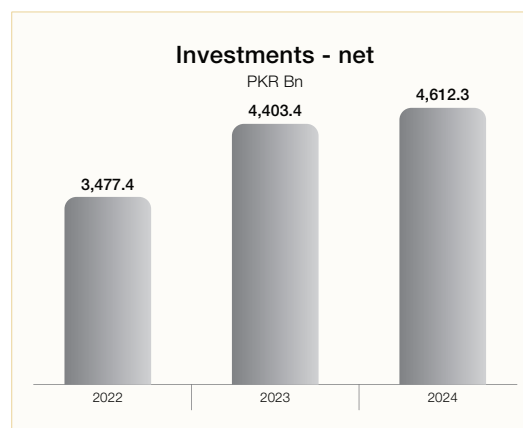

With PKR 269.3 Bn of NPLs at end of 2024, net loans & advances amounted to PKR 1,404.9 Bn i.e. 0.48% up from PKR 1398.1 Bn level at end 2023. Given the focused decline in deposits and a prudent growth in advances, the Bank's Advances-to-Deposits Ratio (gross) declined from 44.5% at the end of Dec'23 to 43.3% at end Dec'24. Business groups that contributed towards YoY growth in advances include C&IBG (-PKR 83.9Bn), IDG (+PKR 92.2 Bn), RBG (+PKR 19.2 Bn), and AIBG (+PKR 72.2 Bn), etc

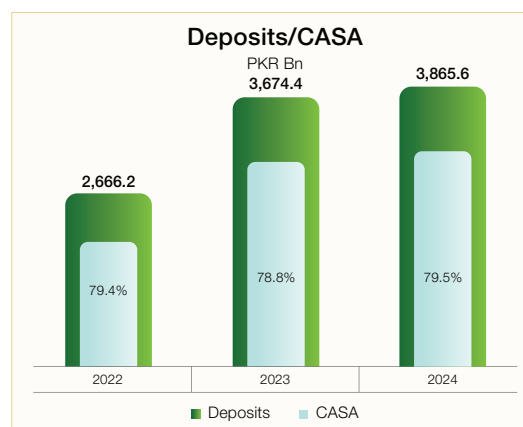

Investments

At the end of 2024, the Bank's investments (fair value/amortized cost) amounted to PKR 4,475.4 Bn (YE'23: PKR 4,393.9 Bn), making over two-third of the Bank's balance sheet. Given the limited quality loan-growth opportunities, and a constant growth in the customer deposits, excess liquidity with the Bank is placed in shorter term GoP securities to capitalize on price volatility in the hiking policy rate environment. The PKR 81.5 Bn or 1.9% increase in investments (at cost) mostly came in T-Bills that increased by PKR 210.5 Bn from PKR 977.9 Bn at the YE'23 to PKR 1,188.4 Bn at end Dec'24. PIBs decreased by PKR 171.4 Bn from PKR 3,154.2 Bn at the YE'23 to PKR 2,982.8 Bn at end Dec'24. As the market opportunity offered decent spread, investments were funded through deposit mobilization as well as leveraging.

Deposits

The Bank has established an unparalleled outreach to a wide range of core depositors throughout the country. As the Bank enjoys depositors' utmost trust, most of our deposits are 'stable funds' coming from core customers. During the year, the Bank followed a focused strategy to optimize its deposits to deliver higher PAT to its stakeholders. Deposits increased by PKR 197.5 Bn and amounted to PKR 3,865.6 Bn, which is 5.20% higher than PKR 3,674.4 Bn, at the end of year 2023. Customers' deposits as of Dec'24 amounted to PKR 3,641.4 Bn, representing 94.2% of the total deposits. Total current deposits (including FI's) stood at PKR 1,948.3 Bn, depicting a 1.13% decrease YoY. Also, the saving deposits increased by 21.6% to PKR 1,124.4 Bn, as compared to PKR 924.3 Bn a year back. The bank's CASA deposits increased slightly from 78.8% in December 2023 to 79.5% as of December 31, 2024.

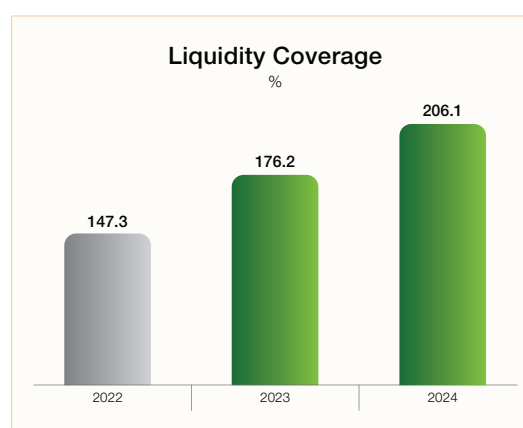

Funding & Liquidity

The Bank's liquidity and funding profile are sound as the vast bulk of assets are funded by a large and stable customer deposit base which continued to grow strongly.

Most of the Bank's funding comes from core customer deposits that contribute 94.2% (PKR 3,641.4 Bn) of the Bank's total deposits. Compared to Dec 31, 2023, customer deposits have increased by PKR 474.9Bn or 15.0%. FI deposits, decreased during the period under review by PKR 271.0 Bn and closed at PKR 224.1 Bn (Dec'23: PKR 507.8Bn).

The Bank's liquidity coverage ratio stood at 176%, and the Net Stable Funding Ratio stood at 259%, well above the statutory requirement of 100%.

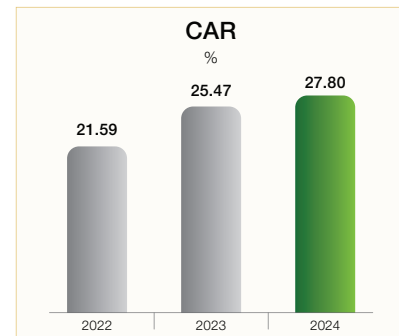

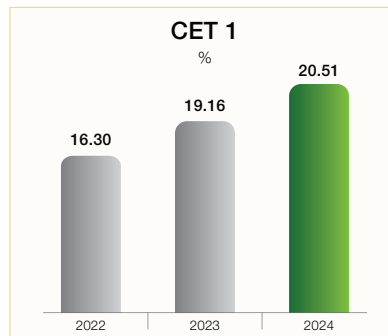

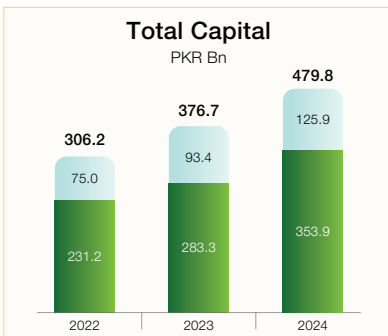

Capital Strength and Adequacy

The Bank has been identified by the SBP as Domestic Systemically Important Bank 'DSIB'. Therefore, the Bank is required to maintain minimum CET-1 at 10% and Total CAR at 14%.

During 2024, the Bank's Eligible Tier 1 capital increased by PKR 70.6 Bn or 24.90% from PKR 283Bn at YE'23 to PKR 354Bn at the end of 2024. Likewise, Eligible Tier 2 capital also increased by PKR 32.5Bn or 34.79% to close at PKR 125.9Bn at year end 2024. Tier 2 capital eligible component increased corresponding to increase in total Tier 1 capital. Whereas total RWAs increased significantly by PKR 247Bn or 16.72% from PKR 1,478.9Bn at YE'23 to PKR 1,726Bn at end Dec'24. Accordingly, Total Capital Adequacy Ratio (CAR) improved to 27.80% (2023: 25.47%), with Tier-1 capital adequacy ratio at 20.59% (2023: 19.16%). Leverage ratio of 3.0% was introduced in response to the Basel III accord as a regulatory minimum. At the year-end 2023, the Bank's leverage ratio was at 3.88% (2023: 3.12%).

Financial soundness indicators of the Bank have improved significantly in recent years and have resulted in the Bank being in a much stronger position. Retaining the profit has added to the Shareholders' wealth through higher book value per share, which has increased 19.38% from PKR 179.9 per share at the end of 2023 to PKR 214.8 per share at the end of December 2024. Key financial soundness indicators of our Bank are as follows.

Capital soundness at December 31,2024			
Capital	Actual	Required	Buffer(bps)

PKR Bn

Investments - net
PKR Bn

Over the past 6 years, the Bank's asset base has increased manifold depicting 16.64% CAGR. The PKR 6.74 trillion of total assets represents approximately 14.0% of the total industry. In recent years, the Bank has achieved coherent growth in assets-mix efficiently managing its assets-liability maturity profile. The YoY increase of 1.4% in the asset base has been observed in 2024. This increase in 2024 is due to investments that stood at PKR 4,612.33 bn, which is PKR 209 bn or 4.7% up

from PKR 4,403.36 bn at the end of 2023. This was in line with the Bank's prudent strategy of liquidity & funding management. Investments continue to take a major share of the total asset base 4.7% YoY growth in 2024 is due to Bank has diversified investment portfolio and earns a higher yield on investments. This translates into 26.04% CAGR over the past six years.

Advances - net

Steady growth in advances over the last six years from PKR 1008.1 billion in 2019 to PKR 1,404.87 billion in 2024 with a CAGR of 6.86%. An increase of 0.49% YoY in 2024 is observed due to high policy rate during most of the year 2024, and certain large single borrower assertion in NPL (which are expected to regularize soon). With moderation in policy rate, an increase in loan demand as expected.

Deposits

Deposits remain the primary source of funding for the Bank. In line with the total asset base, deposits of the Bank have also increased significantly over the last six years' growing from PKR 2198.0 billion in 2019 to PKR 3,865.6 billion in 2024. This translates into a massive 75.87% growth with a CAGR of 11.95%. Smooth growth was observed throughout these years, with the moderate YoY increase of 5.20% being reported in 2024. Deposits accounted for 57% of our total assets as of the end of December 2024. Despite the short-term maturity profile of its deposit base, it has historically proved to be sticky and a stable funding source.

Gross Interest Income

In the backdrop of higher average policy rates coupled with a major volumetric growth in interest bearing assets, the Bank generated a gross mark-up/interest income of PKR 1,089.4 Bn which is approximately equal to the PKR 1024.7 Bn of prior year. Gross mark-up / interest earned has posted compounded average increase of 35.4% over the span of the last six years. While growth was low during the initial two years, a sharp increase was achieved in the year 2020,2021 and 2023 on the back of increasing discount rate and volumetric growth in earning assets. Corresponding to the shift in asset mix on the back of higher liquidity placed into investments, contribution from income on investments has increased constantly over the years.

Interest Expended

The increase in mark-up expense reflects the impact of volumetric growth in deposits and borrowings coupled with the impact of revision in profit rates in line with the policy rate increase from time to time. Responding to the increasing discount rate, the Bank has been particularly active in mobilizing low-cost CASA deposits. Satisfactory results have been delivered in this regard by both conventional as well as Islamic banking operations. During the year 2024, the average policy rate remained at 19.66% compared to 20.69% of last year. This translates into an average decrease in the policy rate by 103bps. As a consequent of that, the Bank recorded a decrease in cost of funds of 41bps to 15.84% for 2024 (2023: 16.25%).

Non Interest Income

The Bank's Non-mark-up / interest income "NFI" has remained satisfactory for most of the years. During these years, NFI has maintained a trend of contributing approximately one-third of the Bank's total income, on the back of bullish performance of the stock market, and higher dividend payout by companies during 2024, NFI for 2024 61% higher than 2023.

OPEX

Total operating expenses in 2024 amounted to PKR 177.4 Bn against PKR 93.6 Bn for the year 2023. The operating expenses increased by 89.53%. Over the period increase was observed from 2021 to 2024 with a massive increase in 2024. This increase was due to one off expenditure in form of Pension due that were accorded by Court of Law. In 2024, 89.53% YoY growth depicts the impact of both i.e. the extra-ordinary item as well as inflationary pressure in the rising utility and fuel prices.

Capital

Reflecting our prudent capital management strategy, net assets of the Bank have also posted healthy increase on the back of higher profitability and profit retention in the recent years. Net assets, that amounted to PKR 232.6 Bn in 2019, have increased to PKR 457 Bn at the end of December 2024. This translates into a 14.5% CAGR over the past six years.

6 Years' - Maturities of Assets & Liabilities

Maturity of Assets

At the year end 2024, the Bank's total assets stood at PKR 6,744.1 Bn, increasing at a CAGR of 16.64% over the past six-years based on expected maturities at the year end 2024. While 12.92% of the Bank's assets are expected to mature within a period of one month and 13.28% of Bank's assets are expected to mature over one but within three months i.e. a total of 26.21% of Bank's assets are expected to mature within three months, the remaining 73.79% of the assets have a maturity period beyond 3 months.

Maturity of Liabilities

At the year end 2024, the Bank's total liabilities stood at PKR 6,287.1 Bn, increasing at a CAGR of 16.80% over the past six-years based on expected maturities. While 42.58% of the Bank's liabilities are expected to mature within a period of one month and 6.21% are expected to mature over one but under three months period, the remaining 51.21% of the liabilities have a maturity period beyond 3 months. Thus, efficiently managing the liquidity risk, the Bank maintains a positive maturity gap between the average maturity of its assets and liabilities.

Non-performing Loans

At year end of 2024, Bank's non-performing loans stood at PKR 269.3 Bn, demonstrating a 21.95% YoY deterioration. However, despite same increase in total NPL, the infection ratio has reduced from 13.53% in 2023 to 13.50% in 2024. NPL's that grew at a CAGR of 12.72% over the period under review, are more concentrated in the Oil, Gas, Sugar, Textile and Metal Products sectors. Furthermore, the NPL ratio has shown a recent increase as it changed from 13.53% in 2023 to 16.10% at the end 2024 due to implementation of IFRS 09. However, the coverage ratio has decreased from 92.18% (2023) to 83.86% at the year end of 2024.

Summary of Cash Flows

PKR Bn

Cash Flow from Operating Activities mainly represent the core activity of the Bank i.e. mobilization of deposits. Since 2019, deposits of the Bank have shown a CAGR of 10.6%. During year 2024, there was net inflow of PKR 187.5 billion from Operating Activities. The major outflow under investing activities was on account of net investments in available-for-sale securities and investment made in held-to-maturity securities. During the year 2024, outflows of PKR 2.75 billion under financing activities were observed against payment of lease obligation.

INDEPENDENT AUDITORS' REPORT

To the members of National Bank of Pakistan

Report on the Audit of the Unconsolidated Financial Statements

Opinion

We have audited the annexed unconsolidated financial statements of National Bank of Pakistan (the Bank), which comprise the unconsolidated statement of financial position as at December 31, 2024, and the unconsolidated statement of profit and loss account, the unconsolidated statement of comprehensive income, the unconsolidated statement of changes in equity and the unconsolidated cash flow statement for the year then ended, along with unaudited certified returns received from the branches except for 100 branches which have been audited by us and notes to the unconsolidated financial statements, including material accounting policy information and other explanatory information and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of the audit.

In our opinion and to the best of our information and according to the explanations given to us, the unconsolidated statement of financial position, unconsolidated statement of profit and loss account, the unconsolidated statement of comprehensive income, unconsolidated statement of changes in equity and unconsolidated cash flow statement together with the notes forming part thereof conform with the accounting and reporting standards as applicable in Pakistan, and, give the information required by the Banking Companies Ordinance, 1962 and the Companies Act, 2017 (XIX of 2017), in the manner so required and respectively give a true and fair view of the state of the Bank's affairs as at December 31, 2024 and of the profit and other comprehensive income, the changes in equity and its cash flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Unconsolidated Financial Statements section of our report. We are independent of the Bank in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the unconsolidated financial statements of the current period. These matters were addressed in the context of our audit of the unconsolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

A.F. Ferguson & Co.
Chartered Accountants

BDO Ebrahim & Co.
Chartered Accountants

Following are the Key Audit Matters:

S.No.	Key Audit Matter	How the matter was addressed in our audit
1	<p>Credit loss allowance against advances</p> <p>(Refer notes 4.4, 6.3, 11 and 34 to the unconsolidated financial statements)</p>	
	<p>The Bank records credit loss allowance against advances in Pakistan operations in accordance with the requirements of IFRS 9 as applicable in Pakistan and as per the instructions of the State Bank of Pakistan (SBP).</p> <p>Under IFRS 9, the Bank assesses on a forward-looking basis the Expected Credit Losses ('ECL') associated with all advances and other debt financial assets not held at FVTPL, together with letter of credit, guarantees and unutilised financing commitments. A lifetime ECL is recorded on advances in which there have been Significant Increase in Credit Risk (SICR) from the date of initial recognition and on advances which are credit impaired as on the reporting date. A 12 months ECL is recorded for advances which do not meet the criteria for SICR or "credit impaired" as at the reporting date. To assess whether there is a significant increase in the credit risk, the Bank compares the risk of a default occurring on the advances as at the reporting date with the risk of default as at the date of initial recognition. Both lifetime and 12 months ECL are calculated at facility level. The allowance is increased by provisions charged to the unconsolidated statement of profit and loss account and is decreased by charge-offs, net of recoveries.</p> <p>The Bank records charge for Stage 3 exposures based on the higher of provision under Prudential Regulations or ECL under IFRS 9, as per the instructions of the State Bank of Pakistan (SBP). This assessment is conducted at the facility level for corporate, commercial, and SME loan portfolios, and at a segment level for the retail portfolio. If one facility of a counterparty becomes 90+ days past due (DPD) or is otherwise defined as impaired under Prudential Regulations, all other facilities of that counterparty are classified as Stage 3.</p> <p>The measurement of ECL involves evaluating a range of possible outcomes, considering the time value of money, and incorporating reasonable and supportable information available at the reporting date about past events, current conditions, and forecasts of future economic conditions.</p> <p>Credit loss allowance / provisions pertaining to overseas advances are made in accordance with the requirements of regulatory authorities of the respective countries.</p>	<p>Our audit procedures to verify credit loss allowance against domestic advances included, amongst others, the following:</p> <p>We obtained and updated our understanding of management's assessment of credit loss allowance in respect of advances including the Bank's internal rating model, accounting policy, model methodology including any key changes made during the year.</p> <p>We obtained an understanding of the design and tested the operating effectiveness of the relevant controls established by the Bank to identify loss events and for determining the extent of provisioning required against advances.</p> <p>The testing of controls included testing of:</p> <ul style="list-style-type: none"> > controls over correct classification of advances; > controls over monitoring of advances with higher risk of default and correct classification of non-performing advances on subjective criteria; > controls over accurate computation and recording of provisions; and > controls over the governance and approval process related to provisions, including continuous reassessment by the management. <p>We selected a sample of loan accounts and performed the following substantive procedures:</p> <ul style="list-style-type: none"> > assessed the reasonableness and accuracy of the data used for ECL computation based on accounting records and information system of the Bank as well as the related external sources used for this purpose; > checked repayments of loans / mark-up instalments and tested classification of advances based on the number of days overdue; > tested the staging of loans and advances as per the criteria of SICR and in accordance with IFRS 9; > evaluated the management's assessment for classification of a borrower's loan facilities as performing or non-performing based on review of repayment pattern, inspection of credit documentation and discussions with the management; > assessed the ECL model used by the management to calculate expected credit loss against advances balances of the Bank for appropriateness of the assumptions used and the methodology applied. We also tested the mathematical accuracy of the model; > assessed the reasonableness of the forward-looking assumptions used by the management in calculation of ECL; and > assessed the relevant disclosures made in the unconsolidated

Member firm of PwC network

Member firm of BDO International Limited

S.No.	Key Audit Matter	How the matter was addressed in our audit
	<p>The Bank has recognised a net credit loss allowance against advances amounting to Rs. 6,113.132 million in the unconsolidated statement of profit and loss account in the current year. As at December 31, 2024, the Bank holds a credit loss allowance including general provision of Rs. 267,895.123 million against advances.</p> <p>The determination of credit loss allowance against advances based on the above criteria remains a significant area of judgment and estimation. Because of the significance of the impact of these judgments / estimations and the materiality of advances relative to the overall unconsolidated financial statements of the Bank, we considered this area as a key audit matter.</p>	<p>financial statements to determine whether these are complied with the accounting and reporting standards as applicable in Pakistan.</p> <p>We issued instructions to auditors of those overseas branches which were selected for audit, highlighting 'Credit loss allowance against financial assets and off-balance items' as a significant risk. The auditors of those branches performed audit procedures to check compliance with regulatory requirements and reported the results thereof to us. We, as auditors of the Bank, evaluated the work performed by the component auditors and the results thereof.</p>
2	<p>Pension benefits liability</p> <p>(Refer notes 21, 25.3.3.1, 32.2 and 40.4 to the unconsolidated financial statements)</p>	
	<p>The Bank operates an approved funded pension scheme for its eligible employees. The valuation for pension benefits is carried out annually by the actuary appointed by the management of the Bank using the projected unit credit method.</p> <p>A number of the Bank's employees had filed writ petitions before the Lahore High Court and Peshawar High Court with respect to their pensionary benefits in prior years. The Supreme Court of Pakistan (SCP) in September 2017 after hearing the arguments of both parties decided the case against the Bank. The Bank had subsequently filed review petitions against the judgement of the SCP.</p> <p>During the year, the SCP has by its order dated March 27, 2024, dismissed all the civil review petitions filed by the Bank, as a result of which the Supreme Court's decision dated September 25, 2017 in respect of the pension litigation, has now attained finality. Accordingly, and in compliance of the judgement, the Bank has made payments to majority of petitioners as well as non-petitioners. In addition, the SCP has also directed the Bank to pay arrears of any government increases in pension to the petitioners.</p>	<p>Our audit procedures to verify pension benefits liability included, amongst others, the following:</p> <ul style="list-style-type: none"> > Reviewed the Supreme Court's order and checked the Bank's compliance with the judgment, including payments made to pensioners on a test basis; > Reviewed minutes of the meeting of the Board of Directors for discussions held with respect to the pension litigation and liability; > Obtained and reviewed the management expert's actuarial report supporting the calculation of pension obligations and evaluated key actuarial assumptions; > Engaged an independent actuarial expert to assess the reasonableness of the pension liability determined by the management's actuary along with the related assumptions; and > Evaluated the adequacy of the disclosures made in the unconsolidated financial statements to ensure compliance with the accounting and reporting standards as applicable in Pakistan.

A.F. Ferguson & Co.

BDO Ebrahim & Co.
Chartered Accountants

S.No.	Key Audit Matter	How the matter was addressed in our audit
	As a result of the above decision, the management has recognised a past service cost of Rs. 57,549 million based on the valuation carried out by the management's actuary in the unconsolidated financial statements of the Bank for the year ended December 31, 2024. The net present value of the Bank's obligation against pension scheme as at December 31, 2024, amounted to Rs. 75,638 million. The determination of pension benefits liability as per the order of the SCP required certain estimates and judgments to be made including actuarial assumptions. The calculation of pension benefits remains an area of significant estimate and judgment. Because of the significance of the impact of these judgments / estimations and the materiality of the amount in the overall context of the unconsolidated financial statements, we considered this as a key audit matter.	

Information Other than the Unconsolidated and Consolidated Financial Statements and Auditors' Reports Thereon

Management is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the unconsolidated and consolidated financial statements and our auditors' reports thereon.

Our opinion on the unconsolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the unconsolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the unconsolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and the Board of Directors for the Unconsolidated Financial Statements

Management is responsible for the preparation and fair presentation of the unconsolidated financial statements in accordance with accounting and reporting standards as applicable in Pakistan, the requirements of Banking Companies Ordinance, 1962 and the Companies Act, 2017 (XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of unconsolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the unconsolidated financial statements, management is responsible for assessing the Bank's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Bank or to cease operations, or has no realistic alternative but to do so.

The Board of directors is responsible for overseeing the Bank's financial reporting process.

Auditors' Responsibilities for the Audit of the Unconsolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the unconsolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material

misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these unconsolidated financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- > Identify and assess the risks of material misstatement of the unconsolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- > Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Bank's internal control.
- > Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- > Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Bank's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the unconsolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Bank to cease to continue as a going concern.
- > Evaluate the overall presentation, structure and content of the unconsolidated financial statements, including the disclosures, and whether the unconsolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Board of Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide to the Board of Directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the Board of Directors, we determine those matters that were of most significance in the audit of the unconsolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. Based on our audit, we further report that in our opinion:

- a) proper books of account have been kept by the Bank as required by the Companies Act, 2017 (XIX of 2017) and the returns referred above from the branches have been found adequate for the purpose of our audit;
- b) the unconsolidated statement of financial position, the unconsolidated statement of profit and loss account, the unconsolidated statement of comprehensive income, the unconsolidated statement of changes in equity and the unconsolidated cash flow statement together with the notes thereon have been drawn up in conformity with the Banking Companies Ordinance, 1962 and the Companies Act, 2017 (XIX of 2017) and are in agreement with the books of account and returns;

A.F. Ferguson & Co.
Chartered Accountants

BDO Ebrahim & Co.
Chartered Accountants

- c) investments made, expenditure incurred and guarantees extended during the year were in accordance with the objects and powers of the Bank and the transactions of the Bank which have come to our notice have been within the powers of the Bank; and
- d) zakat deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980), was deducted by the Bank and deposited in the Central Zakat Fund established under section 7 of that Ordinance.

2. We confirm that for the purpose of our audit we have covered more than sixty percent of the total advances of the Bank.

The engagement partners on the audit resulting in this independent auditors' report are **Shahbaz Akbar** and **Zulfikar Ali Causer** on behalf of A. F. Ferguson & Co., Chartered Accountants and BDO Ebrahim & Co., Chartered Accountants respectively.

NOTES TO AND FORMING PART OF THE UNCONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2024

1. STATUS AND NATURE OF BUSINESS

National Bank of Pakistan (the Bank) was incorporated in Pakistan under the National Bank of Pakistan Ordinance, 1949 (the Companies Act, 2017) and is listed on the Pakistan Stock Exchange (PSX). The registered and head office of the Bank is situated at I.I. Chundrigar Road, Karachi. The Bank is engaged in providing commercial banking and related services in Pakistan and overseas. The Bank also handles treasury transactions for the Government of Pakistan (GoP) as an agent to the State Bank of Pakistan (SBP). The Bank operates 1,503 (December 31, 2023: 1,508) branches in Pakistan including 207 (December 31, 2023: 188) Islamic Banking branches and 16 (December 31 2023: 18) overseas branches (including the Export Processing Zone branch, Karachi). The Bank also provides services in respect of Endowment Fund for students loan scheme and IPS accounts.

The Pakistan Sovereign Wealth Fund Act, 2023 was enacted and became effective during 2023. The shareholding of the Federal Government as per the Bank's Register of Shareholders is 7,895,707 shares only. However, under the said Act, the shares of Federal Government has been shown as 1,608,420,866. The Bank has sought clarification from Federal Government in this respect. Moreover, the process for transfer of shares as defined in NBP Bye-laws, 2015 has not yet been initiated. In view of the foregoing, the Bank's Register of Shareholders continues to show the shareholding position before the enactment of the Act pending completion of transfer formalities and clarification of the Federal Government.

2 BASIS OF PRESENTATION

- 2.1** In accordance with the directives of the Federal Government of Pakistan regarding the shifting of the banking system to Islamic modes, the SBP has issued various circulars from time to time. Permissible forms of trade related mode of financing include purchase of goods by banks from their customers and immediate resale to them at appropriate mark-up in price on deferred payment basis. The purchases and sales arising under these arrangements are not reflected in these unconsolidated financial statements as such but are restricted to the amount of facility actually utilized and the appropriate portion of mark-up thereon.
- 2.2** Key financial figures of the Islamic banking branches of the Bank have been disclosed in annexure II to these unconsolidated financial statements.
- 2.3** These are the unconsolidated financial statements of the Bank in which the investments in subsidiaries and associates are stated at cost and have not been accounted for on the basis of reported results and net assets of the investees which are done in the consolidated financial statements.
- 2.4** The US Dollar amounts shown on the statement of financial position, statement of profit and loss account, statement of comprehensive income and cash flow statement are stated as additional information solely for the convenience of readers. For the purpose of conversion to US Dollars, the rate of Rs. 278.55 to 1 US Dollar has been used for 2024 and 2023 as it was the prevalent rate as on December 31, 2024.
- 2.5** These unconsolidated financial statements have been prepared in accordance with the format for preparation of the annual financial statements of banks issued by the State Bank of Pakistan (SBP), vide its BPRD Circular letter No. 13 dated July 01, 2024.
- 2.6 Statement of compliance**
- 2.6.1** These unconsolidated financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:
- International Financial Reporting Standards (IFRS), issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
 - Islamic Financial Accounting Standards (IFAS), issued by the Institute of Chartered Accountants of Pakistan as notified under the Companies Act, 2017;
 - Provisions of and directives issued under the Banking Companies Ordinance, 1962 and the Companies Act, 2017; and
 - Directives issued by the State Bank of Pakistan (SBP) and the Securities and Exchange Commission of Pakistan (SECP).

NOTES TO AND FORMING PART OF THE UNCONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2024

Where the requirements of the Banking Companies Ordinance, 1962, the Companies Act, 2017, or the directives issued by the SBP and the SECP differ with the requirements of IFRS or IFAS, the requirements of the Banking Companies Ordinance, 1962, the Companies Act, 2017 and the said directives shall prevail.

2.6.2 The SBP has deferred the applicability of International Accounting Standard (IAS) 40, 'Investment Property' for banking companies through BSD Circular Letter No. 10 dated August 26, 2022 till further instructions. Further, the SECP has deferred the applicability of International Financial Reporting Standard (IFRS) 7, 'Financial Instruments: Disclosures' on banks through its notification S.R.O 411(I)/2008 dated April 28, 2008. The SBP through BPRD Circular No. 04 of 2015 dated February 25, 2015 had deferred the applicability of Islamic Financial Accounting Standard- for Profit and Loss Sharing on Deposits (IFAS-3) issued by the Institute of Chartered Accountants of Pakistan (ICAP) and notified by the SECP, vide their SRO No. 571 of 2013 dated June 12, 2013 for Institutions offering Islamic Financial Services (IIFS). Accordingly, the requirements of these standards have not been considered in the preparation of these unconsolidated financial statements.

2.6.3 The SBP has issued BPRD Circular Letter No. 01 of 2025 dated January 22, 2025 in which certain relaxations / clarifications have been provided upon adoption of IFRS 9 which are disclosed in note 6.1 of these unconsolidated financial statements. As allowed by the SBP vide BPRD Circular No. 03 of 2022 dated July 05, 2022, IFRS 9 has not been adopted for overseas branches where it is not applicable as per their local regulations for the year ended December 31, 2024.

2.6.4 The SBP, vide its BPRD Circular No. 13 dated July 01, 2024, issued the revised forms for the preparation of the annual financial statements of the Banks / DFIs which are applicable for periods beginning on or after January 1, 2024 as per BPRD Circular Letter No. 07 of 2023 dated April 13, 2023. The implementation of the revised forms has resulted in certain changes to the presentation and disclosures of various elements of these unconsolidated financial statements. There is no impact of this change on these unconsolidated financial statements in terms of recognition and measurement of assets and liabilities except mentioned in note 6.

2.6.5 The SECP vide SRO 56 (1) / 2016 dated January 28, 2016, has notified that the requirements of IFRS 10 (Consolidated Financial Statements) and section 228 of the Companies Act, 2017 will not be applicable with respect to the investment in mutual funds established under Trust structure.

2.6.6 These unconsolidated financial statements are the separate financial statements of the Bank in which the investments in subsidiaries, associates and joint ventures are stated at cost and have not been accounted for on the basis of reported results and net assets of the investees.

2.7 Standards, interpretations of and amendments to published accounting and reporting standards that are effective in the current year.

There are certain new and amended standards, issued by International Accounting Standards Board (IASB), interpretations and amendments that are mandatory for the Bank's accounting periods beginning on or after January 01, 2024 but are considered not relevant or do not have any material effect on the Bank's operations and are therefore not detailed in these unconsolidated financial statements except for IFRS 9 (Financial Instruments), the impacts of which are disclosed under note 6.1.

2.8 Standards, interpretations of and amendments to published accounting and reporting standards that are not yet effective:

There are certain new and amended standards, issued by International Accounting Standards Board (IASB), interpretations and amendments that are mandatory for the Bank's accounting periods beginning on or after January 01, 2025 but are considered not to be relevant or will not have any material effect on the Bank's financial statements except for:

- the new standard - IFRS 18 Presentation and Disclosure in Financial Statements (IFRS 18) (published in April 2024) with applicability date of January 01, 2027 by IASB. IFRS 18 is yet to be adopted in Pakistan. IFRS 18 when adopted and applicable shall impact the presentation of 'Statement of Profit and Loss Account' with certain additional disclosures in these unconsolidated financial statements.
- amendments to IFRS 9 'Financial Instruments' which clarify the date of recognition and derecognition of a financial asset or financial liability including settlement of liabilities through banking instruments and channels including electronic transfers. The amendment when applied may impact the timing of recognition and derecognition of financial liabilities and financial assets.

NOTES TO AND FORMING PART OF THE UNCONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2024

- amendment to IAS 21 'The Effects of Changes in Foreign Exchange Rates' which will require Banks to apply a consistent approach in assessing whether a currency can be exchanged into another currency and, when it cannot, in determining the exchange rate to use and the disclosures to provide.

The management is in the process of assessing the impact of these amendments on the unconsolidated financial statements of the Bank.

2.9 Critical accounting estimates and judgments

The preparation of these unconsolidated financial statements in conformity with the accounting and reporting standards as applicable in Pakistan requires management to make judgments, estimates and assumptions that affect the reported amounts of assets and liabilities and income and expenses as well as in the disclosure of contingent liabilities. It also requires management to exercise judgment in application of its accounting policies. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances. These estimates and assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised, if the revision affects only that period, or in the period of revision and in future periods if the revision affects both current and future periods.

a) Credit Allowance against non-performing loans and advances

The Bank regularly reviews its loan portfolio to assess amount of non-performing loans and determine the provisions required there against at each reporting date. In assessing this requirement, various factors including the days past dues, delinquency in the account, financial position and future business / financial plan of the borrower, value of collateral held and requirements of SBP Prudential Regulations are considered. Credit loss allowances are maintained at the higher of ECL under IFRS 9 or the prudential regulation R-8. The Bank also considers the impact of Forced Sale Value (FSV) of collaterals when determining the amount of provisions. However, no benefit of FSV of non-liquid collateral has been taken into account during the year in calculating the provisioning amount.

General provisions for loan losses for overseas branches are made as per the requirements of the respective central banks.

b) Fair value of derivatives

The fair values of derivatives which are not quoted in active markets are determined by using valuation techniques. The valuation techniques take into account the relevant interest and exchange rates over the term of the contract.

c) Impairment of FVOCI investments

Impairment in respect of unquoted shares is calculated with reference to break-up value. Break-up value is calculated with reference to the net assets of the Investee Company as per the latest available audited financial statements.

Provision and ECL for unquoted debt securities is calculated as per SBP's Prudential Regulations and IFRS-9 respectively.

A financial instrument that is not credit-impaired on initial recognition is classified in 'Stage 1' and has its credit risk continuously monitored by the Bank. If a significant increase in credit risk ('SICR') since initial recognition is identified, the financial instrument is moved to 'Stage 2' but is not yet deemed to be credit-impaired. If the financial instrument is credit-impaired, the financial instrument is then moved to 'Stage 3' and impairment ECL of stage 3 impairment of FVOCI quoted TFCs, PTC, Ijarah Sukuks & Government Bonds is recognized in accordance with the requirements of Prudential Regulations and other directives issued by SBP as per subjective and objective criteria of Prudential Regulations after taking into account of FSV benefit under Prudential Regulations and IFRS-9.

d) Amortised Cost investments

The Bank follows the guidance provided in the SBP circulars and IFRS 9 on classifying non-derivative financial assets with fixed or determinable payments and fixed maturity as Amortised Cost. In making this judgment, the Bank evaluates its intention and ability to hold such investments till maturity.

NOTES TO AND FORMING PART OF THE UNCONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2024

e) Income taxes

In making the estimates for current and deferred taxes, the management looks at the income tax law and the decisions of appellate authorities on certain issues in the past. There are certain matters where the Bank's view differs with the view taken by the income tax department and such amounts are shown as contingent liabilities.

f) Property and Equipment, Non-Banking asset and intangible assets, revaluation, depreciation and amortisation

In making estimates of the depreciation / amortisation method, the management uses the method which reflects the pattern in which economic benefits are expected to be consumed by the Bank. The method applied is reviewed at each financial year end and if there is a change in the expected pattern of consumption of the future economic benefits embodied in the assets, the method is changed to reflect the change in pattern.

The Bank also revalues its properties on a periodic basis. Such revaluations are carried out by independent valuer and involves estimates / assumptions and various market factors and conditions.

g) Defined benefit plans including pension expense

The liabilities for employees' benefits plans are determined using actuarial valuations. The actuarial valuations involve assumptions about discount rates, expected rates of return on assets, future salary increases, future inflation rates and future pension increases as disclosed in note 40. Due to the long term nature of these plans, such estimates are subject to significant uncertainty.

h) Provision against contingencies

Provision against contingencies is determined based on the management judgement regarding the probability of future outflows of resources embodying economic benefits to settle an obligation arising from past events.

i) Lease liability against right of use assets

The Bank applies judgement to determine the lease term for some lease contracts in which it is a lessee that include renewal options. The assessment of whether the Bank is reasonably certain to exercise such options impacts the lease term, which significantly affects the amount of lease liabilities and right-of-use assets recognized.

Moreover, management exercises judgement in establishing the discount rate for new leases, utilizing the incremental borrowing rate as a benchmark.

j) Classification of financial assets and liabilities

The classification of financial asset is determined through solely payment of principal and interest (SPPI) criteria and business model of the Bank. The Bank determines its business model at the level that best reflects how it manages groups of financial assets to achieve its business objective.

The financial liabilities are being carried at amortised cost except for derivatives which are being measured at FVTPL.

k) Contingent assets and contingent liabilities

Contingent assets are not recognised, and are also not disclosed unless an inflow of economic benefits is probable. Contingent liabilities are not recognised but are disclosed unless the probability of an outflow of resources embodying economic benefits are remote. The Bank uses estimates in determining the probability of inflow or outflow of economic benefits.

NOTES TO AND FORMING PART OF THE UNCONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2024

l) Impairment of non-financial assets

The carrying amount of the assets are reviewed at each Statement of Financial Position date to determine whether there is any indication of impairment. If such indication exists, the recoverable amount of the relevant asset is estimated. An impairment loss is recognised whenever the carrying amount of an asset exceeds its recoverable amount.

