The NBP may consider the alternative payment schedule offered by the selected Bidder.</p> <p style="text-align: center;"><i>Or</i></p> <p>ii) The SCC stipulates the payment schedule offered by the NBP. If a Bid deviates from the schedule and if such deviation is considered acceptable to the NBP, the Bid will be evaluated by calculating interest earned for any earlier payments involved in the terms outlined in the Bid as compared with those stipulated in this invitation, at the rate per annum specified in the BDS.</p> <p>(d) Cost of spare parts</p> <p>i) The list of items and quantities of major assemblies, components, and selected spare parts, likely to be required during the initial period of operation specified in the BDS, is annexed to the Technical Specifications. 		<p>Since the operating and maintenance costs of the goods under procurement form a major part of the life cycle cost of the equipment, these costs will be evaluated in accordance with the criteria specified in the BDS or in the Technical Specifications.</p> <p>(g) Performance and productivity of the equipment.</p> <p>i) Bidders shall state the guaranteed performance or efficiency in response to the Technical Specification. 	<p>35.2</p>	<p>The NBP may adopt the Quality & Cost Based Selection Technique due to the following two reasons:</p> <p>i) Where the NBP knows about the main features, usage and output of the products; however not clear about the complete features, technical specifications and functionalities of the goods to be procured and requires the bidders to submit their proposals defining those features, specifications and functionalities; or</p> <p>ii) Where the NBP, in addition to the mandatory requirements and mandatory technical specifications, requires parameters specified in Evaluation Criteria to be evaluated while determining the quality of the goods:</p> <p>In such cases, the NBP may allocate certain weightage to these factors as a part of Evaluation Criteria and may determine the ranking of the bidders on the basis of combined evaluation in accordance with provisions of Rule 2(1)(h) of PPR-2004.</p>

Factors not included in these Bidding Documents shall not be used in the evaluation of the Bidders' qualifications.
	36.5	NBP may seek "Certificate for Independent Price Determination" from the Bidder and the results of reference checks may be used in determining award of contract. Explanation: The Certificate shall be furnished by the bidder. The bidder shall certify that the price is determined keeping in view of all the essential aspects such as raw material, its processing, value addition, optimization of resources due to economy of scale, transportation, insurance and margin of profit etc.
	36.6	An affirmative determination will be a prerequisite for award of the contract to the Bidder.
