Karachi: November 25, 2011: National Bank of Pakistan has converted its entire branch network on-line in Gilgit Baltistan. This is in line with NBP's strategy to convert majority of its branches on-line by the end of this year for which work is going on at fast pace.

It is worth mentioning here that NBP is present in far off and remotest areas of Pakistan. To provide Online banking to these remote and far-off areas in such a short span of time is indeed a gift of NBP to the people of Gilgit Baltistan.

NBP has recently initiated a number of IT projects to make the bank one of the most technologically advanced financial institutions in the country. Currently the Bank is in the implementation phase of Core Banking System which is one of the largest IT projects in Pakistan and covers all the banking functions.