3 BASIS OF MEASUREMENT

These unconsolidated financial statements have been prepared under the historical cost convention except that:

- i) certain property and equipment and non banking assets acquired in satisfaction of claims are stated at revalued amounts;
- ii) investments classified at fair value through profit and loss and fair value through other comprehensive income are carried at fair value;
- iii) foreign exchange contracts are measured at fair value; and
- iv) staff retirement benefits are carried at present value;

4 MATERIAL ACCOUNTING POLICY INFORMATION

The material accounting policies applied in the preparation of these unconsolidated financial statements are consistent with those of the previous financial year except for changes mentioned in note 6.1.3.

4.1 Cash and cash equivalents

Cash and cash equivalents include cash and balances with treasury banks, balances with other banks and call money lendings, less call borrowings and overdrawn nostro accounts having original maturity of three months or less.

4.2 Investments

Investments include Federal Government securities, shares, mutual funds, non-Government debt securities, foreign securities, associates and subsidiaries. Classification and measurement of Federal Government securities, shares, mutual funds, non-Government debt securities and foreign securities has been detailed in note 10.

Associates are all entities over which the Bank has significant influence but not control. Investment in associates is carried at cost less accumulated impairment losses, if any.

Subsidiary is an entity over which the Bank has control. Investment in subsidiaries is carried at cost less accumulated impairment losses, if any.

4.3 Repurchase and resale agreements

Securities sold with a simultaneous commitment to repurchase at a specified future date (repos) continue to be recognised in the statement of financial position and are measured in accordance with accounting policies for investment securities. The counterparty liability for amounts received under these agreements is included in borrowings. The difference between sale and repurchase price is treated as mark-up / return / interest expense and accrued over the life of the repo agreement using effective yield method.

Securities purchased with a corresponding commitment to resell at a specified future date (reverse repos) are not recognised in the statement of financial position, as the Bank does not obtain control over the securities. Amounts paid under these agreements are included in lendings to financial institutions. The difference between purchase and resale price is treated as mark-up / return / interest income and accrued over the life of the reverse repo agreement using effective yield method.

NOTES TO AND FORMING PART OF THE UNCONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2024

4.4 Advances

Loans and advances including net investment in finance lease are stated net of credit loss allowance / provision against non-performing loan and advances. Credit loss allowance / provision against loans and advances in Pakistan operations have been made in accordance with the requirements of the Prudential Regulations and IFRS 9 application instructions issued by the SBP. General provisions against loans and advances in Pakistan operations have been maintained against potential high risk advances based on the management's estimates as disclosed in note 11.5.2. Credit loss allowance / provisions pertaining to overseas loans and advances are made in accordance with the requirements of the regulatory authorities of the respective countries. Advances are written off / charged off when there are no realistic prospects of recovery or to clean up the balance sheet as allowed by the SBP.

Subsidised loans disbursed under Temporary Economic Refinance Facility (TERF) have been recorded at fair value resulting in recognition of fair value adjustment on initial recognition. Unwinding of income on fair value adjustment is recognised in the unconsolidated statement of profit and loss account.

4.4.1 Islamic financing and related assets

Under Murabaha financing, funds disbursed for the purchase of goods are recorded as advance against Murabaha finance and the financing is recorded at the deferred sale price. Goods purchased but remaining unsold at the statement of financial position date are recorded as inventories.

Assets given on Ijarah are stated at cost less accumulated depreciation and accumulated impairment losses, if any. Ijarah assets are depreciated on a reducing balance basis over the term of the Ijarah after taking into account the estimated residual value. Impairment of Ijarah assets is recognised in line with the Prudential Regulations or upon the occurrence of an impairment event which indicates that the carrying value of the Ijarah asset may exceed its recoverable amount.

In Running Musharakah, the Bank and the customer enter into a Musharakah agreement where the Bank agrees to finance the operating activities of the customer's business and share in the statement of profit and loss account in proportion to an agreed ratio at an agreed frequency.

Under Diminishing Musharakah financing, the Bank creates joint ownership with the customer over the tangible assets to fulfil capital expenditure / project requirements. The Bank receives periodic payments from the customer against the gradual transfer of its share of ownership to the customer.

In Istisna transactions, the Bank finances the cost of goods manufactured by the customer. Once the goods are manufactured, these are sold by the customer as an agent of the Bank to recover the cost plus the agreed profit.

Under Tijarah, the Bank purchases the finished goods from the customer against payment, takes possession and appoints customer as an agent to sell these goods to ultimate buyer on deferred payment basis. Profit is recognized on accrual basis over the period of transaction.

Wakalah is an agency contract in which Bank provides funds to the customer who invests it in a Shariah compliant manner.

In Musawamah financing, the Bank purchases the goods and after taking the possession, sells them to the customer either in spot or credit transaction, without disclosing the cost.

4.5 Fixed assets and depreciation

4.5.1 Property and equipment

4.5.1.1 Owned assets

Property and equipment, except land and buildings, are stated at cost less accumulated depreciation and accumulated impairment losses, if any. Land is stated at revalued amount. Buildings are stated at revalued amount less accumulated depreciation and accumulated impairment losses, if any. The cost and the accumulated depreciation of property and equipment of foreign branches include exchange differences arising on currency translation at the year-end rates. Depreciation is charged to statement of profit and loss account applying the straight line method except buildings, which are depreciated on diminishing balance method at

NOTES TO AND FORMING PART OF THE UNCONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2024

the rates stated in note 13.2. Depreciation on addition is charged from the month in which the assets are available for use and no depreciation is charged in the month the assets are disposed off.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Bank and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognised. All other repairs and maintenance are charged to the statement of profit and loss account during the period in which they are incurred.

Assets are derecognised when disposed off or when no future economic benefits are expected from its use or disposal. Gains and losses on disposal of property and equipment are included in statement of profit and loss account.

The assets' residual values and useful lives are reviewed annually, and adjusted if appropriate, at statement of financial position date.

Land and buildings' valuations are carried out by professionally qualified valuers with sufficient regularity to ensure that their carrying amounts do not differ materially from their fair value.

- Any revaluation increase arising on the revaluation of such assets is recognised in the statement of comprehensive income and accumulated in equity, except to the extent that it reverses a revaluation decrease for the same asset previously recognised in the statement of profit and loss account, in which case the increase is credited to statement of profit and loss account to the extent of the decrease previously expensed. A decrease in the carrying amount arising on the revaluation of such assets is recognised in statement of profit and loss account to the extent that it exceeds the balance, if any, held in "Surplus on Revaluation of Fixed Assets" relating to a previous revaluation of that asset.
- Depreciation on assets which are revalued is determined with reference to the value assigned to such assets on revaluation and depreciation charge for the year is taken to the statement of profit and loss account.
- An amount equal to incremental depreciation for the year net of associated deferred tax is transferred from "Surplus on Revaluation of Fixed Assets" to unappropriated profit through statement of changes in equity to record realization of surplus to the extent of the incremental depreciation charge for the year.
- On the subsequent sale or retirement of a revalued asset, the attributable revaluation surplus remaining in the revaluation reserve is transferred directly to unappropriated profit.

4.5.2 Capital work-in-progress

Capital work-in-progress is stated at cost less accumulated impairment losses, if any. These are transferred to specific assets as and when assets are available for use.

4.5.3 Impairment

The carrying values of fixed assets are reviewed for impairment when events or changes in circumstances indicate that the carrying values may not be recoverable. If any such indication exists and where the carrying values exceed the estimated recoverable amounts, fixed assets are written down to their recoverable amounts.

The resulting impairment loss is taken to profit and loss account except for impairment loss on revalued assets which is adjusted against the related revaluation surplus to the extent that the impairment loss does not exceed the surplus on revaluation of assets. Where impairment loss subsequently reverses, the carrying amount of the asset is increased to the revised recoverable amount but limited to the extent of the amount which would have been determined had there been no impairment. Reversal of impairment loss is recognised as income in the statement of profit and loss account.

4.6 Lease liability and right-of-use assets

The lease liabilities are initially measured at the present value of lease payments that includes:

NOTES TO AND FORMING PART OF THE UNCONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2024

- fixed payments (including in-substance fixed payments), less any lease incentives receivable;
- variable lease payment that are based on an index or a rate as at the commencement date;
- amounts expected to be payable by the lessee under residual value guarantees, if any;
- the exercise price of a purchase option if the lessee is reasonably certain to exercise that option; and
- payments of penalties for terminating the lease, if the lease term reflects the lessee exercising that option.

The lease payments are to be discounted using the incremental borrowing rate being the rate that the Bank would have to pay to borrow the funds necessary to obtain an asset of similar value in a similar economic environment with similar terms and conditions.

On initial recognition, right-of-use assets are measured at cost comprising the following:

- the amount of the initial measurement of lease liability;
- any lease payments made at or before the commencement date less any lease incentives received;
- any initial direct costs incurred; and
- an estimate of restoration costs.

The Bank leases various offices / branches for the purpose of its operational activities. Rental contracts are typically made for fixed periods of 3 to 10 years. Lease terms are negotiated on an individual basis and contain a wide range of different terms and conditions. The lease agreements do not impose any covenants, but leased assets may not be used as security for borrowing purposes.

4.7 Intangible assets

Intangible assets are stated at cost less accumulated amortisation and accumulated impairment losses, if any. The cost and the accumulated amortisation of intangible assets of foreign branches include exchange differences arising on currency translation at the year-end rates. Amortisation is charged to the statement of profit and loss account applying the straight-line method at the rates stated in note 15. Amortisation on additions is charged from the month in which the assets are available for use and no amortisation is charged in the month the intangible assets are disposed off. The estimated useful life and amortisation method are reviewed at the end of each annual reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

4.8 Non-banking assets acquired in satisfaction of claims

In accordance with the requirements of the 'Regulations for Debt Property Swap' (the regulations) issued by SBP vide its BPRD Circular No. 1 of 2016, dated January 1, 2016, the non-banking assets acquired in satisfaction of claims are carried at revalued amounts less accumulated depreciation. These assets are revalued by professionally qualified valuers with sufficient regularity to ensure that their net carrying value does not differ materially from their fair value. A surplus arising on revaluation is credited to the 'surplus on revaluation of assets' account and any deficit arising on revaluation is taken to the statement of profit and loss account directly. Legal fees, transfer costs and direct costs of acquiring title to property is charged to the statement of profit and loss account and not capitalized. Depreciation on non-banking assets acquired in satisfaction of claims is charged to the statement of profit and loss account on the same basis as depreciation charged on the Bank's owned fixed assets.

4.9 Deposits and their cost

Deposits are recorded at the fair value of proceeds received.

Deposit costs are recognised as an expense in the period in which these are incurred using effective yield method.

NOTES TO AND FORMING PART OF THE UNCONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2024

4.10 Taxation

4.10.1 Current

Provision of current taxation is based on taxable income for the year determined in accordance with the prevailing laws of taxation on income earned for local as well as foreign operations, as applicable to the respective jurisdictions. The charge for the current tax also includes adjustments wherever considered necessary relating to prior years, arising from assessments framed during the year.

4.10.2 Deferred

Deferred tax is provided on all temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses, to the extent that it is probable that taxable profits will be available against which the deductible temporary differences and unused tax losses can be utilized. Deferred tax is not recognised on differences relating to investment in subsidiaries and branches to the extent the deductible temporary difference probably will not reverse in the foreseeable future.

The carrying amount of deferred tax assets are reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit or deductible temporary differences will be available to allow all or part of the deferred income tax asset to be utilized.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to gain / loss recognised on surplus on revaluation of assets is charged / credited to such account.

4.11 Employee benefits

4.11.1 Defined benefit plans

The Bank operates an approved funded pension scheme, an un-funded post retirement medical benefits scheme and an un-funded benevolent scheme for its eligible employees. The Bank also operates an un-funded gratuity scheme for its eligible contractual employees. An actuarial valuation of all defined benefit schemes is conducted every year. The valuation uses the Projected Unit Credit Method. Remeasurements of the net defined benefit liability / assets which comprise actuarial gains and losses, return on plan assets (excluding interest) and the effect of asset ceiling (if any, excluding interest) are recognised immediately in other comprehensive income. Past-service costs are recognised immediately in the statement of profit and loss account when the plan amendment occurs.

4.11.2 Other employee benefits

4.11.2.1 Employees' compensated absences

The Bank also makes provision in these unconsolidated financial statements for its liability towards compensated absences. This liability is estimated on the basis of actuarial advice under the Projected Unit Credit Method.

4.12 Revenue recognition and Mark up / Non Mark Up income

Revenue is recognised to the extent that the economic benefits associated with a transaction will flow to the Bank and the revenue can be reliably measured.

4.12.1 Advances and investments

Income on loans and advances and debt security investments are recognised on a time proportion basis that takes into account effective yield on the asset. In case of advances and investments, profit suspended in compliance with the Prudential Regulations issued by the SBP is recognised on receipt basis.

NOTES TO AND FORMING PART OF THE UNCONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2024

Interest / mark-up on rescheduled / restructured advances and investments is recognized in accordance with the Prudential Regulations issued by SBP.

Where debt securities (excluding held for trading securities / FVTPL) are purchased at a premium or discount, those premiums / discounts are amortised through the statement of profit and loss account over the remaining maturity.

4.12.2 Non mark-up / interest income

The Bank earns fee and commission income from certain non-funded banking services. The related fee and commission income is recognised at an amount that reflects the consideration to which the Bank expects to be entitled in exchange for providing the services. The recognition of fee and commission income depends on the purpose for which the fees are received. Fee and commission income is recognised when or as an entity satisfies the performance obligation, either over time or at a specific point of time. Unearned fees and commissions are included under other liabilities.

Commission on letters of credit and guarantees is recognized on time proportion basis.

Dividend income on equity investments and mutual funds is recognised when right to receive is established.

Gains and losses on disposal of investments, property and equipment, intangible assets and Ijarah assets are dealt with through the statement of profit and loss account in the year in which they arise.

Gain or loss on sale / modification of financial assets is included in the unconsolidated statement of profit and loss account in the period in which they arise.

4.12.3 Lease financing

Income from lease financing is accounted for using the financing method. Under this method, the unearned lease income (defined as the sum of total lease rentals and estimated residual value less the cost of the leased assets) is deferred and taken to income over the term of the lease so as to produce a constant periodic rate of return on the outstanding net investment in the lease. Gains or losses on termination of lease contracts are recognised through the statement of profit and loss account when these are realised. Unrealised lease income and other fees on classified leases are recognised on a receipt basis.

4.13 Net investment in finance lease

Leases where the bank transfers substantially all the risks and rewards incidental to ownership of the assets to the lessee are classified as finance leases. Net investment in finance lease is recognised at an amount equal to the aggregate of present value of minimum lease payments including any guaranteed residual value and excluding unearned finance income, write-offs and provision for doubtful lease finances, if any.

4.14 Foreign currencies translation and foreign operation

4.14.1 Foreign currencies translation

The Bank's unconsolidated financial statements are presented in Pak Rupees (Rs.) which is the Bank's functional and presentation currency.

Foreign currency transactions are converted into Rupees applying the exchange rate at the date of the respective transactions. Monetary assets and liabilities in foreign currencies and assets / liabilities of foreign branches are translated into Rupees at the rates of exchange prevailing at the statement of financial position date. Forward foreign exchange contracts are valued at the rates applicable to their respective maturities. All gains or losses on dealing in foreign currencies are taken to the statement of profit and loss account.

Commitments for outstanding forward foreign exchange contracts are disclosed in these unconsolidated financial statements at committed amounts. Contingent liabilities / commitments for letters of credit and letters of guarantee denominated in foreign currencies are expressed in Rupee terms at the rates of exchange prevailing at the statement of financial position date.

NOTES TO AND FORMING PART OF THE UNCONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2024

4.14.2 Foreign operation

Statement of profit and loss account balances of foreign branches are translated at average exchange rate prevailing during the year. Gains and losses on translation are included in the profit and loss account except gains / losses arising on translation of net assets of foreign branches, which is credited to the statement of comprehensive income.

Statement of financial position balances of foreign branches are translated at exchange rate prevailing at statement of financial position date. Gains and losses on translation are included in the statement of profit and loss account except gains / losses arising on translation of net assets of foreign branches, which is credited to the statement of comprehensive income.

4.15 Credit Allowance for off balance sheet obligations

ECL for guarantees, claims and other off balance sheet obligations are made when the bank has legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and a reliable estimate of amount can be made. ECL against off balance sheet items created based on ORR or Days past dues of borrows and based on CCF factor on undrawn commitments. Charge to profit and loss account is stated net of expected recoveries.

4.16 Off setting

Financial assets and financial liabilities are only set off and the net amount is reported in the unconsolidated financial statements when there is a legally enforceable right to set off and the Bank intends either to settle on a net basis, or to realise the assets and to settle the liabilities simultaneously.

4.17 Fiduciary assets

Assets held in a fiduciary capacity are not treated as assets of the Bank in the statement of financial position.

4.18 Dividend and other appropriations

Dividend and other appropriation to reserves, except appropriations which are required by the law, are recognised in the Bank's unconsolidated financial statements in the year in which these are approved.

4.19 Earnings per share

The Bank presents basic and diluted earnings per share (EPS) for its shareholders. Basic EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Bank by the weighted average number of ordinary shares outstanding during the year. Diluted EPS is determined by adjusting the statement of profit and loss account attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding for the effects of all dilutive potential ordinary shares, if any. There were no dilutive potential ordinary shares in issue at December 31, 2024.

4.20 Bai Muajjal

Bai Muajjal transactions represent sales of Sukuks on a deferred payment basis and are shown in lendings to financial institutions except for transactions undertaken directly with the Government of Pakistan which are disclosed as investments.

The difference between the deferred payment amount receivable and the carrying value at the time of sale is accrued and recorded as income over the life of the transaction.

4.21 Acceptances

Acceptances comprise undertakings by the Bank to pay bill of exchange drawn on customers. Acceptances are recognised as financial liability in the statement of financial position with a contractual right of reimbursement from the customer as a financial asset. Therefore, commitments in respect of acceptances have been accounted for as on balance sheet financial assets and financial liabilities.

NOTES TO AND FORMING PART OF THE UNCONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2024

4.22 Segment reporting

A segment is a distinguishable component of the Bank that is subject to risks and rewards that are different from those of other segments. A business segment is one that is engaged either in providing certain products or services, where as a geographical segment is one engaged in providing certain products or services within a particular economic environment. Segment information is presented as per the Bank's functional and management reporting structure.

Business segments

The Bank's primary segment reporting is based on the following business segments:

- i. **Retail Banking Group** includes retail lending and deposits, banking services, cards and branchless banking.
- ii. **Inclusive Development Group** consists of loans to individuals, agriculture, SME, commodity and commercial customers.
- iii. **Corporate and Investment Banking Group** offers a wide range of financial services to medium and large sized public and private sector entities. These services include, providing and arranging tenured financing, corporate advisory, underwriting, cash management, trade products, corporate finance products and customer services.
- iv. **Treasury** includes fixed income, equity, foreign exchange, credit, funding, own position securities, lendings and borrowings and derivatives for hedging and market making.
- v. **International Financial Institution and Remittance Group** includes the results of all international branches, correspondent banking business and global remittances. This represents Bank's operations in 11 countries including Pakistan and 16 branches including one branch in Export Processing Zone in Pakistan.
- vi. **Aitemaad and Islamic Banking Group** provides shariah compliant services to customers including loans, deposits and other transactions.
- vii. **Head Office / Others** includes the head office related activities and other functions which cannot be classified in any of the above segments.

Geographical segments

The Bank is managed along the following geographic lines for monitoring and reporting purposes:

- i. Pakistan (including branch in Export Processing Zone)
- ii. Asia Pacific (including South Asia)
- iii. Europe
- iv. United States of America
- v. Middle East

5 CLOSURE OF FOREIGN SUBSIDIARIES AND OPERATIONS

In line with SBP Governance Framework 2018, the Board of Directors (BoD) in its 302nd meeting held on January 20 & 21, 2020 had accorded the approval of International Strategy. As per approved Strategy, the BoD allowed closure of all locations in Central Asian Republics. Closure of three (3) locations i.e. Azerbaijan (Baku), Kyrgyzstan (Bishkek) and Kazakhstan (Almaty) got delayed due to challenges faced in the settlement of non-performing loans while others have already been closed.

NOTES TO AND FORMING PART OF THE UNCONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2024

The tentative timeline for closure of operations at these (3) locations is as under:

1)	JSC SB "National Bank of Pakistan in Kazakhstan" Almaty	31.03.2025
2)	National Bank of Pakistan, Bishkek Branch – Kyrgyz Republic	31.03.2025
3)	National Bank of Pakistan, Baku Branch – Azerbaijan	31.03.2025

The Board of Directors in its 316th meeting held on January 06 & 11, 2021 had accorded the approval to scale down Bangladesh Operations. Later-on, the Board of Directors in its 349th meeting held on June 19, 2023 approved exit from Bangladesh preferably by exploring the options of merger with an existing bank or sale of license / entire business to a new buyer. In this regard, relevant activities have been initiated.

The BoD in its 327th meeting held on January 17, 2022 accorded the approval of exiting from France. After complying to all regulatory requirements, the Bank has closed down its operations in Paris with effect from December 31, 2024.

Further, in line with NBP BoD directives, the Bank voluntarily surrendered its New York Branch's banking license with NYSDFS' approval and closed the branch in October 2024.

6 APPLICATION OF NEW AND REVISED INTERNATIONAL FINANCIAL REPORTING STANDARDS (IFRSS)

6.1 IFRS 9 - 'Financial Instruments'

As per the SBP BPRD Circular Letter No. 07 of 2023 dated April 13, 2023, IFRS 9 is applicable on banks with effect from January 01, 2024. IFRS 9 brings fundamental changes to the accounting for financial assets and to certain aspects of accounting for financial liabilities. To determine appropriate classification and measurement category, IFRS 9 requires all financial assets, except equity instruments, to be assessed based on combination of the entity's business model for managing the assets and the instruments' contractual cash flows characteristics. The adoption of IFRS 9 has also fundamentally changed the impairment method of financial assets with a forward-looking Expected Credit Losses (ECL) approach.

The SBP through BPRD Circular Letter No. 16 dated July 29, 2024 and BPRD Circular Letter No. 01 dated January 22, 2025 (Letters) has made certain amendments and clarified the timelines of some of the SBP's IFRS 9 Application Instructions to address the matters raised by the banks to ensure compliance by the timelines. The Letters have provided clarifications / relaxations on measurement of unquoted equity securities, modification accounting, maintenance of general provisions over and above ECL, accounting methodology for Islamic Banking Institutions and treatment of charity. Accordingly, the Bank has adopted the treatment as instructed in the aforementioned Letters in these unconsolidated financial statements. In addition, the SBP in a separate instruction SBPHOK-BPRD-RPD-NBP-821909 dated January 22, 2025 has allowed extension for application of Effective Interest Rate up to December 31, 2025.

On application of IFRS 9, certain accounting policies have been revised to comply with the requirements of IFRS 9. The revised accounting policies have been disclosed in their respective policy notes in these unconsolidated financial statements.

The SBP has directed the Banks through its BPRD Circular Letter No.1 dated January 22, 2025 to disclose the impact of IFRS 9 on revenue recognition from Islamic Operations which is as follows:

Had IFRS 9 been adopted in its entirety for revenue recognition from Islamic operations profit / return earned on Islamic financing and related assets in unconsolidated statement of profit and loss account for the year ended December 31, 2024 would have been higher by Rs. 135 million and taxation would have been higher by Rs 73 million. Further, an unappropriated profit in unconsolidated statement of changes in equity would have been higher by Rs 62 million.

Application to the Bank's financial assets

Debt based financial assets

Debt based financial assets held by the Bank include: Advances, lending to financial institutions, investment in Federal Government securities, corporate bonds and other private sukuks, cash and balances with treasury banks, balances with other banks, and other financial assets.

NOTES TO AND FORMING PART OF THE UNCONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2024

a) These are measured at amortised cost if these assets meet both of the following conditions and are not designated as fair value through profit and loss (FVTPL):

- the assets are held within a business model whose objective is to hold assets to collect contractual cash flows; and
- the contractual terms of the financial assets give rise on specified dates to cash flows that are solely payments of principal and interest / profit on the principal amount outstanding.

The Bank's business model for these financial assets can still be held to collect (HTC) even when sales of these financial assets occur. However, if more than an infrequent number of sales of significant value are made, the Bank assesses whether and how the sales are consistent with the HTC objective.

b) Debt based financial assets are measured at fair value through other comprehensive income (FVOCI) only if these meet both of the following conditions and are not designated as FVTPL:

- the asset are held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest / profit on the principal amount outstanding.

c) Debt based financial assets if these are held for trading purposes are classified as measured at FVTPL.

In addition, on initial recognition, the Bank may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost or at FVOCI or at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

The Bank performed a detailed analysis of its business models for managing financial assets and analysis of their contractual cash flows characteristics.

	Provision as per current regulatory framework	Remeasurement (ECL)	Reclassification	ECLs under IFRS 9
Impairment allowance against:	------(Rupees in '000)-----			
Cash and balances with treasury banks	-	18,713	-	18,713
Balances with Other Banks	117,033	36	-	117,069

Off-balance sheet obligations	627,494	4,049,283	-	4,676,777
Total	258,136,477	43,956,263	(12,665,194)	289,427,546

6.1.1 Adoption impacts

The Bank has adopted IFRS 9 effective from January 01, 2024 with modified retrospective approach as permitted under IFRS 9. The cumulative impact of initial application of Rs. 12,003 million has been recorded as an adjustment to equity at the beginning of the current accounting period.

The following table reconciles the carrying amounts of financial assets, from their previous measurement category in accordance with previous local regulations to their new measurement categories upon transition to IFRS 9 on January 01, 2024 :

NOTES TO AND FORMING PART OF THE UNCONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2024

6.2 Classification

Financial assets

Under IFRS 9, existing categories of financial assets: Held for trading (HFT), Available for sale (AFS), Held to maturity (HTM) and loans and receivables have been replaced by:

- Financial assets at fair value through profit or loss account (FVTPL)
- Financial assets at fair value through other comprehensive income (FVOCI)
- Financial assets at amortised cost

Financial liabilities

Under IFRS 9, the accounting for financial liabilities remains largely the same as before adoption of IFRS 9 and thus financial liabilities are being carried at amortised cost except for derivatives which are being measured at FVTPL.

6.2.1 Business model:

The Bank determines its business model at the level that best reflects how it manages groups of financial assets to achieve its business objective.

The Bank's business model is not assessed on an instrument-by-instrument basis, but at a higher level of aggregated portfolios and is based on observable factors such as:

- The objectives for the portfolio, in particular, whether management's strategy focuses on earning contractual revenue, maintaining a particular yield profile, matching the duration of the financial assets to the duration of the liabilities that are funding those assets or realising cash flows through the sale of the assets;
- How the performance of the business model and the financial assets held within that business model are evaluated and reported to the Bank's key management personnel;
- The risks that affect the performance of the business model (and the financial assets held within that business model) and, in particular, the way those risks are managed; and
- The expected frequency, value and timing of sales are also important aspects of the Bank's assessment. However, information about sales activity is not considered in isolation, but as part of an overall assessment of how the Bank's stated objective for managing the financial assets is achieved and how cash flows are realised.

The business model assessment is based on reasonably expected scenarios without taking 'worst case' or 'stress case' scenarios into account.

Eventually, the financial assets fall under either of the following three business models:

- i) Hold to Collect (HTC) business model: Holding assets in order to collect contractual cash
- ii) Hold to Collect and Sell (HTC&S) business model: Collecting contractual cash flows and selling financial assets
- iii) Other business models: Resulting in classification of financial assets as FVTPL

NOTES TO AND FORMING PART OF THE UNCONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2024

6.2.2 Assessments whether contractual cash flows are solely payments of principal and interest / profit (SPPI)

As a second step of its classification process, the Bank assesses the contractual terms of financial assets to identify whether they meet the SPPI test. 'Principal' for the purpose of this test is defined as the fair value of the financial asset at initial recognition and may change over the life of the financial asset (for example, if there are repayments of principal or amortisation of the premium / discount). The most significant elements of interest / profit within a financing arrangement are typically the consideration for the time value of money and credit risk. To make the SPPI assessment, the Bank applies judgment and considers relevant factors such as, but not limited to, the currency in which the financial asset is denominated, and the period for which the interest / profit rate is set. Where the contractual terms introduce exposure to risk or volatility that are inconsistent with basic lending arrangement, the related financial asset is classified and measured at FVTPL.

6.2.3 Application to the Bank's financial assets

Debt based financial assets

Debt based financial assets held by the Bank include: advances, lending to financial institutions, investment in federal government securities, corporate bonds and other private sukuks, cash and balances with treasury banks, balances with other banks, and other financial assets.

a) These are measured at amortised cost if they meet both of the following conditions and are not designated as FVTPL:

- the assets are held within a business model whose objective is to hold assets to collect contractual cash flows; and
- the contractual terms of the financial assets give rise on specified dates to cash flows that are solely payments of principal and interest / profit on the principal amount outstanding.

The Bank's business model for these financial assets can still be HTC even when sales of these financial assets occur. However, if more than an infrequent number of sales of significant value are made, the Bank assesses whether and how the sales are consistent with the HTC objective.

b) Debt based financial assets are measured at FVOCI only if these meet both of the following conditions and are not designated as FVTPL:

- the asset are held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest / profit on the principal amount outstanding.

c) Debt based financial assets if these are held for trading purposes are classified as measured at FVTPL.

In addition, on initial recognition, the Bank may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost or at FVOCI as at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

Equity instruments

Equity instruments are instruments that meet the definition of equity from the issuer's perspective; that is, instruments that do not contain a contractual obligation to pay and that evidence a residual share in the issuer's net assets.

The Bank measures all equity investments at fair value through profit or loss, except where the Bank's management has elected, at initial recognition, to irrevocably designate an equity investment at fair value through other comprehensive income. The Bank's policy is to designate equity investments as FVOCI when

NOTES TO AND FORMING PART OF THE UNCONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2024

those investments are held for purposes other than for trading. When this election is used, fair value gains and losses are recognised in OCI and are not subsequently reclassified to the statement of profit and loss account, including on disposal. Impairment losses (and reversal of impairment losses) are not reported separately from other changes in fair value. Dividends, when representing a return on such investments, continue to be recognised in the statement of profit and loss account as income when the Bank's right to receive payments is established.

IFRS 9 has removed the requirement for impairment assessments on equity investments. However, under BPRD Circular Letter No. 16 of 2024, dated July 29, 2024, Banks may continue to measure unquoted equity securities at the lower of cost or break-up value until December 31, 2024. Starting January 1, 2025, Banks will be required to measure unquoted equity securities at fair value, as mandated by the IFRS 9 application guidelines. For unquoted securities where the break-up value is lower than the cost, the difference has been classified as a loss and charged to the statement of profit and loss account.

Gains and losses on equity instruments at FVTPL are included in the 'Gain on sales of securities' line in the statement of profit and loss account.

6.2.4 Initial recognition and subsequent measurement

Financial assets and financial liabilities are recognised when the entity becomes party to the contractual provisions of the instrument. Regular way purchases and sales of financial assets are recognised on trade date, the date on which the Bank purchases or sells the asset. Other financial assets and liabilities like advances, lending to financial institutions, deposits etc. are recognised when funds are transferred to the customers' account or financial institutions. However, for cases, where funds are transferred on deferred payment basis, recognition is done when underlying asset is purchased.

a) Amortised cost (AC)

Financial assets and financial liabilities under amortised cost category are initially recognised at fair value adjusted for directly attributable transaction costs. These are subsequently measured at amortised cost. An expected credit loss allowance (ECL) is recognised for financial assets in the unconsolidated statement of profit and loss account. Interest income / profit / expense on these assets / liabilities are recognised in the unconsolidated statement of profit and loss account. On derecognition of these financial assets and liabilities, capital gain / loss will be recognised in the unconsolidated statement of profit and loss account.

b) Fair value through other comprehensive income (FVOCI)

Financial assets under FVOCI category are initially recognised at fair value adjusted for directly attributable transaction costs. These assets are subsequently measured at fair value with changes recorded in OCI. An expected credit loss allowance (ECL) is recognised for debt based financial assets in the unconsolidated statement of profit and loss account. Interest / profit / dividend income on these assets are recognised in the unconsolidated statement of profit and loss account. On derecognition of debt based financial assets, capital gain / loss will be recognised in the unconsolidated statement of profit and loss account. For equity based financial assets classified as FVOCI, capital gain / loss is transferred from surplus / deficit to unappropriated profit.

c) Fair value through profit or loss (FVTPL)

Financial assets under FVTPL category are initially recognised at fair value. Transaction costs will be directly recorded in the unconsolidated statement of profit and loss account. These assets are subsequently measured at fair value with changes recorded in the unconsolidated statement of profit and loss account. Interest / dividend income on these assets are recognised in the unconsolidated statement of profit and loss account. On derecognition of these financial assets, capital gain / loss will be recognised in the unconsolidated statement of profit and loss account. An expected credit loss allowance (ECL) is not recognised for these financial assets.

NOTES TO AND FORMING PART OF THE UNCONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2024

6.2.5 Derecognition

Financial assets

The Bank derecognises a financial asset when:

- the contractual rights to the cash flows from the financial asset expire;
- it transfers the rights to receive the contractual cash flows in a transaction in which either:
- substantially all of the risks and rewards of ownership of the financial asset are transferred; or
- the Bank neither transfers nor retains substantially all of the risks and rewards of ownership and it does not retain control of the financial asset.

The Bank enters into transactions whereby it transfers assets recognised in its unconsolidated annual statement of financial position, but retains either all or substantially all of the risks and rewards of the transferred assets. In these cases, the transferred assets are not derecognised.

Financial liabilities

The Bank derecognises a financial liability when its contractual obligations are discharged or cancelled, or expired. The Bank also derecognises a financial liability when its terms are modified and the cash flows of the modified liability are substantially different, in which case a new financial liability based on the modified terms is recognised at fair value.

On derecognition of a financial liability, the difference between the carrying amount extinguished and the consideration paid (including any non-cash assets transferred or liabilities assumed) is recognised in the unconsolidated financial statement of profit and loss account.

6.2.6 Modification

The Bank sometimes renegotiates or otherwise modifies the contractual cash flows of financing to its customers. The Bank assesses whether the modified terms result in the financial asset being significantly modified and therefore derecognised. When the contractual cash flows of a financial asset are renegotiated or otherwise modified and the renegotiation or modification does not result in the derecognition of that financial asset in accordance with IFRS 9, the Bank recalculates the gross carrying amount of the financial asset and shall recognise a modification gain or loss in unconsolidated statement of profit and loss account. The gross carrying amount of the financial asset is recalculated as the present value of the renegotiated or modified contractual cash flows that are discounted at the financial asset's original effective interest rate (or credit-adjusted effective interest rate for purchased or originated credit-impaired financial assets). Any costs or fees incurred adjust the carrying amount of the modified financial asset and are amortised over the remaining term of the modified financial asset.

6.3 Expected Credit Loss (ECL)

The Bank assesses on a forward-looking basis the expected credit losses ('ECL') associated with all advances and other debt financial assets not held at FVTPL, together with letter of credit, guarantees and unutilised financing commitments hereinafter referred to as "Financial Instruments". The Bank recognises a loss allowance for such losses at each reporting date. The measurement of ECL reflects:

- an unbiased and probability-weighted amount that is determined by evaluating a range of possible outcomes;
- the time value of money; and
- reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions.

NOTES TO AND FORMING PART OF THE UNCONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2024

The ECL allowance is based on the credit losses expected to arise over the life of the asset (the lifetime expected credit loss or LTECL), unless there has been no significant increase in credit risk since origination, in which case, the allowance is based on the 12 months' expected credit loss (12mECL). The 12mECL is the portion of LTECLs that represent the ECLs that result from default events on a financial instrument that are possible within the 12 months after the reporting date. Both LTECLs and 12mECLs are calculated at facility level.

The Bank has established a policy to perform an assessment, at the end of each reporting period, of whether a financial instrument's credit risk has increased significantly since initial recognition, by considering the change in the risk of default occurring over the remaining life of the financial instrument. The Bank considers an exposure to have significantly increased in credit risk when there is considerable deterioration in the internal rating grade for subject customer. The Bank also applies a secondary qualitative method for triggering a significant increase in credit risk for an asset, such as moving a customer / facility to the watch list, or the account becoming forborne. Regardless of the change in credit grades, generally, the Bank considers that there has been a significant increase in credit risk when contractual payments are more than 60 days past due. When estimating ECLs on a collective basis for a group of similar assets, the Bank applies the similar principles for assessing whether there has been a significant increase in credit risk since initial recognition.

Based on the above process, the Bank groups its loans into Stage 1, Stage 2 and Stage 3, as described below:

Stage 1:	When financial instruments are first recognised, the Bank recognises an allowance based on 12mECLs. Stage 1 financial instruments also include facilities where the credit risk has improved and these have been reclassified from Stage 2. The 12mECL is calculated as the portion of LTECLs that represent the ECLs that result from default events on a financial instrument that are possible within the 12 months after the reporting date. The Bank calculates the 12mECL allowance based on the expectation of a default occurring in the 12 months following the reporting date. These expected 12-month default probabilities are applied to a forecast Exposure At Default (EAD) and multiplied by the expected LGD and discounted by an approximation to the original Effective Interest Rate (EIR). This calculation is made for all the scenarios.
Stage 2:	When a financial instrument has shown a significant increase in credit risk since origination, the Bank records an allowance for the LTECLs. Stage 2 also includes facilities, where the credit risk has improved and the instrument has been reclassified from Stage 3. The mechanics are similar to those explained above, including the use of multiple scenarios, but PDs are applied over the lifetime of the instrument. The expected cash flows are discounted by an approximation to the original EIR.
Stage 3:	For financial instruments considered credit-impaired, the Bank recognises the LTECLs for these instruments. The Bank uses a PD of 100% and LGD as computed for each portfolio or as prescribed by the SBP.
Undrawn financing commitments	When estimating LTECLs for undrawn financings commitments, the Bank estimates the expected portion of the financings commitment that will be drawn down over its expected life. The ECL is then based on the present value of the expected cash flows if the financings is drawn down, based on a probability-weighting of the three scenarios. For revolving facilities that include both a financings and an undrawn commitment, ECLs are calculated on un-drawn portion of the facility and presented within other liabilities.
Guarantee and letters of credit contracts	The Bank estimates ECLs based on the BASEL driven and internally developed credit conversion factor (CCF) for guarantee and letter of credit contracts respectively. The calculation is made using a probability weighting of the three scenarios. The ECLs related to guarantee and letter of credit contracts are recognised within other liabilities.

NOTES TO AND FORMING PART OF THE UNCONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2024

The calculation of ECLs

The Bank calculates ECLs based on a three probability-weighted scenarios to measure the expected cash flows, discounted at an approximation to the EIR.

The mechanics of the ECL calculations are outlined below and the key elements are, as follows:

- PD** The Probability of Default is an estimate of the likelihood of default over a given time horizon. A default may only happen at a certain time over the assessed period, if the facility has not been previously derecognised and is still in the portfolio. PD is estimated based on transitioning among credit states. Credit states are defined by rating classes and are based on the Bank's internal risk ratings (i.e. from 1 to 12). Through the yearly review of the non-consumer portfolio, the Bank has drawn a yearly transition matrix of ratings to compute a count based PD over the one year horizon for the last 11 years. PDs for Non rated portfolios are calculated based on Days Past Due (DPD) bucket level for each segment separately. Where practical, they also build on information from External Rating Agencies. PDs are then adjusted for IFRS 9 ECL calculations to incorporate forward looking information.
- EAD** The Exposure at Default (EAD) is an estimate of the exposure at a future default date, taking into account expected changes in the exposure after the reporting date, including repayments of principal and profit, whether scheduled by contract or otherwise, expected drawdowns on committed facilities, and accrued interest / profit from missed payments. The maximum period for which the credit losses are determined is the contractual life of a financial instrument unless the Bank has a legal right to call it earlier. The Bank's product offering includes a variety of corporate and retail facilities, in which the Bank has the right to cancel and / or reduce the facilities with one day notice. However, in case of revolving facilities, the Bank does not limit its exposure to credit losses to the contractual notice period, but, instead calculates ECL over a period that reflects the Bank expectations of the customer behaviour, its likelihood of default and the Bank future risk mitigation procedures, which could include reducing or cancelling the facilities.
- LGD** The Loss Given Default is an estimate of the loss arising in the case where a default occurs at a given time. It is based on the difference between the contractual cash flows due and those that the lender would expect to receive, including from the realisation of any collateral. It is usually expressed as a percentage of the EAD.

The discount rate used to discount the ECLs is based on the effective interest rate that is expected to be charged over the expected period of exposure to the facilities. In the absence of computation of the effective interest rate (at reporting date), the Bank uses an approximation e.g. contractual rate (at reporting date).

Effective interest rate is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial asset or financial liabilities to the gross carrying amount of a financial asset or to the amortised cost of a financial liability.

To mitigate its credit risks on financial assets, the Bank seeks to use collateral, where possible. The Bank considers only those collaterals as eligible collaterals in the EAD calculation which have the following characteristics:

- History of legal certainty and enforceability
- History of enforceability and recovery

When estimating the ECLs, the Bank considers three scenarios (a base case, a best case, a worst case). Each of these is associated with different PDs.

The Bank's management has only considered cash, liquid securities, and Government of Pakistan guarantees as eligible collaterals, while calculating EADs.

The credit exposures (in local currency) that have been guaranteed by the Government and Government Securities are exempted from the application of ECL calculation.

NOTES TO AND FORMING PART OF THE UNCONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2024

As per BPRD Circular No. 03 of 2022 dated July 05, 2022 and BPRD Circular Letter No. 16 of 2024 dated July 29, 2024, ECL of Stage 1 and Stage 2 is calculated as per IFRS 9, while ECL of Stage 3 has been calculated based on higher of either the Prudential Regulations or IFRS 9 at borrower / facility level for corporate / commercial / SME loan portfolios and at segment / product basis for retail portfolio.

Forward looking information

In its ECL models, the Bank relies on range of the following forward looking information as economic inputs, such as:

- GDP Growth
- Consumer Price Index
- Unemployment rate

Definition of default

The concept of "impairment" or "default" is critical to the implementation of IFRS 9 as it drives determination of risk parameters, i.e. PD, LGD and EAD.

As per BPRD Circular No. 03 of 2022 dated July 05, 2022 and BPRD Circular Letter No. 16 of 2024 dated July 29, 2024, ECL of Stage 1 and Stage 2 is calculated as per IFRS 9, while ECL of Stage 3 has been calculated based on higher of Prudential Regulations or IFRS 9 at borrower / facility level for corporate / commercial / SME loan portfolios and at segment / product basis for retail portfolio.

This implies that if one facility of a counterparty becomes 90+ DPD in repaying its contractual dues or as defined in PRs; all other facilities would deem to be classified as stage 3.

Write-offs

The Bank's accounting policy under IFRS 9 remains the same as it was under SBP regulations / existing reporting framework.

6.4 Non-current assets (or disposal groups) held-for-sale

Non-current assets (or disposal groups) are classified as assets held-for-sale if their carrying amount will be recovered principally through a sale transaction rather than continuing use and a sale is considered highly probable. They are measured at the lower of their carrying amount and fair value less costs to sell.

An impairment loss is recognised for any initial or subsequent write-down of the asset (or disposal group) to fair value less costs to sell. A gain is recognised for any subsequent increases in fair value less costs to sell of an asset (or disposal group), but not in excess of any cumulative impairment loss previously recognised. A gain or loss not previously recognised by the date of the sale of the non-current asset (or disposal group) is recognised at the date of derecognition.

Non-current assets (including those that are part of a disposal group) are not depreciated or amortised while they are classified as held for sale. Non-current assets classified as held for sale and the assets of a disposal group classified as held for sale are presented separately from the other assets in the statement of financial position. The liabilities of a disposal group classified as held for sale are presented separately from other liabilities in the statement of financial position.

11.6.2 General provision includes provision amounting to Rs.90 million (December 31, 2023: Rs. 270 million) pertaining to overseas advances to meet the requirements of regulatory authorities of the respective countries in which the Bank operates where IFRS 9 has not been implemented. This general provision can be maintained till December 31, 2026 under BPRD circular No. 1 of 2025 dated January 22, 2025.

11.6.3 The SBP has allowed specific relaxation to the Bank for non-classification of overdue loans of certain Public Sector Entities (PSEs) which are guaranteed by Government of Pakistan as non-performing loans up till December 31, 2024. No provision is required against these loans; however, mark-up is being suspended as required by the Prudential Regulations. Further SBP has allowed specific relaxation on the requirement for ECL against overdue foreign currency loans of certain Public Sector Entities, either uptill December 31, 2024 or permanently.

11.6.4 These represent non-performing advances for agriculture finance which have been classified as loss and fully provided for more than 3 years. These non-performing advances have been charged off by extinguishing them against the provision held in accordance with Prudential Regulations for Agriculture Financing issued by the SBP. This charge off does not, in any way, prejudice the Bank's right of recovery from these customers.

11.7 Particulars of write offs:

	Note	2024	2023
		(Rupees in '000)

12.2.1 Revaluation of Properties

The properties of the Bank have been revalued by the independent professional valuer as at December 31, 2024. The revaluation was carried out by independent professional valuers, KGT (Pvt) Limited & IMTECH (Pvt). Ltd (PBA registered valuers) on the basis of professional assessment of present market values. The total surplus against revaluation of property and equipment as at December 31, 2024, amounts to Rs. 2,338 million. Had there been no revaluation, the carrying amount of the revalued assets at December 31, 2024, would have been as follows:

	2024	2023
----- (Rupees in '000) -----		
Freehold land	1,132,637	1,132,637
Leasehold land	890,025	890,025
Building on freehold land	1,538,271	1,076,598
Building on leasehold land	2,142,244	2,006,052
	5,703,177	5,105,312

NOTES TO AND FORMING PART OF THE UNCONSOLIDATED FINANCIAL STATEMENTS

Closing balance	12,655,396	12,495,413

NOTES TO AND FORMING PART OF THE UNCONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2024

15.6	Credit loss allowance held against mark-up receivable	2024	2023
		------(Rupees in '000)-----	
	Opening balance	-	-
	Impact of ECL recognition on adoption of IFRS-9	1,125,218	-
	Charge for the period	100,640	-
	Closing balance	1,225,858	-

15.7 During the year, the Bank has adjusted an amount of Rs. 8,797 million (2023: Rs. 9,099 million) against its advance tax liability and demand of previous tax year against income tax refunds receivables. Further, refunds amounting to Rs. Nil million (2023: 10,650 million) were also determined.

15.8 This represents fair value loss arising from the restructuring of Pakistan International Airlines Corporation Limited (PIACL). The SBP through its Circular Letter No. BPRD / BRD / PIAHCL / 733688 – 2024 dated August 01, 2024 has allowed staggering of such fair value impact over a period of 06 years at rates 5%, 10%, 15%, 20%, 25% and 25% from year 01 to year 06. Accordingly, the Bank has recognised proportionate amount of 1st year’s 5% of loss in these unconsolidated financial statements.

23 RESERVES

Exchange translation reserve

This comprises all foreign currency differences arising from the translation of the financial statements of foreign operations.

Statutory reserve

Every bank incorporated in Pakistan is required to transfer 20% of their profits to a statutory reserve until the reserve equals share capital, thereafter 10% of the profits of the Bank are to be transferred to this reserve.

Merger reserve

As per the Scheme of Amalgamation, all the assets, liabilities and obligations of NBP Leasing Limited were merged with, transferred to, vested in and assumed by the Bank as at the effective date July 31, 2017. The reserve represents the excess of net assets transferred to the Bank over its investment in NBP Leasing Limited.

NOTES TO AND FORMING PART OF THE UNCONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2024

25.2.1	Commitments in respect of forward foreign exchange contracts	2024	2023
		------(Rupees in '000)-----	
	Purchase	419,040,101	412,870,783
	Sale	218,141,239	243,064,575
		<u>637,181,340</u>	<u>655,935,358</u>

Commitments for outstanding forward foreign exchange contracts are disclosed in these unconsolidated financial statements at contracted rates. Commitments denominated in foreign currencies are expressed in rupee terms at the rates of exchange prevailing at the statement of financial position date.

25.2.2	Commitments in respect of forward government securities transactions	2024	2023
		------(Rupees in '000)-----	
	Purchase	74,167,535	11,493,136
	Sale	5,420,000	15,825,793
		<u>79,587,535</u>	<u>27,318,929</u>

Commitments for outstanding forward government securities transactions are disclosed in these unconsolidated financial statements at contracted rates.

25.2.3	Commitments in respect of forward lending	2024	2023
		------(Rupees in '000)-----	
	Undrawn formal standby facilities, credit lines and other commitments to lend	15,467,596	44,432,555
		<u>15,467,596</u>	<u>44,432,555</u>

25.2.4 These represent commitments that are irrevocable because they cannot be withdrawn at the discretion of the bank without the risk of incurring significant penalty or expense.

25.2.5	Other commitments	2024	2023
		------(Rupees in '000)-----	
	Professional services to be received	17,008	20,596
		<u>17,008</u>	<u>20,596</u>
25.3	Other contingent liabilities	25.3.1	26,536,608
			<u>26,628,229</u>

25.3.1 Claims against the Bank not acknowledged as debts includes claims relating to former Mehran Bank Limited amounting to Rs. 1,597 million (2023: Rs. 1,597 million).

25.3.2 Taxation

- The return of income for tax year 2024 has been filed which is treated to be deemed assessment order.
- Honourable ATIR has passed appellate order for tax year 2005 against monitoring order and held that the proceedings are time barred. However, the order of the DCIR remanded back to the assessing officer with the instruction to proceed further if any information is already available with the tax department.

NOTES TO AND FORMING PART OF THE UNCONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2024

- Honourable ATIR has passed appellate order for tax year 2009 against monitoring order and the order passed by the DCIR has been annulled.
- An assessment order was issued by the ACIR for the tax year 2023. In this assessment, the tax authorities have made certain additions. The Bank has contested these additions before the Appellate Tribunal.
- The aggregate effect of contingencies as on Dec 31, 2024 including amount of Rs. 716 million (December 31, 2023: Rs. 1,912 million) in respect of indirect tax issues, amounts to Rs. 35,160 million (December 31, 2023: Rs. 34,730 million). No provision has been made against these contingencies, based on the opinion of tax consultant of the Bank, who expect favorable outcome upon decisions of pending appeals.

25.3.3 Contingencies in respect of employees benefits and related matters

The following are the details of the contingencies arising out of the various legal cases pending adjudication in respect of employees' benefits and related matters. The Bank considers that except for Pensionary benefits note 25.3.3.1, the financial impact of other matters is impracticable to determine with sufficient reliability.

25.3.3.1 Pensionary benefits to retired employees

The Honorable Supreme Court of Pakistan (in Review Jurisdiction) has, by its order dated 27th March 2024, dismissed all the civil review petitions filed by NBP (CRPs No 368 to 409 etc.), as a result of which the Supreme Court decision dated 25th September 2017, in respect of the pension litigation, has now attained finality. Accordingly, and in compliance of the judgement bank has made payments to majority of petitioners as well as non-petitioners.

The Honorable Supreme Court has also directed NBP to pay the arrears of any government increases in pension but to only pensioners who are directly involved and are parties in the aforesaid litigation. However, as things stand at the moment, an off- shoot of the said litigation is presently pending final adjudication in the Supreme Court wherein a different class of pensioners are claiming payment of government increases in pension from NBP. In this case, the Supreme Court has granted NBP interim relief and has suspended the operation of the judgment of the Lahore High Court which had directed NBP to pay such pension increases. As a result, there are now two different views of the Honorable Supreme Court vis a vis the payment of government increases in pension to the pensioners of NBP and the legal position is far from being clear or certain. However, as a matter of abundant caution the Bank has incorporated financial impact in these unconsolidated financial statements for the year ended December 31, 2024.

25.3.3.2 Regularizing the temporary hires / workers deployed by service provider companies under outsourcing arrangements

The Bank outsourced certain non-core jobs to various service provider companies after entering into contracts with them. The resources deployed by the service provider companies were their employees and the said companies have had sole administrative control over these resources. Some of these resources filed writ petitions before the High Courts and National Industrial Relations Commission (NIRC) seeking to be absorbed by the Bank in its regular service based on grounds that they were in fact employees of the Bank. Presently, there are 6 cases on appeal pending at the Supreme Court where these have been clubbed to be heard as one. The Chief Justice of Pakistan has constituted a larger bench comprising of five Judges being headed by himself for adjudication. The case is ongoing and is presently adjourned for a date to be fixed. A favorable outcome of this case is expected.

25.3.3.3 Litigation related to management trainee program

Following the litigation arising out of the order dated September 21, 2016 passed by the Supreme Court in our CA No.1644/2013 out of our CPLA No. 805/2013 filed against order dated March 13, 2013 of the Division Bench of Sindh High Court, Sukkur in CP No. D-417/2010 (the "Decision"), the Bank has substantially paid all the petitioners and non petitioners in accordance with court orders or on the basis of out of court settlements. The matter is now closed.

NOTES TO AND FORMING PART OF THE UNCONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2024

25.4 Foreign exchange repatriation case

While adjudicating Foreign Exchange repatriation cases of exporter namely: M/S Fateh Textile Mills Limited, the Foreign Exchange Adjudicating Court of the State Bank of Pakistan has also adjudicated penalty of Rs. 1,020 million, arbitrarily on the Bank. The Bank has filed appeals before the Appellate Board and Constitutional Petitions in the Honorable High Court of Sindh against the said judgments. The Honorable High Court has granted relief to the Bank by way of interim orders.

As advised by our counsel, NBP has also filed a Constitutional Petition challenging the constitution of the Appellate Board by the Commission and has obtained restraining order on the ground that the Appellate Board constituted by the Commission lacks legal merit in the light of Supreme Court ruling. Our counsel has concluded his arguments in respect of the Foreign Exchange Regulation Appellate Board constitution. However, another petition filed by another company whereby challenging the constitutionality of the Competition Act was also tagged with the petitions filed by the banks.

Based on merits of the appeals management is confident that these appeals shall be decided in favor of the Bank and therefore, no provision has been made against the impugned penalty.

25.5 Compliance and risk matters relating to anti-money laundering at the New York Branch

The bank fully complied with the public enforcement actions issued in February 2022 by the New York State Department of Financial Services (NYDFS) and the Federal Reserve Board. It thereafter decided to close the New York branch. With approval from the NYDFS, the bank's New York branch voluntarily surrendered its banking license to the NYDFS in October 2024. In December 2024, the Federal Reserve Board terminated the enforcement actions issued to NBP/New York Branch in March 2016 & February 2022. The NYDFS does not have a practice of terminating enforcement actions.

NOTES TO AND FORMING PART OF THE UNCONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2024

39 STAFF STRENGTH

	2024	2023
	----- Numbers -----	
Permanent	9,051	9,542
On the Bank's contract	5,747	5,420
Bank's own staff strength at the end of the year	14,798	14,962

39.1 In addition to the above, 1,957 (2023: 1,722) employees of outsourcing services companies were assigned to the Bank as at the end of the year to perform services other than guarding and janitorial services. Out of these, 1,951 employees are working domestically (2023: 1,708) and 6 (2023: 14) abroad respectively.

40 DEFINED BENEFIT PLAN

40.1 General description

General description of the type of defined benefit plan and accounting policy for remeasurements of the net defined liability / asset is disclosed in note 4.11 to the unconsolidated financial statements.

40.2 Number of employees under the scheme

The number of employees covered under the following defined benefit schemes are:

	2024	2023
	----- Numbers -----	
Pension fund	9,051	9,542
Post retirement medical expense	9,051	9,542
Benevolent scheme	9,051	9,542
Gratuity scheme	5,551	5,185
Compensated absences	9,051	9,542

40.3 Principal actuarial assumptions

The actuarial valuations were carried out as at December 31, 2024 using the following significant assumptions:

	2024	2023
	----- per annum -----	
Discount rate	12.25%	15.50%
Expected rate of return on plan assets	12.25%	15.50%
Expected rate of salary increase	10.75%	15.50%
Expected rate of increase in pension	107% for next one year	80% for next one year, 11% onwards
Expected rate of increase in medical benefit	12.25%	15.50%

NOTES TO AND FORMING PART OF THE UNCONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2024

40.9 Components of plan assets - Pension Fund

	2024	2023
	------(Rupees in '000)-----	
Cash and cash equivalents - net	355,898	430,000
Government securities	65,336,734	63,789,305
Shares	750,702	7,509,967
Non-Government debt securities	100,000	100,000
Mutual Funds	2,150,000	8,817,027
	68,693,334	80,646,299

40.9.1 The Funds primarily invests in government securities which do not carry any significant credit risk. These are subject to interest rate risk based on market movements. Investment in term finance certificates are subject to credit risk and interest rate risks, while equity securities are subject to price risk. These risks are regularly monitored by Administrator of the Pension fund.

40.10 Sensitivity analysis

The increase / (decrease) in the present value of defined benefit obligations as a result of change in each assumption is summarised as below:

	2024				
	Pension fund	Post retirement medical scheme	Benevolent scheme	Gratuity scheme	Compensated absences
	------(Rupees in '000)-----				
1% increase in discount rate	(12,447,836)	(4,042,779)	(101,895)	(472,319)	(609,055)
1% decrease in discount rate	14,688,020	4,928,173	113,896	518,951	685,551
1% increase in expected rate of salary increase	4,164,175	1,073,996	4,307	545,732	736,656
1% decrease in expected rate of salary increase	(3,807,334)	(976,377)	(4,651)	(501,769)	(664,258)
1% increase in expected rate of pension increase	10,878,833	1,714,662	-	-	-
1% decrease in expected rate of pension increase	(9,527,743)	(1,487,129)	-	-	-
1% increase in expected rate of medical benefit increase	-	1,835,515	-	-	-
1% decrease in expected rate of medical benefit increase	-	(1,554,021)	-	-	-

40.11	Expected contributions to be paid to the fund in the next financial year	1,750,151
40.12	Expected charge for the next financial year	20,042,835

NOTES TO AND FORMING PART OF THE UNCONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2024

40.13 Maturity profile

	Years
The weighted average duration of the obligation	8.27
Pension fund	7.66
Post retirement medical scheme	11.29
Benevolent scheme	5.73
Gratuity scheme	10.21
Compensated absences	6.33

40.14 Funding policy

The bank should disclose the policy followed for funding the staff retirement benefit schemes.

Current Assets	Amount	Percentage
	Rupees in '000	
Cash and cash equivalents - net	355,898	0.52%
Government securities	65,336,734	95.11%
Shares	750,702	1.09%
Non-Government debt securities	100,000	0.15%
Mutual funds	2,150,000	3.13%
	68,693,334	100.00%

Bank will continue to invest with the same percentage in the asset categories mentioned but increase the assets gradually so that there is no deficit in the pension fund.

40.15 Significant risks associated with the staff retirement benefit schemes are as follows:

Asset volatility	The risk arises when the future earnings are lower than expectation. This risk is measured at a plan level over the obligation period of the current population. The company assets are either invested in fixed securities or cash.
Changes in bond yields	The risk arises when the actual return on plan assets is lower than expectation.
Inflation risk	The most common type of retirement benefit is one where the benefit is linked with last drawn salary. The risk arises when the actual increases are higher than expectation and impacts the liability accordingly.
Life expectancy / withdrawal rate	The risk arises when the actual lifetime of retirees is longer than expectation. This risk is measured at the plan level over the entire retiree population. The risk of actual withdrawals varying with the actuarial assumptions can impose a risk to the benefit obligation. The movement of the liability can go either way.
Investment Risk	The risk arises when the actual performance of the investments is lower than expectation and thus creating a shortfall in the funding objectives.

41 DEFINED CONTRIBUTION PLAN

Provident Fund

The NBP employees Provident Fund was created under National Bank of Pakistan Employees Provident Fund Rules on April 01, 1950, under the Provident Fund Act, 1925. The Rules have been superseded by revised NBP Employees' Provident Fund Rules which came into force on January 01, 1958.

As per rules, the Officers, Executives and Clerical and Non Clerical staff in regular cadre make monthly contribution of 10% and 12.5% of their basic salary respectively towards the fund and the bank has to pay interest on balances of member's provident fund half yearly.

This scheme covers 8,808 employees (2023: 9,313 employees).

NOTES TO AND FORMING PART OF THE UNCONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2024

43 FAIR VALUE MEASUREMENTS

The fair value of quoted securities other than those classified under held to collect model, is based on quoted market price. Quoted Instruments classified under "held to collect" are carried at amortized cost. The fair value of unquoted equity securities, other than investments in associates and subsidiaries, is determined on the basis of the break-up value of these investments as per their latest available audited financial statements.

The fair value of unquoted debt securities, fixed-term loans, other assets, other liabilities, fixed-term deposits and borrowings cannot be calculated with sufficient reliability due to the absence of a current and active market for these assets and liabilities and reliable data regarding market rates for similar instruments.

43.1 Fair value of financial assets

The Bank measures fair values using the following fair value hierarchy that reflects the significance of the inputs used in making the measurements:

Level 1: Fair value measurements using quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Fair value measurements using inputs other than quoted prices included within Level 1 that are observable for the assets or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: Fair value measurements using input for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

The table below analyzes financial instruments measured at the end of the reporting period by the level in the fair value hierarchy into which the fair value measurement is categorised:

NOTES TO AND FORMING PART OF THE UNCONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2024

Valuation techniques used in determination of fair valuation of financial instruments within level 2 and level 3

Item	Valuation approach and input used
Federal Government securities	The fair value of Federal Government securities is determined using the prices / rates available on Mutual Funds Association of Pakistan (MUFAP) / Reuter page.
Non-Government debt securities	The fair value of non-government debt securities is determined using the prices / rates from MUFAP / Pakistan Stock Exchange.
Mutual Fund units	The fair values of investments in mutual fund units are determined based on their net asset values as published on MUFAP.
Ordinary Shares	The fair value of Ordinary shares is determined using the prices from Pakistan Stock Exchange.
Foreign Securities	The fair value of foreign securities is determined using the prices from Reuter page.
Forward foreign exchange contracts Forward Government securities transactions	The fair values of forward foreign exchange contracts and forward Government securities transactions are determined using forward pricing calculations.
Fixed assets and non-banking assets acquired in satisfaction of claims	Land, buildings and non-banking assets acquired in satisfaction of claims are revalued on a periodic basis using professional valuers. The valuation is based on their assessment of the market value of the assets. The effect of changes in the unobservable inputs used in the valuations cannot be determined with certainty. Accordingly, a qualitative disclosure of sensitivity has not been presented in these unconsolidated financial statements.

43.2 Fair value of non-financial assets

Information about the fair value hierarchy of Bank's non-financial assets as at the end of the reporting period are as follows:

	2024				
	Carrying Value	Level 1	Level 2	Level 3	Total
	----- (Rupees in '000) -----				
Land & building (fixed assets)	54,402,463			54,402,463	54,402,463
Non-banking assets acquired in satisfaction of claims	4,148,115			4,148,115	4,148,115
	58,550,578	-	-	58,550,578	58,550,578
	----- (Rupees in '000) -----				
	2023				
	Carrying Value	Level 1	Level 2	Level 3	Total
	----- (Rupees in '000) -----				
Land & building (fixed assets)	51,981,445			51,981,445	51,981,445
Non-banking assets acquired in satisfaction of claims	3,973,126			3,973,126	3,973,126
	55,954,571	-	-	55,954,571	55,954,571

43.3 Certain categories of fixed assets (land and buildings) and non-banking assets acquired in satisfactions of claims are carried at revalued amounts (level 3 measurement) determined by professional valuers based on their assessment of the market values.

45. TRUST ACTIVITIES

45.1. Endowment Fund

Students Loan Scheme was launched by Government of Pakistan in collaboration with major commercial banks with a view to extend financial help by way of mark-up free loan to the meritorious students without sufficient resources for pursuing scientific technical and professional education within Pakistan.

The Scheme is being administered by a high powered committee headed by the Deputy Governor, State Bank of Pakistan and the Presidents of NBP, HBL, UBL, MCB, ABL and the Deputy Secretary, Ministry of Finance as member and Senior Director of IH&SME Finance Department (Infrastructure, Housing & SME Finance Department) as a secretary of the Committee. The State Bank of Pakistan has assigned National Bank of Pakistan to operate the scheme.

The Committee in its meeting held on August 7, 2001 approved creation of Endowment Fund initially at an amount of Rs. 500 million, Rs. 396 million were transferred from the old Qarz-e-Hasna (Defunct) Fund, Rs. 50 million contributed by the Government of Pakistan and Rs. 54 million were contributed by participating banks (HBL, NBP and UBL 25% each, MCB 17.5% and ABL 7.5%).

The amount of the Endowment Funds in investments stands at Rs. 1,045.2 million as at December 31, 2024 (2023: Rs. 936.8 million).

NOTES TO AND FORMING PART OF THE UNCONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2024

- 45.2.** The Bank undertakes Trustee and other fiduciary activities that result in the holding or placing of assets on behalf of individuals and other organisations. These are not assets of the Bank and, therefore, are not included as such in these unconsolidated financial statements. Assets held under trust are shown in the table below:

46 RELATED PARTY TRANSACTIONS

The Bank has related party transactions with its subsidiaries, associates, employee benefit plans and its directors and Key Management Personnel. The details of investment in subsidiaries and associated undertaking and their provisions are stated in note 10 of the unconsolidated financial statements of the Bank.

The Bank enters into transactions with related parties in the ordinary course of business and on substantially the same terms as for comparable transactions with person of similar standing. Contributions to and accruals in respect of staff retirement benefits and other benefit plans are made in accordance with the actuarial valuations / terms of the contribution plan. Remuneration to the executives / officers is determined in accordance with the terms of their appointment.

Details of transactions with related parties during the year, other than those which have been disclosed elsewhere in these unconsolidated financial statements are as follows:

46.1

Transactions with Government-related entities

The entities which are owned and / or controlled by the Federal Government, or where the Federal Government may exercise significant influence, are related parties of the Bank.

The Bank in the ordinary course of business enters into transaction with Government-related entities. Such transactions include lending to, deposits from and provision of other banking service to Government-related entities.

The Bank also earned commission on handling treasury transactions on behalf of the Government of Pakistan amounting to Rs. 10,862 million (2023: 10,320 million) for the year ended December 31, 2024. As at the statement of financial position date the loans and advances, deposits and contingencies relating to Government-related entities amounted to Rs. 620,914 million (2023: 602,707 million), Rs. 1,864,349 million (2023: 1,622,331 million) and Rs. 1,798,996 million (2023: 1,780,517 million), respectively and income earned on advances and investment and profit paid on deposits amounted to Rs. 74,854 million (2023: 77,719 million) and Rs. 277,132 million (2023: 184,042 million) respectively.

NOTES TO AND FORMING PART OF THE UNCONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2024

47 CAPITAL ADEQUACY, LEVERAGE RATIO & LIQUIDITY REQUIREMENTS

The Bank's objectives when managing capital, which is a broader concept than the 'equity' on the face of the statement of financial position, are:

- to comply with the capital requirements set by the regulators of the banking markets where the Bank operates;
- to safeguard the Bank's ability to continue as a going concern so that it can continue to provide returns for shareholders and benefits for other stakeholders; and
- to maintain a strong capital base to support the development of its business.

The SBP has issued instructions for Basel-III Implementation vide BPRD Circular No. 06 of 2013 dated August 15, 2013. These instructions were effective from December 31, 2013 in a phased manner with full implementation intended by December 31, 2019.

Basel-III instructions comprise the following three capital standards:

i. Minimum Capital Requirement (MCR):

The MCR standard sets the nominal amount of capital banks/ DFIs are required to hold. Currently the MCR for banks and DFIs is Rs. 10 billion as prescribed by SBP.

ii. Capital Adequacy Ratio (CAR):

The Capital Adequacy Ratio (CAR) assesses the capital requirement based on the risks faced by the banks/ DFIs. The banks/ DFIs are required to comply with the minimum requirements as specified by the SBP on standalone as well as consolidated basis. Currently the required CAR for banks is 11.50% (plus 1.50% for NBP as D-SIB requirement).

iii. Leverage Ratio:

Tier-1 Leverage Ratio of 3% is introduced in response to Basel III Accord as the third capital standard. Bank level disclosure of the leverage ratio and its components has started from December 31, 2015. However, SBP vide its letter No. BPRD/BA&CPD/638/436708/2023 dated March 7, 2023 has reduced the minimum requirement to 2.5% up till March 2024 which was 3% as per BPRD circular No.6 dated August 15, 2013. The bank has a leverage ratio of 3.88% in the year ended December 31, 2024, (2023: 3.12%) and Tier-1 capital of Rs.353,930 Millions (2023: 283,307).

The SBP's regulatory capital as managed by the Bank is analysed into following tiers:

1. Tier 1 Capital (going-concern capital)

- Common Equity Tier 1
- Additional Tier 1

- Tier I capital, which comprises highest quality capital element and include fully paid up capital, balance in share premium account, reserve for issue of bonus shares, general reserves and un-appropriate profits (net of accumulated losses, if any).

2. Tier 2 Capital (gone-concern capital)

- Tier II capital, which includes general reserve for loan losses, revaluation reserve, exchange translation reserve and subordinated debt.

Basel III capital rules requires bank to make certain deductions from the capital before arriving at the Capital Adequacy Ratio (CAR).

Risk weighted assets are measured according to the nature and reflect an estimate of credit, market and other risks associated with each asset and counterparty, taking into account any eligible collateral or guarantees. A similar treatment is adopted for off-balance sheet exposures, with some adjustments to reflect more contingent nature of potential losses.

NOTES TO AND FORMING PART OF THE UNCONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2024

The Bank's policy is to maintain strong capital base so as to maintain, investor, creditor and market confidence and to sustain future development of the business. The adequacy of the Bank's capital is monitored using, among other measures, the rules and ratios established by the SBP. The ratios compare the amount of eligible capital with the total of risk-weighted assets. The Bank monitors and reports its capital ratio under the SBP rules, which ultimately determines the regulatory capital, required to be maintained by Banks and DFIs.

The paid-up capital of the Bank for the year ended December 31, 2024 stood at Rs. 21,275 million (2023 : Rs. 21,275 million) and is in compliance with the SBP requirement for the said period. In addition the Bank has maintained minimum Capital Adequacy Ratio (CAR) of 27.80% (2023: 25.47%)

There have been no material changes in the Bank's management of capital during the year.

NOTES TO AND FORMING PART OF THE UNCONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2024

47.1 During the year, the SBP, through its letter No. BSD-1/BANK/NBP/751797/2024 dated August 29, 2024 has reduced the D-SIB buffer requirement for the Bank from 2.50% to 1.50%.

47.2 The full disclosure on the Capital Adequacy, Leverage Ratio and Liquidity Requirements as per SBP instructions issued from time to time, is available on NBP's website. The link to the full disclosure is available at <https://www.nbp.com.pk/blsd/>.

48 RISK MANAGEMENT

Risk Management is a logical and/or systematic method to identify, measure, monitor and control the risks involved in any activity or process. Risk is inherent in all our business activities. If not managed well, risks can result in financial loss, regulatory sanctions/ penalties, and damage to our reputation; each of which may adversely impact on our ability to execute our business strategies. The Bank has taken a comprehensive approach towards risk management with a well- defined Risk Management Strategy/ Policy with clear objectives and deliverables through multi-pronged risk management processes. In the Bank, it is ensured that the risk management framework along with internal controls are adequate and effective in accurately identifying, assessing or addressing risks faced by the Bank.

The Bank applies the Basel framework as a cornerstone of its risk management framework, capital and liquidity strategy. The Bank maintains a strong capital, funding and liquidity position in line with its on-going commitment to maintain balance sheet strength. The strength of risk profile management of the Bank stands at the following pillars:

- Identification and assessment of significant material risks
- Overseeing and managing the risk profile of the Bank within the context of the risk appetite
- Optimize risk/ return decisions by aligning them to business objective of achieving sustainable optimum growth.

To support Risk Management Group (RMG's) activities, a strong data management mechanism is also in place to collect and consolidate exposure wise information for various risk related analysis and reviews. The mechanism also helps in identification of e-CIB related information, periodic reviews, generation of reports and highlighting inconsistencies and errors, and issuing instructions to the relevant data entry points for rectification.

The Bank is cognizant of importance of Environmental & Social Risk Management (E&SRM). The Green Banking Office (GBO) within Corporate Social Responsibility & Sustainable Development Division, Inclusive Development Group (IDG), is responsible for the development of Green Banking and Environmental & Social Risk Management (GB & ESRM) Policy and coordinates across functional areas of the Bank to oversee the implementation of GB & ESRM Policy.

48.1 Risk Governance Structure

The Board is responsible for ensuring active oversight of the implementation of policies and frameworks to prevent any significant financial loss or reduction in shareholder value. The Board manages its responsibility through Board Risk & Compliance Committee (BRCC) which is essentially a Board-level oversight committee that remains updated with regard to changes in the risk management activities of the Bank on behalf of the Board and is the highest risk-related policy making and supervising body for all types of risks faced by the Bank, notably credit, market, liquidity, operational, Information Security and other risks that may have material impact over the Bank's performance. BRCC functions under its Terms of Reference (TORs) duly approved by the Board of Directors.

Risk Management Group (RMG) operates as an independent group under the supervision of Chief Risk Officer (CRO). RMG's scope and coverage has been enhanced to cater enterprise-wide risk management, credit risk management, credit administration and information security. CRO reports directly to the President with a dotted line reporting to the Board Risk & Compliance Committee (BRCC). The group is responsible for performing the functions pertaining to development and oversight of the risk framework, methodologies and other functions assigned from time to time in line with local/ international best practices and under the ambit of SBP's regulations/ guidelines.

NOTES TO AND FORMING PART OF THE UNCONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2024

Risk governance of the Bank is being carried out by various management committees where material risks are addressed in more focused terms. These committees' function under duly approved Terms of Reference (TORs) to oversee various Risk Management activities within their scope. Enterprise Risk Committee (ERC) for Operational, Strategic, Reputational, and other risks; Management Credit Committee (MCC) for Credit Risk, Asset Liability Committee (ALCO) for Market & Liquidity Risk, and Compliance Committee for Management (CCM) for Compliance Risk.

48.2 Risk Management Framework

The Bank implements a risk management framework through a 'Three Lines of Defence' model & defines clear responsibilities and accountabilities for various offices and ensures effective & independent oversight and assurance that the activities take place as intended.

The First Line of Defence: Business groups have primary responsibility for identifying, measuring, monitoring and controlling the risks within their areas of accountability. They are required to implement effective procedures and controls to ensure compliance with the related policy requirements, to maintain appropriate risk management skills, and to act within defined parameters as a set and approved by the Board.

The Second Line of Defence: Primarily Risk Management and the Compliance functions in the Bank act as second line of defence however other support functions also perform control activities where applicable. These functions oversee and independently challenge the effectiveness of risk management actions taken by business groups which are further evaluated at Management-level Committees.

The Third Line of Defence: Audit & Inspection Group (A&IG) provides independent, objective assurance and consulting activity designed to add value and improve risk management functions of the Bank. A&IG helps the Bank accomplish its objectives by bringing a systematic and disciplined approach to evaluate and improve the effectiveness of risk management, control, and governance processes."

The following paragraphs introduce Bank's exposures to material risks associated with its business activities and explain overall strategies and processes to manage those risks:

48.2.1 Credit Risk

Credit risk arises when a counterparty fails to repay a loan, leading to financial losses, cash flow disruptions, and increased debt recovery costs. For NBP, lending activities represent the primary source of credit risk. These activities include providing loans and advances, contingent liabilities such as letters of credit and guarantees, and engaging in other on- and off-balance sheet transactions

The goal of credit risk management is to maintain credit risk exposure within acceptable levels, ensuring asset quality and achieving returns that align with the level of risk. By taking a proactive approach to managing credit risk, NBP not only safeguard its profitability and sustainability but also support the stability of the financial system and efficient capital allocation. Under the supervision of the Board Risk and Compliance Committee (BRCC), the Bank has a dedicated risk management setup, headed by the Chief Risk Officer, which ensures the efficiency of credit risk assessment, measurement, review, and reporting frameworks.

Prudent lending decisions can empower people and businesses to boost the bank's profitability and strategically guard against the risks of extending credit. The effective implementation of structured risk assessment standards, comprehensive pre-disbursement evaluation tools, and post-disbursement review systems has allowed NBP to effectively manage credit risk and mitigate losses within acceptable tolerance levels. Our risk management approach is driven by a strategic goal to maintain a robust framework, proactively identify and address risks, and facilitate sustainable business growth. The bank has in place a Risk Appetite Framework and a Credit Risk Concentration Management Framework to set limits on credit risk exposure in relation to obligors, economic groups, and industry segments.

The Risk Management function continuously evaluates the credit portfolio using detailed reports and dashboards to identify borrowers and sectors vulnerable to changes in local and global economic conditions. The Bank actively monitors account delinquencies, counterparties' financial health, prevailing economic landscape, and other relevant factors. A robust credit review mechanism and approval process, closely supervised by senior management, ensures effective oversight.

NOTES TO AND FORMING PART OF THE UNCONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2024

The Bank has actively undertaken the implementation of the IFRS 9 standard. This standard introduces a model for financial assets, mandating the recognition of impairment charges through the 'Expected Credit Loss' approach, departing from the existing 'Incurred Credit Loss' approach.

The Retail & Program Lending Division performs risk management of program-based products, encompassing Retail Banking Group (RBG), Inclusive Development Group (IDG), and Aitemaad Islamic Banking Group (AIBG). Adopting a credit cycle approach, the Division provides end-to-end credit management through various functions that includes policy and portfolio management, MIS and analytics, credit approvals, collection and recovery and quality assurance. The division also works closely with Operational Risk, Information Technology, Credit Administration, and Human Resource functions to ensure comprehensive risk management. The Divisional Head reports directly to the Chief Risk Officer (CRO).

Effective Credit Administration is very crucial for the Bank as it enables the Bank to effectively manage credit risk, maintain regulatory compliance, and ensure financial stability. CAD, in view of its critical role in post-approval credit management, is actively contributing to portfolio expansion and granting individuals and businesses access to essential funds. As a part of continuous improvement, CAD has implemented additional controls and enhanced its monitoring with the aim to have more efficient end-to-end processes whilst maintaining appropriate controls. Moreover, CAD is actively working on automation, focusing on advanced collateral management functions, control over limit functions, and effective vendor management. Once the Core Banking Application (CBA) is upgraded, it is expected to significantly bolster the Bank's position within its peer group, reinforcing its overall strength and building customer confidence.

"The Bank employs the Standardized Approach within the SBP's Basel Accord to estimate credit risk-weighted assets. This approach allows banks to incorporate external ratings of counterparties when calculating risk-weighted assets. Additionally, stress testing for credit risk is performed to evaluate the potential impact of scenarios prescribed by the regulator.

48.2.1.1 Credit risk - general disclosures Basel specific

The Bank employs the Standardized Approach within the SBP's Basel Accord to estimate credit risk-weighted assets. This approach allows Banks to incorporate external ratings of counterparties when calculating risk-weighted assets. Additionally, stress testing for credit risk is performed to evaluate the potential impact of scenarios prescribed by the regulator.

Particulars of the Bank's significant on-balance sheet and off-balance sheet credit risk in various sectors are analysed as follows:

48.2.1.2 External ratings

The SBP Basel III guidelines require banks to use ratings assigned by specified External Credit Assessment Institutions (ECAIs) namely Pakistan Credit Rating Agency Limited (PACRA), VIS and Moody's, Fitch and Standard & Poor's.

The SBP through its letter number BSD/BAI-2/201/1200/2009 dated December 21, 2009 accorded approval to the Bank for use of ratings assigned by Credit Rating Agency of Bangladesh (CRAB) and Credit Rating Information and Services Limited (CRISL). The Bank uses these ECAIs to rate its exposures denominated in Bangladeshi currency on certain corporate exposures and banks incorporated in Bangladesh.

The Bank uses external ratings for the purpose of mapping risk weights as per the Basel III framework. Instances whereby an exposure is rated by two or more ratings agencies, mapping into different risk weights, instructions outlined in Regulatory guidelines on BASEL framework shall be adhered to for selection of applicable rating.

48.2.1.3 Credit risk mitigation policy

The Bank defines collateral as the assets or rights provided to the Bank by the borrower or a third party in order to secure a credit facility. The Bank would have the rights of secured creditor in respect of the assets / contracts offered as security for the obligations of the borrower / obligor.

NOTES TO AND FORMING PART OF THE UNCONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2024

48.2.1.4 Collateral valuation and management

As stipulated in the SBP Basel guidelines, the Bank uses simple approach for credit risk mitigation. Under this approach the risk weighting of the collateral instrument collateralizing or partially collateralizing the exposure is substituted for the risk weighting of the counterparty.

48.2.1.5 Types of collaterals

The Bank determines the appropriate collateral for each facility based on the type of product and counterparty. In case of corporate and SME financing, fixed assets are generally taken as security for long tenure loans and current assets for working capital finance usually backed by mortgage or hypothecation. For project finance, security of the assets of the borrowers and assignment of the underlying project contracts are generally obtained. Additional security such as pledge of shares, cash collateral, TDRs, SSC/DSCs, charge on receivables may also be obtained. Moreover, in order to cover the entire exposure personal guarantees of directors / borrowers are also obtained generally by the Bank. For retail products, the security to be taken is defined in the product policy for the respective products. Housing loans and automobile loans are secured by the property and automobile being financed respectively.

The Bank also offers products which are primarily based on collateral such as shares, specified securities and pledged commodities. These products are offered in line with the SBP prudential regulations and approved product policies which also deal with types of collateral, valuation and margining.

The decision on the type and quantum of collateral for each transaction is taken by the credit approving authority as per the credit approval authorisation approved by the MCC under its delegation powers. For facilities provided as per approved product policies (retail products, loan against shares etc.), collateral is taken in line with the policy.

48.2.1.6 Types of eligible financial collateral

For credit risk mitigation purposes (capital adequacy purposes), the Bank considers all types of financial collaterals that are eligible under the SBP Basel III accord. This includes cash / TDRs, gold, securities issued by Government of Pakistan such as T-Bills and PIBs, National Savings Certificates, certain debt securities rated by recognised credit rating agencies, and guarantees from certain specified entities (Government of Pakistan, Banks etc.) under substitution effect of Basel.

48.2.1.7 Credit concentration risk

Credit concentration risk arises mainly due to concentration of exposures under various categories viz. industry, geography, and single/group borrower exposures. Within credit portfolio, as a prudential measure aimed at better risk management and avoidance of concentration of risks, the SBP has prescribed regulatory limits on banks' maximum exposure to single borrower, group borrowers and related parties. Moreover, in order to restrict the industry concentration risk, Bank's Credit Risk Concentration Management Framework spells out the maximum allowable exposure that it can take on specific industry. Additionally, the Internal Rating System allows the Bank to monitor risk rating concentration of borrowers against different grades / scores ranging from 1 - 12 (1 being the best and 12 being loss category).

Particulars of the Bank's on-balance sheet and off-balance sheet credit risk in various sectors are analysed as follows:

48.2.1.8 Methodologies and models used for the measurement of Probability of Default (PD), Exposure at Default (EAD) and Loss Given Default (LGD).

The Bank has established a policy to perform an assessment, at the end of each reporting period, of whether a financial instrument's credit risk has increased significantly since initial recognition, by considering the change in the risk of default occurring over the remaining life of the financial instrument. The Bank considers an exposure to have significantly increased in credit risk when there is considerable deterioration in the internal / external rating grade for subject customer. The Bank also applies a secondary qualitative method for triggering a significant increase in credit risk for an asset, such as moving a customer / facility to the watch list, or the account being restructured. Regardless of the change in credit grades, generally, the Bank considers that there has been a significant increase in credit risk when contractual payments are more than 60 days past due. When estimating ECLs on a collective basis for a group of similar assets, the Bank applies the similar principles for assessing whether there has been a significant increase in credit risk since initial recognition.

NOTES TO AND FORMING PART OF THE UNCONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2024

Based on the above process, the Bank groups its financial instruments into Stage 1, Stage 2 and Stage 3 as described below:

Stage 1 (Performing assets):	When financial instruments are first recognised, the Bank recognises an allowance based on 12mECLs. Stage 1 financial instruments also include facilities where the credit risk has improved and these have been reclassified from Stage 2. The 12mECL is calculated as the portion of LTECLs that represent the ECLs that result from default events on a financial instrument that are possible within the 12 months after the reporting date. The Bank calculates the 12mECL allowance based on the expectation of a default occurring in the 12 months following the reporting date. These expected 12-months default probabilities are applied to a forecast Exposure At Default (EAD) and multiplied by the forward looking LGD and discounted by an approximation to the original Effective Interest Rate (EIR). This calculation is made for all the scenarios.
Stage 2 (Underperforming assets):	When a financial instrument has shown a significant increase in credit risk since origination, the Bank records an allowance for the LTECLs. Stage 2 also includes facilities, where the credit risk has improved and the instrument has been reclassified from Stage 3. The mechanics are similar to those explained above, including the use of multiple scenarios, but PDs are applied over the lifetime of the instrument. The expected cash flows are discounted by an approximation to the original EIR.
Stage 3 (Non performing assets):	For financial instruments considered credit-impaired, the Bank recognises LTECLs for these instruments. A description of how the Bank defines credit-impaired and default is given in relevant section. The Bank uses a PD of 100% and LGD as computed for each portfolio or as prescribed by the SBP.
Undrawn financing commitments:	When estimating LTECLs for undrawn financings commitments, the Bank estimates the expected portion of the financings commitment that will be drawn down over its expected life. Expected draw-down is added to the EAD and the ECL is then based on the present value of the expected cash flows of EAD if the financings are drawn down, based on a probability-weighting of the three scenarios. For revolving facilities that include both financings and an undrawn commitment, ECLs are calculated on un-drawn portion (after application of CCF) of the facility and presented within other liabilities.
Guarantee and letters of credit contracts:	The Bank estimates ECLs based on the BASEL driven credit conversion factor (CCF) for financial guarantee and letter of credit contracts respectively. The calculation is made using a probability-weighting of the three scenarios. The ECLs related to financial guarantee and letter of credit contracts are recognised within other liabilities.

Forward looking information

The Bank has performed historical analysis and identified the key economic variables impacting credit risk and expected credit losses for Wholesale & Retail portfolio.

These economic variables and their associated impact on the PD vary by the portfolio.

The rating band / DPD bucket wise PDs are computed through migration analysis using atleast 5 years historical transition matrices of respective portfolio. Furthermore, a detailed regression analysis is carried out using Marco Economic variables (i.e. Average Inflation rate ,GDP Growth rate and Exports were regressed against Bank's Internal Default Rates) in order to attain forward-looking PDs for each following year.

In addition to the base economic scenario, the Bank also uses other possible scenarios along with scenario weightings. The number of scenarios and their attributes are reassessed at each reporting date.

NOTES TO AND FORMING PART OF THE UNCONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2024

For expected credit loss provisions modelled on a collective basis, a grouping of exposures is performed on the basis of shared risk characteristics, such that risk exposures within a group are homogeneous.

In its ECL models, the Bank relies on range of the following forward looking information as economic inputs, such as:

- GDP growth
- Consumer price index
- Exports

The Expected Credit Loss (ECL) is measured on either a 12-month (12M) or Lifetime basis depending on whether a significant increase in credit risk has occurred since initial recognition or whether an asset is considered to be credit-impaired. Expected credit losses are the discounted product of the Probability of Default (PD), Exposure at Default (EAD), and Loss Given Default (LGD), discounted at an approximation to the EIR, defined as follows:

Probability of Default (PD):

The Probability of default (PD) represents the likelihood of a borrower defaulting on its financial obligation, either over the next 12 months (12M PD), or over the remaining lifetime (Lifetime PD) of the obligation.

- For corporate, commercial, and SME loan portfolios, the Bank has used a obligor risk rating (ORR) transition based approach to determine the segment wise PDs for each ORR.
- For housing, agriculture, cash and gold and advance salary, a days-past-due ("DPD") based migration approach has been used; and these PD's for wholesale & retail portfolio are then adjusted with forward looking information to arrive at point in time (PIT) PDs;
- For other financial assets (i.e. investments, lending to financial institutions, balances with other banks etc.), historical PDs were estimated on the basis of global default Rates taken from S&P rating-wise transition matrices. These annual default Rates were converted into forward-looking PDs using the Vasicek model. The forecast global macro-economic variables were derived using historical regression between global macro-economic variables and Pakistan macro-economic variables.

Exposure at Default (EAD)

The Exposure at Default (EAD) is an estimate of the exposure at a future default date, taking into account expected changes in the exposure after the reporting date, including repayments of principal and profit, whether scheduled by contract or otherwise, expected drawdowns on committed facilities. The maximum period for which the credit losses are determined is the contractual life of a financial instrument unless the Bank has a legal right to call it earlier. The Bank's product offering includes a variety of corporate and retail facilities, in which the Bank has the right to cancel and / or reduce the facilities with one day notice. However, in case of revolving facilities, the Bank does not limit its exposure to credit losses to the contractual notice period, but, instead calculates ECL over a period that reflects the Bank's expectations of the customer behaviour, its likelihood of default and the Bank's future risk mitigation procedures, which could include reducing or cancelling the facilities.

Loss Given Default (LGD):

LGD represents an estimate of the loss incurred on a facility in the event of default by a customer. LGD is calculated as the difference between contractual cash flows due and those that the Bank expects to receive. It is expressed as a percentage of the EAD. Bank has estimated segment wise LGDs for Corporate / Commercial, SE, ME & Agri Portfolio as well as product wise LGDs for Auto Finance, Personal Loan, Home Finance and Credit Card portfolio. The LGDs are determined using workout approach, based on vintage recovery data for the defaulted portfolio; these recoveries are then discounted back to date of default, to factor in time value of money.

The Bank has converted the estimates for segment / product wise historical LGDs (Through the cycle LGDs) into forward looking point in time LGDs, through use of term structure of Point in time Pds.

48.2.1.9 ECL Principles, Grouping and Calculations

The ECL is determined by projecting the PD, LGD and EAD for each future repayment date and for each individual exposure. These three components are multiplied together, effectively calculating an ECL for each

NOTES TO AND FORMING PART OF THE UNCONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2024

future repayment date, which is then discounted back to the reporting date and summed.

The discount rate used to discount the ECLs is based on the effective interest rate that is expected to be charged over the expected period of exposure to the facilities. In the absence of computation of the effective interest rate (at reporting date), the Bank uses an approximation e.g. contractual rate (at reporting date).

When estimating the ECLs, the Bank considers three scenarios (a base, best and a worst case). Each of these scenario's is based on different macro-economic forecasts and is associated with different set of PDs & LGD.

Furthermore, to mitigate its credit risks on financial assets, the Bank seeks to use collateral, where possible. The Bank considers only those collaterals as eligible collaterals in the EAD calculation which have the following characteristics:

- History of legal certainty & enforceability
- History of recovery

The Bank's management has only considered cash, gold & gold ornaments, liquid securities, and Government of Pakistan guarantees as eligible collaterals, while calculating EADs. Furthermore, The credit exposure (in local currency) that have been guaranteed by the Government and Government Securities are exempted from the application of ECL calculation.

Impact on Regulatory Capital:

The introduction of IFRS 9 has resulted in reduction in regulatory capital of the Banks, which has reduced their lending capacity and ability to support their clients. In order to mitigate the impact of ECL models on capital, SBP has permitted Banks to opt for transitional arrangement for the ECL impact on regulatory capital from the application of ECL accounting. Annexure B of the 'Application Instructions' issued by SBP has detailed the transitional arrangement.

Accordingly, Bank has opted for transition arrangement to phase in ECL impact and below tabulated is the impact on key ratios, had the transitional arrangement not applied.

Key Ratios	With Transitional arrangement	Without Transitional arrangement
Total Capital to total RWA (CAR)	27.80%	26.13%
Leverage Ratio	3.88%	3.65%

48.2.1.10 ECL Modeling and staging criteria/ Significant increase in ECLs

Significant increase in credit risk (SICR): A SICR is assessed in the context of an increase in the risk of a default occurring over the life of the financial instrument compared to the risk of default expected at the time of initial recognition.

The Bank uses a number of qualitative and quantitative measures in assessing SICR including, inter alia, the deterioration of Obligor Risk Ratings (ORR), in line with Bank's internally approved grid outlining specific notches downgrade for each ORR / external rating, payments being past due by 60 days, and other qualitative factors (such as watchlisting or restructuring of account).

48.2.1.11 Loans and advances definitions and methodologies of categorisation, credit loss allowance stages and movements between stages

Backward Transition:

In line with Bank's IFRS 9 Policy and Regulatory guidelines, financial assets shall be reclassified out of Stage 3 if they fulfill the criteria outlined in the Prudential Regulations (PR) issued by the State Bank of Pakistan (SBP). Similarly, financial assets classified under Stage 2 shall be reclassified to Stage 1 if the conditions that led to a significant increase in credit risk (SICR) no longer exist. However, a minimum period of three months from the initial downgrade is mandatory before any facility can be moved back to Stage 1 from Stage 2.

For a facility to transition from Stage 3 to Stage 2, it must meet the declassification requirements specified in the relevant Prudential Regulations. An exposure cannot be directly upgraded from Stage 3 to Stage 1; instead, it must first transition to Stage 2 and subsequently complete a cooling-off period of three months before being reclassified to Stage 1.

48.2.2 Market risk

Market Risk is the value of on and off-balance sheet positions of a financial institution that are adversely affected by movements in market factors such as interest rates, foreign exchange rates, equity prices, credit spreads and/or commodity prices resulting in a loss to earnings and capital.

The Bank's market risk is managed through Market & Liquidity Risk Management Policy duly approved by the Board. The Bank has in-place market risk limits to manage risks within the Bank's approved risk appetite.

The Standardized Approach is used to calculate capital charge for market risk as per Basel framework. Stress testing for interest sensitive, equity, and FX exposures is carried out regularly to estimate the impact on the capital of the Bank.

In addition to the regulatory requirements, Bank has devised proprietary stress testing scenarios which are periodically performed to assess the impact on capital of the Bank for Internal Capital Adequacy and Assessment Process (ICAAP). Limits/ zones and management action triggers/ plans corresponding to various ratios/ limits/ thresholds are defined in the Market & Liquidity Risk Policy. Appropriate segregation of duties exists between the front, middle, and back office functions.

48.2.2.2 Foreign exchange risk

Foreign exchange risk arises from the impact of currency movements on the value of the Bank's foreign exchange exposures, a result of participation in financial markets and international operations.

In order to manage currency risk exposure, the Bank enters into ready, spot, forward and swaps transactions with the SBP, financial institutions and corporates. The Bank's foreign exchange exposure comprises of forward contracts, purchase of foreign bills, foreign currency cash in hand, balances with banks abroad, foreign placements and foreign currency assets and liabilities. Foreign Exchange exposure is managed within the regulatory and internal limits.

NOTES TO AND FORMING PART OF THE UNCONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2024

48.2.2.3 Equity position risk

Stock trading activities also raise risk which occur due to adverse movements stock prices. The Bank's equity exposure is managed through limits imposed by the regulator for both overall investment and exposure in single scrip. Moreover, internal limits are set to manage equity risk by placing stop loss and VaR limits and/or through diversification within overall equity portfolio

48.2.2.4 Yield / Interest Rate Risk in the Banking Book (IRRBB)-Basel II Specific

Interest rate risk arises due to adverse movements in yield curve that is being monitored by ALCO with an objective to manage the potential adverse impact on the profitability of the Bank. This may arise due to volatility in market interest rates and any mismatch/ gaps in the amount of financial assets/ liabilities in different maturity time bands. The sources of IRR are based on following sub-risks.

- Re-pricing risk; arising from changes to the overall level of interest rates and inherent mismatches in the re-pricing term of banking book items.
- Yield curve risk; arising from a change in the relative level of interest rates for different tenors and changes in the slope or shape of the yield curve.
- Basis risk; arising from differences between the actual and expected interest margins on Banking book items over the implied cost of funds of those items.

Total liabilities as per statement of financial position	6,287,126,806	6,269,951,845

48.2.3 Operational Risk

Operational risk is the risk of loss resulting from inadequate or failed internal processes, people and systems or from external events. This definition includes legal risk but excludes strategic and reputational risks. For effective implementation, the Bank has a comprehensive Operational Risk Management Policy Framework (ORMPF) and procedures. These provide guidance for setting up operational risk strategy of the Bank, selection and adoption of risk and loss measurement tools, reporting, and establishment of operational risk management process.

Operational risks are core components of doing business arising from the day-to-day operational activities of the Bank including launching of new products and services. The Bank realizes that operational risks cannot be fully mitigated, it therefore determines an appropriate balance between accepting potential losses and related costs of mitigation.

Further, the Bank has adopted an Operational Risk Management Policy Framework and Operational Risk Appetite duly approved by the Board. Furthermore, the Bank has rolled-out operational risk events (OREs) collection mechanism whereby field functionaries and Groups/Divisions at head office are responsible to report operational losses under their jurisdictions on immediate basis. OREs are reviewed and appropriate corrective measures are taken on an ongoing basis. Risk Evaluation exercise is carried out for new products, processes and systems as per the ORM procedures.

The Bank also conducts root cause analysis of major OREs covering key control lapses and accordingly suggests mitigating actions. As per regulatory framework, the Bank calculates capital charge for its operational risk using Basic Indicator Approach (BIA).

Moreover, the Bank closely monitored overall operational environment and undertakes required actions to ensure the safety and security of the Bank's staff and its assets. The Bank takes measures to ensure continuously improve customer service levels and resolve related complaints to meet the expectations of its stakeholders.

The Bank's operations stays highly resilient and the Bank deploys all necessary measures for the health and safety of its employees to prevent them from any unwarranted situation.

NOTES TO AND FORMING PART OF THE UNCONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2024

48.2.4 Information Security Risk

Management of Information Security risk is given due importance, considering extensive customer base and increasing digital footprint of the Bank. A mechanism has been devised for upscaling technology infrastructure and related channels from information security standpoint. Further, due to evolving cyber threat landscape, the Bank has taken appropriate actions to monitor and respond to cybersecurity risks and adopted a heightened state of cybersecurity. We are living in a highly technologically dependent environment, where most of the business functions are performed with information technology for storing, processing and sharing of information. The information “assets” that are being used to store, process and transmit the information face various types of threats. If threats materialize and are able to exploit the vulnerabilities (weaknesses) present in these information assets, the confidentiality, integrity and availability of information get compromised and/or may result in a breakdown of IT assets. In order to mitigate the risks, certain controls and countermeasures need to be assessed and implemented. The Bank has devised a governance mechanism to manage related risks through development of policies & frameworks, and deployed security tools to ensure adequate implementation of internal controls and monitoring of security threats within technology infrastructure.

As a first line of defense, the Business groups have primary responsibility for identifying, measuring, and controlling the risks within their areas of accountability. Information Security Division (ISD) is the second line of defense against cyber risks. Therefore, the Bank regularly assesses the information security controls and undertakes employees’ awareness and training. The Bank works with its key technology partners to ensure that potentially vulnerable systems are identified and appropriate fixes & controls are implemented to secure the systems. The Bank is actively communicating with its customers on interacting with the Bank in a secure manner through its full suite of channels including online and digital banking.

Over the last two years, the Bank has taken various initiatives to uplift its cyber security controls. Management is cognizant of the fact that cyber security is a top priority, and the Bank is taking appropriate steps to monitor and respond to it. The Information Security Division (ISD) works under the supervision of Chief Information Security Officer (CISO). Numerous steps have been taken by the Bank to identify cyber security weaknesses of systems & infrastructure.

48.2.5 Enterprise-wide Risk

The Bank has a Board approved Enterprise Risk Management (ERM) Framework in place. The ERM framework is a holistic approach starting from strategy setting, capital and financial planning to managing, monitoring, and reporting of risks inherent in the day-to-day business of the Bank. It documents the risk management structure and processes driven by the Bank’s board of directors, management, and other personnel. All this provides reasonable assurance regarding the achievement of the Bank’s strategic objectives.

In addition to the Pillar I risks, the Bank has a structure to identify other Pillar II material risks on a periodic basis. The Bank has in place an Internal Capital Adequacy & Assessment Process (ICAAP) to identify and quantify material risks, including Pillar II risks, and continually re-assess the adequacy of the capital buffer and risk appetite, which is set periodically in order to build a solid platform for business growth."

In accordance with the regulatory requirements for Domestic Systemically Important Banks (D-SIBs), the Bank has put in place a Recovery Plan to prepare the Bank to act promptly and efficiently in the event of stress situations that may threaten the financial and operational strength and viability of a Bank and pose a risk on Bank’s ability to remain a going concern. Moreover, risks that are material and arise within the Bank or due to behaviour of the country’s market and economic conditions, whether in isolation or in combination are addressed in the Bank-wide Recovery Plan.

Bank’s Stress-testing framework comprises of tools to deliver a timely assessment of the resilience of the Bank’s capital under stressed conditions to the senior management. It ranges from simple sensitivity analysis to sophisticated stress testing methods to capture the abnormal movement of market and economic indicators and to translate such scenarios into projections of Bank’s profitability, liquidity and capital planning.

NOTES TO AND FORMING PART OF THE UNCONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2024

This framework paves the way to a quantitative, forward-looking assessment of capital adequacy (movement/ level of Capital Adequacy Ratio (CAR) of the Bank) to provide an indication of how much capital might be needed to absorb any expected and any unforeseen losses. It helps in identifying potential vulnerabilities within the Bank and assessing solvency by applying plausible/ past adverse scenarios under extreme conditions.

48.2.6 Liquidity Risk

Liquidity risk is the risk of loss to a Bank arising from its inability to meet obligations as they fall due or to fund assets, without incurring unacceptable costs or losses. More simply, liquidity risk is the possibility that a bank will be unable to meet its financial commitment to a customer, creditor, or investor when due, in a timely and cost-effective manner.

To mitigate this risk, the Bank has arranged diversified funding sources, manages specific assets with liquidity in mind and monitors liquidity position on daily basis. In addition, the Bank maintains statutory deposits with central Banks inside and outside Pakistan. The purpose of liquidity management is to ensure that there are sufficient cash flows to meet all of the Bank's liabilities when due, under both normal and stress conditions without incurring unacceptable losses, as well as to capitalize on opportunities for business expansion and profitability. This includes the Bank's ability to meet deposit withdrawals either on demand or at contractual maturity, to repay borrowings as they mature and to make new loans and investments, as opportunities arise.

The Asset and Liability Committee (ALCO) is responsible for ensuring that the Bank has adequate liquidity and monitors liquidity gaps, to execute this responsibility. Mandatory as well as optional stress testing and ratio based liquidity assessments are performed to proactively identify and manage liquidity position, needs/ requirements. The Bank has put in place various limits/ ratios, triggers and related management actions in place to monitor and mitigate liquidity risk. The Bank calculates and monitors, on regular basis, Basel-III Liquidity standards (includes LCR, NSFR and LMTs), liquidity ratios as per SBP parameters besides other internal liquidity measures.

NOTES TO AND FORMING PART OF THE UNCONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2024

48.2.7 Derivative risk

A derivative is a contract that derives its value from the performance of an underlying asset which can be an index, interest rate, commodity price, security price, FX rate etc. Derivatives include forwards, futures, swaps, options etc. In Pakistan, futures and forwards are most commonly traded derivatives.

Currently, the Bank is not an active participant in the Pakistan derivatives market as it does not hold an Authorized Derivative Dealer (ADD) license to perform derivative transactions. Once acquired, the Bank will carry out transactions that are permitted under the Financial Derivatives Business Regulations issued by SBP, which may include Interest rate swaps, forward rate agreements, foreign currency options, etc.

Moreover, the Bank may also offer other over the counter derivative products to satisfy customer requirements, specific approval of which will be sought from the SBP on a transaction by transaction basis.

49 EVENTS AFTER THE REPORTING DATE

49.1 Subsequent to year end, pursuant to the order of the Hon'ble Islamabad High Court dated November 15, 2024 (as amended by a further Court Order dated December 11, 2024), the Scheme of Arrangement filed with the Hon'ble Islamabad High Court, Islamabad, prepared under Sections 279 to 283 and 285(8) of the Companies Act, 2017 in respect of the demerger of a specified portion of the lending portfolio of SME Bank Limited ("SME Bank"), along with all associated rights, obligations, titles, contracts, benefits, claims, interests, and liabilities (the "Demerger Lending Portfolio"), was approved by the shareholders in the Extraordinary General Meeting ("EOGM") of the Members of NBP which was held on January 06, 2025. This demerger involves the separation of the Demerged Lending Portfolio from SME Bank, its transfer to and vesting in NBP, and the retention of all other assets and liabilities of SME Bank that do not form part of the Demerged Lending Portfolio (the "Retained Undertaking") by the SME Bank.

49.2 The Board of Directors in their meeting held on February 28, 2025 has announced final cash dividend of Rs. 8 per share (2023: Rs. Nil per share). The unconsolidated financial statements for the year ended December 31, 2024, do not include the effect of this appropriation which will be accounted for in the unconsolidated financial statements for the year ending December 31, 2025.

50 GENERAL

50.1 Comparative information has been re-classified, re-arranged or additionally incorporated in these unconsolidated financial statements, wherever necessary, to facilitate comparison and better presentation. No significant reclassifications have been made during the current year.

50.2 Figures have been rounded off to the nearest thousand rupees.

51 DATE OF AUTHORISATION FOR ISSUE

The unconsolidated financial statements were authorised for issue on February 28, 2025 by the Board of Directors of the Bank.

11 Pool Management		
NBP-AIBG has managed following pools for profit and loss distribution.		
a) General depositor pool		
The General pool consists of all other remunerative deposits. NBP Aitemaad (the Mudarib) accept deposits on the basis of Mudaraba from depositors (Rabbulmaal). The net return on the pool is arrived at after deduction of direct costs from the gross return earned on the pool. The entire net return after paying equity share to Mudarib is considered as distributable profit of the pool.		

ANNEXURE 'II' AS REFERRED TO IN NOTES 2.2 AND 11.8 OF THE BANK'S UNCONSOLIDATED FINANCIAL STATEMENTS

b) Special depositor pools (Total 253 during the period and 33 as at Dec 31, 2024)

Special pool(s) are created where the customers desire to invest in high yield assets. These pool(s) rates are higher than the general pool depending on the assets. In case of loss in special pool, the loss will be borne by the special pool members. The net return on the pool is arrived at after deduction of direct costs from the gross return earned on the pool. From the net return, and after allocation of share of profit to commingled equity, profit is paid to the Mudarib in the ratio of the Mudarib's equity in the pool to the total pool. The balance represents the distributable profit.

c) Equity pool

Equity pools include AIBG's fund and current account deposits. The equity pool may have constructive liquidation every month and risk associated with assets of pool includes operational, market, equity, return and Shariah.

Key features and risk & reward characteristics

Deposits are accepted from customers on the basis of Qard (current accounts) and Mudarabah (Saving and term deposits). No profit or loss is passed on to current account depositors.

For deposits accepted on Mudarabah basis from depositors (Rab ul Maal) the Bank acts as Manager (Mudarib) and invests the funds in the Shariah Compliant modes of financings. Rab ul Maal share is distributed among depositors according to weightages declared for a month before start of the period.

In case of loss in a pool during the profit calculation period, the loss is distributed among the depositors (remunerative) according to their ratio of investment.

For all pools, the Mudarib's share is deducted from the distributable profit to calculate the profit to be allocated to depositors. The allocation of the profit to various deposit categories is determined by the amount invested in that category relative to the total pool, as well as by the weightage assigned to the various deposit categories.

The assets, liabilities, equities, income and expenses are segregated for each of the pool. No pool investment is intermingled with each other. The risk associated with each pool is thus equally distributed among the pools.

Avenues / sectors of economy / business where Mudaraba based deposits have been deployed.

	2024	2023
	----- (Percentage) -----

ANNEXURE 'II' AS REFERRED TO IN NOTES 2.2 AND 11.8 OF THE BANK'S UNCONSOLIDATED FINANCIAL STATEMENTS

Parameters for profit allocation and charging expenses

Profit of the pools has been distributed between Mudarib and Rab-ul-Mall by using preagreed profit sharing ratios. The share of Rab-ul-Mall's profit has been distributed among different customers using the various weightages assigned to the different categories of the pool.

No provision against any non performing asset of the pool is passed on to the pool except on the actual loss / write off of such non performing asset. Administrative expense are borne by mudarib and not charged to Mudaraba pool.

	31-Dec-24 Rupees in '000
Mudarib Share	
Gross Distributable Income	22,255,543
Mudarib (Bank) share of profit before Hiba	4,160,949
Mudarib Share in percentage	18.70%
Hiba from Mudarib Share	
Mudarib (Bank) share of profit before Hiba	4,160,949
Hiba from bank's share to depositors	1,170,675
Hiba from bank's share to depositors in percentage	28.13%

Profit rates

During the year ended Dec 31, 2024 the average profit rate earned by NBP Islamic Banking Group is 17.99 % and the profit distributed to the depositors is 14.30 %.

Directors' Report to the Shareholders

Consolidated Financial Statements

Dear Shareholders,

On behalf of the Board of Directors, we are pleased to present the Directors' Review together with consolidated financial statement of National Bank of Pakistan "the Bank" and its group companies for the year ended December 31, 2024.

Consolidated after-tax profit for the year ended December 31, 2024, amounted to PKR 26.503 Bn, being 50.3% lower than PKR 53.321 Bn for the same period last year. During the year, the subsidiary companies contributed PKR 0.984 Bn (December 31, 2023: PKR 1.174 Bn) in Group profitability, whereas the associates contributed share of profit of PKR 0.479 Bn (December 31, 2023: PKR 0.245 Bn). A share of profit of PKR 0.605 Bn (December 31, 2023: PKR 1.226 Bn) was however recorded on account of UNBL, a UK based Joint Venture in which NBP had 45% shareholding. During the period, the bank has divested NBP's share of 45% in UNBL to Bestway group. Accordingly, consolidated EPS per share recorded at PKR 12.21 for the year ended December 31, 2024, as compared to EPS of PKR 24.96 for the same period last year.

As of December 31, 2024, consolidated assets of the Group amounted to PKR 6,753.9 Bn being PKR 85.1 Bn or 1.28% higher than PKR 6,668.8 Bn of December 31, 2023.

Profit for the year ended December 31, 2024, after carrying forward of accumulated profit of 2023 is proposed to be appropriated as follows:

	(PKR 'Mn)
After-tax consolidated profit for the year ended December 31, 2024	26,502.7
Unappropriated profit brought forward	225,693.4
Impact due to adoption of IFRS – 9, net of tax	(10,288.5)
Other comprehensive income - net of tax	2,254.2
Non-controlling interest	(517.6)
Transfer from surplus on revaluation of fixed assets – net of tax	162.8
	213,039.4
Profit available for appropriations	239,542.1
Appropriation:	
Transfer to statutory reserve	(2,686.6)
Unappropriated profit carried forward	241,120.4

ڈائریکٹرز کی شفیئر ہولڈرز کو رپورٹ مجموعی مالیاتی گوشوارے

محترم حصص داران

ہم بورڈ آف ڈائریکٹرز کی طرف سے 31 دسمبر 2024 کو ختم ہونے والے سال کے لیے نیشنل بینک آف پاکستان اور اس کے ذیلی اداروں کے لیے ڈائریکٹرز کا جائزہ اور آڈٹ شدہ مجموعی مالیاتی گوشوارے پیش کرتے ہوئے خوشی محسوس کر رہے ہیں۔

31 دسمبر 2024 کو ختم ہونے والے سال کے لیے ٹیکس کے بعد ہونے والا مجموعی منافع 26.503 بلین روپے رہا جو کہ 31 دسمبر 2023 کو ختم ہونے والے سال کے 53.321 بلین روپے کے منافع سے 50.3% کم ہے۔ اس سال بینک کے ذیلی اداروں نے گروپ کے منافع میں 0.984 بلین روپے (31 دسمبر 2023: 1.174 بلین روپے) کے منافع کا حصہ ڈالا جبکہ شریک اداروں کی جانب سے منافع میں حصہ 0.479 بلین روپے (31 دسمبر 2023: 0.245 بلین روپے) تھا۔ برطانیہ میں واقع مشترکہ ادارے UNBL، جس میں بینک کا 45% حصص تھا، سے 0.605 بلین روپے (31 دسمبر 2023: 1.226 بلین روپے) کے منافع کا حصہ ریکارڈ کیا گیا۔ دوران سال، بینک نے NBP کا UNBL میں 45% شیئر "بیسٹ وے گروپ" کو فروخت کر دیا۔ اس طرح 31 دسمبر 2024 کو ختم ہونے والے سال کے لیے مجموعی فی حصص آمدنی (EPS) سال 2023 کے 24.96 روپے کے مقابلے میں 12.21 روپے رہی۔

31 دسمبر 2024 کو بینک کے مجموعی اثاثوں کی مالیت 6,753.9 بلین روپے تھی جو کہ 31 دسمبر 2023 کے بینک کے مجموعی اثاثوں کی مالیت 6,668.8 بلین روپے سے 1.28% یا 85.1 بلین روپے زیادہ ہے۔

31 دسمبر 2024 کو ختم ہونے والے سال کے لیے گروپ کے بعد از ٹیکس منافع کو 2023 کے جمع شدہ منافع کے ساتھ آگے بڑھانے کے بعد تخصیص کے لیے تجویز مندرجہ ذیل ہے:

(بلین روپے)	
26,502.7	31 دسمبر 2024 کو ختم ہونے والے سال کا بعد از ٹیکس منافع
225,693.4	غیر تصرف شدہ آگے لایا جانے والا منافع
(10,288.5)	IFRS-9 کے اطلاق کا اثر بعد از ٹیکس
2,254.2	دیگر جامع آمدنی۔ بعد از ٹیکس
(517.6)	ٹرانزیکشنل انٹرنل
162.8	جامدا اثاثوں کی نظر ثانی شدہ قدر کی وجہ سے ذخائر میں منتقلی
213,039.4	
239,542.1	تصرف کے لیے دستیاب منافع
	تصرف:
(2,686.6)	قانونی ذخائر میں منتقلی
241,120.4	غیر تصرف شدہ منافع۔ آگے بڑھانے کے لیے:
	بورڈ آف ڈائریکٹرز کے لیے اور ان کی جانب سے

INDEPENDENT AUDITORS' REPORT

To the members of National Bank of Pakistan

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the annexed consolidated financial statements of National Bank of Pakistan and its subsidiaries (the Group), which comprise the consolidated statement of financial position as at

December 31, 2024, and the consolidated statement of profit and loss account, the consolidated statement of comprehensive income, the consolidated statement of changes in equity and the consolidated cash flow statement for the year then ended, and notes to the consolidated financial statements, including material accounting policy information and other explanatory information.

In our opinion, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at December 31, 2024, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with the accounting and reporting standards as applicable in Pakistan.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

A.F. Ferguson & Co.
Chartered Accountants

BDO Ebrahim & Co.
Chartered Accountants

Following are the Key Audit Matters:

S.No.	Key Audit Matter	How the matter was addressed in our audit
1	<p>Credit loss allowance against advances</p> <p>(Refer notes 4.8, 6.3, 12 and 35 to the consolidated financial statements)</p>	
	<p>The Group records credit loss allowance against advances in Pakistan operations in accordance with the requirements of IFRS 9 as applicable in Pakistan and as per the instructions of the State Bank of Pakistan (SBP).</p> <p>Under IFRS 9, the Group assesses on a forward-looking basis the Expected Credit Losses ('ECL') associated with all advances and other debt financial assets not held at FVTPL, together with letter of credit, guarantees and unutilised financing commitments. A lifetime ECL is recorded on advances in which there have been Significant Increase in Credit Risk (SICR) from the date of initial recognition and on advances which are credit impaired as on the reporting date. A 12 months ECL is recorded for advances which do not meet the criteria for SICR or "credit impaired" as at the reporting date. To assess whether there is a significant increase in the credit risk, the Group compares the risk of a default occurring on the advances as at the reporting date with the risk of default as at the date of initial recognition. Both lifetime and 12 months ECL are calculated at facility level. The allowance is increased by provisions charged to the consolidated statement of profit and loss account and is decreased by charge-offs, net of recoveries.</p> <p>The Group records charge for Stage 3 exposures based on the higher of provision under Prudential Regulations or ECL under IFRS 9, as per the instructions of the State Bank of Pakistan (SBP). This assessment is conducted at the facility level for corporate, commercial, and SME loan portfolios, and at a segment level for the retail portfolio. If one facility of a counterparty becomes 90+ days past due (DPD) or is otherwise defined as impaired under Prudential Regulations, all other facilities of that counterparty are classified as Stage 3.</p> <p>The measurement of ECL involves evaluating a range of possible outcomes, considering the time value of money, and incorporating reasonable and supportable information available at the reporting date about past events, current conditions, and forecasts of future economic conditions.</p> <p>Credit loss allowance / provisions pertaining to overseas advances are made in accordance with the requirements of regulatory authorities of the respective countries.</p>	<p>Our audit procedures to verify credit loss allowance against domestic advances included, amongst others, the following:</p> <p>We obtained and updated our understanding of management's assessment of credit loss allowance in respect of advances including the Group's internal rating model, accounting policy, model methodology including any key changes made during the year.</p> <p>We obtained an understanding of the design and tested the operating effectiveness of the relevant controls established by the Group to identify loss events and for determining the extent of provisioning required against advances.</p> <p>The testing of controls included testing of:</p> <ul style="list-style-type: none"> controls over correct classification of advances; controls over monitoring of advances with higher risk of default and correct classification of non-performing advances on subjective criteria; controls over accurate computation and recording of provisions; and controls over the governance and approval process related to provisions, including continuous reassessment by the management. <p>We selected a sample of loan accounts and performed the following substantive procedures:</p> <ul style="list-style-type: none"> assessed the reasonableness and accuracy of the data used for ECL computation based on accounting records and information system of the Group as well as the related external sources used for this purpose; checked repayments of loans / mark-up instalments and tested classification of advances based on the number of days overdue; tested the staging of loans and advances as per the criteria of SICR and in accordance with IFRS 9; evaluated the management's assessment for classification of a borrower's loan facilities as performing or non-performing based on review of repayment pattern, inspection of credit documentation and discussions with the management; assessed the ECL model used by the management to calculate expected credit loss against advances balances of the Group for appropriateness of the assumptions used and the methodology applied. We also tested the mathematical accuracy of the model;

Member firm of PwC network

Member firm of BDO International Limited

S.No.	Key Audit Matter	How the matter was addressed in our audit
	<p>The Group has recognised a net credit loss allowance against advances amounting to Rs. 6,136.298 million in the consolidated statement of profit and loss account in the current year. As at December 31, 2024, the Group holds a credit loss allowance including general provision of Rs. 268,075.412 million against advances.</p> <p>The determination of credit loss allowance against advances based on the above criteria remains a significant area of judgment and estimation. Because of the significance of the impact of these judgments / estimations and the materiality of advances relative to the overall consolidated financial statements of the Group, we considered this area as a key audit matter.</p>	<ul style="list-style-type: none"> assessed the reasonableness of the forward-looking assumptions used by the management in calculation of ECL; and assessed the relevant disclosures made in the consolidated financial statements to determine whether these are complied with the accounting and reporting standards as applicable in Pakistan. <p>We issued instructions to auditors of those overseas branches which were selected for audit, highlighting 'Credit loss allowance against financial assets and off-balance items' as a significant risk. The auditors of those branches performed audit procedures to check compliance with regulatory requirements and reported the results thereof to us. We, as auditors of the Group, evaluated the work performed by the component auditors and the results thereof.</p>
1	<p>Pension benefits liability</p> <p>(Refer notes 22, 26.3.3.1, 33.2 and 41.4 to the consolidated financial statements)</p>	
	<p>The Group operates an approved funded pension scheme for its eligible employees. The valuation for pension benefits is carried out annually by the actuary appointed by the management of the Group using the projected unit credit method.</p> <p>A number of the Group's employees had filed writ petitions before the Lahore High Court and Peshawar High Court with respect to their pensionary benefits in prior years. The Supreme Court of Pakistan (SCP) in September 2017 after hearing the arguments of both parties decided the case against the Group. The Group had subsequently filed review petitions against the judgement of the SCP.</p> <p>During the year, the SCP has by its order dated March 27, 2024 dismissed all the civil review petitions filed by the Group, as a result of which the Supreme Court's decision dated September 25, 2017 in respect of the pension litigation, has now attained finality. Accordingly, and in compliance of the judgement, the Group has made payments to majority of petitioners as well as non-petitioners. In addition, the SCP has also directed the Group to pay arrears of any government increases in pension to the petitioners.</p> <p>As a result of the above decision, the management has recognised a past service cost of Rs. 57,550 million based on the valuation carried out by the management's actuary in the consolidated financial statements of the Group for the year ended December 31, 2024. The net</p>	<p>Our audit procedures to verify pension benefits liability included, amongst others, the following:</p> <ul style="list-style-type: none"> Reviewed the Supreme Court's order and checked the Group's compliance with the judgment, including payments made to pensioners on a test basis; Reviewed minutes of the meeting of the Board of Directors for discussions held with respect to the pension litigation and liability; Obtained and reviewed the management expert's actuarial report supporting the calculation of pension obligations and evaluated key actuarial assumptions; Engaged an independent actuarial expert to assess the reasonableness of the pension liability determined by the management's actuary along with the related assumptions; and Evaluated the adequacy of the disclosures made in the consolidated financial statements to ensure compliance with the accounting and reporting standards as applicable in Pakistan.

A.F. Ferguson & Co.
Chartered Accountants

BDO Ebrahim & Co.
Chartered Accountants

S.No.	Key Audit Matter	How the matter was addressed in our audit
	present value of the Group's obligation against pension scheme as at December 31, 2024, amounted to Rs. 75,638 million. The determination of pension benefits liability as per the order of the SCP required certain estimates and judgments to be made including actuarial assumptions. The calculation of pension benefits remains an area of significant estimate and judgment. Because of the significance of the impact of these judgments / estimations and the materiality of the amount in the overall context of the consolidated financial statements, we considered this as a key audit matter.	

Information Other than the Consolidated and Unconsolidated Financial Statements and Auditors' Reports Thereon

Management is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the consolidated and unconsolidated financial statements and our auditors' reports thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and the Board of Directors for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with accounting and reporting standards as applicable in Pakistan, the requirements of Banking Companies Ordinance, 1962 and the Companies Act, 2017 (XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The Board of directors is responsible for overseeing the Group's financial reporting process.

Auditors' Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the Board of Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide to the Board of Directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the Board of Directors, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partners on the audit resulting in this independent auditors' report are **Shahbaz Akbar** and **Zulfikar Ali Causer** on behalf of A. F. Ferguson & Co., Chartered Accountants and BDO Ebrahim & Co., Chartered Accountants respectively.

The subsidiary company of the Group, National Bank Modaraba Management Company Limited, Pakistan exercises control over First National Bank Modaraba, Pakistan as its management company and also has a direct economic interest in it. The Group has consolidated the financial statements of the modaraba as the ultimate holding company.

The Group is principally engaged in commercial banking, modaraba management, brokerage, leasing, foreign currency remittances, asset management, exchange transactions and investment advisory asset. Brief profile of the Holding Company and subsidiaries is as follows:

National Bank of Pakistan

National Bank of Pakistan (the Bank) was incorporated in Pakistan under the National Bank of Pakistan Ordinance, 1949 (the Companies Act, 2017) and is listed on the Pakistan Stock Exchange (PSX). The registered and head office of the Bank is situated at I.I. Chundrigar Road, Karachi. The Bank is engaged in providing commercial banking and related services in Pakistan and overseas. The Bank also handles treasury transactions for the Government of Pakistan (GoP) as an agent to the State Bank of Pakistan (SBP). The Bank operates 1,503 (December 31, 2023: 1,508) branches in Pakistan including 207 (December 31, 2023: 188) Islamic Banking branches and 16 (December 31 2023: 18) overseas branches (including the Export Processing Zone branch, Karachi). The Bank also provides services in respect of Endowment Fund for students loan scheme and IPS accounts.

The Pakistan Sovereign Wealth Fund Act, 2023 was enacted and became effective during 2023. The shareholding of the Federal Government as per the Bank's Register of Shareholders is 7,895,707 shares only. However, under the said Act, the shares of Federal Government has been shown as 1,608,420,866. The Bank has sought clarification from Federal Government in this respect. Moreover, the process for transfer of shares as defined in NBP Bye-laws, 2015 has not yet been initiated. In view of the foregoing, the Bank's Register of Shareholders continues to show the shareholding position before the enactment of the Act pending completion of transfer formalities and clarification of the Federal Government.

CJSB Subsidiary Bank of NBP in Kazakhstan

CJSB Subsidiary Bank of NBP in Kazakhstan (JSCK) is a joint-stock bank, which was incorporated in the Republic of Kazakhstan in 2001. CJSB conducts its business under license number 252 dated December 27, 2007 (initial license was dated December 14, 2001) and is engaged in providing commercial banking services. The registered office of JSCK is located at 105, Dostyk Ave, 050051, Almaty.

NOTES TO AND FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2024

NBP Exchange Company Limited, Pakistan

NBP Exchange Company Limited (NBPECL) is a public unlisted company, incorporated in Pakistan on September 24, 2002 under the repealed Companies Ordinance, 1984 (now Companies Act, 2017). NBPECL obtained license for commencement of operations from State Bank of Pakistan (SBP) on November 25, 2002 and commencement of business certificate on December 26, 2003 from the Securities and Exchange Commission of Pakistan (SECP). The registered office of NBPECL is situated at Shaheen Complex, M.R. Kiryani Road, Karachi. NBPECL is engaged in foreign currency remittances and exchange transactions. 1.2 Basis of consolidation

- The consolidated financial statements include the financial statements of the Bank (Holding Company) and its subsidiary companies together - "the Group".
- Subsidiary companies are fully consolidated from the date on which more than 50% of voting rights are transferred to the Group or power to control the company is established and excluded from consolidation from the date of disposal or when the control is lost.
- The assets, liabilities, income and expenses of subsidiary companies have been consolidated on a line by line basis.
- Income and expenses of subsidiaries acquired during the year are included in the consolidated statement of the comprehensive income from the effective date of acquisition.

NOTES TO AND FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2024

- Non-Controlling interest / (minority interest) in equity of the subsidiary companies are measured at fair value for all the subsidiaries acquired from period beginning on or after January 1, 2010 whereas minority interest of previously acquired subsidiaries are measured at the proportionate net assets of subsidiary companies attributable to interest which is not owned by holding company.
- Material intra-group balances and transactions have been eliminated.

2 BASIS OF PRESENTATION

2.1 In accordance with the directives of the Federal Government of Pakistan regarding the shifting of the banking system to Islamic modes, the SBP has issued various circulars from time to time. Permissible forms of trade related mode of financing include purchase of goods by banks from their customers and immediate resale to them at appropriate mark-up in price on deferred payment basis. The purchases and sales arising under these arrangements are not reflected in these consolidated financial statements as such but are restricted to the amount of facility actually utilized and the appropriate portion of mark-up thereon.

2.2 Key financial figures of the Islamic banking branches of the Bank have been disclosed in annexure II to these consolidated financial statements.

2.3 The US Dollar amounts shown on the statement of financial position, statement of profit and loss account, statement of comprehensive income and cash flow statement are stated as additional information solely for the convenience of readers. For the purpose of conversion to US Dollars, the rate of Rs. 278.55 to 1 US Dollar has been used for 2024 and 2023 as it was the prevalent rate as on December 31, 2024.

2.4 These consolidated financial statements have been prepared in accordance with the format for preparation of the annual financial statements of banks issued by the State Bank of Pakistan (SBP), vide its BPRD Circular letter No. 13 dated July 01, 2024.

2.5 STATEMENT OF COMPLIANCE

2.5.1 These consolidated financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRS), issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
- Islamic Financial Accounting Standards (IFAS), issued by the Institute of Chartered Accountants of Pakistan as notified under the Companies Act, 2017;
- Provisions of and directives issued under the Banking Companies Ordinance, 1962 and the Companies Act, 2017; and
- Directive issued by the State Bank of Pakistan (SBP) and the Securities and Exchange Commission of Pakistan (SECP);

Where the requirements of the Banking Companies Ordinance, 1962, the Companies Act, 2017, or the directives issued by the SBP and the SECP differ with the requirements of IFRS or IFAS, the requirements of the Banking Companies Ordinance, 1962, the Companies Act, 2017 and the said directives shall prevail.

2.5.2 The SBP has deferred the applicability of International Accounting Standard (IAS) 40, 'Investment Property' for banking companies through BSD Circular Letter No. 10 dated August 26, 2022 till further instructions. Further, the SECP has deferred the applicability of International Financial Reporting Standard (IFRS) 7, 'Financial Instruments: Disclosures' on banks through its notification S.R.O 411(I)/2008 dated April 28, 2008. The SBP through BPRD Circular No. 04 of 2015 dated February 25, 2015 had deferred the applicability of Islamic Financial Accounting Standard- for Profit and Loss Sharing on Deposits (IFAS-3) issued by the Institute of Chartered Accountants of Pakistan (ICAP) and notified by the SECP, vide their SRO No. 571 of 2013 dated June 12, 2013 for Institutions offering Islamic Financial Services (IIFS). Accordingly, the requirements of these standards have not been considered in the preparation of these consolidated financial statements.

NOTES TO AND FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2024

2.5.3 The SBP has issued BPRD Circular Letter No. 01 of 2025 dated January 22, 2025 in which certain relaxations / clarifications have been provided upon adoption of IFRS 9 which are disclosed in note 6.1 of these unconsolidated financial statements. As allowed by the SBP vide BPRD Circular No. 03 of 2022 dated July 05, 2022, IFRS 9 has not been adopted for overseas branches where it is not applicable as per their local regulations for the year ended December 31, 2024.

2.5.4 The SBP, vide its BPRD Circular No. 13 dated July 01, 2024, issued the revised forms for the preparation of the annual financial statements of the Banks / DFIs which are applicable for periods beginning on or after January 1, 2024 as per BPRD Circular Letter No. 07 of 2023 dated April 13, 2023. The implementation of the revised forms has resulted in certain changes to the presentation and disclosures of various elements of these consolidated financial statements. There is no impact of this change on these consolidated financial statements in terms of recognition and measurement of assets and liabilities except mentioned in note 6.

2.5.5 The SECP vide SRO 56 (1) / 2016 dated January 28, 2016, has notified that the requirements of IFRS 10 (Consolidated Financial Statements) and section 228 of the Companies Act, 2017 will not be applicable with respect to the investment in mutual funds established under Trust structure.

2.6 Standards, interpretations of and amendments to the published accounting and reporting standards that are effective in the current year:

There are certain new and amended standards, issued by International Accounting Standards Board (IASB), interpretations and amendments that are mandatory for the Bank's accounting periods beginning on or after January 01, 2024 but are considered not to be relevant or do not have any material effect on the Bank's operations and are therefore not detailed in these consolidated financial statements except for IFRS 9 (Financial Instruments), the impact of which is disclosed under note 6.1.

2.7 Standards, interpretations of and amendments to the published accounting and reporting standards that are not yet effective:

There are certain new and amended standards, issued by International Accounting Standards Board (IASB), interpretations and amendments that are mandatory for the Bank's accounting periods beginning on or after January 01, 2025 but are considered not to be relevant or will not have any material effect on the Bank's financial statements except for:

- the new standard - IFRS 18 Presentation and Disclosure in Financial Statements (IFRS 18) (published in April 2024) with applicability date of January 01, 2027 by IASB. IFRS 18 is yet to be adopted in Pakistan. IFRS 18 when adopted and applicable shall impact the presentation of 'Statement of Profit and Loss Account' with certain additional disclosures in the financial statements.
- amendments to IFRS 9 'Financial Instruments' which clarify the date of recognition and derecognition of a financial asset or financial liability including settlement of liabilities through banking instruments and channels including electronic transfers. The amendment when applied may impact the timing of recognition and derecognition of financial liabilities and financial assets.
- amendment to IAS 21 'The Effects of Changes in Foreign Exchange Rates' which will require Banks to apply a consistent approach in assessing whether a currency can be exchanged into another currency and, when it cannot, in determining the exchange rate to use and the disclosures to provide.

The management is in the process of assessing the impact of these amendments on the consolidated financial statements of the Bank.

2.8 Critical accounting estimates and judgments

The preparation of these consolidated financial statements in conformity with the accounting and reporting standards as applicable in Pakistan requires management to make judgments, estimates and assumptions that affect the reported amounts of assets and liabilities and income and expenses as well as in the disclosure of contingent liabilities. It also requires management to exercise judgment in application of its accounting policies. The estimates and associated assumptions are based on historical experience and various other

NOTES TO AND FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2024

factors that are believed to be reasonable under the circumstances. These estimates and assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised, if the revision affects only that period, or in the period of revision and in future periods if the revision affects both current and future periods.

a) Credit Allowance against non-performing loans and advances

The Bank regularly reviews its loan portfolio to assess amount of non-performing loans and determine the provisions required there against at each reporting date. In assessing this requirement, various factors including the days past dues, delinquency in the account, financial position and future business / financial plan of the borrower, value of collateral held and requirements of SBP Prudential Regulations are considered. Credit loss allowances are maintained at the higher of ECL under IFRS 9 or the prudential regulation R-8. The Bank also considers the impact of Forced Sale Value (FSV) of collaterals when determining the amount of provisions. However, no benefit of FSV of non-liquid collateral has been taken into account during the year in calculating the provisioning amount.

General provisions for loan losses for overseas branches are made as per the requirements of the respective central banks.

b) Fair value of derivatives

The fair values of derivatives which are not quoted in active markets are determined by using valuation techniques. The valuation techniques take into account the relevant interest and exchange rates over the term of the contract.

c) Impairment of FVOCI investments

Impairment in respect of unquoted shares is calculated with reference to break-up value. Break-up value is calculated with reference to the net assets of the Investee Company as per the latest available audited financial statements. Provision and ECL for unquoted debt securities is calculated as per SBP's Prudential Regulations and IFRS-9 respectively.

A financial instrument that is not credit-impaired on initial recognition is classified in 'Stage 1' and has its credit risk continuously monitored by the Bank. If a significant increase in credit risk ('SICR') since initial recognition is identified, the financial instrument is moved to 'Stage 2' but is not yet deemed to be credit-impaired. If the financial instrument is credit-impaired, the financial instrument is then moved to 'Stage 3' and impairment ECL of stage 3 impairment of FVOCI quoted TFCs, PTC, Ijarah Sukuks & Government Bonds is recognized in accordance with the requirements of Prudential Regulations and other directives issued by SBP as per subjective and objective criteria of Prudential Regulations after taking into account of FSV benefit under Prudential Regulations and IFRS-9.

d) Amortised Cost investments

The Group follows the guidance provided in the SBP circulars and IFRS 9 on classifying non-derivative financial assets with fixed or determinable payments and fixed maturity as Amortised Cost. In making this judgment, the Group evaluates its intention and ability to hold such investments till maturity.

e) Income taxes

In making the estimates for current and deferred taxes, the management looks at the income tax law and the decisions of appellate authorities on certain issues in the past. There are certain matters where the Group's view differs with the view taken by the income tax department and such amounts are shown as contingent liability.

NOTES TO AND FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2024

f) Property and Equipment, Non-Banking asset and intangible assets, revaluation, depreciation and amortisation

In making estimates of the depreciation / amortization method, the management uses method which reflects the pattern in which economic benefits are expected to be consumed by the Group. The method applied is reviewed at each financial year end and if there is a change in the expected pattern of consumption of the future economic benefits embodied in the assets, the method is changed to reflect the change in pattern.

The Group also revalues its properties on a periodic basis. Such revaluations are carried out by independent valuer and involves estimates / assumptions and various market factors and conditions.

g) Defined benefit plans including pension expense

The liabilities for employees' benefits plans are determined using actuarial valuations. The actuarial valuations involve assumptions about discount rates, expected rates of return on assets, future salary increases, future inflation rates and future pension increases as disclosed in note 41. Due to the long term nature of these plans, such estimates are subject to significant uncertainty.

h) Provision against contingencies

Provision against contingencies is determined based on the management judgement regarding the probability of future outflows of resources embodying economic benefits to settle an obligation arising from past events.

i) Lease liability against right of use assets

The group applies judgement to determine the lease term for some lease contracts in which it is a lessee that include renewal options. The assessment of whether the group is reasonably certain to exercise such options impacts the lease term, which significantly affects the amount of lease liabilities and right-of-use assets recognized.

Moreover, management exercises judgement in establishing the discount rate for new leases, utilizing the incremental borrowing rate as a benchmark.

j) Classification of financial assets and liabilities

The classification of financial asset is determined through solely payment and principal (SPPI) criteria and business model of the group. The group determines its business model at the level that best reflects how it manages groups of financial assets to achieve its business objective.

The financial liabilities are being carried at amortised cost except for derivatives which are being measured at FVTPL.

k) Contingent assets and contingent liabilities

Contingent assets are not recognised, and are also not disclosed unless an inflow of economic benefits is probable. Contingent liabilities are not recognised but are disclosed unless the probability of an outflow of resources embodying economic benefits are remote. The group uses estimates in determining the probability of inflow or outflow of economic benefits.

l) Impairment of non-financial assets

The carrying amount of the assets are reviewed at each Statement of Financial Position date to determine whether there is any indication of impairment. If such indication exists, the recoverable amount of the relevant asset is estimated. An impairment loss is recognised whenever the carrying amount of an asset exceeds its recoverable amount.

NOTES TO AND FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2024

m) Determination of control over investees

The Group's management applies its judgement to determine whether the control exists over the investee entities.

3. BASIS OF MEASUREMENT

These consolidated financial statements have been prepared under the historical cost convention except that:

- i) certain property and equipment and non banking assets acquired in satisfaction of claims are stated at revalued amounts;
- ii) investments classified at fair value through profit and loss and fair value through other comprehensive income are carried at fair value;
- iii) foreign exchange contracts are measured at fair value; and
- iv) staff retirement benefits are carried at present value;

4. MATERIAL ACCOUNTING POLICY INFORMATION

The accounting policy adopted in preparation of these consolidated financial statements are consistent with those of the previous financial year for changes mentioned in note 6.1.3.

4.1 Business Combination

Acquisitions of businesses are accounted for using the acquisition method. The consideration transferred in a business combination is measured at fair value, which is calculated as the sum of the acquisition-date fair values of the assets transferred by the Group, liabilities incurred by the Group to the former owners of the acquiree and the equity interests issued by the Group in exchange for control of the acquiree. Acquisition-related costs are recognised in profit and loss account as incurred.

At the acquisition date, the identifiable assets acquired and the liabilities assumed are recognised at their fair value.

Goodwill is measured as the excess of the sum of the consideration transferred, the amount of any non-controlling interests in the acquiree, and the fair value of the acquirer's previously held equity interest in the acquiree (if any) over the net of the acquisition-date amounts of the identifiable assets acquired and the liabilities assumed. If, after reassessment, net of the acquisition-date amounts of the identifiable assets acquired and liabilities assumed exceeds the sum of the consideration transferred, the amount of any non-controlling interests in the acquiree and the fair value of the acquirer's previously held interest in the acquiree (if any), the excess is recognised immediately in profit and loss account as a bargain purchase gain.

Non-controlling interests that are present ownership interests and entitle their holders to a proportionate share of the Group's net assets in the event of liquidation is measured at fair value at the date of the acquisition.

When a business combination is achieved in stages, the Group's previously held equity interest in the acquiree is remeasured to fair value at the acquisition date (i.e. the date when the Group obtains control) and the resulting gain or loss, if any, is recognised in profit and loss account.

4.2 Goodwill

Goodwill arising on an acquisition of a business is carried at cost as established at the date of acquisition of the subsidiary company.

For the purposes of impairment testing, goodwill is allocated to each of the Group's cash-generating units (or entities of cash-generating units) that is expected to benefit from the synergies of the combination.

NOTES TO AND FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2024

A cash-generating unit to which goodwill has been allocated is tested for impairment annually, or more frequently when there is indication that the unit may be impaired. If the recoverable amount of the cash-generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit on a pro-rata basis based on the carrying amount of each asset in the unit. Any impairment loss for goodwill is recognised directly in profit and loss account. An impairment loss recognised for goodwill is not reversed in subsequent periods.

On disposal of the relevant cash-generating unit, the attributable amount of goodwill is included in the determination of the profit or loss on disposal.

4.3 Cash and cash equivalents

Cash and cash equivalents include cash and balances with treasury banks, balances with other banks and call money lendings, less call borrowings and overdrawn nostro accounts having original maturity of three months or less.

4.4 Investments

Investments include Federal Government securities, shares, mutual funds, non-Government debt securities, foreign securities, associates and subsidiaries. Classification and measurement of Federal Government securities, shares, mutual funds, non-Government debt securities and foreign securities has been detailed in note 11.

4.5 Repurchase and resale agreements

Securities sold with a simultaneous commitment to repurchase at a specified future date (repos) continue to be recognised in the statement of financial position and are measured in accordance with accounting policies for investment securities. The counterparty liability for amounts received under these agreements is included in borrowings. The difference between sale and repurchase price is treated as mark-up / return / interest expense and accrued over the life of the repo agreement using effective yield method.

Securities purchased with a corresponding commitment to resell at a specified future date (reverse repos) are not recognised in the statement of financial position, as the Bank does not obtain control over the securities. Amounts paid under these agreements are included in lendings to financial institutions. The difference between purchase and resale price is treated as mark-up / return / interest income and accrued over the life of the reverse repo agreement using effective yield method.

4.6 Derivative financial instruments

Derivative financial instruments are initially recognised at fair value on the dates on which the derivative contracts are entered into and are subsequently re-measured at fair value using appropriate valuation techniques. All derivative financial instruments are carried as assets when fair value is positive and liabilities when fair value is negative. Any change in the fair value of derivative instruments during the year is taken to the profit and loss account.

4.7 Financial instruments

All financial assets and financial liabilities are recognised at the time when the Bank becomes a party to the contractual provisions of the instrument. A financial asset is derecognised where (a) the rights to receive cash flows from the asset have expired; or (b) the Bank has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (i) the Bank has transferred substantially all the risks and rewards of the asset, or (ii) the Bank has neither transferred nor retained substantially all the risk and rewards of the asset, but has transferred control of the asset. A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. Any gain or loss on derecognition of the financial assets and financial liabilities is taken to profit and loss account.

NOTES TO AND FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2024

4.8 Advances

Loans and advances including net investment in finance lease are stated net of credit loss allowance / provision against non-performing loan and advances. Credit loss allowance / provision against loans and advances in Pakistan operations have been made in accordance with the requirements of the Prudential Regulations and IFRS 9 application instructions issued by the SBP. General provisions against loans and advances in Pakistan operations have been maintained against potential high risk advances based on the management's estimates as disclosed in note 12.5. Credit loss allowance / provisions pertaining to overseas loans and advances are made in accordance with the requirements of the regulatory authorities of the respective countries. Advances are written off / charged off when there are no realistic prospects of recovery or to clean up the balance sheet as allowed by the SBP.

Subsidised loans disbursed under Temporary Economic Refinance Facility (TERF) have been recorded at fair value resulting in recognition of fair value adjustment on initial recognition. Unwinding of income on fair value adjustment is recognised in the consolidated statement of profit and loss account.

4.8.1 Islamic financing and related assets

Under Murabaha financing, funds disbursed for the purchase of goods are recorded as advance against Murabaha finance and the financing is recorded at the deferred sale price. Goods purchased but remaining unsold at the statement of financial position date are recorded as inventories.

Assets given on Ijarah are stated at cost less accumulated depreciation and accumulated impairment losses, if any. Ijarah assets are depreciated on a reducing balance basis over the term of the Ijarah after taking into account the estimated residual value. Impairment of Ijarah assets is recognised in line with the Prudential Regulations or upon the occurrence of an impairment event which indicates that the carrying value of the Ijarah asset may exceed its recoverable amount.

In Running Musharakah, the Bank and the customer enter into a Musharakah agreement where the Bank agrees to finance the operating activities of the customer's business and share in the profit or loss in proportion to an agreed ratio at an agreed frequency.

Under Diminishing Musharakah financing, the Bank creates joint ownership with the customer over the tangible assets to fulfill capital expenditure / project requirements. The Bank receives periodic payments from the customer against the gradual transfer of its share of ownership to the customer.

In Istisna transactions, the Bank finances the cost of goods manufactured by the customer. Once the goods are manufactured, these are sold by the customer as an agent of the Bank to recover the cost plus the agreed profit.

Under Tijarah, the Bank purchases the finished goods from the customer against payment, takes possession and appoint customer as an agent to sell these goods to ultimate buyer on deferred payment basis. Profit is recognized on accrual basis over the period of transaction.

Wakalah is an agency contract in which Bank provides funds to the customer who invests it in a Shariah compliant manner.

In Musawamah financing, the Bank purchases the goods and after taking the possession, sells them to the customer either in spot or credit transaction, without disclosing the cost.

4.9 Fixed assets and depreciation

4.9.1 Property and equipment

4.9.1.1 Owned assets

Property and equipment, except land and buildings, are stated at cost less accumulated depreciation and accumulated impairment losses, if any. Land is stated at revalued amount. Buildings are stated at revalued

NOTES TO AND FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2024

amount less accumulated depreciation and impairment, if any. The cost and the accumulated depreciation of property and equipment of foreign branches include exchange differences arising on currency translation at the year-end rates. Depreciation is charged to profit and loss account applying the straight line method except buildings, which are depreciated on diminishing balance method at the rates stated in note 13.2. Depreciation on addition is charged from the month in which the assets are available for use and no depreciation is charged in the month the assets are disposed off.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Bank and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognised. All other repairs and maintenance are charged to the profit and loss account during the period in which they are incurred.

Assets are derecognised when disposed off or when no future economic benefits are expected from its use or disposal. Gains and losses on disposal of property and equipment are included in profit and loss account.

The assets' residual values and useful lives are reviewed annually, and adjusted if appropriate, at statement of financial position date.

Land and buildings' valuations are carried out by professionally qualified valuers with sufficient regularity to ensure that their carrying amounts do not differ materially from their fair value.

- Any revaluation increase arising on the revaluation of such assets is recognised in the statement of comprehensive income and accumulated in equity, except to the extent that it reverses a revaluation decrease for the same asset previously recognised in profit and loss account, in which case the increase is credited to profit and loss account to the extent of the decrease previously expensed. A decrease in the carrying amount arising on the revaluation of such assets is recognised in profit and loss account to the extent that it exceeds the balance, if any, held in "Surplus on Revaluation of Fixed Assets" relating to a previous revaluation of that asset.
- Depreciation on assets which are revalued is determined with reference to the value assigned to such assets on revaluation and depreciation charge for the year is taken to the profit and loss account.
- An amount equal to incremental depreciation for the year net of associated deferred tax is transferred from "Surplus on Revaluation of Fixed Assets" to unappropriated profit through statement of changes in equity to record realization of surplus to the extent of the incremental depreciation charge for the year.
- On the subsequent sale or retirement of a revalued asset, the attributable revaluation surplus remaining in the revaluation reserve is transferred directly to unappropriated profit.

4.9.1.2 Leased assets (as lessee)

Assets subject to finance lease are accounted for by recording the asset and the related liability. These are recorded at lower of fair value and the present value of minimum lease payments at the inception of lease and subsequently stated net of accumulated depreciation. Depreciation is charged on the basis similar to the owned assets. Financial charges are allocated over the period of lease term so as to provide a constant periodic rate of financial charge on the outstanding liability.

4.9.1.3 Ijarah (as lessor)

Assets leased out under 'Ijarah' are stated at cost less accumulated depreciation and accumulated impairment losses, if any. Assets under Ijarah are depreciated over the period of lease term. However, in the event the asset is expected to be available for re-Ijarah, depreciation is charged over the economic life of the asset using straight line basis.

Ijarah income is recognised on a straight line basis over the period of Ijarah contract.

NOTES TO AND FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2024

4.9.2 Capital work-in-progress

Capital work-in-progress is stated at cost less accumulated impairment losses, if any. These are transferred to specific assets as and when assets are available for use.

4.9.3 Impairment

The carrying values of fixed assets are reviewed for impairment when events or changes in circumstances indicate that the carrying values may not be recoverable. If any such indication exists and where the carrying values exceed the estimated recoverable amounts, fixed assets are written down to their recoverable amounts.

The resulting impairment loss is taken to profit and loss account except for impairment loss on revalued assets which is adjusted against the related revaluation surplus to the extent that the impairment loss does not exceed the surplus on revaluation of assets. Where impairment loss subsequently reverses, the carrying amount of the asset is increased to the revised recoverable amount but limited to the extent of the amount which would have been determined had there been no impairment. Reversal of impairment loss is recognised as income in profit and loss account.

4.10 Lease liability and right-of-use assets

The lease liabilities are initially measured at the present value of lease payments that includes:

- fixed payments (including in-substance fixed payments), less any lease incentives receivable;
- variable lease payment that are based on an index or a rate as at the commencement date;
- amounts expected to be payable by the lessee under residual value guarantees, if any;
- the exercise price of a purchase option if the lessee is reasonably certain to exercise that option; and
- payments of penalties for terminating the lease, if the lease term reflects the lessee exercising that option.

The lease payments are to be discounted using the incremental borrowing rate being the rate that the Group would have to pay to borrow the funds necessary to obtain an asset of similar value in a similar economic environment with similar terms and conditions.

On initial recognition Right-of-use assets are measured at cost comprising the following:

- the amount of the initial measurement of lease liability;
- any lease payments made at or before the commencement date less any lease incentives received;
- any initial direct costs incurred; and
- an estimate of restoration costs.

The Bank leases various offices / branches for the purpose of its operational activities. Rental contracts are typically made for fixed periods of 3 to 10 years. Lease terms are negotiated on an individual basis and contain a wide range of different terms and conditions. The lease agreements do not impose any covenants, but leased assets may not be used as security for borrowing purposes.

4.11 Intangible assets

Intangible assets are stated at cost less accumulated amortisation and accumulated impairment losses, if any. The cost and the accumulated amortisation of intangible assets of foreign branches include exchange differences arising on currency translation at the year-end rates. Amortisation is charged to profit and loss account applying the straight-line method at the rates stated in note 13. Amortisation on addition is charged from the month in which the assets are available for use and no amortisation is charged in the month the intangible assets are disposed off. The estimated useful life and amortisation method are reviewed at the end

NOTES TO AND FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2024

of each annual reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

Intangible assets with indefinite useful life are carried at cost less impairment losses, if any.

4.12 Non-banking assets acquired in satisfaction of claims

In accordance with the requirements of the 'Regulations for Debt Property Swap' (the regulations) issued by SBP vide its BPRD Circular No. 1 of 2016, dated January 1, 2016, the non-banking assets acquired in satisfaction of claims are carried at revalued amounts less accumulated depreciation. These assets are revalued by professionally qualified valuers with sufficient regularity to ensure that their net carrying value does not differ materially from their fair value. A surplus arising on revaluation is credited to the 'surplus on revaluation of assets' account and any deficit arising on revaluation is taken to the profit and loss account directly. Legal fees, transfer costs and direct costs of acquiring title to property is charged to profit and loss account and not capitalized. Depreciation on non-banking assets acquired in satisfaction of claims is charged to the profit and loss account on the same basis as depreciation charged on the Bank's owned fixed assets.

4.13 Deposits and their cost

Deposits are recorded at the fair value of proceeds received.

Deposit costs are recognised as an expense in the period in which these are incurred using effective yield method.

4.14 Taxation

4.14.1 Current

Provision of current taxation is based on taxable income for the year determined in accordance with the prevailing laws of taxation on income earned for local as well as foreign operations, as applicable to the respective jurisdictions. The charge for the current tax also includes adjustments wherever considered necessary relating to prior years, arising from assessments framed during the year.

4.14.2 Deferred

Deferred tax is provided on all temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses, to the extent that it is probable that taxable profits will be available against which the deductible temporary differences and unused tax losses can be utilized. Deferred tax is not recognised on differences relating to investment in subsidiaries and branches to the extent the deductible temporary difference probably will not reverse in the foreseeable future.

The carrying amount of deferred tax assets are reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit or deductible temporary differences will be available to allow all or part of the deferred income tax asset to be utilized.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to gain / loss recognized on surplus on revaluation of assets is charged / credited to such account.

NOTES TO AND FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2024

4.15 Employee benefits

4.15.1 Defined benefit plans

The Bank operates an approved funded pension scheme, an un-funded post retirement medical benefits scheme and an un-funded benevolent scheme for its eligible employees. The Bank also operates an un-funded gratuity scheme for its eligible contractual employees. An actuarial valuation of all defined benefit schemes is conducted every year. The valuation uses the Projected Unit Credit method. Remeasurements of the net defined benefit liability / assets which comprise actuarial gains and losses, return on plan assets (excluding interest) and the effect of asset ceiling (if any, excluding interest) are recognised immediately in other comprehensive income. Past-service costs are recognised immediately in profit and loss account when the plan amendment occurs.

4.15.2 Other employee benefits

Employees' compensated absences

The Group also makes provision in these consolidated financial statements for its liability towards compensated absences. This liability is estimated on the basis of actuarial advice under the Projected Unit Credit Method.

4.15.3 Retirement and other benefit obligations

In respect of CJSC Subsidiary Bank of NBP in Kazakhstan (CJSC)

The CJSC withholds amounts of pension contributions from employee salaries and pays them to state pension fund. The requirements of the Kazakhstan's legislation state pension system provides for the calculation of current payments by the employer as a percentage of current total payments to staff. This expense is charged in the period the related salaries are earned. Upon retirement all retirement benefit payments are made by pension funds selected by employees.

4.16 Revenue recognition and Mark up / Non Mark Up income

Revenue is recognised to the extent that the economic benefits associated with a transaction will flow to the Bank and the revenue can be reliably measured.

4.16.1 Advances and investments

Income on loans and advances and debt security investments are recognised on a time proportion basis that takes into account effective yield on the asset. In case of advances and investments, profit suspended in compliance with the Prudential Regulations issued by the SBP is recognised on receipt basis.

Interest / mark-up on rescheduled / restructured advances and investments is recognized in accordance with the Prudential Regulations issued by SBP.

Where debt securities (excluding held for trading securities / FVTPL) are purchased at a premium or discount, those premiums / discounts are amortised through the statement of profit and loss account over the remaining maturity.

4.16.2 Non mark-up / interest income

The Bank earns fee and commission income from certain non-funded banking services. The related fee and commission income is recognised at an amount that reflects the consideration to which the Bank expects to be entitled in exchange for providing the services. The recognition of fee and commission income depends on the purpose for which the fees are received. Fee and commission income is recognised when or as an entity satisfies the performance obligation, either over time or at a specific point of time. Unearned fees and commissions are included under Other liabilities.

Commission on letters of credit and guarantees is recognized on time proportion basis.

NOTES TO AND FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2024

Dividend income on equity investments and mutual funds is recognised when right to receive is established.

Gains and losses on disposal of investments and fixed assets are dealt with through the profit and loss account in the year in which they arise.

Gain or loss on sale / modification of financial assets is included in the consolidated statement of profit and loss account in the period in which they arise.

4.16.3 Lease financing

Income from lease financing is accounted for using the financing method. Under this method, the unearned lease income (defined as the sum of total lease rentals and estimated residual value less the cost of the leased assets) is deferred and taken to income over the term of the lease so as to produce a constant periodic rate of return on the outstanding net investment in the lease. Gains or losses on termination of lease contracts are recognised through the statement of profit and loss account when these are realised. Unrealised lease income and other fees on classified leases are recognised on a receipt basis.

4.17 Net investment in finance lease

Leases where the bank transfers substantially all the risk and rewards incidental to ownership of the assets to the lessee are classified as finance leases. Net investment in finance lease is recognised at an amount equal to the aggregate of present value of minimum lease payment including any guaranteed residual value and excluding unearned finance income, write-offs and provision for doubtful lease finances, if any.

4.18 Foreign currencies translation and foreign operation

4.18.1 Foreign currencies translation

The Group's financial statements are presented in Pak Rupees (Rs.) which is the Group's functional and presentation currency.

Foreign currency transactions are converted into Rupees applying the exchange rate at the date of the respective transactions. Monetary assets and liabilities in foreign currencies and assets / liabilities of foreign branches are translated into Rupees at the rates of exchange prevailing at the statement of financial position date. Forward foreign exchange contracts are valued at the rates applicable to their respective maturities. All gains or losses on dealing in foreign currencies are taken to the profit and loss account.

Commitments for outstanding forward foreign exchange contracts are disclosed in these consolidated financial statements at committed amounts. Contingent liabilities / commitments for letters of credit and letters of guarantee denominated in foreign currencies are expressed in Rupee terms at the rates of exchange prevailing at the statement of financial position date.

4.18.2 Foreign operation

Statement of Profit and loss account balances of foreign branches are translated at average exchange rate prevailing during the year. Gains and losses on translation are included in the profit and loss account except gains / losses arising on translation of net assets of foreign branches, which is credited to the statement of comprehensive income.

Statement of financial position balances of foreign branches are translated at exchange rate prevailing at statement of financial position date. Gains and losses on translation are included in the profit and loss account except gains / losses arising on translation of net assets of foreign branches, which is credited to the statement of comprehensive income.

4.19 Credit Allowance for off balance sheet obligations

ECL for guarantees, claims and other off balance sheet obligations are made when the bank has legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to

NOTES TO AND FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2024

settle the obligation and a reliable estimate of amount can be made. ECL against off balance sheet items created based on ORR or Days past dues of borrows and based on CCF factor on undrawn commitments. Charge to profit and loss account is stated net of expected recoveries.

4.20 Off setting

Financial assets and financial liabilities are only set off and the net amount is reported in the consolidated financial statements when there is a legally enforceable right to set off and the Bank intends either to settle on a net basis, or to realise the assets and to settle the liabilities simultaneously.

4.21 Fiduciary assets

Assets held in a fiduciary capacity are not treated as assets of the Group in the statement of financial position.

4.22 Dividend and other appropriations

Dividend and other appropriation to reserves, except appropriations which are required by the law, are recognised in the Group's financial statements in the year in which these are approved.

4.23 Earnings per share

The Group presents basic and diluted earnings per share (EPS) for its shareholders. Basic EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Group by the weighted average number of ordinary shares outstanding during the year. Diluted EPS is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding for the effects of all dilutive potential ordinary shares, if any. There were no dilutive potential ordinary shares in issue at December 31, 2024.

4.24 Bai Muajjal

Bai Muajjal transactions represent sales of Sukuks on a deferred payment basis and are shown in lendings to financial institutions except for transactions undertaken directly with the Government of Pakistan which are disclosed as investments.

The difference between the deferred payment amount receivable and the carrying value at the time of sale is accrued and recorded as income over the life of the transaction.

4.25 Acceptances

Acceptances comprise undertakings by the Bank to pay bill of exchange drawn on customers. Acceptances are recognised as financial liability in the statement of financial position with a contractual right of reimbursement from the customer as a financial asset. Therefore, commitments in respect of acceptances have been accounted for as on balance sheet financial assets and financial liabilities.

4.26 Segment reporting

A segment is a distinguishable component of the Bank that is subject to risks and rewards that are different from those of other segments. A business segment is one that is engaged either in providing certain products or services, where as a geographical segment is one engaged in providing certain products or services within a particular economic environment. Segment information is presented as per the Bank's functional and management reporting structure.

Business segments

The Group's primary segment reporting is based on the following business segments:

NOTES TO AND FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2024

- I. **Retail Banking Group** includes retail lending and deposits, banking services, cards and branchless banking.
- II. **Inclusive Development Group** consists of loans to individuals, agriculture, SME, commodity and commercial customers.
- III. **Corporate and Investment Banking Group** offers a wide range of financial services to medium and large sized public and private sector entities. These services include, providing and arranging tenured financing, corporate advisory, underwriting, cash management, trade products, corporate finance products and customer services.
- IV. **Treasury** includes fixed income, equity, foreign exchange, credit, funding, own position securities, lendings and borrowings and derivatives for hedging and market making.
- V. **International Financial Institution and Remittance Group** includes the results of all international branches, correspondent banking business and global remittances. This represents Group's operations in 12 countries including Pakistan and 18 branches including one branch in export processing zone in Pakistan.
- VI. **Aitemaad and Islamic Banking Group** provides shariah compliant services to customers including loans, deposits and other transactions.
- VII. **Head Office / Others** includes the head office related activities and other functions which cannot be classified in any of the above segments.

Geographical segments

The Group is managed along the following geographic lines for monitoring and reporting purposes:

- I. Pakistan (including branch in Export Processing Zone)
- II. Asia Pacific (including South Asia)
- III. Europe
- IV. United States of America
- V. Middle East

5. CLOSURE OF FOREIGN SUBSIDIARIES AND OPERATIONS

In line with SBP Governance Framework 2018, the Board of Directors (BoD) in its 302nd meeting held on January 20 & 21, 2020 had accorded the approval of International Strategy. As per approved Strategy, the BoD allowed closure of all locations in Central Asian Republics. Closure of three (3) locations i.e. Azerbaijan (Baku), Kyrgyzstan (Bishkek) and Kazakhstan (Almaty) got delayed due to challenges faced in the settlement of non-performing loans while others have already been closed.

The tentative timeline for closure of operations at these (3) locations is as under:

S.No	Name of International Locations	Tentative Date of Closure
1)	CJSC Subsidiary Bank of NBP in Almaty, Kazakhstan	31.03.2025
2)	Bishkek Branch, Kyrgyzstan	31.03.2025
3)	Baku Branch, Azerbaijan	31.03.2025

NOTES TO AND FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2024

The Board of Directors in its 316th meeting held on January 06 & 11, 2021 had accorded the approval to scale down Bangladesh Operations. Later-on, the Board of Directors in its 349th meeting held on June 19, 2023 approved exit from Bangladesh preferably by exploring the options of merger with an existing group or sale of license / entire business to a new buyer. In this regard, relevant activities have been initiated.

The BoD in its 327th meeting held on January 17, 2022 accorded the approval of exiting from France. After complying to all regulatory requirements, the group has closed down its operations in Paris with effect from December 31, 2024.

Further, in line with NBP BoD directives, the group voluntarily surrendered its New York Branch's banking license with NYSDFS' approval and closed the branch in October 2024.

6. Application of new and revised International Financial Reporting Standards (IFRSs)

6.1 IFRS 9 - 'Financial Instruments'

As per SBP BPRD Circular Letter No. 07 of 2023 dated April 13, 2023, IFRS 9 is applicable on groups with effect from January 01, 2024. IFRS 9 brings fundamental changes to the accounting for financial assets and to certain aspects of accounting for financial liabilities. To determine appropriate classification and measurement category, IFRS 9 requires all financial assets, except equity instruments, to be assessed based on combination of the entity's business model for managing the assets and the instruments' contractual cash flow characteristics. The adoption of IFRS 9 has also fundamentally changed the impairment method of financial assets with a forward-looking Expected Credit Losses (ECL) approach.

The SBP through BPRD Circular Letter No. 16 dated July 29, 2024 and BPRD Circular Letter No. 01 dated January 22, 2025 (Letters) has made certain amendments and clarified the timelines of some of the SBP's IFRS 9 Application Instructions to address the matters raised by the groups to ensure compliance by the timelines. The Letters have provided clarifications / relaxations on measurement of unquoted equity securities, modification accounting, maintenance of general provisions over and above ECL, accounting methodology for Islamic grouping Institutions and treatment of charity. Accordingly, the group has adopted the treatment as instructed in the aforementioned Letters in these consolidated financial statements. In addition, the SBP in a separate instruction SBPHOK-BPRD-RPD-NBP-821909 dated January 22, 2025 has allowed extension for application of Effective Interest Rate up to December 31, 2025.

On application of IFRS 9, certain accounting policies have been revised to comply with the requirements of IFRS 9. The revised accounting policies have been disclosed in their respective policy notes in these consolidated financial statements.

The SBP has directed the groups through its BPRD Circular Letter No.1 dated January 22, 2025 to disclose the impact of IFRS 9 on revenue recognition from Islamic Operations which is as follows:

Had IFRS 9 been adopted in its entirety for revenue recognition from Islamic operations profit / return earned on Islamic financing and related assets in consolidated statement of profit and loss account for the year ended December 31, 2024 would have been higher by Rs. 135 million and taxation would have been higher by Rs 73 million. Further, an unappropriated profit in consolidated statement of changes in equity would have been higher by Rs 62 million.

Application to the group's financial assets

Debt based financial assets

Debt based financial assets held by the group include: Advances, lending to financial institutions, investment in Federal Government securities, corporate bonds and other private sukuks, cash and balances with treasury groups, balances with other groups, and other financial assets.

- a) These are measured at amortised cost if these assets meet both of the following conditions and are not designated as fair value through profit and loss (FVTPL):

NOTES TO AND FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2024

- the assets are held within a business model whose objective is to hold assets to collect contractual cash flows; and
- the contractual terms of the financial assets give rise on specified dates to cash flows that are solely payments of principal and interest / profit on the principal amount outstanding.

The group's business model for these financial assets can still be held to collect (HTC) even when sales of these financial assets occur. However, if more than an infrequent number of sales of significant value are made, the group assesses whether and how the sales are consistent with the HTC objective.

- b) Debt based financial assets are measured at fair value through other comprehensive income (FVOCI) only if these meet both of the following conditions and are not designated as FVTPL:

- the asset are held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest / profit on the principal amount outstanding.

- c) Debt based financial assets if these are held for trading purposes are classified as measured at FVTPL.

In addition, on initial recognition, the group may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost or at FVOCI or at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

The group performed a detailed analysis of its business models for managing financial assets and analysis of their contractual cash flows characteristics.

2024			
Provision as per current regulatory framework	Remeasurement (ECL)	Reclassification	ECLs under IFRS 9
------(Rupees in '000)-----			

Impairment allowance against:

Cash and Balances with Treasury banks	-	18,713	-	18,713
Balance with Other banks	117,033	36	-	117,069
Lendings to financial institutions	174,150	9,723	-	183,873
Advances	233,832,651	31,715,097	-	265,547,748

Adoption impacts

The group has adopted IFRS 9 effective from January 01, 2024 with modified retrospective approach as permitted under IFRS 9. The cumulative impact of initial application of Rs. 12,003 million has been recorded as an adjustment to equity at the beginning of the current accounting period.

The following table reconciles the carrying amounts of financial assets, from their previous measurement category in accordance with previous local regulations to their new measurement categories upon transition to IFRS 9 on January 01, 2024 :

270

NOTES TO AND FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2024

6.2 Classification

Financial assets

Under IFRS 9, existing categories of financial assets: Held for trading (HFT), Available for sale (AFS), Held to maturity (HTM) and loans and receivables have been replaced by:

- Financial assets at fair value through profit or loss account (FVTPL)
- Financial assets at fair value through other comprehensive income (FVOCI)
- Financial assets at amortised cost

Financial liabilities

Under IFRS 9, the accounting for financial liabilities remains largely the same as before adoption of IFRS 9 and thus financial liabilities are being carried at amortised cost except for derivatives which are being measured at FVTPL.

6.2.1 Business model:

The group determines its business model at the level that best reflects how it manages groups of financial assets to achieve its business objective.

The group's business model is not assessed on an instrument-by-instrument basis, but at a higher level of aggregated portfolios and is based on observable factors such as:

- The objectives for the portfolio, in particular, whether management's strategy focuses on earning contractual revenue, maintaining a particular yield profile, matching the duration of the financial assets to the duration of the liabilities that are funding those assets or realising cash flows through the sale of the assets;
- How the performance of the business model and the financial assets held within that business model are evaluated and reported to the group's key management personnel;
- The risks that affect the performance of the business model (and the financial assets held within that business model) and, in particular, the way those risks are managed; and
- The expected frequency, value and timing of sales are also important aspects of the group's assessment. However, information about sales activity is not considered in isolation, but as part of an overall assessment of how the group's stated objective for managing the financial assets is achieved and how cash flows are realised.

The business model assessment is based on reasonably expected scenarios without taking 'worst case' or 'stress case' scenarios into account.

Eventually, the financial assets fall under either of the following three business models:

- i) Hold to Collect (HTC) business model: Holding assets in order to collect contractual cash
- ii) Hold to Collect and Sell (HTC&S) business model: Collecting contractual cash flows and selling financial assets
- iii) Other business models: Resulting in classification of financial assets as FVTPL

NOTES TO AND FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2024

6.2.2 Assessments whether contractual cash flows are solely payments of principal and interest / profit (SPPI)

As a second step of its classification process, the group assesses the contractual terms of financial assets to identify whether they meet the SPPI test. 'Principal' for the purpose of this test is defined as the fair value of the financial asset at initial recognition and may change over the life of the financial asset (for example, if there are repayments of principal or amortisation of the premium / discount). The most significant elements of interest / profit within a financing arrangement are typically the consideration for the time value of money and credit risk. To make the SPPI assessment, the group applies judgment and considers relevant factors such as, but not limited to, the currency in which the financial asset is denominated, and the period for which the interest / profit rate is set. Where the contractual terms introduce exposure to risk or volatility that are inconsistent with basic lending arrangement, the related financial asset is classified and measured at FVTPL.

6.2.3 Application to the group's financial assets

Debt based financial assets

Debt based financial assets held by the group include: advances, lending to financial institutions, investment in federal government securities, corporate bonds and other private sukuks, cash and balances with treasury groups, balances with other groups, and other financial assets.

a) These are measured at amortised cost if they meet both of the following conditions and are not designated as FVTPL:

- the assets are held within a business model whose objective is to hold assets to collect contractual cash flows; and
- the contractual terms of the financial assets give rise on specified dates to cash flows that are solely payments of principal and interest / profit on the principal amount outstanding.

The group's business model for these financial assets can still be HTC even when sales of these financial assets occur. However, if more than an infrequent number of sales of significant value are made, the group assesses whether and how the sales are consistent with the HTC objective.

b) Debt based financial assets are measured at FVOCI only if these meet both of the following conditions and are not designated as FVTPL:

- the asset are held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest / profit on the principal amount outstanding.

c) Debt based financial assets if these are held for trading purposes are classified as measured at FVTPL.

In addition, on initial recognition, the group may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost or at FVOCI as at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

Equity instruments

Equity instruments are instruments that meet the definition of equity from the issuer's perspective; that is, instruments that do not contain a contractual obligation to pay and that evidence a residual share in the issuer's net assets.

The group measures all equity investments at fair value through profit or loss, except where the group's management has elected, at initial recognition, to irrevocably designate an equity investment at fair value through other comprehensive income. The group's policy is to designate equity investments as FVOCI when those investments are held for purposes other than for trading. When this election is used, fair value gains and

NOTES TO AND FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2024

losses are recognised in OCI and are not subsequently reclassified to the profit and loss account, including on disposal. Impairment losses (and reversal of impairment losses) are not reported separately from other changes in fair value. Dividends, when representing a return on such investments, continue to be recognised in the profit and loss account as income when the group's right to receive payments is established.

IFRS 9 has removed the requirement for impairment assessments on equity investments. However, under BPRD Circular Letter No. 16 of 2024, dated July 29, 2024, groups may continue to measure unquoted equity securities at the lower of cost or break-up value until December 31, 2024. Starting January 1, 2025, groups will be required to measure unquoted equity securities at fair value, as mandated by the IFRS 9 application guidelines. For unquoted securities where the break-up value is lower than the cost, the difference has been classified as a loss and charged to the profit and loss account.

Gains and losses on equity instruments at FVTPL are included in the 'Gain on sales of securities' line in the profit and loss account.

6.2.4 Initial recognition and subsequent measurement

Financial assets and financial liabilities are recognised when the entity becomes party to the contractual provisions of the instrument. Regular way purchases and sales of financial assets are recognised on trade date, the date on which the group purchases or sells the asset. Other financial assets and liabilities like advances, lending to financial institutions, deposits etc. are recognised when funds are transferred to the customers' account or financial institutions. However, for cases, where funds are transferred on deferred payment basis, recognition is done when underlying asset is purchased.

a) Amortised cost (AC)

Financial assets and financial liabilities under amortised cost category are initially recognised at fair value adjusted for directly attributable transaction cost. These are subsequently measured at amortised cost. An expected credit loss allowance (ECL) is recognised for financial assets in the consolidated condensed annual statement of profit and loss account. Interest income / profit / expense on these assets / liabilities are recognised in the consolidated condensed annual statement of profit and loss account. On derecognition of these financial assets and liabilities, capital gain / loss will be recognised in the consolidated financial statement of profit and loss account.

b) Fair value through other comprehensive income (FVOCI)

Financial assets under FVOCI category are initially recognised at fair value adjusted for directly attributable transaction cost. These assets are subsequently measured at fair value with changes recorded in OCI. An expected credit loss allowance (ECL) is recognised for debt based financial assets in the consolidated condensed annual statement of profit and loss account. Interest / profit / dividend income on these assets are recognised in the consolidated financial statement of profit and loss account. On derecognition of debt based financial assets, capital gain / loss will be recognised in the consolidated condensed annual statement of profit and loss account. For equity based financial assets classified as FVOCI, capital gain / loss is transferred from surplus / deficit to unappropriated profit.

c) Fair value through profit or loss (FVTPL)

Financial assets under FVTPL category are initially recognised at fair value. Transaction cost will be directly recorded in the consolidated condensed annual statement of profit and loss account. These assets are subsequently measured at fair value with changes recorded in the consolidated condensed annual statement of profit and loss account. Interest / dividend income on these assets are recognised in the consolidated financial statement of profit and loss account. On derecognition of these financial assets, capital gain / loss will be recognised in the consolidated condensed annual statement of profit and loss account. An expected credit loss allowance (ECL) is not recognised for these financial assets.

NOTES TO AND FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2024

6.2.5 Derecognition

Financial assets

The group derecognises a financial asset when:

- the contractual rights to the cash flows from the financial asset expire;
- it transfers the rights to receive the contractual cash flows in a transaction in which either:
 - substantially all of the risks and rewards of ownership of the financial asset are transferred; or
 - the group neither transfers nor retains substantially all of the risks and rewards of ownership and it does not retain control of the financial asset.

The group enters into transactions whereby it transfers assets recognised in its consolidated condensed annual statement of financial position, but retains either all or substantially all of the risks and rewards of the transferred assets. In these cases, the transferred assets are not derecognised.

Financial liabilities

The group derecognises a financial liability when its contractual obligations are discharged or cancelled, or expired. The group also derecognises a financial liability when its terms are modified and the cash flows of the modified liability are substantially different, in which case a new financial liability based on the modified terms is recognised at fair value.

On derecognition of a financial liability, the difference between the carrying amount extinguished and the consideration paid (including any non-cash assets transferred or liabilities assumed) is recognised in the consolidated financial statement of profit and loss account.

6.2.6 Modification

The group sometimes renegotiates or otherwise modifies the contractual cash flows of financing to its customers. The group assesses whether the modified terms result in the financial asset being significantly modified and therefore derecognised. When the contractual cash flows of a financial asset are renegotiated or otherwise modified and the renegotiation or modification does not result in the derecognition of that financial asset in accordance with IFRS 9, the group recalculates the gross carrying amount of the financial asset and shall recognise a modification gain or loss in consolidated statement of profit and loss account. The gross carrying amount of the financial asset is recalculated as the present value of the renegotiated or modified contractual cash flows that are discounted at the financial asset's original effective interest rate (or credit-adjusted effective interest rate for purchased or originated credit-impaired financial assets). Any costs or fees incurred adjust the carrying amount of the modified financial asset and are amortised over the remaining term of the modified financial asset.

6.3 Expected Credit Loss (ECL)

The group assesses on a forward-looking basis the expected credit losses ('ECL') associated with all advances and other debt financial assets not held at FVTPL, together with letter of credit, guarantees and unutilised financing commitments hereinafter referred to as "Financial Instruments". The group recognises a loss allowance for such losses at each reporting date. The measurement of ECL reflects:

- an unbiased and probability-weighted amount that is determined by evaluating a range of possible outcomes;
- the time value of money; and
- reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions.

NOTES TO AND FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2024

The ECL allowance is based on the credit losses expected to arise over the life of the asset (the lifetime expected credit loss or LTECL), unless there has been no significant increase in credit risk since origination, in which case, the allowance is based on the 12 months' expected credit loss (12mECL). The 12mECL is the portion of LTECLs that represent the ECLs that result from default events on a financial instrument that are possible within the 12 months after the reporting date. Both LTECLs and 12mECLs are calculated at facility level.

The group has established a policy to perform an assessment, at the end of each reporting period, of whether a financial instrument's credit risk has increased significantly since initial recognition, by considering the change in the risk of default occurring over the remaining life of the financial instrument. The group considers an exposure to have significantly increased in credit risk when there is considerable deterioration in the internal rating grade for subject customer. The group also applies a secondary qualitative method for triggering a significant increase in credit risk for an asset, such as moving a customer / facility to the watch list, or the account becoming forborne. Regardless of the change in credit grades, generally, the group considers that there has been a significant increase in credit risk when contractual payments are more than 60 days past due. When estimating ECLs on a collective basis for a group of similar assets, the group applies the similar principles for assessing whether there has been a significant increase in credit risk since initial recognition.

Based on the above process, the group groups its loans into Stage 1, Stage 2 and Stage 3, as described below:

Stage 1:

When financial instruments are first recognised, the group recognises an allowance based on 12mECLs. Stage 1 financial instruments also include facilities where the credit risk has improved and these have been reclassified from Stage 2. The 12mECL is calculated as the portion of LTECLs that represent the ECLs that result from default events on a financial instrument that are possible within the 12 months after the reporting date. The group calculates the 12mECL allowance based on the expectation of a default occurring in the 12 months following the reporting date. These expected 12-month default probabilities are applied to a forecast Exposure At Default (EAD) and multiplied by the expected LGD and discounted by an approximation to the original Effective Interest Rate (EIR). This calculation is made for all the scenarios.

Stage 2:

When a financial instrument has shown a significant increase in credit risk since origination, the group records an allowance for the LTECLs. Stage 2 also includes facilities, where the credit risk has improved and the instrument has been reclassified from Stage 3. The mechanics are similar to those explained above, including the use of multiple scenarios, but PDs are applied over the lifetime of the instrument. The expected cash flows are discounted by an approximation to the original EIR.

Stage 3:

For financial instruments considered credit-impaired, the group recognises the LTECLs for these instruments. The group uses a PD of 100% and LGD as computed for each portfolio or as prescribed by the SBP.

Undrawn financing commitments

When estimating LTECLs for undrawn financings commitments, the group estimates the expected portion of the financings commitment that will be drawn down over its expected life. The ECL is then based on the present value of the expected cash flows if the financings is drawn down, based on a probability-weighting of the three scenarios. For revolving facilities that include both a financings and an undrawn commitment, ECLs are calculated on un-drawn portion of the facility and presented within other liabilities.

NOTES TO AND FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2024

Guarantee and letters of credit contracts

The group estimates ECLs based on the BASEL driven and internally developed credit conversion factor (CCF) for guarantee and letter of credit contracts respectively. The calculation is made using a probability weighting of the three scenarios. The ECLs related to guarantee and letter of credit contracts are recognised within other liabilities.

The calculation of ECLs

The group calculates ECLs based on a three probability-weighted scenarios to measure the expected cash flows, discounted at an approximation to the EIR.

The mechanics of the ECL calculations are outlined below and the key elements are, as follows:

PD

The Probability of Default is an estimate of the likelihood of default over a given time horizon. A default may only happen at a certain time over the assessed period, if the facility has not been previously derecognised and is still in the portfolio. PD is estimated based on transitioning among credit states. Credit states are defined by rating classes and are based on the group's internal risk ratings (i.e. from 1 to 12). Through the yearly review of the non-consumer portfolio, the group has drawn a yearly transition matrix of ratings to compute a count based PD over the one year horizon for the last 7 years. PDs for Non rated portfolios are calculated based on Days Past Due (DPD) bucket level for each segment separately. Where practical, they also build on information from External Rating Agencies. PDs are then adjusted for IFRS 9 ECL calculations to incorporate forward looking information.

EAD

The Exposure at Default (EAD) is an estimate of the exposure at a future default date, taking into account expected changes in the exposure after the reporting date, including repayments of principal and profit, whether scheduled by contract or otherwise, expected drawdowns on committed facilities, and accrued interest / profit from missed payments. The maximum period for which the credit losses are determined is the contractual life of a financial instrument unless the group has a legal right to call it earlier. The group's product offering includes a variety of corporate and retail facilities, in which the group has the right to cancel and / or reduce the facilities with one day notice. However, in case of revolving facilities, the group does not limit its exposure to credit losses to the contractual notice period, but, instead calculates ECL over a period that reflects the group expectations of the customer behaviour, its likelihood of default and the group future risk mitigation procedures, which could include reducing or cancelling the facilities.

LGD

The Loss Given Default is an estimate of the loss arising in the case where a default occurs at a given time. It is based on the difference between the contractual cash flows due and those that the lender would expect to receive, including from the realisation of any collateral. It is usually expressed as a percentage of the EAD.

The discount rate used to discount the ECLs is based on the effective interest rate that is expected to be charged over the expected period of exposure to the facilities. In the absence of computation of the effective interest rate (at reporting date), the group uses an approximation e.g. contractual rate (at reporting date).

Effective interest rate is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial asset or financial liabilities to the gross carrying amount of a financial asset or to the amortised cost of a financial liability.

To mitigate its credit risks on financial assets, the group seeks to use collateral, where possible. The group considers only those collaterals as eligible collaterals in the EAD calculation which have the following characteristics:

- History of legal certainty and enforceability
- History of enforceability and recovery

NOTES TO AND FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2024

When estimating the ECLs, the group considers three scenarios (a base case, a best case, a worst case). Each of these is associated with different PDs.

The group's management has only considered cash, liquid securities, and Government of Pakistan guarantees as eligible collaterals, while calculating EADs.

The credit exposures (in local currency) that have been guaranteed by the Government and Government Securities are exempted from the application of ECL calculation.

As per BPRD Circular No. 03 of 2022 dated July 05, 2022 and BPRD Circular Letter No. 16 of 2024 dated July 29, 2024, ECL of Stage 1 and Stage 2 is calculated as per IFRS 9, while ECL of Stage 3 has been calculated based on higher of either the Prudential Regulations or IFRS 9 at borrower / facility level for corporate / commercial / SME loan portfolios and at segment / product basis for retail portfolio.

Forward looking information

In its ECL models, the group relies on range of the following forward looking information as economic inputs, such as:

- GDP Growth
- Consumer Price Index
- Unemployment rate

Definition of default

The concept of "impairment" or "default" is critical to the implementation of IFRS 9 as it drives determination of risk parameters, i.e. PD, LGD and EAD.

As per BPRD Circular No. 03 of 2022 dated July 05, 2022 and BPRD Circular Letter No. 16 of 2024 dated July 29, 2024, ECL of Stage 1 and Stage 2 is calculated as per IFRS 9, while ECL of Stage 3 has been calculated based on higher of either the Prudential Regulations or IFRS 9 at borrower / facility level for corporate / commercial / SME loan portfolios and at segment / product basis for retail portfolio.

This implies that if one facility of a counterparty becomes 90+ DPD in repaying its contractual dues or as defined in PRs; all other facilities would deem to be classified as stage 3.

Write-offs

The group's accounting policy under IFRS 9 remains the same as it was under SBP regulations / existing reporting framework.

6.4 Non-current assets (or disposal groups) held-for-sale

Non-current assets (or disposal groups) are classified as assets held-for-sale if their carrying amount will be recovered principally through a sale transaction rather than continuing use and a sale is considered highly probable. They are measured at the lower of their carrying amount and fair value less costs to sell.

An impairment loss is recognised for any initial or subsequent write-down of the asset (or disposal group) to fair value less costs to sell. A gain is recognised for any subsequent increases in fair value less costs to sell of an asset (or disposal group), but not in excess of any cumulative impairment loss previously recognised. A gain or loss not previously recognised by the date of the sale of the non-current asset (or disposal group) is recognised at the date of derecognition.

Non-current assets (including those that are part of a disposal group) are not depreciated or amortised while they are classified as held for sale. Non-current assets classified as held for sale and the assets of a disposal group classified as held for sale are presented separately from the other assets in the statement of financial position. The liabilities of a disposal group classified as held for sale are presented separately from other liabilities in the statement of financial position.

7. FINANCIAL RISK MANAGEMENT

The financial risk management objectives and policies adopted by the group are consistent with those as disclosed in the consolidated financial statements for the year ended December 31, 2024.

	2024						2023		
	Stage 1	Stage 2	Stage 3	Specific Provision	General Provision	Total	Specific Provision	General Provision	Total
----- (Rupees in '000) -----									
In local currency	19,751,831	10,660,785	167,136,429	-	11,410,985	208,960,030	141,229,466	29,767,923	170,997,389
In foreign currencies	-	147,835	58,877,121	-	90,426	59,115,382	62,565,064	270,198	62,835,262
	19,751,831	10,808,620	226,013,550	-	11,501,411	268,075,412	203,794,530	30,038,121	233,832,651

12.6.2 General provision includes provision amounting to Rs.90 million (December 31, 2023: Rs. 270 million) pertaining to overseas advances to meet the requirements of regulatory authorities of the respective countries in which the group operates where IFRS 9 has not been implemented. This general provision can be maintained till December 31, 2026 under BPRD circular No. 1 of 2025 dated January 22, 2025.

12.6.3 The SBP has allowed specific relaxation to the group for non-classification of overdue loans of certain Public Sector Entities (PSEs) which are guaranteed by Government of Pakistan as non-performing loans up till December 31, 2024. No provision is required against these loans; however, mark-up is being suspended as required by the Prudential Regulations. Further SBP has allowed specific relaxation on the requirement for ECL against overdue foreign currency loans of certain Public Sector Entities, either uptill December 31, 2024 or permanently.

12.6.4 These represent non-performing advances for agriculture finance which have been classified as loss and fully provided for more than 3 years. These non-performing advances have been charged off by extinguishing them against the provision held in accordance with Prudential Regulations for Agriculture Financing issued by the SBP. This charge off does not, in any way, prejudice the group's right of recovery from these customers.

NOTES TO AND FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2024

13.2.1 Revaluation of Properties

The properties of the group have been revalued by the independent professional valuer as at December 31, 2024. The revaluation was carried out by independent professional valuers, KGT (Pvt) Limited & IMTECH (Pvt) Ltd (PBA registered valuers) on the basis of professional assessment of present market values. The total surplus against revaluation of property and equipment as at December 31, 2024, amounts to Rs. 2,290 million. Had there been no revaluation, the carrying amount of the revalued assets at December 31, 2024, would have been as follows:

	2024	2023
	------(Rupees in '000)-----	
Freehold land	1,132,637	1,132,637
Leasehold land	890,025	890,025
Building on freehold land	1,538,271	1,076,598
Building on leasehold land	2,142,244	2,006,052
	5,703,177	5,105,312

NOTES TO AND FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2024

16.7 During the year, the Group has adjusted an amount of Rs. 8,797 million (2023: Rs. 9,099 million) against its advance tax liability and demand of previous tax year against income tax refunds receivables. Further, refunds amounting to Rs. Nil million (2023: 10,650 million) were also determined.

16.8 This represents fair value loss arising from the restructuring of Pakistan International Airlines Corporation Limited (PIACL). The SBP through its Circular Letter No. BPRD / BRD / PIAHCL / 733688 – 2024 dated August 01, 2024 has allowed staggering of such fair value impact over a period of 06 years at rates 5%, 10%, 15%, 20%, 25% and 25% from year 01 to year 06. Accordingly, the Bank has recognised proportionate amount of 1st year's 5% of loss in these consolidated financial statements.

24 RESERVES

Exchange translation reserve

This comprises all foreign currency differences arising from the translation of the financial statements of foreign operations.

Statutory reserve

Every bank incorporated in Pakistan is required to transfer 20% of their profits to a statutory reserve until the reserve equals share capital, thereafter 10% of the profits of the Bank are to be transferred to this reserve.

26.2.4 These represent commitments that are irrevocable because they cannot be withdrawn at the discretion of the bank without the risk of incurring significant penalty or expense.

	2024	2023
	------(Rupees in '000)-----	
26.2.5 Other commitments		
Professional services to be received	17,008	20,596
	<u>17,008</u>	<u>20,596</u>
26.3 Other contingent liabilities	26.3.1	
	<u>26,536,608</u>	<u>26,628,229</u>

26.3.1 Claims against the Bank not acknowledged as debts includes claims relating to former Mehran Bank Limited amounting to Rs. 1,597 million (2023: Rs. 1,597 million).

26.3.2 Taxation

- The return of income for tax year 2024 has been filed which is treated to be deemed assessment order.
- Honourable ATIR has passed appellate order for tax year 2005 against monitoring order and held that the proceedings are time barred. However, the order of the DCIR remanded back to the assessing officer with the instruction to proceed further if any information is already available with the tax department.
- Honourable ATIR has passed appellate order for tax year 2009 against monitoring order and the order passed by the DCIR has been annulled.
- An assessment order was issued by the ACIR for the tax year 2023. In this assessment, the tax authorities have made certain additions. The Bank has contested these additions before the Appellate Tribunal.
- The aggregate effect of contingencies as on Dec 31, 2024 including amount of Rs. 716 million (December 31, 2023: Rs. 1,912 million) in respect of indirect tax issues, amounts to Rs. 35,160 million (December 31, 2023: Rs. 34,730 million). No provision has been made against these contingencies, based on the opinion of tax consultant of the Bank, who expect favorable outcome upon decisions of pending appeals.

26.3.3 Contingencies in respect of employees benefits and related matters

The following are the details of the contingencies arising out of the various legal cases pending adjudication in respect of employees' benefits and related matters. The Bank considers that except for Pensionary benefits note 26.3.3.1, the financial impact of other matters is impracticable to determine with sufficient reliability.

26.3.3.1 Pensionary benefits to retired employees

The Honorable Supreme Court of Pakistan (in Review Jurisdiction) has, by its order dated 27th March 2024, dismissed all the civil review petitions filed by NBP (CRPs No 368 to 409 etc.), as a result of which the Supreme Court decision dated 25th September 2017, in respect of the pension litigation, has now attained finality. Accordingly, and in compliance of the judgement bank has made payments to majority of petitioners as well as non-petitioners.

The Honorable Supreme Court has also directed NBP to pay the arrears of any government increases in pension but to only pensioners who are directly involved and are parties in the aforesaid litigation. However, as

NOTES TO AND FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2024

things stand at the moment, an off- shoot of the said litigation is presently pending final adjudication in the Supreme Court wherein a different class of pensioners are claiming payment of government increases in pension from NBP. In this case, the Supreme Court has granted NBP annual relief and has suspended the operation of the judgment of the Lahore High Court which had directed NBP to pay such pension increases. As a result, there are now two different views of the Honorable Supreme Court vis a vis the payment of government increases in pension to the pensioners of NBP and the legal position is far from being clear or certain. However, as a matter of prudence the Bank has incorporated financial impact in these consolidated financial statements for the year ended December 31, 2024.

26.3.3.2 Regularizing the temporary hires / workers deployed by service provider companies under outsourcing arrangements

The Bank outsourced certain non-core jobs to various service provider companies after entering into contracts with them. The resources deployed by the service provider companies were their employees and the said companies have had sole administrative control over these resources. Some of these resources filed writ petitions before the High Courts and National Industrial Relations Commission (NIRC) seeking to be absorbed by the Bank in its regular service based on grounds that they were in fact employees of the Bank. Presently, there are 6 cases on appeal pending at the Supreme Court where these have been clubbed to be heard as one. The Chief Justice of Pakistan has constituted a larger bench comprising of five Judges being headed by himself for adjudication. The case is ongoing and is presently adjourned for a date to be fixed. A favorable outcome of this case is expected.

26.3.3.3 Litigation related to management trainee program

Following the litigation arising out of the order dated September 21, 2016 passed by the Supreme Court in our CA No.1644/2013 out of our CPLA No. 805/2013 filed against order dated March 13, 2013 of the Division Bench of Sindh High Court, Sukkur in CP No. D-417/2010 (the "Decision"), the Bank has substantially paid all the petitioners and non petitioners in accordance with court orders or on the basis of out of court settlements. The matter is now closed.

26.4 Foreign exchange repatriation case

While adjudicating Foreign Exchange repatriation cases of exporter namely: M/S Fateh Textile Mills Limited, the Foreign Exchange Adjudicating Court of the State Bank of Pakistan has also adjudicated penalty of Rs. 1,020 million, arbitrarily on the Bank. The Bank has filed appeals before the Appellate Board and Constitutional Petitions in the Honorable High Court of Sindh against the said judgments. The Honorable High Court has granted relief to the Bank by way of annual orders.

As advised by our counsel, NBP has also filed a Constitutional Petition challenging the constitution of the Appellate Board by the Commission and has obtained restraining order on the ground that the Appellate Board constituted by the Commission lacks legal merit in the light of Supreme Court ruling. Our counsel, Mr. Rashid Anwar, Advocate has concluded his arguments in respect of the Foreign Exchange Regulation Appellate Board constitution. However, another petition filed by another company whereby challenging the constitutionality of the Competition Act was also tagged with the petitions filed by the banks.

Based on merits of the appeals management is confident that these appeals shall be decided in favor of the Bank and therefore, no provision has been made against the impugned penalty.

Based on merits of the appeals management is confident that these appeals shall be decided in favor of the Bank and therefore, no provision has been made against the impugned penalty.

26.5 Compliance and risk matters relating to anti-money laundering at the New York Branch

The bank fully complied with the public enforcement actions issued in February 2022 by the New York State Department of Financial Services (NYDFS) and the Federal Reserve Board. It thereafter decided to close the New York branch. With approval from the NYDFS, the bank's New York branch voluntarily surrendered its banking license to the NYDFS in October 2024. In December 2024, the Federal Reserve Board terminated the enforcement actions issued to NBP/New York Branch in March 2016 & February 2022. The NYDFS does not have a practice of terminating enforcement actions.

40 STAFF STRENGTH		
Permanent	9,547	10,020
On the Bank's contract	6,005	5,673
Bank's own staff strength at the end of the year	15,552	15,693

40.1 In addition to the above, 1,957 (2023: 1,722) employees of outsourcing services companies were assigned to the Bank as at the end of the year to perform services other than guarding and janitorial services. Out of these, 1,951 employees are working domestically (2023: 1,708) and 6 (2023: 14) abroad respectively.

41 DEFINED BENEFIT PLAN

41.1 General description

General description of the type of defined benefit plan and accounting policy for remeasurements of the net defined liability / asset is disclosed in note 4.15 to the consolidated financial statements.

41.2 Number of employees under the scheme

The number of employees covered under the following defined benefit schemes are:

	2024	2023
	----- Numbers -----	
Pension fund	9,051	9,542
Post retirement medical expense	9,051	9,542
Benevolent scheme	9,051	9,542
Gratuity scheme	5,551	5,185
Compensated absences	9,051	9,542

41.3 Principal actuarial assumptions

The actuarial valuations were carried out as at December 31, 2024 using the following significant assumptions:

	2024	2023
	----- per annum -----	
Discount rate	12.25%	15.50%
Expected rate of return on plan assets	12.25%	15.50%
Expected rate of salary increase	10.75%	15.50%
Expected rate of increase in pension	107% for next one year	80% for next one year, 11% onwards
Expected rate of increase in medical benefit	12.25%	15.50%

NOTES TO AND FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2024

	2024	2023
	------(Rupees in '000)-----	
41.9 Components of plan assets - Pension Fund		
Cash and cash equivalents - net	355,898	430,000
Government securities	65,336,734	63,789,305
Shares	750,702	7,509,967
Non-government debt securities	100,000	100,000
Mutual Funds	2,150,000	8,817,027
	68,693,334	80,646,299

41.9.1 The Funds primarily invests in government securities which do not carry any significant credit risk. These are subject to interest rate risk based on market movements. Investment in term finance certificates are subject to credit risk and interest rate risks, while equity securities are subject to price risk. These risks are regularly monitored by Administrator of the Pension fund.

41.10 Sensitivity analysis

The increase / (decrease) in the present value of defined benefit obligations as a result of change in each assumption is summarised as below:

	2024				
	Pension fund	Post retirement medical scheme	Benevolent scheme	Gratuity scheme	Compensated absences
	------(Rupees in '000)-----				
1% increase in discount rate	(12,447,836)	(4,042,779)	(101,895)	(472,319)	(609,055)
1% decrease in discount rate	14,688,020	4,928,173	113,896	518,951	685,551
1 % increase in expected rate of salary increase	4,164,175	1,073,996	4,307	545,732	736,656
1 % decrease in expected rate of salary increase	(3,807,334)	(976,377)	(4,651)	(501,769)	(664,258)
1% increase in expected rate of pension increase	10,878,833	1,714,662	-	-	-
1% decrease in expected rate of pension increase	(9,527,743)	(1,487,129)	-	-	-
1% increase in expected rate of medical benefit increase	-	1,835,515	-	-	-
1% decrease in expected rate of medical benefit increase	-	(1,554,021)	-	-	-
41.11 Expected contributions to be paid to the fund in the next financial year					1,750,151
41.12 Expected charge for the next financial year					20,042,835

NOTES TO AND FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2024

41.13 Maturity profile

	Years
The weighted average duration of the obligation (in years)	8.27
Pension fund	7.66
Post retirement medical scheme	11.29
Benevolent scheme	5.73
Gratuity scheme	10.21
Compensated absences	6.33

41.14 Funding policy

The Bank should disclose the policy followed for funding the staff retirement benefit schemes.

Current Assets	Amount	Percentage
	Rupees in '000	
Cash and cash equivalents - net	355,898	0.52%
Government securities	65,336,734	95.11%
Shares	750,702	1.09%
Non-Government debt securities	100,000	0.15%
Mutual funds	2,150,000	3.13%
	68,693,334	100.00%

Bank will continue to invest with the same percentage in the asset categories mentioned but increase the assets gradually so that there is no deficit in the pension fund.

41.15 Significant risks associated with the staff retirement benefit schemes are as follows:

Asset volatility	The risk arises when the future earnings are lower than expectation. This risk is measured at a plan level over the obligation period of the current population. The company assets are either invested in fixed securities or cash.
Changes in bond yields	The risk arises when the actual return on plan assets is lower than expectation.
Inflation risk	The most common type of retirement benefit is one where the benefit is linked with last drawn salary. The risk arises when the actual increases are higher than expectation and impacts the liability accordingly.
Life expectancy / withdrawal rate	The risk arises when the actual lifetime of retirees is longer than expectation. This risk is measured at the plan level over the entire retiree population. The risk of actual withdrawals varying with the actuarial assumptions can impose a risk to the benefit obligation. The movement of the liability can go either way.
Investment Risk	The risk arises when the actual performance of the investments is lower than expectation and thus creating a shortfall in the funding objectives.

42 DEFINED CONTRIBUTION PLAN

Provident Fund

The NBP employees Provident Fund was created under National Bank of Pakistan Employees Provident Fund Rules on April 01, 1950, under the Provident Fund Act, 1925. The Rules have been superseded by revised NBP Employees' Provident Fund Rules which came into force on January 01, 1958.

As per rules, the Officers, Executives and Clerical and Non Clerical staff in regular cadre make monthly contribution of 10% and 12.5% of their basic salary respectively towards the fund and the bank has to pay interest on balances of member's provident fund half yearly.

This scheme covers 8,808 employees (2023: 9,313 employees).

NOTES TO AND FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2024

44 FAIR VALUE MEASUREMENTS

The fair value of quoted securities other than those classified under held to collect model, is based on quoted market price. Quoted Instruments classified under "held to collect" are carried at amortized cost. The fair value of unquoted equity securities, other than investments in associates and subsidiaries, is determined on the basis of the break-up value of these investments as per their latest available audited financial statements.

The fair value of unquoted debt securities, fixed-term loans, other assets, other liabilities, fixed-term deposits and borrowings cannot be calculated with sufficient reliability due to the absence of a current and active market for these assets and liabilities and reliable data regarding market rates for similar instruments.

44.1 Fair value of financial assets

The group measures fair values using the following fair value hierarchy that reflects the significance of the inputs used in making the measurements:

Level 1: Fair value measurements using quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Fair value measurements using inputs other than quoted prices included within Level 1 that are observable for the assets or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: Fair value measurements using input for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

The table below analyzes financial instruments measured at the end of the reporting period by the level in the fair value hierarchy into which the fair value measurement is categorised:

On balance sheet financial instruments	2024				
	Carrying Value	Level 1	Level 2	Level 3	Total

NOTES TO AND FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2024

Valuation techniques used in determination of fair valuation of financial instruments within level 2 and level 3

Item	Valuation approach and input used
Federal Government securities	The fair value of Federal Government securities is determined using the prices / rates available on Mutual Funds Association of Pakistan (MUFAP) / Reuter page.
Non-Government debt securities	The fair value of non-government debt securities is determined using the prices / rates from MUFAP / Pakistan Stock Exchange.
Mutual Fund units	The fair values of investments in mutual fund units are determined based on their net asset values as published on MUFAP.
Ordinary Shares	The fair value of Ordinary shares is determined using the prices from Pakistan Stock Exchange.
Foreign Securities	The fair value of foreign securities is determined using the prices from Reuter page.
Forward foreign exchange contracts Forward Government securities transactions	The fair values of forward foreign exchange contracts and forward Government securities transactions are determined using forward pricing calculations.
Fixed assets and non-banking assets acquired in satisfaction of claims	Land, buildings and non-banking assets acquired in satisfaction of claims are revalued on a periodic basis using professional valuers. The valuation is based on their assessment of the market value of the assets. The effect of changes in the unobservable inputs used in the valuations cannot be determined with certainty. Accordingly, a qualitative disclosure of sensitivity has not been presented in these consolidated financial statements.

44.2 Fair value of non-financial assets

Information about the fair value hierarchy of group's non-financial assets as at the end of the reporting period are as follows:

	2024				
	Carrying Value	Level 1	Level 2	Level 3	Total
	----- (Rupees in '000) -----				
Land & building (fixed assets)	54,416,216	-	-	54,416,216	54,416,216
Non-banking assets acquired in satisfaction of claims	4,148,115	-	-	4,148,115	4,148,115
	58,564,331	-	-	58,564,331	58,564,331
	2023				
	Carrying Value	Level 1	Level 2	Level 3	Total
	----- (Rupees in '000) -----				
Land & building (fixed assets)	51,992,069	-	-	51,992,069	51,992,069
Non-banking assets acquired in satisfaction of claims	3,973,126	-	-	3,973,126	3,973,126
	55,965,195	-	-	55,965,195	55,965,195

44.3 Certain categories of fixed assets (land and buildings) and non-banking assets acquired in satisfactions of claims are carried at revalued amounts (level 3 measurement) determined by professional valuers based on their assessment of the market values.

46. TRUST ACTIVITIES

46.1 Endowment Fund

Students Loan Scheme was launched by Government of Pakistan in collaboration with major commercial banks with a view to extend financial help by way of mark-up free loan to the meritorious students without sufficient resources for pursuing scientific technical and professional education within Pakistan.

The Scheme is being administered by a high powered committee headed by the Deputy Governor, State Bank of Pakistan and the Presidents of NBP, HBL, UBL, MCB, ABL and the Deputy Secretary, Ministry of Finance as member and Senior Director of IH&SME Finance Department (Infrastructure, Housing & SME Finance Department) as a secretary of the Committee. The State Bank of Pakistan has assigned National Bank of Pakistan to operate the scheme.

The Committee in its meeting held on August 7, 2001 approved creation of Endowment Fund initially at an amount of Rs. 500 million, Rs. 396 million were transferred from the old Qarz-e-Hasna (Defunct) Fund, Rs. 50 million contributed by the Government of Pakistan and Rs. 54 million were contributed by participating banks (HBL, NBP and UBL 25% each, MCB 17.5% and ABL 7.5%).

The amount of the Endowment Funds in investments stands at Rs. 1,045.2 million as at December 31, 2024 (2023: Rs. 936.8 million).

NOTES TO AND FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2024

46.2 The Bank undertakes Trustee and other fiduciary activities that result in the holding or placing of assets on behalf of individuals and other organisations. These are not assets of the Bank and, therefore, are not included as such in these consolidated financial statements. Assets held under trust are shown in the table below:

47.1

Transactions with Government-related entities

The entities which are owned and / or controlled by the Federal Government, or where the Federal Government may exercise significant influence, are related parties of the group.

The group in the ordinary course of business enters into transaction with Government-related entities. Such transactions include lending to, deposits from and provision of other grouping service to Government-related entities.

The group also earned commission on handling treasury transactions on behalf of the Government of Pakistan amounting to Rs. 10,862 million (2023: 10,320 million) for the year ended December 31, 2024. As at the statement of financial position date the loans and advances, deposits and contingencies relating to Government-related entities amounted to Rs. 620,914 million (2023: 602,707 million), Rs. 1,864,349 million (2023: 1,622,331 million) and Rs. 1,798,996 million (2023: 1,780,517 million), respectively and income earned on advances and investment and profit paid on deposits amounted to Rs. 74,854 million (2023: 77,719 million) and Rs. 277,132 million (2023: 184,042 million) respectively.

NOTES TO AND FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2024

48 CAPITAL ADEQUACY, LEVERAGE RATIO & LIQUIDITY REQUIREMENTS

The Bank's objectives when managing capital, which is a broader concept than the 'equity' on the face of the statement of financial position, are:

- to comply with the capital requirements set by the regulators of the banking markets where the Bank operates;
- to safeguard the Bank's ability to continue as a going concern so that it can continue to provide returns for shareholders and benefits for other stakeholders; and
- to maintain a strong capital base to support the development of its business.

The SBP has issued instructions for Basel-III Implementation vide BPRD Circular No. 06 of 2013 dated August 15, 2013. These instructions were effective from December 31, 2013 in a phased manner with full implementation intended by December 31, 2019.

Basel-III instructions comprise the following three capital standards:

i. Minimum Capital Requirement (MCR):

The MCR standard sets the nominal amount of capital banks/ DFIs are required to hold. Currently the MCR for banks and DFIs is Rs. 10 billion as prescribed by SBP.

ii. Capital Adequacy Ratio (CAR):

The Capital Adequacy Ratio (CAR) assesses the capital requirement based on the risks faced by the banks/ DFIs. The banks/ DFIs are required to comply with the minimum requirements as specified by the SBP on standalone as well as consolidated basis. Currently the required CAR for banks is 11.50% (plus 1.50% for NBP as D-SIB requirement).

iii. Leverage Ratio:

Tier-1 Leverage Ratio of 3% is introduced in response to Basel III Accord as the third capital standard. Bank level disclosure of the leverage ratio and its components has started from December 31, 2015. However, SBP vide its letter No. BPRD/BA&CPD/638/436708/2023 dated March 7, 2023 has reduced the minimum requirement to 2.5% up till March 2024 which was 3% as per BPRD circular No.6 dated August 15, 2013. The bank has a leverage ratio of 3.83% in the year ended December 31, 2024, (2023: 3.12%) and Tier-1 capital of Rs.349,238 Millions (2023: 283,307).

The SBP's regulatory capital as managed by the Bank is analysed into following tiers:

1. Tier 1 Capital (going-concern capital)

- Common Equity Tier 1
- Additional Tier 1
- Tier I capital, which comprises highest quality capital element and include fully paid up capital, balance in share premium account, reserve for issue of bonus shares, general reserves and un-appropriate profits (net of accumulated losses, if any).

2. Tier 2 Capital (gone-concern capital)

- Tier II capital, which includes general reserve for loan losses, revaluation reserve, exchange translation reserve and subordinated debt.

Basel III capital rules requires bank to make certain deductions from the capital before arriving at the Capital Adequacy Ratio (CAR).

Risk weighted assets are measured according to the nature and reflect an estimate of credit, market and other risks associated with each asset and counterparty, taking into account any eligible collateral or guarantees. A similar treatment is adopted for off-balance sheet exposures, with some adjustments to reflect more contingent nature of potential losses.

NOTES TO AND FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2024

The Bank's policy is to maintain strong capital base so as to maintain, investor, creditor and market confidence and to sustain future development of the business. The adequacy of the Bank's capital is monitored using, among other measures, the rules and ratios established by the SBP. The ratios compare the amount of eligible capital with the total of risk-weighted assets. The Bank monitors and reports its capital ratio under the SBP rules, which ultimately determines the regulatory capital, required to be maintained by Banks and DFIs.

The paid-up capital of the Bank for the year ended December 31, 2024 stood at Rs. 21,275 million (2023 : Rs. 21,275 million) and is in compliance with the SBP requirement for the said period. In addition the Bank has maintained minimum Capital Adequacy Ratio (CAR) of 28.05% (2023: 25.8%)

There have been no material changes in the Bank's management of capital during the year.

	2024	2023
	------(Rupees in '000)-----

Net Stable Funding Ratio	174%	159%

NOTES TO AND FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2024

48.1 During the year, the SBP, through its letter No. BSD-1/BANK/NBP/751797/2024 dated August 29, 2024 has reduced the D-SIB buffer requirement for the Bank from 2.50% to 1.50%.

48.2 The full disclosure on the Capital Adequacy, Leverage Ratio and Liquidity Requirements as per SBP instructions issued from time to time, is available on NBP's website. The link to the full disclosure is available at <https://www.nbp.com.pk/blsd/>.

49 RISK MANAGEMENT

Risk Management is a logical and/or systematic method to identify, measure, monitor and control the risks involved in any activity or process. Risk is inherent in all our business activities. If not managed well, risks can result in financial loss, regulatory sanctions/ penalties, and damage to our reputation; each of which may adversely impact on our ability to execute our business strategies. The Bank has taken a comprehensive approach towards risk management with a well- defined Risk Management Strategy/ Policy with clear objectives and deliverables through multi-pronged risk management processes. In the Bank, it is ensured that the risk management framework along with internal controls are adequate and effective in accurately identifying, assessing or addressing risks faced by the Bank.

The Bank applies the Basel framework as a cornerstone of its risk management framework, capital and liquidity strategy. The Bank maintains a strong capital, funding and liquidity position in line with its on-going commitment to maintain balance sheet strength. The strength of risk profile management of the Bank stands at the following pillars:

- Identification and assessment of significant material risks
- Overseeing and managing the risk profile of the Bank within the context of the risk appetite
- Optimize risk/ return decisions by aligning them to business objective of achieving sustainable optimum growth.

To support Risk Management Group (RMG's) activities, a strong data management mechanism is also in place to collect and consolidate exposure wise information for various risk related analysis and reviews. The mechanism also helps in identification of e-CIB related information, periodic reviews, generation of reports and highlighting inconsistencies and errors, and issuing instructions to the relevant data entry points for rectification.

The Bank is cognizant of importance of Environmental & Social Risk Management (E&SRM). The Green Banking Office (GBO) within Corporate Social Responsibility & Sustainable Development Division, Inclusive Development Group (IDG), is responsible for the development of Green Banking and Environmental & Social Risk Management (GB & ESRM) Policy and coordinates across functional areas of the Bank to oversee the implementation of GB & ESRM Policy.

49.1 Risk Governance Structure

The Board is responsible for ensuring active oversight of the implementation of policies and frameworks to prevent any significant financial loss or reduction in shareholder value. The Board manages its responsibility through Board Risk & Compliance Committee (BRCC) which is essentially a Board-level oversight committee that remains updated with regard to changes in the risk management activities of the Bank on behalf of the Board and is the highest risk-related policy making and supervising body for all types of risks faced by the Bank, notably credit, market, liquidity, operational, Information Security and other risks that may have material impact over the Bank's performance. BRCC functions under its Terms of Reference (TORs) duly approved by the Board of Directors.

Risk Management Group (RMG) operates as an independent group under the supervision of Chief Risk Officer (CRO). RMG's scope and coverage has been enhanced to cater enterprise-wide risk management, credit risk management, credit administration and information security. CRO reports directly to the President with a dotted line reporting to the Board Risk & Compliance Committee (BRCC). The group is responsible for performing the functions pertaining to development and oversight of the risk framework, methodologies and other functions assigned from time to time in line with local/ international best practices and under the ambit of SBP's regulations/ guidelines.

NOTES TO AND FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2024

Risk governance of the Bank is being carried out by various management committees where material risks are addressed in more focused terms. These committees' function under duly approved Terms of Reference (TORs) to oversee various Risk Management activities within their scope. Enterprise Risk Committee (ERC) for Operational, Strategic, Reputational, and other risks; Management Credit Committee (MCC) for Credit Risk, Asset Liability Committee (ALCO) for Market & Liquidity Risk, and Compliance Committee for Management (CCM) for Compliance Risk.

49.2 Risk Management Framework

The Bank implements a risk management framework through a 'Three Lines of Defence' model & defines clear responsibilities and accountabilities for various offices and ensures effective & independent oversight and assurance that the activities take place as intended.

The First Line of Defence: Business groups have primary responsibility for identifying, measuring, monitoring and controlling the risks within their areas of accountability. They are required to implement effective procedures and controls to ensure compliance with the related policy requirements, to maintain appropriate risk management skills, and to act within defined parameters as a set and approved by the Board.

The Second Line of Defence: Primarily Risk Management and the Compliance functions in the Bank act as second line of defence however other support functions also perform control activities where applicable. These functions oversee and independently challenge the effectiveness of risk management actions taken by business groups which are further evaluated at Management-level Committees.

The Third Line of Defence: Audit & Inspection Group (A&IG) provides independent, objective assurance and consulting activity designed to add value and improve risk management functions of the Bank. A&IG helps the Bank accomplish its objectives by bringing a systematic and disciplined approach to evaluate and improve the effectiveness of risk management, control, and governance processes."

The following paragraphs introduce Bank's exposures to material risks associated with its business activities and explain overall strategies and processes to manage those risks:

49.2.1 Credit Risk

Credit risk arises when a counterparty fails to repay a loan, leading to financial losses, cash flow disruptions, and increased debt recovery costs. For NBP, lending activities represent the primary source of credit risk. These activities include providing loans and advances, contingent liabilities such as letters of credit and guarantees, and engaging in other on- and off-balance sheet transactions

The goal of credit risk management is to maintain credit risk exposure within acceptable levels, ensuring asset quality and achieving returns that align with the level of risk. By taking a proactive approach to managing credit risk, NBP not only safeguard its profitability and sustainability but also support the stability of the financial system and efficient capital allocation. Under the supervision of the Board Risk and Compliance Committee (BRCC), the Bank has a dedicated risk management setup, headed by the Chief Risk Officer, which ensures the efficiency of credit risk assessment, measurement, review, and reporting frameworks.

Prudent lending decisions can empower people and businesses to boost the bank's profitability and strategically guard against the risks of extending credit. The effective implementation of structured risk assessment standards, comprehensive pre-disbursement evaluation tools, and post-disbursement review systems has allowed NBP to effectively manage credit risk and mitigate losses within acceptable tolerance levels. Our risk management approach is driven by a strategic goal to maintain a robust framework, proactively identify and address risks, and facilitate sustainable business growth. The bank has in place a Risk Appetite Framework and a Credit Risk Concentration Management Framework to set limits on credit risk exposure in relation to obligors, economic groups, and industry segments.

The Risk Management function continuously evaluates the credit portfolio using detailed reports and dashboards to identify borrowers and sectors vulnerable to changes in local and global economic conditions. The Bank actively monitors account delinquencies, counterparties' financial health, prevailing economic landscape, and other relevant factors. A robust credit review mechanism and approval process, closely supervised by senior management, ensures effective oversight.

NOTES TO AND FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2024

The Bank has actively undertaken the implementation of the IFRS 9 standard. This standard introduces a model for financial assets, mandating the recognition of impairment charges through the 'Expected Credit Loss' approach, departing from the existing 'Incurred Credit Loss' approach.

The Retail & Program Lending Division performs risk management of program-based products, encompassing Retail Banking Group (RBG), Inclusive Development Group (IDG), and Aitemaad Islamic Banking Group (AIBG). Adopting a credit cycle approach, the Division provides end-to-end credit management through various functions that includes policy and portfolio management, MIS and analytics, credit approvals, collection and recovery and quality assurance. The division also works closely with Operational Risk, Information Technology, Credit Administration, and Human Resource functions to ensure comprehensive risk management. The Divisional Head reports directly to the Chief Risk Officer (CRO).

Effective Credit Administration is very crucial for the Bank as it enables the Bank to effectively manage credit risk, maintain regulatory compliance, and ensure financial stability. CAD, in view of its critical role in post-approval credit management, is actively contributing to portfolio expansion and granting individuals and businesses access to essential funds. As a part of continuous improvement, CAD has implemented additional controls and enhanced its monitoring with the aim to have more efficient end-to-end processes whilst maintaining appropriate controls. Moreover, CAD is actively working on automation, focusing on advanced collateral management functions, control over limit functions, and effective vendor management. Once the Core Banking Application (CBA) is upgraded, it is expected to significantly bolster the Bank's position within its peer group, reinforcing its overall strength and building customer confidence.

"The Bank employs the Standardized Approach within the SBP's Basel Accord to estimate credit risk-weighted assets. This approach allows banks to incorporate external ratings of counterparties when calculating risk-weighted assets. Additionally, stress testing for credit risk is performed to evaluate the potential impact of scenarios prescribed by the regulator.

49.2.1.1 Credit risk - general disclosures Basel specific

The Bank employs the Standardized Approach within the SBP's Basel Accord to estimate credit risk-weighted assets. This approach allows Banks to incorporate external ratings of counterparties when calculating risk-weighted assets. Additionally, stress testing for credit risk is performed to evaluate the potential impact of scenarios prescribed by the regulator.

Particulars of the Bank's significant on-balance sheet and off-balance sheet credit risk in various sectors are analysed as follows:

49.2.1.2 External ratings

The SBP Basel III guidelines require banks to use ratings assigned by specified External Credit Assessment Institutions (ECAIs) namely Pakistan Credit Rating Agency Limited (PACRA), VIS and Moody's, Fitch and Standard & Poor's.

The SBP through its letter number BSD/BAI-2/201/1200/2009 dated December 21, 2009 accorded approval to the Bank for use of ratings assigned by Credit Rating Agency of Bangladesh (CRAB) and Credit Rating Information and Services Limited (CRISL). The Bank uses these ECAIs to rate its exposures denominated in Bangladeshi currency on certain corporate exposures and banks incorporated in Bangladesh.

The Bank uses external ratings for the purpose of mapping risk weights as per the Basel III framework. Instances whereby an exposure is rated by two or more ratings agencies, mapping into different risk weights, instructions outlined in Regulatory guidelines on BASEL framework shall be adhered to for selection of applicable rating.

49.2.1.3 Credit risk mitigation policy

The group defines collateral as the assets or rights provided to the group by the borrower or a third party in order to secure a credit facility. The group would have the rights of secured creditor in respect of the assets / contracts offered as security for the obligations of the borrower / obligor.

NOTES TO AND FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2024

49.2.1.4 Collateral valuation and management

As stipulated in the SBP Basel guidelines, the group uses simple approach for credit risk mitigation. Under this approach the risk weighting of the collateral instrument collateralizing or partially collateralizing the exposure is substituted for the risk weighting of the counterparty.

49.2.1.5 Types of collaterals

The group determines the appropriate collateral for each facility based on the type of product and counterparty. In case of corporate and SME financing, fixed assets are generally taken as security for long tenure loans and current assets for working capital finance usually backed by mortgage or hypothecation. For project finance, security of the assets of the borrowers and assignment of the underlying project contracts are generally obtained. Additional security such as pledge of shares, cash collateral, TDRs, SSC/DSCs, charge on receivables may also be obtained. Moreover, in order to cover the entire exposure personal guarantees of directors / borrowers are also obtained generally by the group. For retail products, the security to be taken is defined in the product policy for the respective products. Housing loans and automobile loans are secured by the property and automobile being financed respectively.

The group also offers products which are primarily based on collateral such as shares, specified securities and pledged commodities. These products are offered in line with the SBP prudential regulations and approved product policies which also deal with types of collateral, valuation and margining.

The decision on the type and quantum of collateral for each transaction is taken by the credit approving authority as per the credit approval authorisation approved by the MCC under its delegation powers. For facilities provided as per approved product policies (retail products, loan against shares etc.), collateral is taken in line with the policy.

49.2.1.6 Types of eligible financial collateral

For credit risk mitigation purposes (capital adequacy purposes), the Bank considers all types of financial collaterals that are eligible under the SBP Basel III accord. This includes cash / TDRs, gold, securities issued by Government of Pakistan such as T-Bills and PIBs, National Savings Certificates, certain debt securities rated by recognised credit rating agencies, and guarantees from certain specified entities (Government of Pakistan, Banks etc.) under substitution effect of Basel.

49.2.1.7 Credit concentration risk

Credit concentration risk arises mainly due to concentration of exposures under various categories viz. industry, geography, and single/group borrower exposures. Within credit portfolio, as a prudential measure aimed at better risk management and avoidance of concentration of risks, the SBP has prescribed regulatory limits on banks' maximum exposure to single borrower, group borrowers and related parties. Moreover, in order to restrict the industry concentration risk, Bank's Credit Risk Concentration Management Framework spells out the maximum allowable exposure that it can take on specific industry. Additionally, the Internal Rating System allows the Bank to monitor risk rating concentration of borrowers against different grades / scores ranging from 1 - 12 (1 being the best and 12 being loss category).

Particulars of the Bank's on-balance sheet and off-balance sheet credit risk in various sectors are analysed as follows:

49.2.1.8 Methodologies and models used for the measurement of Probability of Default (PD), Exposure at Default (EAD) and Loss Given Default (LGD).

The Bank has established a policy to perform an assessment, at the end of each reporting period, of whether a financial instrument's credit risk has increased significantly since initial recognition, by considering the change in the risk of default occurring over the remaining life of the financial instrument. The Bank considers an exposure to have significantly increased in credit risk when there is considerable deterioration in the internal / external rating grade for subject customer. The Bank also applies a secondary qualitative method for triggering a significant increase in credit risk for an asset, such as moving a customer / facility to the watch list, or the account being restructured. Regardless of the change in credit grades, generally, the Bank considers that there has been a significant increase in credit risk when contractual payments are more than 60 days past due. When estimating ECLs on a collective basis for a group of similar assets, the Bank applies the similar principles for assessing whether there has been a significant increase in credit risk since initial recognition.

NOTES TO AND FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2024

Based on the above process, the Bank groups its financial instruments into Stage 1, Stage 2 and Stage 3 as described below:

Stage 1 (Performing assets):	When financial instruments are first recognised, the Bank recognises an allowance based on 12mECLs. Stage 1 financial instruments also include facilities where the credit risk has improved and these have been reclassified from Stage 2. The 12mECL is calculated as the portion of LTECLs that represent the ECLs that result from default events on a financial instrument that are possible within the 12 months after the reporting date. The Bank calculates the 12mECL allowance based on the expectation of a default occurring in the 12 months following the reporting date. These expected 12-months default probabilities are applied to a forecast Exposure At Default (EAD) and multiplied by the forward looking LGD and discounted by an approximation to the original Effective Interest Rate (EIR). This calculation is made for all the scenarios.
Stage 2 (Underperforming assets):	When a financial instrument has shown a significant increase in credit risk since origination, the Bank records an allowance for the LTECLs. Stage 2 also includes facilities, where the credit risk has improved and the instrument has been reclassified from Stage 3. The mechanics are similar to those explained above, including the use of multiple scenarios, but PDs are applied over the lifetime of the instrument. The expected cash flows are discounted by an approximation to the original EIR.
Stage 3 (Non performing assets):	For financial instruments considered credit-impaired, the Bank recognises LTECLs for these instruments. A description of how the Bank defines credit-impaired and default is given in relevant section. The Bank uses a PD of 100% and LGD as computed for each portfolio or as prescribed by the SBP.
Undrawn financing commitments:	When estimating LTECLs for undrawn financings commitments, the Bank estimates the expected portion of the financings commitment that will be drawn down over its expected life. Expected draw-down is added to the EAD and the ECL is then based on the present value of the expected cash flows of EAD if the financings are drawn down, based on a probability-weighting of the three scenarios. For revolving facilities that include both financings and an undrawn commitment, ECLs are calculated on un-drawn portion (after application of CCF) of the facility and presented within other liabilities.
Guarantee and letters of credit contracts:	The Bank estimates ECLs based on the BASEL driven credit conversion factor (CCF) for financial guarantee and letter of credit contracts respectively. The calculation is made using a probability-weighting of the three scenarios. The ECLs related to financial guarantee and letter of credit contracts are recognised within other liabilities.

Forward looking information

The Bank has performed historical analysis and identified the key economic variables impacting credit risk and expected credit losses for Wholesale & Retail portfolio.

These economic variables and their associated impact on the PD vary by the portfolio.

The rating band / DPD bucket wise PDs are computed through migration analysis using atleast 5 years historical transition matrices of respective portfolio. Furthermore, a detailed regression analysis is carried out using Marco Economic variables (i.e. Average Inflation rate, GDP Growth rate and Exports were regressed against Bank's Internal Default Rates) in order to attain forward-looking PDs for each following year.

In addition to the base economic scenario, the Bank also uses other possible scenarios along with scenario weightings. The number of scenarios and their attributes are reassessed at each reporting date.

NOTES TO AND FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2024

For expected credit loss provisions modelled on a collective basis, a grouping of exposures is performed on the basis of shared risk characteristics, such that risk exposures within a group are homogeneous.

In its ECL models, the Bank relies on range of the following forward looking information as economic inputs, such as:

- GDP growth
- Consumer price index
- Export

The Expected Credit Loss (ECL) is measured on either a 12-month (12M) or Lifetime basis depending on whether a significant increase in credit risk has occurred since initial recognition or whether an asset is considered to be credit-impaired. Expected credit losses are the discounted product of the Probability of Default (PD), Exposure at Default (EAD), and Loss Given Default (LGD), discounted at an approximation to the EIR, defined as follows:

Probability of Default (PD):

The Probability of default (PD) represents the likelihood of a borrower defaulting on its financial obligation, either over the next 12 months (12M PD), or over the remaining lifetime (Lifetime PD) of the obligation.

- For corporate, commercial, and SME loan portfolios, the Bank has used a obligor risk rating (ORR) transition based approach to determine the segment wise PDs for each ORR.
- For housing, agriculture, cash and gold and advance salary, a days-past-due ("DPD") based migration approach has been used; and these PD's for wholesale & retail portfolio are then adjusted with forward looking information to arrive at point in time (PIT) PDs;
- For other financial assets (i.e. investments, lending to financial institutions, balances with other banks etc.), historical PDs were estimated on the basis of global default Rates taken from s&P rating-wise transition matrices. These annual default Rates were converted into forward-looking PDs using the vasicek model. the forecast global macro-economic variables were derived using historical regression between global macro-economic variables and Pakistan macro-economic variables.

Exposure at Default (EAD)

The Exposure at Default (EAD) is an estimate of the exposure at a future default date, taking into account expected changes in the exposure after the reporting date, including repayments of principal and profit, whether scheduled by contract or otherwise, expected drawdowns on committed facilities. The maximum period for which the credit losses are determined is the contractual life of a financial instrument unless the Bank has a legal right to call it earlier. The Bank's product offering includes a variety of corporate and retail facilities, in which the Bank has the right to cancel and / or reduce the facilities with one day notice. However, in case of revolving facilities, the Bank does not limit its exposure to credit losses to the contractual notice period, but, instead calculates ECL over a period that reflects the Bank's expectations of the customer behaviour, its likelihood of default and the Bank's future risk mitigation procedures, which could include reducing or cancelling the facilities.

Loss Given Default (LGD):

LGD represents an estimate of the loss incurred on a facility in the event of default by a customer. LGD is calculated as the difference between contractual cash flows due and those that the Bank expects to receive. It is expressed as a percentage of the EAD. Bank has estimated segment wise LGDs for Corporate / Commercial, SE, ME & Agri Portfolio as well as product wise LGDs for Auto Finance, Personal Loan, Home Finance and Credit Card portfolio. The LGDs are determined using workout approach, based on vintage recovery data for the defaulted portfolio; these recoveries are then discounted back to date of default, to factor in time value of money.

The Bank has converted the estimates for segment / product wise historical LGDs (Through the cycle LGDs) into forward looking point in time LGDs, through use of term structure of Point in time Pds.

49.2.1.9 ECL Principles, Grouping and Calculations

The ECL is determined by projecting the PD, LGD and EAD for each future repayment date and for each individual exposure. These three components are multiplied together, effectively calculating an ECL for each future repayment date, which is then discounted back to the reporting date and summed.

NOTES TO AND FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2024

The discount rate used to discount the ECLs is based on the effective interest rate that is expected to be charged over the expected period of exposure to the facilities. In the absence of computation of the effective interest rate (at reporting date), the Bank uses an approximation e.g. contractual rate (at reporting date).

When estimating the ECLs, the Bank considers three scenarios (a base, best and a worst case). Each of these scenario's is based on different macro-economic forecasts and is associated with different set of PDs & LGD.

Furthermore, to mitigate its credit risks on financial assets, the Bank seeks to use collateral, where possible. The Bank considers only those collaterals as eligible collaterals in the EAD calculation which have the following characteristics:

- History of legal certainty & enforceability
- History of recovery

The Bank's management has only considered cash, gold & gold ornaments, liquid securities, and Government of Pakistan guarantees as eligible collaterals, while calculating EADs. Furthermore, The credit exposure (in local currency) that have been guaranteed by the Government and Government Securities are exempted from the application of ECL calculation.

Impact on Regulatory Capital:

The introduction of IFRS 9 has resulted in reduction in regulatory capital of the Banks, which has reduced their lending capacity and ability to support their clients. In order to mitigate the impact of ECL models on capital, SBP has permitted Banks to opt for transitional arrangement for the ECL impact on regulatory capital from the application of ECL accounting. Annexure B of the 'Application Instructions' issued by SBP has detailed the transitional arrangement.

Accordingly, Bank has opted for transition arrangement to phase in ECL impact and below tabulated is the impact on key ratios, had the transitional arrangement not applied.

Key Ratios	With Transitional arrangement	Without Transitional arrangement
Total Capital to total RWA (CAR)	28.05%	26.48%
Leverage Ratio	3.93%	3.72%

49.2.1.10 ECL Modeling and staging criteria/ Significant increase in ECLs

Significant increase in credit risk (SICR): A SICR is assessed in the context of an increase in the risk of a default occurring over the life of the financial instrument compared to the risk of default expected at the time of initial recognition.

The Bank uses a number of qualitative and quantitative measures in assessing SICR including, inter alia, the deterioration of Obligor Risk Ratings (ORR), in line with Bank's internally approved grid outlining specific notches downgrade for each ORR / external rating, payments being past due by 60 days, and other qualitative factors (such as watchlisting or restructuring of account).

49.2.1.11 Loans and advances definitions and methodologies of categorisation, credit loss allowance stages and movements between stages

Backward Transition:

In line with Bank's IFRS 9 Policy and Regulatory guidelines, financial assets shall be reclassified out of Stage 3 if they fulfill the criteria outlined in the Prudential Regulations (PR) issued by the State Bank of Pakistan (SBP). Similarly, financial assets classified under Stage 2 shall be reclassified to Stage 1 if the conditions that led to a significant increase in credit risk (SICR) no longer exist. However, a minimum period of three months from the initial downgrade is mandatory before any facility can be moved back to Stage 1 from Stage 2.

For a facility to transition from Stage 3 to Stage 2, it must meet the declassification requirements specified in the relevant Prudential Regulations. An exposure cannot be directly upgraded from Stage 3 to Stage 1; instead, it must first transition to Stage 2 and subsequently complete a cooling-off period of three months before being reclassified to Stage 1.

49.2.2 Market risk

Market Risk is the value of on and off-balance sheet positions of a financial institution that are adversely affected by movements in market factors such as interest rates, foreign exchange rates, equity prices, credit spreads and/or commodity prices resulting in a loss to earnings and capital.

The Bank's market risk is managed through Market & Liquidity Risk Management Policy duly approved by the Board. The Bank has in-place market risk limits to manage risks within the Bank's approved risk appetite.

The Standardized Approach is used to calculate capital charge for market risk as per Basel framework. Stress testing for interest sensitive, equity, and FX exposures is carried out regularly to estimate the impact on the capital of the Bank.

In addition to the regulatory requirements, Bank has devised proprietary stress testing scenarios which are periodically performed to assess the impact on capital of the Bank for Internal Capital Adequacy and Assessment Process (ICAAP). Limits/ zones and management action triggers/ plans corresponding to various ratios/ limits/ thresholds are defined in the Market & Liquidity Risk Policy. Appropriate segregation of duties exists between the front, middle, and back office functions.

NOTES TO AND FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2024

49.2.2.2 Foreign exchange risk

Foreign exchange risk arises from the impact of currency movements on the value of the Bank's foreign exchange exposures, a result of participation in financial markets and international operations.

In order to manage currency risk exposure, the Bank enters into ready, spot, forward and swaps transactions with the SBP, financial institutions and corporates. The Bank's foreign exchange exposure comprises of forward contracts, purchase of foreign bills, foreign currency cash in hand, balances with banks abroad, foreign placements and foreign currency assets and liabilities. Foreign Exchange exposure is managed within the regulatory and internal limits.

FOR THE YEAR ENDED DECEMBER 31, 2024

49.2.2.3 Equity position risk

Stock trading activities also raise risk which occur due to adverse movements stock prices. The Bank's equity exposure is managed through limits imposed by the regulator for both overall investment and exposure in single scrip. Moreover, internal limits are set to manage equity risk by placing stop loss and VaR limits and/or through diversification within overall equity portfolio

49.2.2.4 Yield / Interest Rate Risk in the Banking Book (IRRBB)-Basel II Specific

Interest rate risk arises due to adverse movements in yield curve that is being monitored by ALCO with an objective to manage the potential adverse impact on the profitability of the Bank. This may arise due to volatility in market interest rates and any mismatch/ gaps in the amount of financial assets/ liabilities in different maturity time bands. The sources of IRR are based on following sub-risks.

- Re-pricing risk; arising from changes to the overall level of interest rates and inherent mismatches in the re-pricing term of banking book items.
- Yield curve risk; arising from a change in the relative level of interest rates for different tenors and changes in the slope or shape of the yield curve.
- Basis risk; arising from differences between the actual and expected interest margins on Banking book items over the implied cost of funds of those items.

49.2.3 Operational Risk

Operational risk is the risk of loss resulting from inadequate or failed internal processes, people and systems or from external events. This definition includes legal risk but excludes strategic and reputational risks. For effective implementation, the group has a comprehensive Operational Risk Management Policy Framework (ORMPF) and procedures. These provide guidance for setting up operational risk strategy of the group, selection and adoption of risk and loss measurement tools, reporting, and establishment of operational risk management process.

Operational risks are core components of doing business arising from the day-to-day operational activities of the group including launching of new products and services. The group realizes that operational risks cannot be fully mitigated, it therefore determines an appropriate balance between accepting potential losses and related costs of mitigation.

Further, the group has adopted an Operational Risk Management Policy Framework and Operational Risk Appetite duly approved by the Board. Furthermore, the group has rolled-out operational risk events (OREs) collection mechanism whereby field functionaries and Groups/Divisions at head office are responsible to report operational losses under their jurisdictions on immediate basis. OREs are reviewed and appropriate corrective measures are taken on an ongoing basis. Risk Evaluation exercise is carried out for new products, processes and systems as per the ORM procedures.

The group also conducts root cause analysis of major OREs covering key control lapses and accordingly suggests mitigating actions. As per regulatory framework, the group calculates capital charge for its operational risk using Basic Indicator Approach (BIA).

Moreover, the group closely monitored overall operational environment and undertakes required actions to ensure the safety and security of the group's staff and its assets. The group takes measures to ensure continuously improve customer service levels and resolve related complaints to meet the expectations of its stakeholders.

The group's operations stays highly resilient and the group deploys all necessary measures for the health and safety of its employees to prevent them from any unwarranted situation.

NOTES TO AND FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2024

49.2.4 Information Security Risk

Management of Information Security risk is given due importance, considering extensive customer base and increasing digital footprint of the group. A mechanism has been devised for upscaling technology infrastructure and related channels from information security standpoint. Further, due to evolving cyber threat landscape, the group has taken appropriate actions to monitor and respond to cybersecurity risks and adopted a heightened state of cybersecurity. We are living in a highly technologically dependent environment, where most of the business functions are performed with information technology for storing, processing and sharing of information. The information “assets” that are being used to store, process and transmit the information face various types of threats. If threats materialize and are able to exploit the vulnerabilities (weaknesses) present in these information assets, the confidentiality, integrity and availability of information get compromised and/or may result in a breakdown of IT assets. In order to mitigate the risks, certain controls and countermeasures need to be assessed and implemented. The group has devised a governance mechanism to manage related risks through development of policies & frameworks, and deployed security tools to ensure adequate implementation of internal controls and monitoring of security threats within technology infrastructure.

As a first line of defense, the Business groups have primary responsibility for identifying, measuring, and controlling the risks within their areas of accountability. Information Security Division (ISD) is the second line of defense against cyber risks. Therefore, the group regularly assesses the information security controls and undertakes employees’ awareness and training. The group works with its key technology partners to ensure that potentially vulnerable systems are identified and appropriate fixes & controls are implemented to secure the systems. The group is actively communicating with its customers on interacting with the group in a secure manner through its full suite of channels including online and digital grouping.

Over the last two years, the group has taken various initiatives to uplift its cyber security controls. Management is cognizant of the fact that cyber security is a top priority, and the group is taking appropriate steps to monitor and respond to it. The Information Security Division (ISD) works under the supervision of Chief Information Security Officer (CISO). Numerous steps have been taken by the group to identify cyber security weaknesses of systems & infrastructure.

49.2.5 Enterprise-wide Risk

The group has a Board approved Enterprise Risk Management (ERM) Framework in place. The ERM framework is a holistic approach starting from strategy setting, capital and financial planning to managing, monitoring, and reporting of risks inherent in the day-to-day business of the group. It documents the risk management structure and processes driven by the group’s board of directors, management, and other personnel. All this provides reasonable assurance regarding the achievement of the group’s strategic objectives.

In addition to the Pillar I risks, the group has a structure to identify other Pillar II material risks on a periodic basis. The group has in place an Internal Capital Adequacy & Assessment Process (ICAAP) to identify and quantify material risks, including Pillar II risks, and continually re-assess the adequacy of the capital buffer and risk appetite, which is set periodically in order to build a solid platform for business growth."

In accordance with the regulatory requirements for Domestic Systemically Important groups (D-SIBs), the group has put in place a Recovery Plan to prepare the group to act promptly and efficiently in the event of stress situations that may threaten the financial and operational strength and viability of a group and pose a risk on group’s ability to remain a going concern. Moreover, risks that are material and arise within the group or due to behaviour of the country’s market and economic conditions, whether in isolation or in combination are addressed in the group-wide Recovery Plan.

Group’s Stress-testing framework comprises of tools to deliver a timely assessment of the resilience of the group’s capital under stressed conditions to the senior management. It ranges from simple sensitivity analysis to sophisticated stress testing methods to capture the abnormal movement of market and economic indicators and to translate such scenarios into projections of group’s profitability, liquidity and capital planning.

NOTES TO AND FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2024

This framework paves the way to a quantitative, forward-looking assessment of capital adequacy (movement/ level of Capital Adequacy Ratio (CAR) of the group) to provide an indication of how much capital might be needed to absorb any expected and any unforeseen losses. It helps in identifying potential vulnerabilities within the group and assessing solvency by applying plausible/ past adverse scenarios under extreme conditions.

49.2.6 Liquidity Risk

Liquidity risk is the risk of loss to a group arising from its inability to meet obligations as they fall due or to fund assets, without incurring unacceptable costs or losses. More simply, liquidity risk is the possibility that a group will be unable to meet its financial commitment to a customer, creditor, or investor when due, in a timely and cost-effective manner.

To mitigate this risk, the group has arranged diversified funding sources, manages specific assets with liquidity in mind and monitors liquidity position on daily basis. In addition, the group maintains statutory deposits with central groups inside and outside Pakistan. The purpose of liquidity management is to ensure that there are sufficient cash flows to meet all of the group's liabilities when due, under both normal and stress conditions without incurring unacceptable losses, as well as to capitalize on opportunities for business expansion and profitability. This includes the group's ability to meet deposit withdrawals either on demand or at contractual maturity, to repay borrowings as they mature and to make new loans and investments, as opportunities arise.

The Asset and Liability Committee (ALCO) is responsible for ensuring that the group has adequate liquidity and monitors liquidity gaps, to execute this responsibility. Mandatory as well as optional stress testing and ratio based liquidity assessments are performed to proactively identify and manage liquidity position, needs/ requirements. The group has put in place various limits/ ratios, triggers and related management actions in place to monitor and mitigate liquidity risk. The group calculates and monitors, on regular basis, Basel-III Liquidity standards (includes LCR, NSFR and LMTs), liquidity ratios as per SBP parameters besides other internal liquidity measures.

NOTES TO AND FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2024

49.2.7 Derivative risk

A derivative is a contract that derives its value from the performance of an underlying asset which can be an index, interest rate, commodity price, security price, FX rate etc. Derivatives include forwards, futures, swaps, options etc. In Pakistan, futures and forwards are most commonly traded derivatives.

Currently, the group is not an active participant in the Pakistan derivatives market as it does not hold an Authorized Derivative Dealer (ADD) license to perform derivative transactions. Once acquired, the group will carry out transactions that are permitted under the Financial Derivatives Business Regulations issued by SBP, which may include Interest rate swaps, forward rate agreements, foreign currency options, etc.

Moreover, the Bank may also offer other over the counter derivative products to satisfy customer requirements, specific approval of which will be sought from the SBP on a transaction by transaction basis.

50 EVENTS AFTER THE REPORTING DATE

50.1 Subsequent to year end, pursuant to the order of the Hon'ble Islamabad High Court dated November 15, 2024 (as amended by a further Court Order dated December 11, 2024), the Scheme of Arrangement filed with the Hon'ble Islamabad High Court, Islamabad, prepared under Sections 279 to 283 and 285(8) of the Companies Act, 2017 in respect of the demerger of a specified portion of the lending portfolio of SME Bank Limited ("SME group"), along with all associated rights, obligations, titles, contracts, benefits, claims, interests, and liabilities (the "Demerger Lending Portfolio"), was approved by the shareholders in the Extraordinary General Meeting ("EOGM") of the Members of NBP which was held on January 06, 2025. This demerger involves the separation of the Demerged Lending Portfolio from SME Bank, its transfer to and vesting in NBP, and the retention of all other assets and liabilities of SME Bank that do not form part of the Demerged Lending Portfolio (the "Retained Undertaking") by the SME Bank.

50.2 The Board of Directors in their meeting held on February 28, 2025 has announced final cash dividend of Rs. 8 per share (2023: Rs. Nil per share). The consolidated financial statements for the year ended December 31, 2024, do not include the effect of this appropriation which will be accounted for in the consolidated financial statements for the year ending December 31, 2025.

51 GENERAL

51.1 Comparative information has been re-classified, re-arranged or additionally incorporated in these consolidated financial statements, wherever necessary, to facilitate comparison and better presentation. No significant reclassifications have been made during the current year.

51.2 Figures have been rounded off to the nearest thousand rupees.

52 DATE OF AUTHORISATION FOR ISSUE

The consolidated financial statements were authorised for issue on February 28, 2025 by the Board of Directors of the group.

	19,739,351	13,764,527
11 Pool Management		
NBP-AIBG has managed following pools for profit and loss distribution.		
a) General depositor pool		
The General pool consists of all other remunerative deposits. NBP Aitemaad (the Mudarib) accept deposits on the basis of Mudaraba from depositors (Rabbulmaal). The net return on the pool is arrived at after deduction of direct costs from the gross return earned on the pool. The entire net return after paying equity share to Mudarib is considered as distributable profit of the pool.		

ANNEXURE 'II' AS REFERRED TO IN NOTES 2.2 AND 11.8 OF THE BANK'S CONSOLIDATED FINANCIAL STATEMENTS

b) Special depositor pools (Total 253 during the period and 33 as at Dec 31, 2024)

Special pool(s) are created where the customers desire to invest in high yield assets. These pool(s) rates are higher than the general pool depending on the assets. In case of loss in special pool, the loss will be borne by the special pool members. The net return on the pool is arrived at after deduction of direct costs from the gross return earned on the pool. From the net return, and after allocation of share of profit to commingled equity, profit is paid to the Mudarib in the ratio of the Mudarib's equity in the pool to the total pool. The balance represents the distributable profit.

c) Equity pool

Equity pools include AIBG's fund and current account deposits. The equity pool may have constructive liquidation every month and risk associated with assets of pool includes operational, market, equity, return and Shariah.

Key features and risk & reward characteristics

Deposits are accepted from customers on the basis of Qard (current accounts) and Mudarabah (Saving and term deposits). No profit or loss is passed on to current account depositors.

For deposits accepted on Mudarabah basis from depositors (Rab ul Maal) the Bank acts as Manager (Mudarib) and invests the funds in the Shariah Compliant modes of financings. Rab ul Maal share is distributed among depositors according to weightages declared for a month before start of the period.

In case of loss in a pool during the profit calculation period, the loss is distributed among the depositors (remunerative) according to their ratio of investment.

For all pools, the Mudarib's share is deducted from the distributable profit to calculate the profit to be allocated to depositors. The allocation of the profit to various deposit categories is determined by the amount invested in that category relative to the total pool, as well as by the weightage assigned to the various deposit categories.

The assets, liabilities, equities, income and expenses are segregated for each of the pool. No pool investment is intermingled with each other. The risk associated with each pool is thus equally distributed among the pools.

Avenues / sectors of economy / business where Modaraba based deposits have been deployed.

	2024	2023
	----- (Percentage) -----	
Sector		
Textile	1.56%	3.34%

ANNEXURE 'II' AS REFERRED TO IN NOTES 2.2 AND 11.8 OF THE BANK'S CONSOLIDATED FINANCIAL STATEMENTS

Parameters for profit allocation and charging expenses

Profit of the pools has been distributed between Mudarib and Rab-ul-Mall by using preagreed profit sharing ratios. The share of Rab-ul-Mall's profit has been distributed among different customers using the various weightages assigned to the different categories of the pool.

No provision against any non performing asset of the pool is passed on to the pool except on the actual loss / write off of such non performing asset. Administrative expense are borne by mudarib and not charged to Mudaraba pool.

	31-Dec-24 Rupees in '000
Mudarib Share	
Gross Distributable Income	22,255,543
Mudarib (Bank) share of profit before Hiba	4,160,949

NATIONAL BANK OF PAKISTAN

NOTICE FOR 76th ANNUAL GENERAL MEETING

Notice is hereby given that 76th Annual General Meeting ("AGM") of National Bank of Pakistan (the "Bank") will be held on Tuesday, March 25, 2025 at 04:00 P.M. (PKT) at **National Bank of Pakistan, Head Office Building, I.I. Chundrigar Road, Karachi, Pakistan**, and through electronic means.

The following business will be transacted in the Meeting:

1. To confirm the minutes of the Extraordinary General Meetings (EOGMs) of Shareholders held on November 22, 2024, and January 6, 2025, conducted in person and via electronic means.
2. To receive, consider and adopt the annual audited unconsolidated and consolidated financial statements of National Bank of Pakistan and its subsidiaries for the year ended December 31, 2024, together with the Directors' Report, Auditors' Report and Chairman's Review Report thereon.

In accordance with Section-223 of the Companies Act 2017 and pursuant to S.R.O. 389(I)/2023 dated March 21, 2023, the Annual Report of the Bank has been uploaded on the Bank's website which can be downloaded from the following web link or QR enabled code:

<https://www.nbp.com.pk/FinancialStatements/AnnualReports.aspx>

3. To appoint auditors for the year ending December 31, 2025, and fix their remuneration. The Board of Directors has recommended the re-appointment of Messrs. PwC A.F. Ferguson & Co., Chartered Accountants at a fee of PKR 45.856 million including some statutory certification and Messrs. BDO Ebrahim & Co., Chartered Accountants at a fee of PKR 38.962 million including some statutory certification, to be auditors of the Bank for the year ending December 31, 2025.
4. To consider and approve cash dividend at PKR 8/- per share, i.e., 80% as recommended by the Board of Directors for the year ended December 31, 2024 (subject to approval of Government of Pakistan under Section-17 of The Banks Nationalization Act, 1974).
5. To transact any other business with permission of the Chairman.

Karachi

Dated: March 04, 2025

NOTES:

By Order of the Board

Sd/-

S.M. Ali Zamin
Secretary (Board)

**NOTES:**

Secretary (Board)

The Share Transfer Books of the Bank shall remain closed from March 18, 2025 to March 25, 2025 (both days inclusive). Transfers received at Messrs. CDC Share Registrar Services Limited, CDC House 99-B, Block "B", SMCHS, Main Shahrah-e-Faisal, Karachi – 74400, the Bank's Share Registrar, at the close of business on March 17, 2025 will be treated in time to attend the meeting and entitlement.

PARTICIPATION IN ANNUAL GENERAL MEETING:

The Annual General Meeting is being conducted as per guidelines circulated by SECP. The following arrangements have been made by the Bank to facilitate the maximum participation of shareholders in the AGM through video link facility, either in-person or through appointed proxies:

Attending Meeting through Electronic Means

In order to attend the AGM through electronic facility, the members are requested to get themselves registered with CDC Share Registrar Services Limited upto March 24, 2025 till 05:00 P.M. at cdcsr@cdcsrsl.com or WhatsApp No. 0321-8200864 and they are requested to provide the information as per the below format:

S.#	Company Name	Folio Number / CDC Account #	Name of the Shareholder	CNIC #	Cell #	E-mail Address
	NBP					

The details of electronic facility will be sent to the members at the email address provided by them. The login facility will be opened at 3:30 P.M. on March 25, 2025 enabling the participants to join the proceedings after identification and verification process before joining the meeting, which will start at 4:00 P.M. (sharp).

b) Attending Meeting Physically

Arrangements for physical gathering of shareholders have been made at **National Bank of Pakistan, HeadOffice Building, I.I. Chundrigar Road, Karachi, Pakistan.**

c) Attending Meeting through Proxies

- I) All members, entitled to attend and vote at the Annual General Meeting, are entitled to appoint another member in writing as their proxy to attend and vote on their behalf. A legal entity, being a member, may appoint any person, regardless of whether they are a member or not, as proxy.
- II) The proxy instrument must be complete in all respects and in order to be effective should be deposited at Office of the Registrar or Office of the Secretary Board, 2nd floor, NBP Head Office, I.I. Chundrigar Road, Karachi not later than 48 hours before the time of holding the meeting.
- III) For attending the meeting through electronic means (Zoom), proxy form shall be submitted along with proxy holders' email address and mobile number.
- IV) If any member appoints more than one proxy for any one meeting and more than one instrument of the proxy are deposited with the Registrar/Bank, all such instruments of proxy shall be rendered invalid.

d) Guidelines for Appointing Proxies:

- i) In case of individuals, the account holder or sub-account holder and/or the person whose securities are in group account and their registration details are uploaded as per the regulations shall submit the proxy form as per the requirements mentioned below:
 - a) The proxy form shall be witnessed by two persons whose names, addresses and CNIC numbers must be mentioned on the form.
 - b) Attested copy of CNIC or the Passport of the beneficial owner(s) and of the proxy shall be furnished with the proxy form.
- ii) In case of a legal entity, the original or duly authenticated Board of Directors' resolution or power of attorney with specimen signature of the nominee shall be produced (unless it has been provided earlier) along with proxy form to Messrs. CDC Share Registrar Services Limited or to the Office of Secretary Board, 2nd floor, NBP Head Office, I.I Chundrigar Road, Karachi.

(Proxy Form is available at NBP website www.nbp.com.pk)

- Members are requested to immediately notify any change in their address to the Bank's Registrar/Shares Transfer Agent i.e., Messrs. CDC Share Registrar Services Limited.

SPECIAL NOTES TO THE SHAREHOLDERS

1. CONVERSION OF PHYSICAL SHARES INTO BOOK-ENTRY FORM:

Shareholders having physical share certificates of the Bank are advised to convert them into Book-Entry Form with CDC to comply with Section-72 of the Companies Act, 2017.

2. UNCLAIMED CASH DIVIDENDS AND SHARE CERTIFICATES

In line with Section-244 of the Act, the Bank has notified shareholders through newspaper announcements about collecting unclaimed shares and unpaid cash dividends. We kindly urge our valued shareholders to reach out to the Bank's Share Registrar, CDC Share Registrar Services Limited, to submit their claims for any unclaimed shares or unpaid cash dividends.

3. REQUIREMENT OF VALID CNIC AND IBAN:

As per requirements issued by the SECP, the payment of cash dividend shall only be made to those shareholders who have provided copies of their valid CNIC/NICOP/Passport (in case of individuals) and NTN (in case of corporate entities) and valid details of designated International Bank Account Number ("IBAN").

4. DEDUCTION OF WITHHOLDING TAX:

Please note that the withholding tax will be deducted at the following rate based on "Active Taxpayer List" (ATL) available at FBR website:

- | | | |
|----|--|------|
| 1. | Persons appearing in Active Taxpayer List: | 15% |
| 2. | Persons not appearing in Active Taxpayer List: | 30%. |

Further, in case of joint shareholders, tax will be deducted as per their ratio/share (if any) intimated by the same to the Bank's Share Registrar, otherwise, their shareholding will be treated as equal.

5. ELECTRONIC DIVIDEND MANDATE:

Under Section-242 of the Companies Act, 2017, it is mandatory for all listed companies to pay cash dividend to their shareholders through electronic mode directly in the bank account designated by the entitled shareholders.

In order to receive dividend directly into their bank account, shareholders are requested (if not already provided) to fill in Bank Mandate Form for Electronic Credit of Cash Dividend available on the Bank's website and send it duly signed along with a copy of valid CNIC to the Share Registrar, CDC Share Registrar Services, Limited, CDC House 99-B, Block 'B', Sindhi Muslim Cooperative Housing Society (S.M.C.H.S), Main Shahrah-e-Faisal, Karachi - 74400, in case of physical shares.

In case of shares held in CDC, Electronic Dividend Mandate Form must be directly submitted to the shareholder's broker/participant/CDC account services.

In case of non-receipt of information, the Bank will be constrained to withhold payment of dividend to shareholders.

6. DEDUCTION OF ZAKAT ON DIVIDEND ISSUE:

Zakat will be deducted from the dividends at source at the rate of 2.5% of the paid-up value of the shares (PKR 10/- each) under Zakat & Ushr Laws and will be deposited within the prescribed period with the relevant authority. Please submit your Zakat Declaration Form (CZ-50) under Zakat & Ushr Ordinance 1980 and Zakat (Collection & Refund) Rules, 1981 to the Bank's Share Registrar. Shareholders who hold shares with participants / CDC are advised to provide the above Form through the concerned brokers / CDC.

اسپیشل نوٹس

- 1- فزیکل شیئرز کو بک انٹری فارم میں تبدیل کرنا:
جن شیئرز ہولڈرز کے پاس بینک کے فزیکل شیئرز سرٹیفکیٹس ہیں، انہیں مشورہ دیا جاتا ہے کہ وہ انہیں سی ڈی سی کے ساتھ بک انٹری فارم میں تبدیل کریں تاکہ انہیں ایکٹ 2017 کی شق 72 کی تعمیل کی جاسکے۔
- 2- غیر دعویٰ شدہ نقد ڈیویڈنڈز اور شیئرز سرٹیفکیٹس:
ایکٹ کی شق 244 کے مطابق، بینک نے اخباری اعلانات کے ذریعے شیئرز ہولڈرز کے غیر دعویٰ شدہ شیئرز اور غیر ادا شدہ نقد ڈیویڈنڈز کے بارے میں مطلع کیا ہے۔ ہم اپنے معزز شیئرز ہولڈرز سے درخواست کرتے ہیں کہ وہ بینک کے شیئرز رجسٹرار، سی ڈی سی شیئرز رجسٹرار سرورسز لمیٹڈ سے رابطہ کریں تاکہ اپنے کسی بھی غیر دعویٰ شدہ شیئرز یا غیر ادا شدہ نقد ڈیویڈنڈز کے دعوے جمع کرا سکیں۔
- 3- درست سی این آئی اور آئی بی اے این کی ضرورت:
ایس ای سی پی کی جانب سے جاری کردہ ہدایات کے مطابق، نقد ڈیویڈنڈ کی ادائیگی صرف ان شیئرز ہولڈرز کو کی جائے گی جنہوں نے اپنے درست سی این آئی اور آئی بی اے این کی اپنی سی این آئی / پاسپورٹ (افراد کی صورت میں) اور این ٹی این (کارپوریٹ اداروں کی صورت میں) کی کاپیاں اور مخصوص بین الاقوامی بینک اکاؤنٹ نمبر (IBAN) کی درست تفصیلات فراہم کی ہیں۔
- 4- وڈ ہولڈنگ ٹیکس کی کٹوتی:
براہ کرم نوٹ کریں کہ ایف بی آر کی ویب سائٹ پر دستیاب "ایکٹو ٹیکس ریزسٹ" (ATL) کی بنیاد پر وڈ ہولڈنگ ٹیکس کی کٹوتی درج ذیل شرح سے کی جائے گی۔
1- فعال ٹیکس دہندگان کی فہرست میں ظاہر ہونے والے افراد: 15%
2- فعال ٹیکس دہندگان کی فہرست میں ظاہر نہ ہونے والے افراد: 30%
مزید برآں، مشنر کیشیئر ہولڈرز کی صورت میں، ان کے تناسب / حصص (اگر کوئی ہے) کے مطابق ٹیکس کاٹ لیا جائے گا۔ بصورت دیگر، ان کی شیئرز ہولڈنگ کو مساوی تصور کیا جائے گا۔
- 5- الیکٹرانک ڈیویڈنڈ مینڈیٹ:
کمپنیز ایکٹ 2017 کے سیکشن 242 کے تحت، تمام درج کمپنیوں کے لیے لازمی ہے کہ وہ اپنے شیئرز ہولڈرز کو الیکٹرانک ذرائع کے ذریعے براہ راست شیئرز ہولڈرز کے نامزد کردہ بینک اکاؤنٹ میں نقد ڈیویڈنڈ ادا کریں۔
براہ راست اپنے بینک اکاؤنٹ میں ڈیویڈنڈ وصول کرنے کے لیے فزیکل حصص یافتگان سے درخواست کی جاتی ہے کہ وہ بینک کی ویب سائٹ پر دستیاب کیش ڈیویڈنڈ کے الیکٹرانک کرڈٹ کے لیے بینک مینڈیٹ فارم پُر کریں اور اسے CNIC کی کاپی کے ساتھ دستخط شدہ بھیجیں۔ شیئرز رجسٹرار، سی ڈی سی شیئرز رجسٹرار سرورسز لمیٹڈ، سی ڈی سی ہاؤس 99-بی، بلاک بی، سندھی مسلم کوآپریٹو ہاؤسنگ سوسائٹی (ایس ایم سی ایچ ایس)، مین شاہراہ فیصل، کراچی 74400۔
سی ڈی سی میں حصص رکھنے کی صورت میں، الیکٹرانک ڈیویڈنڈ مینڈیٹ فارم براہ راست شیئرز ہولڈرز کے بروکر / شرکت کنندہ / سی ڈی سی اکاؤنٹ سرورسز میں جمع کرایا جانا چاہیے۔ معلومات نہ ملنے کی صورت میں، بینک شیئرز ہولڈرز کو ڈیویڈنڈ کی ادائیگی روکنے پر مجبور ہوگا۔
- 6- ڈیویڈنڈ پر زکوٰۃ کی کٹوتی:
زکوٰۃ "زکوٰۃ اور مشنر" قوانین کے تحت حصص کی ادا شدہ قیمت کے 2.5% کی شرح سے منافع سے کاٹی جائے گی اور اسے مقررہ مدت کے اندر متعلقہ اتھارٹی کے پاس جمع کرایا جائے گا۔ براہ کرم زکوٰۃ اور مشنر آرڈیننس 1980 اور زکوٰۃ (جمع کرنے اور رقم کی واپسی) روڈ 1981 کے تحت اپنا زکوٰۃ اعلامیہ فارم (CZ-50) بینک کے شیئرز رجسٹرار کو جمع کرائیں۔ حصص یافتگان جو شرکاء / سی ڈی سی کے ساتھ حصص رکھتے ہیں انہیں مشورہ دیا جاتا ہے کہ وہ متعلقہ بروکرز / سی ڈی سی کے ذریعے مندرجہ بالا فارم فراہم کریں۔

نوٹس :

بینک کی شیئر ٹرانسفر شپ 18 مارچ 2025 سے 25 مارچ 2025 تک (بشمول دونوں ایام) بند رہیں گی۔ تاہم بینک رجسٹرار، میسرز سی سی شیئر رجسٹرار سروسز لمیٹڈ، سی ڈی سی ہاؤس 99-بی، بلاک بی سندھی مسلم کواپریٹو ہاؤسنگ سوسائٹی (ایس ایچ ایس ایس ایچ ایس)، مین شارع فیصل، کراچی۔ 74400 کو مورخہ 17 مارچ 2025 تک کاروباری اوقات ختم ہونے سے قبل وصول ہونے والے ٹرانسفرز کو اجلاس میں شرکت اور کسی بھی دیگر استحقاق کے سلسلے میں بروقت تصور کیا جائے گا۔

سالانہ اجلاس عام میں شرکت

سالانہ اجلاس عام کا انعقاد سیکورٹیز اینڈ ایکسچینج کمیشن آف پاکستان (SECP) کے جاری کردہ رہنما اصولوں کے مطابق کیا جا رہا ہے اور سالانہ اجلاس عام میں شیئر ہولڈرز کی زیادہ سے زیادہ شرکت کیلئے ویڈیو لنک کی سہولت، ذاتی موجودگی پر یا مقرر کردہ پراسیڈر کے ذریعے شرکت کے انتظامات کئے گئے ہیں۔

الف) اجلاس میں بذریعہ الیکٹرانک ذرائع شرکت

سالانہ اجلاس عام میں الیکٹرانک سہولت کے ذریعے شرکت کرنے والے ممبران سے درخواست کی جاتی ہے کہ مورخہ 24 مارچ 2025 بوقت شام 05:00 بجے تک CDC شیئر رجسٹرار سروسز لمیٹڈ کی ای میل cdcsr@cdcsrsl.com یا ڈائریکٹ ایپ نمبر 0321-8200864 پر خود کو رجسٹرڈ کروالیں اور ان سے التماس ہے کہ وہ مندرجہ ذیل فارمیٹ پر معلومات مہیا کریں:

نمبر شمار	کمپنی کا نام	فونیو نمبر / CDC	شیئر ہولڈر کا نام	قومی شناختی کارڈ نمبر	موبائل نمبر	ای میل ایڈریس
	این بی پی					

الیکٹرانک سہولت کی تفصیلات ممبران کی طرف سے فراہم کردہ ای میل ایڈریس پر فراہم کردی جائیں گی۔ مورخہ 25 مارچ 2025 کو لاگ ان سہولت دوپہر 03:30 بجے کھول دی جائے گی تاکہ شرکاء اجلاس شروع ہونے کے مقررہ وقت شام 04:00 بجے سے پہلے پہچان اور تصدیق کے عمل سے گزر کر اجلاس میں شریک ہو سکیں۔

ب) اجلاس میں ذاتی طور پر شرکت:

نیشنل بینک آف پاکستان، ہیڈ آفس بلڈنگ، آئی۔آئی۔چندر گروڈ، کراچی، پاکستان۔ شیئر ہولڈرز کے لئے روبرو اجتماع کے انتظامات کئے گئے ہیں۔

پ) پراسیڈر کے ذریعے اجلاس میں شرکت کرنا:

i) تمام ممبران جو کہ سالانہ اجلاس عام میں شرکت اور ووٹ ڈالنے کے اہل ہیں کسی بھی دوسرے ممبر کو تحریری طور پر پراسیڈر مقرر کر سکتے ہیں۔ ایک قانونی ادارہ رکن ہونے کے ناطے کسی بھی فرد کو قطع نظر، خواہ وہ ممبر ہو یا نہیں، پراسیڈر کے طور پر تقرری کر سکتا ہے۔

ii) پراسیڈر منٹ ہر لحاظ سے مکمل ہونا ضروری ہے۔ اور موثر ہونے کے لئے اجلاس کے انعقاد سے 48 گھنٹے قبل شیئر رجسٹرار یا سیکریٹری بورڈ کے دفتر، دوسری منزل، NBP ہیڈ آفس، آئی آئی چندر گروڈ، کراچی پر جمع کروانا ہوگا۔

iii) الیکٹرانک سہولت (زوم) کے ذریعے میٹنگ میں شرکت کے لیے پراسیڈر ہولڈر کا ای میل ایڈریس اور موبائل نمبر پراسیڈر میں ہونا لازمی ہے۔

iv) اگر کوئی ممبر کسی ایک میٹنگ کے لئے ایک سے زیادہ ممبرز کو پراسیڈر مقرر کرتا ہے یا کسی پراسیڈر کے ایک سے زیادہ انسٹرکٹس رجسٹرار/بینک کے پاس جمع کروائے جاتے ہیں تو پراسیڈر کے ایسے تمام انسٹرکٹس کو غلط قرار دیا جائے گا۔

ت) شیئر ہولڈرز کو پراسیڈر کی تقرری کے لئے درج ذیل ہدایات پر عمل کرنا ہوگا:

i) انفرادی صورت میں، اکاؤنٹ ہولڈر یا ذیلی اکاؤنٹ ہولڈر اور/یا وہ شخص جس کی سیکورٹیز گروپ اکاؤنٹ میں ہیں اور ان کی رجسٹریشن کی تفصیلات قواعد و ضوابط کے مطابق اپ لوڈ کی گئی ہیں مندرجہ ذیل تقاضوں کے مطابق پراسیڈر فارم جمع کروائیں:

الف) پراسیڈر فارم دو افراد کے بطور گواہ دستخط کے ساتھ جمع کر دیا جائے جن کے نام، پتے اور کمپیوٹر آڈیو قومی شناختی کارڈ نمبر فارم پر درج ہوں۔

ب) قومی شناختی کارڈ کی تصدیق شدہ کاپی یا بینیفیشل مالکان اور پراسیڈر کے پاسپورٹ کی کاپی پراسیڈر فارم کے ساتھ پیش کی جائے گی۔

ii) قانونی ادارے کی صورت میں نامزد شخص کے دستخط کے نمونے کے ساتھ اصل یا ضابطہ تصدیق شدہ بورڈ آف ڈائریکٹرز کی قرارداد یا بورڈ آف انارنی میسرز سی ڈی سی شیئر رجسٹرار سروسز لمیٹڈ یا سیکریٹری بورڈ کے دفتر، دوسری منزل، این بی پی ہیڈ آفس، آئی آئی چندر گروڈ، کراچی میں پراسیڈر فارم کے ساتھ جمع کروانا ہوگا، (اگر وہ پہلے فراہم نہ کر دیے گئے ہوں)۔

(پراسیڈر فارم این بی پی کی ویب سائٹ www.nbp.com.pk پر بھی دستیاب ہے)

ممبران سے درخواست ہے کہ وہ اپنے پتے میں کسی بھی تبدیلی کی اطلاع فوری طور پر بینک کے رجسٹرار/شیئر ٹرانسفر ایجنٹ یعنی میسرز سی سی شیئر رجسٹرار سروسز لمیٹڈ کو دیں۔

نیشنل بینک آف پاکستان
